### Chinese Animal Predictions For 2007. Year of the Pig – Boar (Ding Hai)

© Written by Michael Hanna 2007

I know there will be many Dragons out there who will be glad 2006 is close to ending, my youngest son Daniel is a Dragon and his year was pretty good and we have had some great feedback from other Dragons who say their year was good because they followed our advice in 2006. As I have always said and what does annoy me with other websites and books is the Chinese animal annual predictions can sound so damming without giving any hope of survival. I am an earth Dog and 2006 should not have been a great year on paper although I had an amazing year, I was always booked at least 2-3 months ahead, I took on some of my biggest corporate clients in 2006 and worked on some of the most exciting projects and buildings throughout the world, I won't go on but I had a perfect 2006 although at least five Feng Shui websites I visited told me the year of the Rooster would be so bad for the earth Dog. I admit I placed every cure and enhancer for the year and I followed all the advice I gave on this website without exception as without it the year would not have been so good, so stay positive.

The message I am trying to convey is even if you are a Pig/Boar and you read below or somewhere else showing that 2007 will not be a good year for you and all misfortunes will befall on you. Adopt a positive attitude and follow the advice given below and in the **2007 Flying Star (Xuan Kong) recommendations**, you will be able avoid any bad luck that is forecasted. Knowing how to avoid negative Flying Stars can help alter your year's luck in a good way. I know you will come across websites or other Practitioners who will predict all sorts of doom and gloom for a certain animal in any year, please take this with a pinch of salt.

Start preparing and placing your annual cures and enhancers, to ensure a trouble free year and of course make sure you check back each month for our monthly updates giving you even more control. Or you can use our professional **Feng Shui software** giving you even more control on an annual and monthly basis. This year we have combined the software with our annual cures kit to give even better value.

**"A Danger Foreseen - Is A Danger That Can Be Avoided"**

Those born in the year of the Pig/Boar may be affected by the conflicting influences of the year of the Fire Pig/Boar Ding Hai. In saying this, we hope that those born in the year of

the Pig/Boar are aware of potential difficulties they may encounter during the year and take extra care in whatever they do without taking undue risks. The degree of influence varies from one person to another. One of the major considerations is the heavenly stem of the year in which one was born.

To find your animal sign, check the charts below. If you were born before February 4th (Spring Begins), use the year before. If it is after February 4th, then use the same birth year. This is worth double-checking; as you would be amazed how many people born in January or February get it wrong. If you are unsure of your Chinese Animal maybe consider using our **Feng Shui software** that calculates it automatically along with personal Gua, flying stars, annual, fixed and monthly and so much more.

**Some examples:**

- Born 3rd February 1958 = Rooster
- Born 5th February 1958 = Dog
- Born 3rd February 1987 = Tiger
- Born 5th February 1987 = Rabbit

**2007 is the 4704<sup>th</sup> year of the Chinese calendar.**

In China, the solar calendar of the Ding Hai (fire Pig/Boar) year starts on 4<sup>th</sup> February 2007 at 13-18:27 China time. In the UK, the new solar year starts on 4<sup>th</sup> February 2007 at 05.18. In California USA it would start 3<sup>rd</sup> February 2007 at 21.18 and if you live in Barcelona you would place your cures at 06.18 on February 4<sup>th</sup> 2007. This year we have put together a page on **Chinese New Year world times** that will help you confirm times and dates for the Chinese New Years Solar and lunar. This is not the **Chinese New Year** you would celebrate though please check this website for further details.

**Rat**

05 Feb 1924–24 Jan 1925	24 Jan 1936–10 Feb 1937	10 Feb 1948–28 Jan 1949
28 Jan 1960–14 Feb 1961	15 Feb 1972–01 Feb 1973	02 Feb 1984–18 Feb 1985
	19 Feb 1996–05 Feb 1997	

After a year of ups and downs in 2006 the Rat has a wonderful year to look forward to, there are a few little hiccups in April, September and November but if you follow my advice you will have a great year.

2007 will be a year of changes for the Rat and wealth luck is very good. With regards to relationships there will be changes for the better, but Rats born in 1972 need to be careful not to get tempted by having a fling, it will I guarantee you cause you

many problems if you do get tempted. Health should be good in 2007 although with success there is always a price to pay somewhere and health can be affected if you do not take time out and relax, it will be a great year but you will work hard and stress levels can get high as can your blood pressure, please take time to relax and 2007 is the perfect time to take up Qi Kong, tai chi or similar exercise to relax the body and mind.

You should be careful of rivals/competitors this year. You will need to be careful with money as it can arrive and depart very quickly, so some careful money management is needed. 2007 is a perfect time to gather your thoughts and take stock of what you have and your life. This year is ideal for those who are or want to be creative and if you are in a position you should really try and travel this year as not only will the change be good for you, financially you could benefit too.

Do not take risks this year in any sector of your life, so no gambling, playing stock and shares or even high-risk sports. Take it easy but stay alert as you will need your wits about you, this will be a year of "discovering yourself", seriously, this may sound a bit of a cliché but you will find you discover things about yourself that you never realised were there, you will know what I am talking about towards the middle of 2007. Try and look at some new forms of relaxation like painting, writing, Tai Chi, Yoga or start playing golf. Take up every opportunity of travel, as the rewards will be high whether personally or financially.

Rats born in 1948 should use the master cure for 2007 as this helps with unwanted thoughts that may be going through your mind, check out our 2007 cures kit for more details.

**Cautions for 2007:** The female Rat and especially those born in 1960 (metal Rat) should take extra time out to look after their partner as her successful year may absorb so much time she may neglect her poor deserving partner and they may feel rejected. So please take time out for both of you and lavish your partner with gifts and spoil them rotten, did I mention that my wife Jo is a Metal Rat.

**Cautions for month:** Take extra care in the months of March, April and November and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the North (352.5° - 7.5°) of the home or office. Use blues or black in your decoration if you have a bedroom here. This is a neutral sector in 2007 influenced by an inauspicious annual flying star #7. For full details on **2007 flying star analysis follow this link.**

Although the north is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in particular northeast and northwest 2007. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

You are in affinity with the Ox. For your protection, you should have a **key chain pendant of an Ox** with you at all times throughout the year in 2007.

Be careful if your main door, bedroom or office or any other important room is located in the northeast, northwest or north this year 2007 and make sure you follow the **2007 Flying Star (Xuan Kong) recommendations.** If your office or bedroom is located in the northeast or east (monthly stars protection) make sure you place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2007 check out the **monthly almanac, flying stars and animal predictions** as it not only gives you advise of good and bad days to do certain tasks it also advise you if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, maybe consider our **advanced Feng Shui software**, it is used by Feng Shui Masters, Practitioners and students throughout the world.

**West is the location and direction of the Three Killings**

When at work, you may sit facing this west direction if this is one of your personal good directions, but do not sit with your back to it (west) or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A little known and extremely powerful cure and enhancer in 2007 and one that can only be used in certain years is by placing 4 pieces of Sodalite quartz crystal in the west, they only need to be small ones but need to be placed ideally in the centre of west, these come in our **2007 cures kit** with full instructions for placement. The only other years these can be used are Rabbit and Sheep/Goat years. The nice part of this annual cure is that the Sodalite crystal will also enhance the #4 romance and literacy/career star and at the same time dissipate the inherent metal energy of the west, this really is a lovely cure and enhancer at the same time.

**Northwest is where Tai Sui (Grand Duke of Jupiter) resides**

With Tai Sui, you may rely on him for support in that you may sit with him in the northwest and face the southeast. Do not confront him by undertaking any renovation or construction works in the northwest or by sitting in a position that is directly opposite him (southeast). In 2007, this means do not sit with your back to the southeast facing northwest even if this is your best direction. Most traditional Chinese families would place a Pi Yao Dragon or a dragon headed Tortoise in the southeast of the home facing northwest or if your main door is in the northwest, place it just inside the door facing northwest.

**Sui Po (The year breaker)**

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2007 is southeast. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. If you have to carry out work or emergency repairs in the southeast place a six hollow metal rod wind chime between the building and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work.

To soften the effects of the year you should hang six Chinese coins tied with a red ribbon and place it in the centre of your home or office this year to control the #2 star, you should also place a six rod metal wind chime in the northeast along with a set of six Chinese coins tied together with ribbon in your home this year to weaken the #5. For full details on **2007 flying star analysis follow this link**. This is very important especially if you have a main door, bedroom, office, lounge or other important room in the northeast or northwest.

**Ox**

25 Jan 1925-12 Feb 1926	11 Feb 1937-30 Jan 1938	29 Jan 1949-16 Feb 1950
15 Feb 1961-04 Feb 1962	03 Feb 1973-22 Jan 1974	20 Feb 1985-08 Feb 1986
	07 Feb 1997-27 Jan 1998	

The year of the Pig/Boar brings an increase in your courage and true devotion. These influences may strengthen your already

firm sense of commitment with the result that you are overly enthusiastic regarding projects that come your way. Take stock and do not plunge into a situation carelessly or take unnecessary risks, as you will find you may have to begin again halfway through.

2007 will be a run of the mill year with no real sparks either way, although if you follow the annual flying star advice your year can be a good one. Although you should if you are careful get through 2007 with great ease, you need to be aware of potential problems that could affect you. You must avoid any type of gambling and risky investments and be aware that a friend could be trying to deceive you or even a family member, either way it may be someone who is close to you so please take care.

You should also avoid starting up a new business and if you do, make sure you check through all legal papers with a fine toothcomb. If you follow the advice your year will be okay and if you place cures and enhancers in 2007 you should even get some good news with regards to unexpected windfalls. With regards to career you should keep a low profile and take extra care to check all your work as there can be errors made in 2007 for the Ox. This does not apply to those born in 1961 & 1973 especially for a female as career advancement can be very good.

Relationships will be good although the committed Ox will need to spend more time with their partner to ensure they do not wander. Female Ox will be able to pick and choose as they like. You should make extra security checks on your home or car this year as the robbery star is quite strong. This is especially so for people who have offices or main doors in the northwest, check our 2007 flying star for more information. This applies to all your security, while you are on holiday, in your car or even someone trying to steal your identity which has become very common these days. Shred all papers with personal information before throwing it away, it may seem extreme but worth doing this year and I suppose every year nowadays.

**Cautions for 2007:** Fire Ox born in 1937 can expect a better year than 2006, but look after your health and those born 1949 should not make investments or take any risks or gambling in 2007. If you were born in 1961 expect a good year.

**Cautions for month:** Take extra care in the months of March, April, May and October and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Northeast (22.5° - 37.5°) of the home or office. Place a set of six Chinese coins tied together with ribbon in the northeast sector of your bedroom or office. The placing of this metal cure will also weaken the inauspicious #5 earth star of the northeast influenced by the annual flying stars. For full details on **2007 flying star analysis follow this link.**

**Tiger**

13 Feb 1926-01 Jan 1927	31 Jan 1938-18 Feb 1939	17 Feb 1950-05 Feb 1951
05 Feb 1962-24 Jan 1963	23 Jan 1974-10 Feb 1975	09 Feb 1986-28 Jan 1987
	28 Jan 1998-15 Feb 1999	

Some Tigers will be glad 2006 is over, they have a great year to look forward to, so make hay this year and reap the rewards.

This will be a year of romance, career, wealth and many other opportunities, all sounds too good to be true? There will be a few drawbacks that you need to be aware of and providing you take my advice you will enjoy a good year.

Your success this year may be looked upon with jealous eyes and you should be aware that you may have some political back stabbing to contend with in 2007. Do not start looking at everyone as the enemy, as the year also can bring a little paranoia and also feeling low for no apparent reason. Those born in 1962 should have some sodalite crystals placed in the west in 2007 allow for this and make sure you hang a Ba Gua mirror in the northeast.

All tigers need to take extra care this year when signing papers as legal problems could arise, it could be a deception in you signing papers or just a plain error on someone else's part, so just double check every legal document you sign. If this is a problem it could manifest in September make notes now. Having good Feng Shui is not just about placing Buddha's and three legged Toads, just be aware of potential problems and you will avoid them.

Peach blossom is very good this year and you should activate the west of your home with four pieces of soladite crystal as this will activate romance with existing or relationships, this also activates career so a lovely combination. Relationships should be good for single and committed Tigers and this is not just for romance it also relates to career and business. Increase this by making sure you enhance the west of your home or bedroom. Health issues will be minor although older Tiger should be aware of potential blood problems.

**Cautions for 2007:** Those born in 1950 can expect a lovely year but you must take time out and watch your blood pressure. If you were born in 1962 you should take plenty of rest and relaxation and make time for your family. If you were born in 1974 and 1986 expect good times.

**Cautions for month:** Take extra care in the months of April, September, November, and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Northeast (52.5° - 67.5°) of the home or office. Because the northeast is afflicted with a negative star in 2007 you should follow our annual advice on cures.

Although the northeast is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in particular northeast, northwest and north for 2007. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

You are in affinity with the Pig/Boar. For your protection, you should have a **key chain pendant of a Pig**.

Be careful if your main door, bedroom or office or any other important room is located in the northeast, northwest or north this year 2007 and make sure you follow the **2007 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in the northeast or east (monthly stars protection) make sure you place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. **Hare/Rabbit**

02 Feb 1927-22 Jan 1928	19 Feb 1939-07 Feb 1940	06 Feb 1951-26 Jan 1952
25 Jan 1963-12 Feb 1964	11 Feb 1975-30 Jan 1976	29 Jan 1987-16 Feb 1988
	16 Feb 1999-04 Feb 2000	

This will seem a frustrating year for most Rabbits, although on the whole the year will be good especially if you follow our annual and monthly advice. The key to the year is making notes of what I am about to tell you and act on them throughout the year, as you

probably know we do a monthly update so it is important to check back each month.

Be very careful of making investments and do not gamble especially with stocks and shares. You should avoid being too close to very sick people and avoid funerals, I hate having to give this type of advice but believe me it makes a difference. If there is one month in the year to tread carefully it will be in September, so please remember this month. There may be some that may gossip about you and tell lies, just be aware of this and do not spend the year looking over your shoulder. You should place a Jade Pagoda in the northwest in 2007 to prevent these problems. Although wealth will be good you should avoid investing in 2007 and if you do make sure it is not high risk gambles.

This is a good year to learn new skills or hobby and perfect for study and taking exams. Health problems will normally relate to the heart, eyes and joints, you should try and avoid places that have yin energy like hospitals or cemeteries. You must not let yourself stagnate, look at new opportunities, work hard without affecting health and if you are in a position try and spend time travelling whether it be business or pleasure.

For females it can be an emotional year and possibilities of sadness may creep over stronger than usual, you should keep some **hematite beads** close to you to help overcome this.

Health will also be okay although be careful of circulation problems with the legs especially those born in 1939.

**Cautions for 2007:** Rabbits born in 1939 should be aware of circulation problem and possible urinary infections, you should make sure you drink plenty of water and eat the right food in 2007 especially if you live in a hot country; I would also avoid eating out in restaurants unless you know the food is good quality.

**Cautions for month:** Take extra care in the months of May, July, September and December and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the East (82.5° – 97.5°) of the home or office. Place some metal objects in the east sector of your room. The placing of these metal items will also weaken the inauspicious monthly flying stars influenced by the annual flying stars.

Although the east is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in particular northeast, northwest and north for 2007. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

You are in affinity with the Dog. For your protection, you have a **key chain pendant of a Dog**.

Be careful if your main door, bedroom or office or any other important room is located in the northeast, northwest or north this year 2007 and make sure you follow the **2007 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in the northeast or east (monthly stars protection) make sure you place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2007 check out the **monthly almanac, flying stars and animal predictions** as it not only gives you advise of good and bad days to do certain tasks it also advise you if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, maybe consider our **advanced Feng Shui software**, it is used by Feng Shui Masters, Practitioners and students throughout the world.

### **Northwest is where Tai Sui (Grand Duke of Jupiter) resides**

With Tai Sui, you may rely on him for support in that you may sit with him in the northwest and face the southeast. Do not confront him by undertaking any renovation or construction works in the northwest or by sitting in a position that is directly opposite him (southeast). In 2007, this means do not sit with your back to the southeast facing northwest even if this is your best direction. Most traditional Chinese families would place a Pi Yao Dragon or a dragon headed Tortoise in the southeast of the home facing northwest or if your main door is in the northwest, place it just inside the door facing northwest.

### **Sui Po (The year breaker)**

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2007 is southeast. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly so please be very careful. If you have to carry out work or emergency repairs in the southeast place a six hollow metal rod wind chime between the building and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work.

To soften the effects of the year you should hang six Chinese coins tied with a red ribbon and place it in the centre of your home or office this year to control the #2 star, you should also place a six rod metal wind chime in the northeast along with a set of six Chinese coins tied together with ribbon in your home this year to weaken the #5. For full details on **2007 flying star analysis follow this link**. This is very important especially if you have a main door, bedroom, office, lounge or other important room in the northeast or northwest.

## **Dragon**

23 Feb 1928-09 Feb 1929	08 Feb 1940-26 Jan 1941	27 Jan 1952-13 Feb 1953
13 Feb 1964-01 Feb 1965	31 Jan 1976-17 Feb 1977	17 Feb 1988-15 Feb 1989
	05 Feb 2000-23 Jan 2001	

There will be Dragons all over the world that will be glad to see the back of 2006 and my son Daniel will be one of them. Although his year was very good, he had to work hard to keep it that way and we did too from a Feng Shui point of view. 2007 will not be your best year but it will be so much better than 2006, so look forward especially if you were born in 1976 as there will be nice surprises for you.

Health can be an issue for the Dragon in 2007 although nothing bad, just be aware of the food you are eating, there may be problems with the stomach. You should also take as much time out as possible and learn how to relax, this will be stressful year but not in a bad way just a year of many things going on.

You will need your wits about you and all your senses including a bit of sixth sense as there may be people whom you know who will try and make you look bad by spreading rumours and lies. This can cause problems in business, relationships or career, just be aware of the problem. Creating good Feng Shui is about being aware of potential problems and reacting accordingly.

Because someone close to you can cause the gossip problems you could see problems with family break-ups and arguments, try and be diplomatic and avoid confrontation. In business and career you should concentrate on what you have already, as it is not a good idea to start new projects or jobs. There will always be exceptions to this and if you do move job or start a new business do not worry.

You are in affinity with the Rooster. For enhancement keep a **key chain pendant of a Rooster** on you.

**Cautions for 2007:** I think this is the first time I have ever written these annual reports and cannot think of any real negatives to tell you, it will be a nice year all round, although do not expect your best year ever just a year that is settled and relatively problem free.

**Cautions for month:** Take extra care in the months of May, and December and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Southeast (112.5° – 127.5°) of the home or office. Although the southeast is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

The southeast is the location of the #1 star which is nice and if your bedroom is also located here, this is good news.

Be careful if your main door, bedroom or office or any other important room is located in the northeast, northwest or north this year 2007 and make sure you follow the **2007 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in the northeast or east (monthly stars protection) make sure you place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2007 check out the **monthly almanac, flying stars and animal predictions** as it not only gives you advise of good and bad days to do certain tasks it also advise you if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, maybe consider our **advanced Feng Shui software**, it is used by Feng Shui Masters, Practitioners and students throughout the world.

### **West is the location and direction of the Three Killings**

When at work, you may sit facing this west direction if this is one of your personal good directions but do not sit with your back to it (west) or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A little known and extremely powerful cure and enhancer in 2007 and one that can only be used in certain years is by placing 4 pieces of Sodalite quartz crystal in the west, they only need to be small ones but need to be placed ideally in the centre of west, these come in our **2007 cures kit** with full instructions for placement. The only other years these can be used are Rabbit and Sheep/Goat years. The nice part of this annual cure is that the Sodalite crystal will also enhance the #4 romance and literacy/career star and at

the same time dissipate the inherent metal energy of the west, this really is a lovely cure and enhancer at the same time.

## Snake

10 Feb 1929-29 Jan 1930	27 Jan 1941-14 Feb 1942	14 Feb 1953-02 Feb 1954
02 Feb 1965-20 Jan 1966	18 Feb 1977-06 Feb 1978	16 Feb 1989-26 Jan 1990
	24 Jan 2001-11 Feb 2002	

The Snake is in conflict this year although do not panic you can still have a great year if you follow this advice and take note of potential problems. Being aware of problems is what this advice is all about, I have had many years that should not have been good according to Chinese astrology but if you know what is round that corner you do not turn it.

The month you need to tread very carefully is March and you need to be aware that you could be cheated or even someone could steal from you, March is the likely month but you should be aware of this potential problem all year. 2007 could be a year of people gossiping or telling lies to make you look bad, this could be someone you know who will have a smile on their face and appear to be a good friend. You also need to be aware that you could suffer a break-in so make sure security and alarms are up to date and working.

Money will okay in 2007 but you should start planning for the future and avoid overspending and do not take risks with your money. With regards to health watch out for stomach problems and problems with your eyes, these are only slight problems but those born in 1941 should take care of diet.

You are in affinity with the Monkey. For your protection, you should have a **key chain pendant of a Monkey**.

**Cautions for 2007:** Snakes born in 1941 should keep an eye on what they eat as stomach problems could be an issue. Those born in 1953 should watch their money and avoid risky investments. If you were born in 1965 be aware of potential break-in, gossip or someone stealing from you. Snakes born in 1977 can expect a fairly trouble free year and those born in 1989 should avoid any high risk ventures like sky diving.

**Cautions for month:** Take extra care in the months of March, August, September and October and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Southeast (142.5° – 157.5°) of the home or office. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

Success and disappointment walk hand in hand in the Horses path during the year. If success is to be attained, Horse must put affairs of all types under tight and orderly control. Concentration and hard work are a must in order for it to be a successful year. Beware of over-indulgence. You will also find it hard to retain money so keep a tight rein on expenses. ## Goat/Ram/Sheep

17 Feb 1931-05 Feb 1932	05 Feb 1943-24 Jan 1944	24 Jan 1955-11 Feb 1956
09 Feb 1967-29 Jan 1968	28 Jan 1979-15 Feb 1980	15 Feb 1991-03 Feb 1992
	01 Feb 2003-21 Jan 2004	

You should have a fairly good year and so much better than 2006 with only a few little hiccups. There are plenty of opportunities where success can be attained but hard work is expected on the part of the Goat. Use your natural foresight and intelligence and do not let success blind you to the correct path. Due to the influence of distractions, the Goat needs to focus on tasks in hand. Do not rush into decisions without thinking them through.

The year will be much better than 2006 but you will need to work hard and this can come at a price, please take time to relax and try and do some exercise like Tai Chi etc, your mind and body will need looking after in 2007 and you may even be looking at changing your career path so expect some unusual feelings of changing direction in 2007.

This will be a busy year and whilst all should go well with career and finance you can overlook partner's needs, so make sure you make time for loved ones whether it is your wife, boyfriend, Mother, Sister or best friend. A good year for finances and investments but make sure you read the small print as the annual stars suggest legal issues and back stabbing so be careful. Make sure you leave time for yourself and try to relax more as stress can be an issue and you may feel down at times, whatever is on your mind right now it **WILL** pass.

**Cautions for 2007:** Those of born in 1943 should check on diabetes or any illness to do with blood, do not panic you just may need to make some changes and if you catch things early enough you will avoid many problems. Goat born in 1955 will be in for an interesting year and likely to see changes in their thought process and even look at changes in their career, even though this may seem late in life but it could be a spiritual change like meditation or learning Feng Shui in more detail. Earth Goats born in 1979 if you keep your head down and work hard you will reap the rewards, so stay focused this year and the same applies to the younger Goat born 1991 do not stray and work hard. Although I fully appreciate this is easier said than done, if I told my boys when they were 16 that they should work harder and not to go out so much because the Chinese astrology says so, their reply "yeah okay Dad".

**Cautions for month:** Take extra care in the months of September, December and January 2008 and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Southwest (202.5° – 217.5°) of the home or office. For full details on **2007 flying star analysis follow this link**. Although the southwest is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in northeast, northwest and north for 2007. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

protect.

Another mixed year for those of you born in the year of the Monkey although female Monkey will be better off than males. Having good Feng Shui is about being aware of potential problems and you need to be aware that this will be a year of potential bad mouthing from friends and colleagues (people you thought were friends) so keep your ear to the ground and hold your head up high. You should place a Jade Pagoda in the northwest to protect yourself from this although it will not fully

Males born in 1968 could get drawn into some sort of scandal or trap like a scam of some sorts, just be careful of all investments you make and read over fine print. March and December will be lovely months and Monkey male and female will do well in relationships this year.

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2007 is southeast. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly so please be very careful. If you have to carry out work or emergency repairs in the southeast place a six hollow metal rod wind chime between the building and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work.

To soften the effects of the year you should hang six Chinese coins tied with a red ribbon and place it in the centre of your home or office this year to control the #2 star, you should also place a six rod metal wind chime in the northeast along with a set of six Chinese coins tied together with ribbon of your home this year to weaken the #5. For full details on **2007 flying star analysis follow this link**. This is very important especially if you have a main door, bedroom, office, lounge or other important room in the northeast or northwest.

**Rooster**

26 Jan 1933-13 Feb 1934	13 Feb 1945-01 Feb 1946	31 Jan 1957-17 Feb 1958
17 Feb 1969-05 Feb 1970	05 Feb 1981-24 Jan 1982	23 Jan 1993-09 Feb 1994
	9 Feb 2005-28 Jan 2006	

Compared to last year 2007 will seem a walk in the park, I am sure you have come across some websites or books predicting 2007 to be bad for the Rooster but I do not think it will be that bad. There will be some things you need to be aware off but providing you follow this advice and also our annual flying star advice the year should be okay.

You must be very careful signing contracts and make sure you get them double and triple checked and then check them all over again. With regards to

wealth, business and career, 2007 can be a year of seeds you planted over the last few years which will now blossom, so please make the most of this year; this is particularly true for Roosters born in 1981. Your busy lifestyle can cause stomach problems this year so please be careful, I would place a brass Wu Lou beside your bed especially if it is located in the northeast or northwest.

For the Rooster in business and career this year will be much better than last although you should not boast too much with colleagues or competitors as there are a few people out there that may want to back stab you and tell many lies to make you look bad, make sure you wear your protection animal for the year and more importantly remember my advice as being prepared is good. In business you may also be offered a partnership and you should look at this as being positive ensure you spend time looking over any small print on contracts.

**Cautions for 2007:** Those Roosters born in 1945 and 1969 need to be careful in relationships especially if they are married, spend more time this year with your partner as your potential success for the year can cause you to overlook people that are important and this will cause you problems. If you were born in 1957 please be very careful signing contracts and do not take risks in finance of physical activities.

**Cautions for month:** Take extra care in the months of June and November and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the west (262.5° - 277.5°) of the home or office. The west has the auspicious #4 star you need to make sure you place four pieces of Sodalite crystal in the west of your home.

Although the west is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in particular northeast, northwest and north for 2007. If you are unsure of your Gua and best directions follow [this link](#) or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

You are in affinity with the Dragon. For your protection, you should have a **key chain pendant of a Dragon**.

Be careful if your main door, bedroom or office or any other important room is located in the northeast, northwest or north this year 2007 and make sure you follow the **2007 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in the northeast or east (monthly stars protection) make sure you place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2007 check out the **monthly almanac, flying stars and animal predictions** as it not only gives you advise of good and bad days to do certain tasks it also advise you if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, maybe consider our **advanced Feng Shui software**, it is used by Feng Shui Masters, Practitioners and students throughout the world.

### **West is the location and direction of the Three Killings**

When at work, you may sit facing this west direction if this is one of your personal good directions but do not sit with your back to it (west) or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A little known and extremely powerful cure and enhancer in 2007 and one that can only be used in certain years is by placing 4 pieces of Sodalite quartz crystal in the west, they only need to be small ones but need to be placed ideally in the centre of west, these

come in our **2007 cures kit** with full instructions for placement. The only other years these can be used are Rabbit and Sheep/Goat years. The nice part of this annual cure is that the Sodalite crystal will also enhance the #4 romance and literacy/career star and at the same time dissipate the inherent metal energy of the west, this really is a lovely cure and enhancer at the same time.

**Northwest is where Tai Sui (Grand Duke of Jupiter) resides**

With Tai Sui, you may rely on him for support in that you may sit with him in the northwest and face the southeast. Do not confront him by undertaking any renovation or construction works in the northwest or by sitting in a position that is directly opposite him (southeast). In 2007, this means do not sit with your back to the southeast facing northwest even if this is your best direction. Most traditional Chinese families would place a Pi Yao Dragon or a dragon headed Tortoise in the southeast of the home facing northwest or if your main door is in the northwest, place it just inside the door facing northwest.

**Sui Po (The year breaker)**

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2007 is southeast. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly so please be very careful. 	29 Jan 2006-17 Feb 2007	

As some of you may know this is my Chinese animal and although predictions last year was not so great for the Dog, following my own advice and also the annual cures, 2006 was a great year and 2007 will be one of the best years ever for most Dogs. It will be a year of tremendous growth especially for earth Dogs (me) born in 1958. All the seeds you have planted over the years will now have grown beyond your wildest dreams so sit back and enjoy the ride.

With most years that bring so much success you must also make time to relax and rest otherwise health can be affected especially Dogs born in 1970, even though a young age just make sure you make quality time for your self. Enjoy 2007 it will be a great year.

**Cautions for 2007:** Wood Dogs born in 1934 will have a lovely year but should look after their health. Dogs born in 1946 enjoy and make the most of 2007 and for those lucky

earth Dogs born 1958 can expect many good tidings in 2007 and the rest of us Dogs can look forward to a rewarding 2007.

**Cautions for month:** Take extra care in the months of April, June and November and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Northwest (292.5° – 307.5°) of the home or office. In 2007 I would avoid the northwest as it has an inauspicious star that could cause you problems.

You are in affinity with the Rabbit. For your protection, you should have a **key chain pendant of a Rabbit**.

If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in particular northeast, northwest and north for 2007. ## Boar /Pig

04 Feb 1935-23 Jan 1936	22 Jan 1947-09 Feb 1948	08 Feb 1959-27 Jan 1960
27 Jan 1971-15 Feb 1972	13 Feb 1983-01 Feb 1984	31 Jan 1995-18 Feb 1996
	18 Feb 2007-6 Feb 2008	

The Pig occupies the direct opposite location to Tai Sui (Grand Duke) and those born in the year of the Pig may therefore expect a difficult year. The year element is not favorable to Pigs so do exercise patience during this time. In order to avoid problems during the year do not take undue risks. Those who are keen gamblers should not expect much from this activity. Money difficulties may bring debts so be very careful. Legal affairs may also be an issue. Keep on the right side of the law and avoid any form of risks. Remember to read through the fine print thoroughly before signing any important documents. As long as expectations are not raised too high, you will not be badly disappointed. In frustrated periods, find solace at home but do not alienate their support with uncalled bursts of anger.

You need to be very careful with legal problems involving courts and possibly to do with contracts so please be extremely careful signing contracts. Karma can also be on catch up time as the seeds you planted over the last few years good or bad can come back to haunt or reward you, this is particularly so if it involves plagiarism and this will involve the courts.

The forecast for Pigs may be unfavorable but remember this is only one small influence in the big scheme of things in life. Things can turn out well despite this if you turn your attention to the monthly forecast on the energies of the space you occupy in your home and office to soften predicaments. Watch out for people back stabbing you and try and keep a low profile.

All these negative things I have talked about sounds pretty grim doesn't it? Well you can look forward to some unexpected good news and romance can be very good for the single Pig and even wealth gains can be good but please avoid investing money in 2007.

**Cautions for 2007:** If you are a Pig born in 1983 you can pretty much ignore all I have said as your year should be quite good I am pleased to say but younger Pigs born in 1995 should be careful of broken limbs so no risky sports if you can help it.

**Cautions for month:** Take extra care in the months of January, April, July and December and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Northwest (322.5° – 337.5°) of the home or office. Although the northwest is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

Try to face one of your personal favourable directions when you are doing something important or when seated at your work desk. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

You are in affinity with the Tiger. For your protection, you should have a **key chain pendant of a Tiger**.

Be careful if your main door, bedroom or office or any other important room is located in the northeast, northwest or north this year 2007 and make sure you follow the **2007 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in the northeast or east (monthly stars protection) make sure you place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2007 check out the **monthly almanac, flying stars and animal predictions** as it not only gives you advise of good and bad days to do certain tasks it also advise you if it is good for your animal sign.
