"A Danger Foreseen - Is A Danger That Can Be Avoided"

Those born in the year of the Rooster may be affected by the conflicting influences of the year of the Yin Metal Rabbit (Xia Mao) as your Chinese animal is in direct conflict with Grand Duke. In saying this, we hope that those born in the year of the Rooster are aware of potential difficulties they may encounter during the year and take extra care in whatever they do without taking undue risks. The degree of influence varies from one person to another. One of the major considerations is the heavenly stem of the year in which one was born, more on this later.

The Yin Metal Rabbit year occupies the 4th position in the Chinese Zodiac and is normally a more peaceful year which is a blessing after the turbulent year of the Tiger although there will still be many ups and downs throughout the year and very special Feng Shui cures and enhancers are needed to avoid problems in 2011 especially when it comes to finance as this is an area that needs many cures in 2011.

To find your animal sign, check the charts below. If you were born before February 4th (Spring Begins), use the year before. If it is on or after February 4th, then use the same birth year. This is worth double-checking; as you would be amazed how many people born in January or February get it wrong. If you are unsure of your Chinese Animal maybe consider using our **Feng Shui 2011 software** that calculates it automatically along with personal Gua, flying stars, annual, fixed and monthly and so much more.

Some examples:

- Born 3rd February 1958 = Rooster
- Born 5th February 1958 = Dog
- Born 3rd February 1987 = Tiger
- Born 5th February 1987 = Rabbit

Year of the Yin Metal Rabbit Xin Mao 2011 is the 4708th year of the Chinese calendar.

Chinese New Year (according to the lunar calendar) starts on the 3rd February 2011 and is celebrated by the Chinese all over the world. It heralds new beginnings and a fresh start. At a social level, it is very much a family affair, a time of reunion, forgiveness, sharing and thanksgiving. In 2011 Chinese New Year falls on Thursday February 3rd 2011 at 10.31 (am) China (Lunar calendar), Thursday 3rd 02.31 United Kingdom, Wednesday 2nd 18.31 California USA, and Thursday 3rd 03.31 Barcelona Spain. Due to time differences around the world Chinese New Year will fall what appears to be a day early in some countries.

Every year we put together a page on **Chinese New Year world times 2011** that will help you confirm times and dates for the Chinese New Years Solar and Lunar. This is not the **Chinese New Year 2011** you would celebrate; please check this website for further details.

Rat

05 Feb 1924–24 Jan 1925	24 Jan 1936–10 Feb 1937	10 Feb 1948–28 Jan 1949
28 Jan 1960–14 Feb 1961	15 Feb 1972–01 Feb 1973	02 Feb 1984–18 Feb 1985
	19 Feb 1996–05 Feb 1997	

The Rat is in for a fantastic year with very little to say on the negative side for 2011, although there are a few months you will need to be careful, which I will discuss later. The Rats career will be very prominent throughout 2011 and those in business for themselves will climb to huge new heights providing you apply yourself and think carefully. There will be some amazing opportunities in 2011, you need to be careful of signing contracts especially if you have an important room or main door in the north or south in your home or office, make sure you place your annual cures to avoid problems, we all need to do this as with the #3 star visiting the north palace this causes many arguments and legal problems so please make sure you follow the **flying star advice**.

Single Rats can expect exciting times with romance this year, especially those born in 1960 (metal Rat) and even expect wedding plans, if you are a married or a committed Rat you should be careful not to neglect your partner as with a successful year this can easily happen; so make lots of time to spoil them. Although the year will be good, you can expect some jealousy from colleagues or friends and they may try and back stab you by making you look bad by telling lies, just be careful of who you thought were friends. I would place six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues. Overall 2011 will be a superb year although you need to be careful with your health, make sure your diet is good and drink plenty of water as problems with the stomach may occur particularly if you are a water Rat born in 1972. Make sure you leave time for yourself and try to relax more as stress can be an issue and you may feel down at times, whatever is on your mind right now, it **WILL** pass and you will soon be or already are on the right path. Romance will be good for Rats born in 1984 but do not take things for granted, you will still need to work on existing relationships in 2011 so please do not be too complacent.

Rats born in 1924 should be careful with their eyes in 2011 and those born in 1960 need to be careful with dangerous sports and in fact I would recommend not doing any dangerous activities in 2011. Younger Rats born in 1996 should be careful with chest related problems and wrap up warm in the colder months.

Rats, both male and female, will see an increase in their social life in 2011; there will be a lot more going on involving parties, social gatherings, business functions and activities. This may get a bit too much at times so make sure that you use your great managerial skills to stay on top of things or it could become a bit too much for you. 2011 may bring you and your friends and family a lot closer and this will be beneficial to you as they will offer good advice this year that you should take, but only when you agree with it!

Enjoy a fantastic 2011 but stay true to the people around you that remained with you in times of trouble and remember people may not remember what you did for them, or even what you said, but they will always remember how you made them feel.

If you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life!

As a Rat you are in affinity with the Ox. For your protection, you should have a **key chain pendant of an Ox** with you at all times throughout the year in 2011.

Cautions for certain months in 2011: Take extra care in the months of March, July, October & December and make sure you check back with us monthly to get your updates for the month.

Your lucky sectors: (astrological zone) is the North (352.5° - 7.5°) of the home or office. Use blues or black in your decoration if you have a bedroom here. In 2011 the north is a lovely area influenced by the annual flying star #4 and a lovely energy. For full details on **2011 flying star analysis follow this link.**

To enhance wealth, luck, business and career for the Rat in 2011:

The most influential and imperative cure and enhancer in 2011 is called a *Gui Yao Master cure* and can only be used in Xin Mao (yin metal Rabbit) years, the last time this powerful cure would have been used was in 1951 which was also a Xin Mao year. This cure is needed to enhance and protect in 2011 especially for the eldest male of a home or business.

This traditional Feng Shui cure is only known to a few specialist Feng Shui Masters and in the old days and even now in Asia you would need to employ a expert Feng Shui Master to call at your home or business and the Master would spend hours carving the secret inscriptions onto an earth plate made from the finest slate or marble, which would then be placed in the northwest of your home or business and then setting the special quartz crystals, i-ching coin and the magnetic lodestone ladle would have to point towards the Li palace of the south. This would normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures so all can afford them at a fraction of the cost.

Each of the rare and valuable semi-precious quartz crystals work in synergy with the inherent element of the Luo Shu Gua Trigrams giving total protection for wealth, health & peace of mind and releasing the #8 star from the inherent powerful energies of the #6 Chien star in the northwest in 2011 to permeate the whole building. The most powerful quartz crystal used is the magnetic Hematite which is a master stone with amazing protection qualities and also superb for wealth and business, you cannot use normal Hematite as you must have the magnetic type to replicate the lodestone used in the old days, this is very important and if used in any other formation or incorrect crystals it can cause problems.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2011 we decided to include it standard in all our **2011 cures and enhancers kit**. If you follow this link you will find full details **2011 flying star analysis follow this link.**

You should also place an 8 faceted Crystal Diamond Zuan Shi Cheng enhancer which is combined with an auspicious Chinese i-ching coin to act as a catalyst to enhance wealth in 2011.

To enhance romance for the Rat in 2011:

Romance can be enhanced in the southwest and northeast of your home, **click here** for further details. Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the west with the cures can bring in new opportunities and lots of travel. To enhance romance and career in 2011 place some dark blue objects in the southwest, you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Be careful if your main door, bedroom or office or any other important room is located in the south, north or east this year 2011 and make sure you follow the **2011 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2011 you

should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed.

To further enhance 2011 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **2011 advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2011 a better year indeed.

To disperse the negative effects in 2011 you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the south and east of your home or office this year to control the #5 and #2 stars. For full details on **2011 flying star analysis follow this link**. This is very important in 2011 especially if you have a main door, bedroom, office, lounge or other important room in the south, north and east.

West is the location and direction of the Three Killings

When at work, you may sit facing the west direction only if this is one of your personal good directions, if not, do not sit with your back to the west or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a sheng chi cure and a Shuang Yan Yu Fu Buddha with a Sheng chi enhanced crystal, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters.

East is where Tai Sui (Grand Duke of Jupiter) resides in 2011

The east is severely afflicted in 2011 as we have Tai Sui here for the year but it is also combined with the malicious #5 star that can cause many legal and wealth problems and cures are needed here with a Shuang Yan Yu Fu Buddha which works in synergy with the west Buddha needed this year and one that we have included in our 2011 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the east and face the west. Do not confront him by undertaking any renovation or construction work in the east or by sitting in a position that is directly opposite him (west). In 2011, this means do not sit with your back to the west facing east even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao in the east of the home facing west to appease Tai Sui or if your main door is located in the east, place the Pi Yao just inside the door facing west. You should also place a salt water cure and six coins in a row in the east, these are essential in 2011.

Sui Po is located in the west in 2011 (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2011 is west. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Rabbit year you need to display a sheng chi cure in the west in 2011, we have included one in our 2011 cures kit. If you have to carry out work or emergency repairs in the west place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

Ox

25 Jan 1925-12 Feb 1926	11 Feb 1937-30 Jan 1938	29 Jan 1949-16 Feb 1950
15 Feb 1961-04 Feb 1962	03 Feb 1973-22 Jan 1974	20 Feb 1985-08 Feb 1986
	07 Feb 1997-27 Jan 1998	

If you read most almanacs for 2011 the predictions are not great for the Ox but play your cards right and follow all the advice here along with the **annual flying stars 2011**. 2011 can be good for wealth, career and general luck but you need to be careful and work hard. Ox born in 1971 need to be careful in relationships especially if they are married, spend more time this year with your partner as your potential success for the year can cause you to overlook people that are important and this will cause you problems. Unmarried Ox born in other years can expect new relationships and can even expect to rekindle existing ones that may have appeared to die out a long time ago. Your year will be busy, but leave some time for play and make sure you take plenty of rest. Those born in 1961 should be careful when driving or using metal objects as this is an issue for Oxen born in 1961 this year.

Your busy lifestyle can cause you stomach problems this year so please take care and remember to take regular health checks. I would place six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues. You should be careful signing contracts this year, make sure you read all the small print and do not let yourself be conned by someone sweet or fast talking. Make sure you apply the necessary cures that are explained to you in the **flying stars** to the north to reduce the chances of this happening.

Money luck can be good for the Ox this year although you need to take care not to spend too much. If you are employed, job promotions could be on the cards throughout the year but you will still need to prove yourself. For the Ox born in 1961 & 1973 be careful of relationships as a busy year can make you neglectful and your partner may wander. You may find that you are faced with disturbances at work more often this year but as long as you play by the rules of co-workers and superiors and try to avoid arguments you will do well to escalate in your career in 2011. Avoid financial loss this year by keeping an eye on spending; if you invest, make it long term (property) as short term investments are bound to fail for the ox this year.

Oxen born in 1949 can expect good news in 2011 but they must be careful with accidents involving metal and in modern times this usually involves cars so please be careful on the road. Ox born in 1973 must take care of their health and consider a change in their diet so ensure that you drink plenty of water, especially if you live in a hot country. It may be a mixed year but whatever has been unresolved in the last few years will come to a head in 2011 and I think you will like the news.

You are used to keeping on top of many things at once but this year could get a bit too much for you so try to plan one thing at a time and don't get ahead of yourself. Expect good news in July and remember to spend more time with family and friends in 2011 as they can feel neglected and remember success is getting what you want. Happiness is liking and appreciating what you get.

If you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life!

Cautions for upcoming months in 2011: Take extra care in the months of March, April, June & July and make sure you check back with us monthly to get your updates for the month.

As an Ox you are in affinity with the Rat. For your protection, you should have a **key chain pendant of a Rat** with you at all times throughout the year.

Your lucky sectors: (astrological zone) is the Northeast (22.5° - 37.5°) of the home or office. The northeast is not good at all this year and this is why you are advised to place the flying stars cures and enhancers. For full details on **2011 flying star analysis follow this link.**

Tiger

13 Feb 1926-01 Jan 1927	31 Jan 1938-18 Feb 1939	17 Feb 1950-05 Feb 1951
05 Feb 1962-24 Jan 1963	23 Jan 1974-10 Feb 1975	09 Feb 1986-28 Jan 1987

Some Tigers may be glad 2010 is over; overall they have a year to look forward to in 2011, so make hay this year and reap the rewards. This will be a year of romance, career, wealth and many other opportunities, all sounds too good to be true? There will be a few drawbacks that you need to be aware of but providing you take the advice given below, you will enjoy a good year.

It is a year of mixed energies for male and female Tigers although on the whole it will be very good especially if you compare it to last year. Married Tigers especially those born in 1950 & 1962 need to be careful and resist temptation (the grass is **not** always greener) of the opposite sex, single tigers should not take risks in relationships this year and let your confidence shine through as "peach blossom" for romance is very strong. Look at the **2011-flying star** in the southwest and northeast as this can enhance romance even further.

For the Tiger in business, your career this year will be much better than last although you should not boast too much with colleagues or competitors as there are a few people out there that may want to back stab you and tell many lies to make you look bad, make sure you wear your protection animal for the year and more importantly remember my advice, as being prepared is good. In business you may also be offered a partnership and you should look at this as being positive although you should spend time looking over any small print on a contract especially in the months of July and December.

Tigers born in 1950 could see superb returns on their investments this year. Earth Tigers born 1938 will have a good year but you need to rest and take some light exercise like Tai Chi and start to relax more, as you will get more stressed this year and need to watch your blood pressure. Wear some hematite crystal close to you and have six Chinese coins tied with red ribbon beside your bed for health protection. Tigers born in 1962 should be careful of accidents involving broken bones so please take care with high-risk sports. All other Tigers can enjoy a good year and whatever is on your mind right now, it will get better, try and look at the circumstances from both sides of the fence.

All tigers need to take extra care this year when signing papers as legal problems could arise, it could be a deception in you signing papers or just a plain error on someone else's part, so just double check every legal document you sign. If this is a problem it could manifest in September so remember to make notes now and keep your guard up throughout September. Having good Feng Shui is not just about placing Buddha's and three legged Toads, just be aware of potential problems and you will avoid them.

2011 is a great year for the tiger in terms of career there will be a lot of kind hearted people that wish to help you in your work this year but sadly there will also be people that are envious of you and will try to make your path to success harder. Luckily you will be surrounded by people that want to see you do well and this will outweigh the jealous ones. You may find that your relationship with your superiors will drastically improve this year which will help you a lot.

Peach blossom is very good this year and you should activate the southwest of your home, this also activates career so this will create a lovely combination. Relationships should be good for single and committed Tigers and this is not just for romance, it also relates to career and business. Increase this by making sure you enhance the southwest of your home or bedroom. Health issues will be minor although older Tigers should be aware of potential blood problems. I would place a set of six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues. If you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life!

Enjoy your year and remember they are not as bad as you think, give a little flexibility on your side too, if you don't know what I am talking about you will soon.

Cautions for upcoming months: Take extra care in the months of April, May, July and December, and make sure you check back with us monthly to get your updates for the month.

You are in affinity with the Pig/Boar. For your protection, you should have a **key chain pendant of a Pig**.

Your lucky sector: (astrological zone) is the Northeast (52.5° - 67.5°) of the home or office. Although the northeast is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year try to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in particular east and south in 2011. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui 2011 software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

To enhance wealth, luck, business and career in 2011:

The most influential and imperative cure and enhancer in 2011 is called a *Gui Yao Master cure* and can only to be used in Xin Mao (yin metal Rabbit) years, the last time this powerful cure would have been used was in 1951 which was also a Xin Mao year. This cure is needed to enhance and protect in 2011 especially for the eldest male of a home or business.

This traditional Feng Shui cure is only known to a few specialist Feng Shui Masters and in the old days and even now in Asia you would need to employ a expert Feng Shui Master to call at your home or business and the Master would spend hours carving the secret inscriptions onto an earth plate made from the finest slate or marble, which would then be placed in the northwest of your home or business and then setting the special quartz crystals, i-ching coin and the magnetic lodestone ladle would have to point towards the Li palace of the south. This would normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures so all can afford them at a fraction of the cost.

Each of the rare and valuable semi-precious quartz crystals work in synergy with the inherent element of the Luo Shu Gua Trigrams giving total protection for wealth, health & peace of mind and releasing the #8 star from the inherent powerful energies of the #6 Chien star in the northwest in 2011 to permeate the whole building. The most powerful quartz crystal used is the magnetic Hematite which is a master stone with amazing protection qualities and also superb for wealth and business, you cannot use normal Hematite as you must have the magnetic type to replicate the lodestone used in the old days, this is very important and if used in any other formation or incorrect crystals it can cause problems.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2011 we decided to include it standard in all our **2011 cures and enhancers kit**. If you follow this link you will find full details **2011 flying star analysis follow this link**.

You should also place an 8 faceted Crystal Diamond Zuan Shi Cheng enhancer which is combined with an auspicious Chinese i-ching coin to act as a catalyst to enhance wealth in 2011.

To enhance romance in 2011:

Romance can be enhanced in the southwest and northeast of your home, **click here** for further details. Whilst this star is very auspicious without cures this #4 star can bring both

wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the west with the cures can bring in new opportunities and lots of travel. To enhance romance and career in 2011 place some dark blue objects in the southwest, you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Be careful if your main door, bedroom or office or any other important room is located in the south, north or east this year 2011 and make sure you follow the **2011 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2011 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed.

To further enhance 2011 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **2011 advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2011 a better year indeed.

To disperse the negative effects in 2011 you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the north and east of your home or office this year to control the #5 and #2 stars. For full details on **2011 flying star analysis follow this link**. This is very important in 2011 especially if you have a main door, bedroom, office, lounge or other important room in the south, north and east.

West is the location and direction of the Three Killings

When at work, you may sit facing the west direction only if this is one of your personal good directions, if not, do not sit with your back to the west or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a sheng chi cure and a Shuang Yan Yu Fu Buddha with a Sheng chi enhanced crystal, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters.

East is where Tai Sui (Grand Duke of Jupiter) resides in 2011

The east is severely afflicted in 2011 as we have Tai Sui here for the year but it is also combined with the malicious #5 star that can cause many legal and wealth problems and cures are needed here with a Shuang Yan Yu Fu Buddha which works in synergy with the west Buddha needed this year and one that we have included in our 2011 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the east and face the west. Do not confront him by undertaking any renovation or construction work in the east or by sitting in a position that is directly opposite him (west). In 2011, this means do not sit with your back to the west facing east even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao in the east of the home facing west to appease Tai Sui or if your main door is located in the east, place the Pi Yao just inside the door facing west. You should also place a salt water cure and six coins in a row in the east, these are essential in 2011.

Sui Po is located in the west in 2011 (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2011 is west. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and

normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Rabbit year you need to display a sheng chi cure in the west in 2011, we have included one in our 2011 cures kit. If you have to carry out work or emergency repairs in the west place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

This will turn out to be a good year for the Rabbit if follow this advice. Opportunities and success await you. Coupled with Rabbits natural passion and drive, the year 2011 will take you to great heights. Those in employment may see promotion provided they keep away from and are not influenced by inauspicious sectors of the house according to the flying stars system of Feng Shui.

Whilst luck is with you, take good advantage of the positive outlook of the year and make a true effort in your endeavours. Obstacles and difficulties are not completely non-existent especially in the months of March and August where you need to be on guard. Face each one as it comes decisively and confidently as they can easily be overcome. Take good care of health as there is a tendency to overwork. When walking the success path, be charitable to those less fortunate than you.

This will turn out to be a good year for the Rabbit if you follow the advice that I have given in this report. Opportunities and success await you although you will have to stay focused throughout the year and not be complacent. Coupled with Rabbits natural passion and drive, 2011 will take you to great heights and those in business for themselves can expect some very good news. Those in employment may see promotion provided they keep away from and are not influenced by inauspicious sectors of the house according to the flying stars system of Feng Shui.

Whilst luck is with you, take good advantage of the positive outlook of the year and make a true effort in your endeavours and make hay whilst the sun shines as 2012 may have a few obstacles, so use 2011 to develop a firm foundation on your life. Obstacles and difficulties are not completely non-existent especially in the months of March and August where you need to be on your guard and watch out for people trying to defraud you or take advantage of your new higher position. Face each obstacle as it comes decisively and confidently as they can easily be overcome. Take good care of health as there is a tendency to overwork and make sure you allow plenty of time for family and friends. When walking the success path, be charitable to those less fortunate than you, they will remember you when they catch up with you and will want to repay you.

Be aware in 2011 that you need to be very careful with legal problems involving courts and possibly with contracts so please be extremely careful signing contracts. Karma can also be on catch up time as the seeds you planted over the last few years good or bad can come back to haunt or reward you, this is particularly so if it involves plagiarism and this could involve the courts.

You must also try and be as diplomatic as possible in 2011 as someone may try to knock you down in work or in a relationship and try their best to make you look bad. This can cause problems in business, relationships or career, just be aware of the problem and make sure you cure the north and east of your home and/or office with the annual advice.

In business and career you should concentrate on what you have already and not think too much about the grass being greener on the other side, as whilst it should be a good year it is not a good idea to start new projects or jobs in 2011. There will always be exceptions to this and if you do move job or start a new business do not worry. Rabbits need to take care of health this year and this is a year of changing lifestyle like giving up smoking, better diet or doing more exercise. Wealth will be good this year just be careful of taking risks or gambling especially with stocks and shares. Rabbits born in 1951 will be in for a great year but be careful not to ignore your partner or friends, you will need them in 2011 and 2012. If you were born in 1975 be careful of accidents involving metal such as cars or knives, if you have youngsters who drive please tell them to be careful driving in 2011 although I am sure it will fall on deaf ears.

This is a good year to learn new skills or hobby and perfect for study and taking exams as it can lead to a change in career that you will benefit from. Health problems will normally relate to the heart, eyes and joints, you should try and avoid places that have yin energy like hospitals or cemeteries. I would place six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues. This year you must not let yourself stagnate, look at new opportunities, work hard without affecting health and if you are in a position try and spend time travelling this year in business or pleasure, I know it easy for me to say as you are probably feeling tired from 2010 but it will get better very soon and you will have good times ahead and stop worrying about others and spend some time on yourself this year. Falling down is not defeat; defeat is when you refuse to get up. Be sure to stay fit and healthy throughout the year when possible and if you follow the rest of the advice along with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life!

Dragon

23 Feb 1928-09 Feb 1929	08 Feb 1940-26 Jan 1941	27 Jan 1952-13 Feb 1953
13 Feb 1964-01 Feb 1965	31 Jan 1976-17 Feb 1977	17 Feb 1988-15 Feb 1989
	05 Feb 2000-23 Jan 2001	

It has been a funny couple of years for the Dragon and overall it should be a good year in 2011 if you take care and follow my advice. One issue that you should be aware of is accidents involving metal and usually this will involve cars or knives. Having good Feng Shui is actually being aware of potential problems and adjusting the year to avoid potential problems. So my best advice generally this year is to be very careful when driving or using knives, so if you know any Dragons warn them of potential dangers especially younger Dragons born in 1988 who are still at an age where they still think they are invincible. Make sure you follow the annual flying star advice and place all cures in 2011.

There will possibly be doors opening that you thought had closed a long time ago, the most important thing to remember is to spot a good opportunity when it comes and do not overlook the small print of any offer, make sure you read over the small print many times. With regards to scandals or gossip, this could be someone very close to you causing it, so please keep an ear to the ground and if you do discover who it is then leave it a few days before you approach them.

This will allow you to have a clear mind and not say things you may regret later. Think before you act. Those of you born in 1964 & 1988 should be careful with accidents

involving metal and this usually means cars so please be careful, I will take extra care this year with my 22 year old Son Daniel (1988) who has driving for a few years, but like most 22 year olds he feels pretty invincible behind the wheel especially now he has just got a supped up BMW, yikes. I would place a set of six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues

Generally the Dragon will have a great year with a few ups and downs. Money will be okay in 2011 with plenty of great opportunities but you should start planning for the future and avoid overspending and do not take risks with your money, just thought about my son again, I really cannot see him taking any of my advice this year, don't spend your money, think about the future and drive slowly and carefully, yeah alright Dad.

Money can be very good for Dragon this year although you need to take care not to spend too much and avoid any risky investments. If you are employed, job promotions could be on the cards but you will still need to prove yourself. For the Dragon born in 1964 be careful of relationships as a busy and successful year can make you neglectful relationships and your partner may wander unless you remember to show affection throughout the year. If you have a bedroom or other important room in the north place a red statue of Kwan Yin here to dissipate the chances of this happening.

The Dragon should avoid lending money even to best friends or family in 2011. All Dragons should be careful of theft either by deception or just someone breaking into your home, do not concern yourself about this just prepare and make sure security is up to scratch at home and office. Avoid gambling either on cards or the stock market and if you are offered a deal that is just too good to be true, it probably is especially if it comes from a family member. Make sure you place all the 2011 annual cures and enhancers this year as it will be needed.

Even though the year looks a little up and down you will make it a good year with the knowledge you now have, good Feng Shui is actually being aware. Be assured that the people you are in conflict with will be resolved soon and even if it may not seem to go in your favour you will be the winner in the long run, what seems bad to some is good to others, you will be just fine.

You may find that you do not come across many opportunities this year to start new romance but if you follow the peach blossom calendar on the **Academy software**, you will find many great dates to bring new relationships in to your life. Those of you that are already in a relationship can sit back and relax as there will generally be no problems for you this year; that does not mean that you can take your partner for granted, show affection to them as much as possible to build on your relationship. Try to take it easy this year as you may find that you may feel run down more than you normally would, this could be due to pushing yourself too hard so remember to take time out for yourself and relax when you get the time to do so. 2011 can be a good year for the dragon as long as you take precautions and the advice above in mind alongside our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011.

You are in affinity with the Rooster. For enhancement keep a **key chain pendant of a Rooster** on you.

Cautions for month: Take extra care in the months of March, October and December and make sure you check back with us monthly to get your updates for the month.

Your lucky sector: (astrological zone) is the Southeast (112.5° – 127.5°) of the home or office. Although the southeast is your astrological zone, this may not be the best direction for you to face in 2011 when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Rabbit year you need to display a sheng chi cure in the west in 2011, we have included one in our 2011 cures kit. If you have to carry out work or emergency repairs in the west place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

Snake

10 Feb 1929-29 Jan 1930	27 Jan 1941-14 Feb 1942	14 Feb 1953-02 Feb 1954
02 Feb 1965-20 Jan 1966	18 Feb 1977-06 Feb 1978	16 Feb 1989-26 Jan 1990
	24 Jan 2001-11 Feb 2002	

The Snake is in for a challenging year although you should not panic as you can still have a great year if you follow this advice and take note of potential problems. Being aware of problems is what Feng Shui is all about; I have had many years that should not have not been good according to Chinese astrology but if you know what is round that corner you do not turn it.

The month you need to tread very carefully is October and you need to be aware that you could be cheated or even have someone steal from you, October is the likely month but you should be aware of this potential problem all year. 2011 could be a year of people gossiping or telling lies to make you look bad, this could be someone you know who will have a smile on their face and appear to be a good friend. You also need to be aware that you could suffer a break-in so make sure security and alarms are up to date and working. I don't like to be the bearer of bad news but I feel that you should all know what you could potentially have in store so that you may avoid it.

Money will be okay in 2011 but you should start planning for the future and avoid overspending and do not take risks with your money. With regards to health watch out for stomach problems and problems with your eyes, these are only slight problems but those born in 1941 should take care of diet. I would place six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues

You should make extra security checks on your home or your car this year as the robbery star is quite strong, this is especially so for people who have offices or main doors in the north, check our 2011 flying star for more information. This would relate to all types of security so if you are on holiday, in your car or even someone trying to steal your identity, which sadly has become very common these days. Shred all papers with personal information before throwing it away, it may seem extreme but worth doing this year and I suppose every year nowadays.

There will be new opportunities in business, career and love this year and it will be a lucky year which is nice as 2011 you had the wind in front of you rather than behind.

The secret for all Snakes this year is money will come in but you have to make sure you keep hold of it. For females it can be an emotional year and possibilities of sadness may creep over stronger than usual, you should keep some **hematite beads** close to you to help overcome this. You may find the year brings a few challenges but you will overcome them and the problems you had in 2010 will be resolved even though new problems may take their place, you will look at the year in November 2011 and say "it really wasn't that bad". PS Do not forget to say "thank you" to the people who helped you get through the year, they are two small words but have such a big impact on people's lives.

You should take precautions throughout 2011 in your career as you may find yourself at tense moments with co-workers; this does not mean that you are destined for a bad year in your work place! As long as you work hard and reach all of your goals and targets, you will find yourself doing well through 2011. Money luck will be okay this year; you may find that in the early months you are tending to overspend. If you can refrain from spending more than you are earning, you won't really have any financial problems in 2011 and if you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life!

You are in affinity with the Monkey. For your protection, you should have a **key chain pendant of a Monkey**.

Cautions for month: Take extra care in the months of April, May, July and especially October and make sure you check back with us monthly to get your updates for the month.

Your lucky sector: (astrological zone) is the Southeast (142.5° – 157.5°) of the home or office. Although the southeast is your astrological zone, this may not be the best direction for you to face in 2011 when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born. If you are unsure of your Gua and best directions follow [this link](#) or maybe consider using our **Feng Shui 2011 software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

To enhance wealth, luck and career in 2011:

The most powerful and important cure in 2011 is called a Cui Hua Ji Master cure. This cure is only known to a few Masters and in the old days and even now in Asia you would need one of the most excellent Feng Shui Masters to call at your home or business and spend hours carving the secret inscriptions onto an earth plate square tile cut to exact measurements, made from an earth element such as slate or marble and placed in the centre of your home and then setting eight special quartz crystals. This will normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures, so all can afford them and even create them yourselves.

Each crystal is used to work in perfect synergy with the inherent element of the Luo Shu Trigrams giving enhanced protection, wealth, health & peace of mind and releasing the #8 star from the centre to permeate the whole building. We only use the finest quality authentic quartz crystals and they have to be placed exactly as shown in the enclosed instructions with an auspicious dynasty Chinese I-ching coin placed in the centre of the earth plate which must measure between 103 & 108mm and the ones we created are made from 600 million year old Snowdonia slate which is the finest quality earth element you will ever see. This earth plate must face a certain compass direction (the instructions show you how to set this up even if you do not own a compass for northern and southern hemispheres, so it does not matter where in the world you are. This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2011 we decided to include it standard in all our **2011 cures and enhancers kit**. If you follow this link you will find full details **2011 flying star analysis follow this link**.

To enhance wealth, luck, business and career in 2011:

The most influential and imperative cure and enhancer in 2011 is called a *Gui Yao Master cure* and can only be used in Xin Mao (yin metal Rabbit) years, the last time this powerful cure would have been used was in 1951 which was also a Xin Mao year. This cure is needed to enhance and protect in 2011 especially for the eldest male of a home or business.

This traditional Feng Shui cure is only known to a few specialist Feng Shui Masters and in the old days and even now in Asia you would need to employ a expert Feng Shui Master to call at your home or business and the Master would spend hours carving the secret inscriptions onto an earth plate made from the finest slate or marble, which would then be placed in the northwest of your home or business and then setting the special quartz crystals, i-ching coin and the magnetic lodestone ladle would have to point towards the Li palace of the south. This would normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures so all can afford them at a fraction of the cost.

Each of the rare and valuable semi-precious quartz crystals work in synergy with the inherent element of the Luo Shu Gua Trigrams giving total protection for wealth, health & peace of mind and releasing the #8 star from the inherent powerful energies of the #6 Chien star in the northwest in 2011 to permeate the whole building. The most powerful quartz crystal used is the magnetic Hematite which is a master stone with amazing protection qualities and also superb for wealth and business, you cannot use normal Hematite as you must have the magnetic type to replicate the lodestone used in the old

days, this is very important and if used in any other formation or incorrect crystals it can cause problems.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2011 we decided to include it standard in all our **2011 cures and enhancers kit**. If you follow this link you will find full details **2011 flying star analysis follow this link**.

You should also place an 8 faceted Crystal Diamond Zuan Shi Cheng enhancer which is combined with an auspicious Chinese i-ching coin to act as a catalyst to enhance wealth in 2011.

To enhance romance in 2011:

Romance can be enhanced in the southwest and northeast of your home, **click here** for further details. Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the west with the cures can bring in new opportunities and lots of travel. To enhance romance and career in 2011 place some dark blue objects in the southwest, you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Be careful if your main door, bedroom or office or any other important room is located in the south, north or east this year 2011 and make sure you follow the **2011 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2011 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed.

To further enhance 2011 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **2011 advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2011 a better year indeed.

To disperse the negative effects in 2011 you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the north and east of your home or office this year to control the #5 and #2 stars. For full details on **2011 flying star analysis follow this link**. This is very important in 2011 especially if you have a main door, bedroom, office, lounge or other important room in the south, north and east.

West is the location and direction of the Three Killings

When at work, you may sit facing the west direction only if this is one of your personal good directions, if not, do not sit with your back to the west or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a sheng chi cure and a Shuang Yan Yu Fu Buddha with a Sheng chi enhanced crystal, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters.

East is where Tai Sui (Grand Duke of Jupiter) resides in 2011

The east is severely afflicted in 2011 as we have Tai Sui here for the year but it is also combined with the malicious #5 star that can cause many legal and wealth problems and cures are needed here with a Shuang Yan Yu Fu Buddha which works in synergy with the west Buddha needed this year and one that we have included in our 2011 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the east and face the west. Do not confront him by undertaking any renovation or construction work in the east or by sitting in a position that is directly opposite him (west). In 2011, this means do not sit with your back to the west facing east even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao in the east of the home facing west to appease Tai Sui or if your main door is located in the east, place the Pi Yao just inside the door facing west. You should also place a salt water cure and six coins in a row in the east, these are essential in 2011.

Sui Po is located in the west in 2011 (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2011 is west. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Rabbit year you need to display a sheng chi cure in the west in 2011, we have included one in our 2011 cures kit. If you have to carry out work or emergency repairs in the west place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

Horse

30 Jan 1930-16 Feb 1931	15 Feb 1942-04 Feb 1943	03 Feb 1954-23 Jan 1955
21 Jan 1966-08 Feb 1967	07 Feb 1978-27 Jan 1979	27 Jan 1990-14 Feb 1991
	12 Feb 2002-31 Jan 2003	

I know some Horse's will be glad 2010 has come to an end and will be glad to know that 2011 year Xin Mao is a much better year. It will be a year of learning new skills; investment opportunities and career change with some negative side to the year although if you follow my advice you will have a great year.

The rewards for the year can be very good if you are prepared to work hard and you are able to accept some changes, the changes will be good for you although it may not seem it at the time. This year can also be a year of learning and this is why changes are frequent as it could be learning a new job, ideas that you had last year whether for a new business, career or new hobby, this is the year you should put them in place.

This will be a busy year and whilst all should go well with career and finance you can overlook partner's needs, so make sure you make time for loved ones whether it is your wife, boyfriend, mother, sister or best friend. The single Horse will find a few offers but you will need to choose carefully as it is hard to tell a book by its cover. A good year for finances and investments but make sure you read the small print as the annual stars suggest legal issues and back stabbing so be careful. Make sure you leave time for yourself and try to relax more as stress can be an issue and you may feel down at times, whatever is on your mind right now it **WILL** pass. You need to be careful with wealth this year and be aware that you should not take risks and in no way gamble, although metal Horse (born 1988) can expect better wealth this year.

The secret for all Horse's this year: money will come in but you have to make sure you keep hold of it. For females born 1954 it can be an emotional year and possibilities of

sadness may creep over stronger than usual, you should keep some **hematite beads** close to you to help overcome this.

You will no doubt read some other websites that will give worse predictions than us saying that 2011 will be a year of disasters for the Horse and everything bad will come to you. I have been using Feng Shui for over 30 years and every year I hear the same thing with at least one Chinese animal. Last year 2010 the Monkey should have had a very bad year, I have thousands of clients who are Monkeys and they have enjoyed a superb 2010. Stay positive, follow our advice, place your cures and enhancers and you too will have a great year in 2011. If you combine Chinese astrology with Xuan Kong flying star you can make a predicted bad year into a very good one. One cure that is vital for the Horse in 2011 is the master cure placed in the northwest of your home or office or both.

Horse born in 1942 and 1990 should be careful of health in 2011 and try and make some changes to your lifestyle especially if you have a bad diet or smoke, lung problems are a potential danger to the Horse born in 1954, so please take note and if you are still smoking now is a good time to give up. Too often the Horse will spend a lot of time helping others without any thanks but remember to the world, you may be one person, but to one person, you may be the world, you cannot please everyone, concentrate on those that matter most and this also includes YOU.

Remember to read the small print if you are taking out a loan this year and if you are loaning money to people, you may find it hard to get the money back. 2011 is a good year for the horse with regards to relationships especially close around you as some of the people you are most compatible could be the ones around you in 2011. For the horse that is already in a relationship, this year is a great year for marriage! The horse has a lot of good times to look forward to this year where romance and relationships are involved. There is the possibility of mild illness this year among the horse; try to take it easy when possible and relax when you can. If you should become mildly ill in 2011, you will find many people around you trying to help with your recovery. I would recommend placing six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues. 2011 seems to be a great year for the horse, but remember to take it easy and lay low at times to avoid arguments and stress. If you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life.

You are in affinity with the Sheep/Goat. For your protection, you should have a **key chain pendant of a Goat**.

Cautions for month: Take extra care in the April, May and December and make sure you check back with us monthly to get your updates for the month.

Your lucky sector: (astrological zone) is the South (172.5° – 187.5°) of the home or office. For full details on **2011 flying star analysis follow this link**. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

Although the south is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

Goat/Ram/Sheep

17 Feb 1931-05 Feb 1932	05 Feb 1943-24 Jan 1944	24 Jan 1955-11 Feb 1956
09 Feb 1967-29 Jan 1968	28 Jan 1979-15 Feb 1980	15 Feb 1991-03 Feb 1992
	01 Feb 2003-21 Jan 2004	

You should have a good year in the Xin Mao Rabbit year with only a few little hiccups. There are plenty of opportunities where success can be attained but hard work is expected on the part of the Goat. Use your natural insight and intelligence and do not let success blind you to the correct path. Due to the influence of distractions, the Goat needs to focus on tasks in hand. Do not

rush into decisions without thinking them through.

Whilst the year forecast is good you will still need to work hard and this can come at a price, please take time to relax and try and do some exercise like Tai Chi etc, your mind and body will need looking after in 2011 and you may even be looking at changing your career path so expect some unusual feelings of changing direction.

This will be a busy year and whilst all should go well with career and finance's you can overlook partner's needs, so make sure you make time for loved ones whether it is your wife, boyfriend, mother, sister or best friend. A good year for finances and investments but make sure you read the small print as the annual stars suggest legal issues and back stabbing so be careful. Make sure you leave time for yourself and try to relax more as stress can be an issue and you may feel down at times, whatever is on your mind right now, it **WILL** pass.

2011 will be a year of changes for the Goat and wealth luck is good. With regards to relationships there will be changes for the better, Goat born in 1991 can look forward to strong peach blossom in 2011 giving new romantic opportunities. Health should be good although with success there is always a price to pay somewhere and health can be affected if you do not take time out and relax, it will be a great year but you will work hard and stress levels can get high as can your blood pressure, as I said before please take time to relax and 2011.

You should be careful of rivals/competitors this year. You will need to be careful with money as it can arrive and depart very quickly, so some careful money management is needed. 2011 is a perfect time to gather your thoughts and take stock of what you have and your life. This year is ideal for those who are or want to be creative and if you are in a position you should really try and travel this year as not only will the change be good for you, financially you could benefit too. Do not take risks this year in any sector of your life, so no gambling, playing stock and shares or even high-risk sports. I would recommend placing six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues. If you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011.

Take it easy but stay alert as you will need your wits about you, this will be a year of "discovering yourself", seriously, this may sound a bit of a cliché but you will find you discover things about yourself that you never realised were there.

This is a great year to reflect on your life and be honest with yourself, our true character is what we do when we think no one is looking, be true to yourself and help as many people as you can in 2011, you will get real rewards from this, read my words again, this could change your life and expect good changes in 2011, reputation is what the world thinks a person is; character is what they really are. Enjoy your year, it will be great.

You are in affinity with the Horse. For your protection, you should have a **key chain pendant of a Horse**.

Cautions for month: Take extra care in the months of February, July, October and December 2011 and make sure you check back with us monthly to get your updates for the month.

Although the southwest is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

This would normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures so all can afford them at a fraction of the cost.

Each of the rare and valuable semi-precious quartz crystals work in synergy with the inherent element of the Luo Shu Gua Trigrams giving total protection for wealth, health & peace of mind and releasing the #8 star from the inherent powerful energies of the #6 Chien star in the northwest in 2011 to permeate the whole building. The most powerful quartz crystal used is the magnetic Hematite which is a master stone with amazing protection qualities and also superb for wealth and business, you cannot use normal Hematite as you must have the magnetic type to replicate the lodestone used in the old days, this is very important and if used in any other formation or incorrect crystals it can cause problems.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2011 we decided to include it standard in all our **2011 cures and enhancers kit**. If you follow this link you will find full details **2011 flying star analysis follow this link**.

You should also place an 8 faceted Crystal Diamond Zuan Shi Cheng enhancer which is combined with an auspicious Chinese i-ching coin to act as a catalyst to enhance wealth in 2011.

To enhance romance in 2011:

Romance can be enhanced in the southwest and northeast of your home, **click here** for further details. Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the west with the cures can bring in new opportunities and lots of travel. To enhance romance and career in 2011 place some dark blue objects in the southwest, you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Be careful if your main door, bedroom or office or any other important room is located in the south, north or east this year 2011 and make sure you follow the **2011 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2011 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed.

To further enhance 2011 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **2011 advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with

our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2011 a better year indeed.

To disperse the negative effects in 2011 you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the north and east of your home or office this year to control the #5 and #2 stars. For full details on **2011 flying star analysis follow this link**. This is very important in 2011 especially if you have a main door, bedroom, office, lounge or other important room in the south, north and east.

West is the location and direction of the Three Killings

When at work, you may sit facing the west direction only if this is one of your personal good directions, if not, do not sit with your back to the west or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a sheng chi cure and a Shuang Yan Yu Fu Buddha with a Sheng chi enhanced crystal, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters.

East is where Tai Sui (Grand Duke of Jupiter) resides in 2011

The east is severely afflicted in 2011 as we have Tai Sui here for the year but it is also combined with the malicious #5 star that can cause many legal and wealth problems and cures are needed here with a Shuang Yan Yu Fu Buddha which works in synergy with the west Buddha needed this year and one that we have included in our 2011 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the east and face the west. Do not confront him by undertaking any renovation or construction work in the east or by sitting in a position that is directly opposite him (west). In 2011, this means do not sit with your back to the west facing east even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao in the east of the home facing west to appease Tai Sui or if your main door is located in the east, place the Pi Yao just inside the door facing west. You should also place a salt water cure and six coins in a row in the east, these are essential in 2011.

Sui Po is located in the west in 2011 (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2011 is west. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Rabbit year you need to display a sheng chi cure in the west in 2011, we have included one in our 2011 cures kit. If you have to carry out work or emergency repairs in the west place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

Monkey

06 Feb 1932-25 Jan 1933	25 Jan 1944-12 Feb 1945	12 Feb 1956-30 Jan 1957
30 Jan 1968-16 Feb 1969	16 Feb 1980-04 Feb 1981	04 Feb 1992-22 Jan 1993
	22 Jan 2004-08 Feb 2005	

Most Monkeys will be glad to see the back of 2010 and can look forward to a year of romance, career, wealth and many other exciting opportunities, all sounds too good to be true? There will

be a few drawbacks that you need to be aware of and providing you take my advice you will enjoy a good year.

Your success this year may be looked upon with jealousy and you should be aware that you may have some back stabbing to contend with in 2011. Do not start looking at everyone as the enemy; the year can also bring a little paranoia and also feeling low for no apparent reason. Those born in 1944 & 1992 should place six Chinese coins tied with red ribbon or similar good quality round metal objects placed beside their bed in 2011 and make sure you hang a Ba Gua mirror in the north especially if you have a main door located here.

All Monkeys need to take extra care this year when signing papers as legal problems could arise, it could be a deception in you signing papers or just a plain error on someone else's part, so just double check every legal document you sign. If this is a problem it could manifest in July make notes now. Having good Feng Shui is not just about placing Buddha's and three legged Toads, just be aware of potential problems and you will avoid them. Make sure you place the annual cures and enhancers especially if you have a main door in the north.

Peach blossom is very good this year and you should activate the southwest and northeast of your home as this will activate romance with existing relationships, this also activates career so a lovely combination, check our 2011 flying stars for more details. Relationships should be good for single and committed Monkey and this is not just for romance it also relates to career and business. Increase this by making sure you enhance the northwest of your home or bedroom.

Be careful of eating in restaurants in July and November as problems with bowels and stomach are very strong in these months. I would place six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues You may feel the last few years have brought some ups and downs but remember "smooth seas do not make skilful sailors", you need some of the experiences you have been going through in the last few years to build who you are today, very soon all will be well. My favourite saying is "why can't life's problems hit me when I am eighteen and I know everything anyway?"

Males born in 1968 could get drawn into some sort of scandal or trap like a scam especially to do with the Internet or traditional postal service, either way it could be some sort of media. Be very careful of all investments in 2011 and make sure you read over the fine print and then once you have done that give it to someone else to read through. March and December will be lovely months and Monkey male and female will do well in relationships this year although make time for family and friends as your busy months will let you overlook these important people. If you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life!

The secret for all Monkeys this year is money will come in but you have to make sure you keep hold of it. For females born in 1956 it can be an emotional year and possibilities of sadness may creep over stronger than usual, you should keep some **hematite beads** close to you to help overcome this.

This year can be a year of opportunity in your career as long as you are able to make the most of your situations. If you can do this, 2011 will be an extremely successful year for you. You will find that people will be very keen to help you to get your career to new levels and you should take their help and advice as it will work out very beneficial, just remember to say thank you when someone does something for you! Enjoy a fantastic 2011 but stay true the people around you that remained in times of trouble and remember people may not remember what you did for them, or even what you said, but they will always remember how you made them feel.

You are in affinity with the Snake. For your protection, you should have a **key chain pendant of a Snake**.

Cautions for month: Take extra care in the months of July, August, October and November and make sure you check back with us monthly to get your updates for the month.

Your lucky sector: (astrological zone) is the Southwest (232.5° – 247.5°) of the home or office. To cure place some round metal objects in the southwest corner of your room. Although the southwest is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year to face one of your favourable personal directions, Maybe consider using our **Feng Shui 2011 software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

To enhance wealth, luck, business and career in 2011:

The most influential and imperative cure and enhancer in 2011 is called a *Gui Yao Master cure* and can only to be used in Xin Mao (yin metal Rabbit) years, the last time this powerful cure would have been used was in 1951 which was also a Xin Mao year. This cure is needed to enhance and protect in 2011 especially for the eldest male of a home or business.

This traditional Feng Shui cure is only known to a few specialist Feng Shui Masters and in the old days and even now in Asia you would need to employ a expert Feng Shui Master to call at your home or business and the Master would spend hours carving the secret inscriptions onto an earth plate made from the finest slate or marble, which would then be placed in the northwest of your home or business and then setting the special quartz crystals, i-ching coin and the magnetic lodestone ladle would have to point towards the Li palace of the south. This would normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures so all can afford them at a fraction of the cost.

Rooster

26 Jan 1933-13 Feb 1934	13 Feb 1945-01 Feb 1946	31 Jan 1957-17 Feb 1958
17 Feb 1969-05 Feb 1970	05 Feb 1981-24 Jan 1982	23 Jan 1993-09 Feb 1994
	9 Feb 2005-28 Jan 2006	

The Rooster occupies the direct opposite location to Tai Sui (Grand Duke) and those born in the year of the Rooster may therefore expect a difficult year although there is so much you can do to lessen the effect and do not concern yourself at all as 2011 will be a great year following this advice. The year element is not favourable to Rooster so do exercise patience during this time. In order to avoid problems during the year do not take undue risks especially when it comes to finance.

Those who are keen gamblers should not expect much from this activity especially if it involves stocks and shares or similar. Money difficulties may bring debts so please be very careful and avoid any speculative financial investments at all. Legal affairs may also be an issue and make sure you place the annual cures in the south and east of your home and/or business. Keep on the right side of the law and avoid any form of risks. Remember to read through the fine print thoroughly before signing any important documents. As long as expectations are not raised too high, you will not be badly disappointed. In frustrated periods, find solace at home but do not alienate friends, colleagues and families support with uncalled bursts of anger and frustration. I would place six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues

You need to be very careful with legal problems involving courts and possibly with contracts so please be extremely careful signing contracts. Karma can also be on catch up time as the seeds you planted over the last few years good or bad can come back to haunt or reward you, this is particularly so if it involves plagiarism and this will involve the courts.

The forecast for the Rooster may be not so good but remember this is only one small influence in the big scheme of things in life. Things can turn out well despite this if you turn your attention to the monthly forecast on the energies of the space you occupy in your home and office to soften predicaments. Watch out for people back stabbing you and try and keep a low profile.

All these negative things I have talked about sounds pretty grim. Well there is good news and you can look forward to some unexpected good news and romance can be very good for the single Rooster and even wealth gains can be good but please avoid investing money in 2011. Rooster born in 1979 and 1991 can expect a better year though. Try and ignore all the other negative comments on the year for the Rooster, it will not be that bad at all and if you follow my advice especially with the flying stars your year can actually be very good.

Don't you just hate people that say "it could be worse" well without reading this and following the advice on the 12 animals and flying stars it really could be much worse in 2011, your year will be just fine and you have good people around you for support and you may find 2011 will sort the wheat from the chaff with regards to friends and remember that the greatest battles normally happen in your head, it really is not that bad.

The rooster can always turn any situation around; make sure that you are prepared for an increased amount of work in 2011 and a busy schedule, you can easily make 2011 an amazing year for you especially if you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life.. . Remember **education is**

what you get from reading the small print. Experience is what you get from not reading it. Have a great 2011.

You are in affinity with the Dragon. For your protection, you should have a **key chain pendant of a Dragon**.

Your lucky sector: (astrological zone) is the west (262.5° – 277.5°) of the home or office.

Although the west is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

Dog

14 Feb 1934-03 Feb 1935	02 Feb 1946-21 Jan 1947	18 Feb 1958-07 Feb 1959
06 Feb 1970-26 Jan 1971	25 Jan 1982-12 Feb 1983	10 Feb 1994-30 Jan 1995
	29 Jan 2006-17 Feb 2007	

Being a Dog myself I am really looking forward to 2011 and overall it will be a very good year especially for us earth Dogs born 1958, play your cards right and follow all the advice here along with the annual flying stars. 2011 should be good for wealth, career, romance and general luck. Dogs born in 1934 and 1982 need to be careful in relationships especially if they are married, spend more time this year with your partner as your potential success for the year can cause you to overlook people that are important and this will cause you problems. Unmarried Dogs born in other years can expect new relationships and even rekindle existing ones. Your year will be busy but leave some time for play and make sure you take plenty of rest. Dogs born in 1958 (me) and 1970 will have a fantastic year and can expect amazing opportunities in wealth and business. If you were born 1958 (me again) you must take time out to relax and watch what you eat which is always a problem for me as I spend so much time in hotels and whilst eating good quality food I know it has far too much salt and other additives that I should be watching out for.

Your busy lifestyle can cause you stomach problems this year so please be careful, I would place six coins in a row tied with red ribbon beside your bed especially if it is located in the east or west. You should be careful signing contracts this year, so make sure you read all the small print and do not let yourself be conned by someone sweet or fast talking.

With regards to wealth, business and career, 2011 can be a year of seeds you planted over the last few years which will now blossom, so please make the most of this year as the wind is behind you although make sure the wind does not blow you away; this is particularly true for Dogs born in 1958. Do not think though that all this means you can just sit back and let the good times happen, hard work is still needed by you. Young Dogs born in 1994 will do well this year but they should ideally carry an image of a Rabbit for protection, as should all Dogs in 2011. This is a great year to reflect on your life and be honest with yourself, our true character is what we do when we think no one is looking, be true to yourself and help as many people as you can in 2011, you will get real rewards from this, read my words again, this could change your life and expect good changes in 2011, reputation is what the world thinks a person is; character is what they really are.

Remember having good Feng Shui does not guarantee a perfect life, you still have to work at other aspects of your life, whilst the year may be good for the Dog you will still have watch the way you live your life and make sure they rest, play, learn and watch what you eat and also how you live their life, I am a great believer in Karma and strongly believe whatever you put into this life will be rewarded later good or bad and not in money terms but the quality of year life and also health, you are what you eat too. Make this a year of

helping others and maybe with the extra finances you should have this year maybe consider making some donations to a worthy cause or person. Try to watch what you eat when you can and stick to an exercise programme when possible. 2011 will be a good year for the dog with much career gain and a great year for romance. If you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life! Enjoy your year, it will be great.

You are in affinity with the Rabbit. For your protection, you should have a **key chain pendant of a Rabbit**.

Cautions for month: Take extra care in the months of March, August and January and make sure you check back with us monthly to get your updates for the month.

Your lucky sector: (astrological zone) is the Northwest (292.5° – 307.5°) of the home or office. If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

To enhance wealth, luck, business and career in 2011:

The most influential and imperative cure and enhancer in 2011 is called a *Gui Yao Master cure* and can only be used in Xin Mao (yin metal Rabbit) years, the last time this powerful cure would have been used was in 1951 which was also a Xin Mao year. This cure is needed to enhance and protect in 2011 especially for the eldest male of a home or business.

This traditional Feng Shui cure is only known to a few specialist Feng Shui Masters and in the old days and even now in Asia you would need to employ an expert Feng Shui Master to call at your home or business and the Master would spend hours carving the secret inscriptions onto an earth plate made from the finest slate or marble, which would then be placed in the northwest of your home or business and then setting the special quartz crystals, i-ching coin and the magnetic lodestone ladle would have to point towards the Li palace of the south. This would normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures so all can afford them at a fraction of the cost.

Each of the rare and valuable semi-precious quartz crystals work in synergy with the inherent element of the Luo Shu Gua Trigrams giving total protection for wealth, health & peace of mind and releasing the #8 star from the inherent powerful energies of the #6 Chien star in the northwest in 2011 to permeate the whole building. The most powerful quartz crystal used is the magnetic Hematite which is a master stone with amazing protection qualities and also superb for wealth and business, you cannot use normal Hematite as you must have the magnetic type to replicate the lodestone used in the old days, this is very important and if used in any other formation or incorrect crystals it can cause problems.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2011 we decided to include it standard in all our **2011 cures and enhancers kit**. If you follow this link you will find full details **2011 flying star analysis follow this link**.

You should also place an 8 faceted Crystal Diamond Zuan Shi Cheng enhancer which is combined with an auspicious Chinese i-ching coin to act as a catalyst to enhance wealth in 2011.

To enhance romance in 2011:

Romance can be enhanced in the southwest and northeast of your home, [click here](#) for further details. Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the west with the cures can bring in new opportunities and lots of travel. To enhance romance and career in 2011 place some dark blue objects in the southwest, you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Be careful if your main door, bedroom or office or any other important room is located in the south, north or east this year 2011 and make sure you follow the **2011 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2011 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed.

To further enhance 2011 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **2011 advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2011 a better year indeed.

To disperse the negative effects in 2011 you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the north and east of your home or office this year to control the #5 and #2 stars. For full details on **2011 flying star analysis follow this link**. This is very important in 2011 especially if you have a main door, bedroom, office, lounge or other important room in the south, north and east.

West is the location and direction of the Three Killings

When at work, you may sit facing the west direction only if this is one of your personal good directions, if not, do not sit with your back to the west or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a sheng chi cure and a Shuang Yan Yu Fu Buddha with a Sheng chi enhanced crystal, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters.

East is where Tai Sui (Grand Duke of Jupiter) resides in 2011

The east is severely afflicted in 2011 as we have Tai Sui here for the year but it is also combined with the malicious #5 star that can cause many legal and wealth problems and cures are needed here with a Shuang Yan Yu Fu Buddha which works in synergy with the west Buddha needed this year and one that we have included in our 2011 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the east and face the west. Do not confront him by undertaking any renovation or construction work in the east or by sitting in a position that is directly opposite him (west). In 2011, this means do not sit with your back to the west facing east even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao in the east of the home facing west to appease Tai Sui or if your main door is located in the east, place the Pi Yao just inside the door facing west. You should also place a salt water cure and six coins in a row in the east, these are essential in 2011.

Sui Po is located in the west in 2011 (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2011 is west. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Rabbit year you need to display a sheng chi cure in the west in 2011, we have included one in our 2011 cures kit. If you have to carry out work or emergency repairs in the west place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

Boar /Pig

04 Feb 1935-23 Jan 1936	22 Jan 1947-09 Feb 1948	08 Feb 1959-27 Jan 1960
27 Jan 1971-15 Feb 1972	13 Feb 1983-01 Feb 1984	31 Jan 1995-18 Feb 1996
	18 Feb 2007-6 Feb 2008	

Many Pigs will be glad 2010 has ended although 2011 will be a funny old year with a few ups and downs and the Pig will need to be on guard but overall following this advice you can expect a good year. There is nothing to be concerned about this year, just be careful and if your partner is a Pig spend some more time with them as they will need love and support in 2011, not because it will be a bad year only the annual influences can make them feel a little sad and they will need a lot of support as

Pigs in Rabbit years find the pace a little too fast and overwhelming and older pigs born in 1947 will need to take care of health and a great time to learn how to mediate or take up Tai Chi or similar exercise.

Please be aware of overspending this year, Your year is similar to the Rat and if your partner is a Rat be prepared for sparks to fly as you are both in conflict with relationship in March, and temptations of extra relationship are high so please be aware and spend more time at home and make an extra effort in spoiling your partner male or female. If you are a single Pig looking for romance then the year could be good but could also cost in money as you may be tempted to spend more money than usual, just be cautious in relationships this year and resist spending too much.

Pigs should be careful of chest infections and if you do a lot of travelling with public services like the train or aeroplanes etc take some tea tree or lemongrass on a tissue to avoid airborne bacteria as you are susceptible to respiratory infection this year, so please take care if you are a smoker or have any lung issues. I would place six Chinese coins tied with red ribbon beside your bed especially if it is located in the east, west or south as this can dissipate the chances of health and luck issues. For further protection wear some **hematite beads or amethyst**. To further enhance your month check out the monthly almanac each month as it not only gives you good and bad days to do certain tasks it also tells you if it is good for your animal sign.

For the Pig in business and career this year will be much better than last although you should not boast too much with colleagues or competitors as there are a few people out there that may want to back stab you and tell many lies to make you look bad, make sure you wear your protection animal for the year and more importantly remember my advice as being prepared is good. In business you may also be offered a partnership and you should look at this as being positive, ensure you spend time looking over any small print on contracts.

Take extra care with investments in 2011 and whilst money luck is strong in 2011 you should be careful with stocks and shares or any other form of investment gambling, do not invest more than you can afford to lose and make sure all documents are checked over

many times before signing, you have risk of a fraud attempt on you especially if your door is located in the north. Make sure you follow the 2011 flying star advice to avoid potential problems.

Socially you can expect a better year with many functions to attend and you should be able to renew friendships from many years ago and also mend broken bridges in the family. It is also a good year to start up new hobbies as this will guarantee you a better social life this year as peach blossom is high in 2011. For those Pigs already in a relationship you must make time for your loved ones especially those who are born in 1983 and 1971, if you do not know what I mean right now you will by October 2011. If you combine all of this information above with our **flying star advice** for the year and place all of your **cures and enhancers** you will be in for a very rewarding year throughout 2011 in all aspects of life!

Pigs born in 1959 should take care of their health in 2011 and think about taking up exercise and diet as a lifestyle change is needed, most Pigs born in 1959 tend to look after themselves quite well anyway.

The pig should remember to use their communication and relation skills as much as they can in 2011 as this can be a problem this year. You may find that arguments happen more than often this year but always try to keep calm when situations get heated as arguing will do you no favours in 2011. Try hard this year to get along with co workers as this will work in your favour when you are in need of some assistance. Throughout 2011, you will notice a gain in your finances and people will be very impressed by this. You will still have to work hard for your money so don't just sit back and wait for it to come in! If there is someone offering you advice with your finances, it may be beneficial to listen to it and consider the outcome of the advice. The best tip I can give you in 2011 is just be prepared, read all documents before signing, think carefully before lending or investing money and remember the words "it sounds too good to be true" there will people trying to deceive you in 2011 although please do not look at everyone suspiciously as you have good friends watching your back as well.

Enjoy 2011 and make hay while the sun shines and don't worry about the decisions you have to make they will be resolved soon and try and take up some tai chi-meditation or similar to stop that chitter chatter that goes on in your head; your year will be great.

You are in affinity with the Tiger. For your protection, you should have a **key chain pendant of a Tiger**.

Cautions for month: Take extra care in the months of April, September and November and make sure you check back with us monthly to get your updates for the month.

Your lucky sector: (astrological zone) is the Northwest (322.5° – 337.5°) of the home or office. Although the northwest is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

Try to face one of your personal favourable directions when you are doing something important or when seated at your work desk. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.
