

Reusing your 2012 Cures in 2013

I have written this article for those of you that reuse their Feng Shui annual cures and enhancers kit. While the [2013 Cures and Enhancers](#) have been handpicked especially for the year of the Yin Water Snake 2013, we have listed below where each item from the 2012 annual cures and enhancer's kit should be placed.

A lot of Feng Shui websites and books will say that you should not reuse your Cures at all and that you should throw away or bury your Feng Shui Cures at least three feet into the ground as the previous year's kit will store a large amount of negative energy; I do not like to advise this as I know that there are still many people who cannot afford to replace the kit each year and we feel that you will always find an alternative that everyone can implement a cure regardless if they use the annual cures and enhancers kits or not.

Cleansing your old Feng Shui cures and enhancers kit:

To cleanse them ideally you should place outside under a full moon overnight or in direct sunlight for at least 4 hours and sprinkle with rock or normal salt. Rinse under water (don't forget to dry them) in the morning and place them in the appropriate areas. This does not apply to the salt water cure, as this **MUST** be **renewed** every year without exception. As with all our products including the annual cures kits, they are all cleansed of negative energy and empowered with positive Sheng Chi energy, which makes them so much more effective.

[2013 Feng Shui Cures](#)

The wind chime and a salt water cure should be placed in the centre of property as the 5 Yellow star (Wu Wang) is present here in 2013 which is not a good star is located in this area. You should also place some metal objects here to weaken further. Do not burn candles or have fire in the centre during 2013

#2 Black flying star is located in the south west in 2013, hang your six Chinese coins and place your salt water cure, you can also place metal objects to weaken the bad earth. Do not burn candles or have fire in the south west for 2013.

The 2013 Annual Feng Shui Afflictions:

The Three Killings – is a direct translation from the Chinese 'San Sha'. This annual affliction is mostly in the east (52.5° to 127.5°). It is imperative that you do not undertake any form of noisy renovations or re-decorative work in the east part of your house or office between February 4th 2013 and February 3rd 2014. Nor should you disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. Once disturbed, this affliction can bring about three types of misfortunes – financial loss, sickness and arguments. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 32 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

Apart from not disturbing its ground, there are two other rules you should follow regarding the Three Killings. Firstly, if you are moving your desk around this year, never sit with your back to this direction (east). Secondly, it is better to face (east) this direction, especially if this is one of your four favourable personal directions.

With the very inauspicious #3 Lu Chun star also visiting the east palace in 2013 it can cause bad luck and legal problems and needs very specific cures and of course when you combine all this destructive energy with the even more destructive three killings you need the best cure available in the east in 2013. You need a special cure – this special cure comes standard with all our 2013 annual cures and enhancers kits.

If your front door faces the east in 2013, place a pair of Fu Dogs just inside the house looking outwards as protective guardians for the year. You can also place a Ba Gua mirror outside in the east.

If you have to carry out work or emergency repairs in the east place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our Tong Shu software.

Tai Sui (The Grand Duke of Jupiter)

Resides between 142.5° – 157.5° southeast.

Do not take this affliction lightly. Do not disturb the ground in the southeast at all costs. Southeast facing properties with front doors to the southeast must be careful not to allow the doors to slam and do not renovate or dig in this part for 2013.

Sui Po (The year breaker)

Sui Po year breaker occupies the 15 degree mountain directly opposite Tai Sui Grand Duke, which for 2013 is northwest (322.5 – 337.5). You should treat this area with the same respect as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and normally cause immediate health problems especially for the elderly or sick so please be very careful. If you have to carry out work or emergency repairs in the northwest place a six hollow metal rod wind chime between the building and where the work is being carried out and ideally you should contact a professional consultant to select a favourable date to start the work.

The annual five yellow

This has flown to the centre in 2013 and because the centre has no gender this is not good and the reason why so many specialist cures are needed in 2013. It is highly recommended not to disturb the centre of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the centre in 2013 as it is very afflicted.

Please do not start worrying if your bedroom or office are located in the east or southeast, just start preparing to place your 2013 cures and enhancers kit to ensure a trouble free year, and of course make sure you sign up for our **free monthly newsletter** so you are kept up to date with the monthly flying stars giving you even more control of your destiny.
