Let's take it TWO steps further. It can work to a person's advantage if the hour and the month of the year are also in harmony with the person's earthly branch. I must stress that this is only a general way of making the best of the situation with the limited information that is provided here. A more complete and precise analysis of a person's best timing requires a much more in-depth interpretation of the individual's "Ba Zi" (Four Pillars).

So let's say, if you are born in the year of a Dog, check with the table below to see if the day in question is compatible to your yearly earthly branch. If it is not, I advise against taking any action that particular day.
