“We make a living by what we get but we make a life by what we give.”

Are you really prepared for 2016?

There will be a great deal of Oxen who will be relieved to see the year of the Monkey begin on the 8th February 2016 although I know that there have been a lot of Oxen who have enjoyed a successful year of the Goat as I have kept in regular contact with some of my clients who have updated me on their progress of the year; although the Oxen was predicted trouble over the year, the Annual Advice that we gave and placing their Annual Cures and Enhancer Kit helped them to avoid a lot of problems that were indicated. The conflict animal for 2016, year of the Yang Fire Monkey is the Tiger and they will have aspects of their life that are going to require care although there will also be some fortunate areas. By following the advice for the Chinese Animals for 2016, all of the Chinese Animals can make the most of the year of the Yang Fire Monkey along with the fine tuning of our powerful Feng Shui Software to get as good a result as possible. As we come into the year of the Monkey, we will need some special cures and enhancers in 2016 to make the most of the year.

Chinese astrology and western astrology are two very different things. Chinese astrology is used to inform people of what they could place and how they can make certain changes to their lifestyle and also how to apply cures and enhancers to avoid any problems that could potentially arise in their life; Chinese astrology is also about having the information in advance so that they can prepare themselves for the eventualities of the year ahead; prevention is usually the best Cure. The information on this site for 2015 will help you to be prepared and make informed decisions throughout the year ahead for certain aspects that may affect your well-being and endeavours. It is important that you know when and how to avoid bad influences during 2016.

If you follow the advice for your Chinese Animal for the year of the Monkey and approach the year ahead with a positive attitude with a desire to achieve goals and dreams, you will be able to avoid a lot of problems that could be coming your way in 2016. You can also avoid a lot of problems by reading our advice for the **2016 Flying Star (Xuan Kong)** and For example: if your Chinese Animal is a Tiger and read on our synopsis for the year or somewhere else that the year ahead is going to be challenging for you, you can avoid many problems by thinking positive and researching your Flying Star chart and looking for the source of the problem in your home and make the most of the good areas of your home and office and suppress the negative influences of the bad areas.

Being able to avoid and suppress negative Flying Stars can help you modify your years luck in a good way. There is going to be many websites and other practitioners who will predict all sorts of problems and calamities for a certain animal in any year. What you need to bear in mind is that even though there may be problems arising, there is usually always a solution to

a problem which we have written in to each synopsis for 2016 for you. Please take this with a pinch of salt and enjoy a great 2016.

I would advise preparing your annual cures and enhancers as soon as possible as it really is crucial to get this right although please do not place your Cures for 2016 before the 4th February 2016 as this is the beginning date for when the Annual Flying Stars change for the year ahead. This will set the foundations for a trouble free year; make sure that you check back at the beginning of every month on here for our monthly updates to be even more prepared for the year ahead. If you want to be fully prepared, you could use our **professional Flying Star Feng Shui Software or 2016 Tong Shu Almanac Software** which will give you total control on an annual and monthly basis. This year we have combined the software with our annual cures kit to give you even better value and savings.

Those born in the year of the Tiger may be affected by the conflicting influences of the year of the Yang Fire Monkey Bing Shen. In saying this, we hope that those born in the year of the Tiger are aware of potential difficulties they may encounter during the year and take extra care in whatever they do without taking undue risks. The degree of influence varies from one person to another. One of the major considerations is the heavenly stem of the year in which one was born, more on this later.

2016 Chinese Animal Predictions for the Rat

In the closing months of the year of the Goat, the Rat should find that there is a lot going on around them and they will be involved with everything going on which can take up a lot of their time if they wish to stay social during the end of the year. The Rat will need to keep a close eye on their calendar or they could soon find themselves double booked on many occasions.

The Rats work life may also be a busy time towards the end of the year with deadlines to meet and interruptions from normal work life with the festive season can cause the Rat to tire out easily if they become distracted. Now is not the time for distractions or time wasting and the Rat will need to remain alert and keep to deadlines in the last few months of the year of the Goat.

The end of the year could be an expensive time for the Rat with the festive period and New Year and they will need to keep watch of their spending and plan out their finances for big purchases. The Rats social life may assume a lot of their finances this year as there will be a lot going on in their life and some events may be quite costly which reinforces the Rats need to manage their finances. Although the Rat may be swarmed with invites to go out, they should still take time out to spend time with friends and family at home; some of their best memories, can be the ones where they are sat in the garden with friends. The Rats friends can offer great support and help make some big decisions over the next twelve months so be sure to make time for friends and family.

The year of the Goat should have been a busy year for the Rat and it will have come with both its highs and lows and it would be wise to focus on the highs and build on them and dismiss the lows and learn from them.

The year of the Monkey can be a promising and rewarding year for the Rat and can bring lots of new opportunities in to the Rats life in 2016. The Rat should find new chances coming their way throughout the year of the Monkey and can look forwards to recognition and success this year.

The year of the Monkey begins on the 8th February and they should find good things entering their life very soon in to the beginning of the year; this may come in the form of the Rat getting something they have been after for a long time, receiving recognition for something they have done or a new attitude and inspiration to start something new. Things are looking very encouraging for the Rat in the year of the Monkey and they should follow true Rat tradition by making the most of any opportunity given to them as they will need to respond quickly or the opportunity may soon pass as is common in Monkey years.

The Rats work life should see a great deal of change in the year of the Monkey and by accepting this at an early stage, they can see a lot of positive things come their way and will be involved with a lot of what goes on in the workplace this year. When new openings in their work place come up, the Rat should show enthusiasm to a new role as this can help take their career further. Rats who feel dormant in their current position in their work place could see new opportunities to train in different fields this year.

Rats looking for a whole new path in their work life have some encouraging prospects to look forward to in the year of the Monkey. In order for the Rat to make the most of the year of the Monkey, they will need to broaden their horizons in areas that they are willing to work in which can offer new levels to train and expand their skill levels. Travel opportunities are

looking promising for the Rat this year in the workplace if they are in a field where long distance meetings are required or could also see relocation opportunities in the year of the Monkey.

If offered training initiatives, it would be wise for the Rat to take the opportunity to expand their skills as Monkey years favour self-development. All Rats should take time this year to learn new skills and hobbies as Monkey years can be very rewarding for those dedicated to develop new skills.

The Rat will be kept very busy with many different activities this year although they should prioritise time to themselves to their personal hobbies and recreational pursuits; time out to unwind and recharge their batteries can greatly benefit the Rat through the year. The Rat can gain some valuable enjoyment and wisdom through taking time out to travel this year and is particularly favoured in Monkey years; trips and holidays can be a lot more enjoyable when the Rat researches the area they are visiting. Summer time is a great time for the Rat to take a short trip or long holiday.

Finances are looking promising for the Rat this year and any advancement in work can bring new money in to the home. Monkey years favour care and planning and it would be wise for the Rat to look after their money this year and plan any big purchases around their busy social calendar to make sure that they do not fall short. Saving money early on in the year can offer some good purchases and experiences later on.

The Rats love life is looking promising, especially for the unattached Rat as they should be immersed in social activities throughout the year and by remaining social, they will have lots of opportunities to meet new people and some strong bonds can be formed through this; social gatherings will also allow the Rat to meet new friends. Rats in a relationship that is still in the early stages can find their relationship becoming more significant with milestones being set such as moving in together and even marriage. Monkey years favour relationships and things can go very well this year.

The Rats home life will also be very busy and will see a lot of joyous events with family members and changes if they wish to make improvements. The Rat will need to consult with others on changes to the home and will need to make sure that everyone in their home is on board with their ideas.

Overall, the year of the Monkey is looking very good for the Rat and they will have a lot of encouraging prospects to look forward to throughout 2016. The Rats home and social life will keep them very busy and they will need to remember to take time out for them to relax and unwind. Sitting on ideas and plans can bring problems to the Rat this year so they will need to be sure to get their plans in to motion as soon as possible. Have an amazing year of the Monkey.

To enhance wealth, luck, business and career for the Rat in 2016:

The last Bing Shen Yang Fire Monkey years were in 1956, 1896 and 1836, each of the years were financially and politically disastrous. This year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2016 is called a Ch'u Men Chien Ts'ai *Master cure* and can only to be used in a Yang Fire Monkey year. The last time that this powerful cure and enhancer would have been used was in 1956 which was also a Yang Fire Monkey year. This cure is much needed to enhance and protect wealth in 2016 especially for the females of a home or business and can be used to turn bad into good.

This cure is used to protect and enhance wealth and good luck in 2016 especially for the Matriarch (eldest female) or any female of a home or office and more so if you run a business from home although equally needed for males especially for wealth. This specialist enhancer and cure is only known to a few specialist Feng Shui Grand Masters and thousands of years ago and even now in southeast Asia you would need to engage a proficient Feng Shui Grand Master to call at your home or business, they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions onto an eight sided (ba gua) earth plate (Pai da di 牌大地) normally made from the finest quartz clear crystal, slate, polished stone, quartz or glass. The seal carver (zhuanke) was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

To create this enhancer and cure you need a mirrored finish, 3000 years ago mirrors did not exist they created this same Master earth Cure by using a hard polished stone to create a reflection which would deflect tai Sui although because the stone was not that reflective it used to weaken wealth so whilst slightly protective it was not a strong enhancer. Thankfully with the creation of the mirror some 300 years ago helped Feng Shui Masters across the world turn this traditional cure into a much more powerful one where the earth element strengthens the #8 wealth earth star and deflects Tai Sui. This mirrored Chu Men is as good as you could ever get and extremely powerful and said to create wealth and also prevent its loss and avoid bad luck in 2016.

The most crucial part of this cure and enhancer is the thought form clear quartz crystal obelisk which is used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2016 we included it standard in all our **2016 cures and enhancers kits**. If you follow this link you will find full details **2016 flying star analysis follow this link**.

To enhance romance for the Rat in 2016:

Romance, academia and creative studies can be enhanced in the west (#4 star) and southwest (#8 star) of your home, [**click here**](#) for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place. The southwest also has a powerful romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Tai Sui In the southwest palace in 2016 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Tai Sui. To enhance romance and career in 2016 place a Xiang Xin Yuan wish and romance enhancer in the west of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the **2016 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of June, August and September 2016 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the youngest daughter or female of a home or business.

Avoiding bad luck in 2016

As we have the #2 black star enter the centre of the lo shu in 2016 special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the centre and northeast of your home or office this year to control the #5 and #2 stars. For full details on **2016 flying star analysis follow this link**. This is very important in 2016 especially if you have a main door, bedroom, office, lounge or other important room in the centre, northeast, northwest and north.

This is just a small part of what you can do to ensure 2016 will be a good year and to further enhance 2016 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our **2016 advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2016 a better year indeed.

The Three Killings - is a direct translation from the Chinese 'San Sha'. This annual affliction is mostly in the south (142.5 – 217.5). It is imperative that you do not undertake any form of noisy renovations or re-decorative work in the south part of your house or office between February 4th 2016 and February 3rd 2017. You should also not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the south, I would advise that you place a 6 hollow rod metal Wind Chime in the south in 2016. Once disturbed, this affliction can bring about three types of misfortunes – financial loss, sickness and arguments so please apply care. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 35 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

Apart from not disturbing its ground, there are two other rules that you should follow regarding the Three Killings in 2016. Firstly, if you are moving your desk around this year, never sit with your back to this direction (south). Secondly, it is better to face (south) this direction, especially if this is one of your four favourable personal directions.

If your front door faces the south in 2016, I would advise placing a pair of Fu Dogs just inside the house looking outwards as protective guardians for the year. You can also place a Ba Gua mirror outside in the south for the year.

If you have to carry out work or emergency repairs in the south during the year of the Yang Fire Monkey, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our **Tong Shu software**.

Tai Sui (The Grand Duke of Jupiter) - resides between 232.5° - 247.5° southwest.

Do not take this affliction lightly in 2016. Do not disturb the ground in the southwest at all costs.

If you have a southwest facing property with your front doors to the southwest, you must be careful not to allow the doors to slam when entering or leaving and do not renovate or dig in this area for 2016. If you have an office or shop door in the southwest this year, I would recommend installing a soft close attachment if possible.

If you have to carry out work or emergency repairs in the southwest, place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

Sui Po - resides between 52.5° - 67.5° northeast.

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2016 is northeast. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful.

The annual five yellow has flown to the northeast in 2016 and this is not good as we have Sui Po located here this year also and the reason why so many specialist cures are needed in 2016. With both the 5 yellow and Sui Po located in the northeast in 2016, it is highly recommended not to disturb the northeast of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the northeast in 2016 as it is very afflicted. You must place a row of six Chinese i-ching coins tied with red ribbon, a six rod hollow metal wind chime and a salt water cure in the northeast to avoid the problems that are associated the #5 yellow disaster star.

Please do not start panicking if you have a bedroom or office that is located in the south, southwest or northeast in 2016, just start preparing to place your **2016 cures and enhancers kit** as of the 4th February 2016 to ensure a trouble free year and also cleanse any old cures that you will be reusing and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more

control of your destiny. To give you even better control use our advanced **Feng Shui 2016 software** as this gives advanced analysis of every home or office facing any direction in any part of the world.

2016 Chinese Animal Predictions for the Ox

The year of the Monkey is looking to be an interesting year for the Ox and although they may be slightly cautious about the speed at which certain things take shape, they should still be able to adapt and accomplish some great things and find some good opportunities come their way this year.

The Ox will be keen to work on their knowledge and skills which will be greatly helped as 2016 is a Monkey Year which is famous for encouraging creativity and self-development. Whether in their work or personal life, training programmes and schemes can be a huge benefit to the Ox this year and they would be wise to make the most of this as what they accomplish this year can be of great use to them in the next few years ahead.

Work life is looking good for the Ox this year although they may be some problems from time to time in the work place. There will be a lot happening this year which may not always be to the Oxen's liking although if they make the most the most of opportunities that come their way, they can get ahead in their work place and use their skills to their advantage.

Those looking to change career and those looking for work in general may find a similar situation where things take place quickly and the Ox will need to act fast and stay alert for openings that are of interest to them if they are to secure a good job. The earlier the Ox applies for a job, the better their chances are of gaining employment this year. The Ox will need to make sure that they are completely prepared for interviews and doing a bit of research on the company can go a long way.

Training schemes can be very beneficial to the Ox this year and I would encourage any animal to follow this advice. If offered the chance to train or learn a new skill, the Ox should quickly take this up and commit to giving the training 100% as what they learn this year will be very beneficial to all animals in the future.

Finances are looking very promising for the Ox this year and much of this will be from their progress at work and there will be many Oxen who wish to make some plans with their money which may include new gadgets, trips etc. The Ox is a careful planner and will use these skills to make some good purchases this year. Putting some money aside for the future can be beneficial to the Ox this year.

The Ox is hardworking and thorough in nature and this year, they will need to remember to take some time out to recharge their batteries and unwind by taking time enjoying their hobbies and interests. The year of the Monkey encourages challenges and trying new things and the Ox should immerse themselves in hobbies and challenges this year whenever possible. By involving friends and loved ones in the hobbies, they can bond with each other in a likeminded activity.

The Ox can be quite particular with people until they know someone better although in Monkey years, things happen quickly and they can have some fantastic times with new people in new situations this year.

Relationships of the heart can look forward to relationships with their partner strengthening this year which will be suited to the Ox's pace as they like to take their time and a steady solidification in their relationship will go well with the Ox.

Home life will require some care as this is a fast paced year and certain problems may arise that require swift action. If the Ox is able to act quickly on this, they can resolve these problems quickly. A direct approach to the problem at hand can be the best way to resolve problems although the Ox will have to be mindful of the feelings of others. Throughout the year, plans may take place out of chance which can often bring good results.

Although the Ox may sometimes be worried about the pace of the year, they can still look forward to exciting times ahead and will enjoy the support of family and friends. Have a fantastic year of the Monkey.

As an Ox you are in affinity with the Rat. For your protection, you should have a **key chain pendant of a Rat** or a **Gold plated Chinese Animal protection Talisman of a Rat** with you at all times throughout the year.

If you have no option but to perform work in the south, I would advise that you place a 6 hollow rod metal Wind Chime in the south in 2016. Once disturbed, this affliction can bring about three types of misfortunes – financial loss, sickness and arguments so please apply care. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 35 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

Apart from not disturbing its ground, there are two other rules that you should follow regarding the Three Killings in 2016. Firstly, if you are moving your desk around this year, never sit with your back to this direction (south). Secondly, it is better to face (south) this direction, especially if this is one of your four favourable personal directions.

If your front door faces the south in 2016, I would advise placing a pair of Fu Dogs just inside the house looking outwards as protective guardians for the year. You can also place a Ba Gua mirror outside in the south for the year.

If you have to carry out work or emergency repairs in the south during the year of the Yang Fire Monkey, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our **Tong Shu software**.

Tai Sui (The Grand Duke of Jupiter) - resides between 232.5° - 247.5° southwest.

Do not take this affliction lightly in 2016. Do not disturb the ground in the southwest at all costs.

If you have a southwest facing property with your front doors to the southwest, you must be careful not to allow the doors to slam when entering or leaving and do not renovate or dig in this area for 2016. If you have an office or shop door in the southwest this year, I would recommend installing a soft close attachment if possible.

If you have to carry out work or emergency repairs in the southwest, place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

Sui Po - resides between 52.5° - 67.5° northeast.

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2016 is northeast. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful.

The annual five yellow has flown to the northeast in 2016 and this is not good as we have Sui Po located here this year also and the reason why so many specialist cures are needed in 2016. With both the 5 yellow and Sui Po located in the northeast in 2016, it is highly recommended not to disturb the northeast of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the northeast in 2016 as it is very afflicted. You must place a row of six Chinese i-ching coins tied with red ribbon, a six rod hollow metal wind chime and a salt water cure in the northeast to avoid the problems that are associated the #5 yellow disaster star.

Please do not start panicking if you have a bedroom or office that is located in the south, southwest or northeast in 2016, just start preparing to place your **2016 cures and enhancers kit** as of the 4th February 2016 to ensure a trouble free year and also cleanse any old cures that you will be reusing and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. To enhance wealth, luck, business and career for the Tiger in 2016:

The last Bing Shen Yang Fire Monkey years were in 1956, 1896 and 1836, each of the years were financially and politically disastrous. This year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2016 is called a Ch'u Men Chien Ts'ai *Master cure* and can only to be used in a Yang Fire Monkey year. The last time that this powerful cure and enhancer would have been used was in 1956 which was also a Yang Fire Monkey year. This cure is much needed to enhance and protect wealth in 2016 especially for the females of a home or business and can be used to turn bad into good.

This cure is used to protect and enhance wealth and good luck in 2016 especially for the Matriarch (eldest female) or any female of a home or office and more so if you run a business from home although equally needed for males especially for wealth. This specialist enhancer and cure is only known to a few specialist Feng Shui Grand Masters and thousands of years ago and even now in southeast Asia you would need to engage a proficient Feng Shui Grand Master to call at your home or business, they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions onto an eight sided (ba gua) earth plate (Pai da di 牌大地) normally made from the finest quartz clear crystal, slate, polished stone, quartz or glass. The seal carver (zhuanke) was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

To create this enhancer and cure you need a mirrored finish, 3000 years ago mirrors did not exist they created this same Master earth Cure by using a hard polished stone to create a reflection which would deflect tai Sui although because the stone was not that reflective it used to weaken wealth so whilst slightly protective it was not a strong enhancer. Thankfully with the creation of the mirror some 300 years ago helped Feng Shui Masters across the world turn this traditional cure into a much more powerful one where the earth element strengthens the #8 wealth earth star and deflects Tai Sui. This mirrored Chu Men is as good as you could ever get and extremely powerful and said to create wealth and also prevent its loss and avoid bad luck in 2016.

The most crucial part of this cure and enhancer is the thought form clear quartz crystal obelisk which is used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2016 we included it standard in all our **2016 cures and enhancers kits**. If you follow this link you will find full details **2016 flying star analysis follow this link**.

To enhance romance for the Tiger in 2016:

Romance, academia and creative studies can be enhanced in the west (#4 star) and southwest (#8 star) of your home, [**click here**](#) for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place. The southwest also has a powerful romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Tai Sui In the southwest palace in 2016 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Tai Sui. To enhance romance and career in 2016 place a Xiang Xin Yuan wish and romance enhancer in the west of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the **2016 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of June, August and September 2016 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the youngest daughter or female of a home or business.

Avoiding bad luck in 2016

As we have the #2 black star enter the centre of the lo shu in 2016 special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the centre and northeast of your home or office this year to control the #5 and #2 stars. For full details on **2016 flying star analysis follow this link**. This is very important in 2016 especially if you have a main door, bedroom, office, lounge or other important room in the centre, northeast, northwest and north.

This is just a small part of what you can do to ensure 2016 will be a good year and to further enhance 2016 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

2016 Chinese Animal Predictions for the Rabbit

The year of the Monkey is looking to be a steady year for the Rabbit and there will be both high and low points in the year ahead. One good point to the year is that the Rabbit has very good rapport with others and this will serve them well this year. The Rabbit may be faced with problems and difficult situations this year and their attitude with others can help them gain a lot of advice and clarity when trying to solve their problems.

The Rabbits work life can see some challenges this year as new staff come in to the office and the Rabbit may feel that this change is bringing disruption to the work place. The Rabbit will need to adapt at an early part of the year to new roles and tasks as these may be here to stay; if the Rabbit is able to adapt to this, they can use this to their advantage by showing initiative and desire to better themselves in the eyes of their peers.

Those looking to change employment and those looking for work in general should find that their hard work will really pay off this year. The Rabbit will need to work hard to find a good position but by showing a positive attitude and remaining active in their job search, the Rabbit could find themselves gaining employment in a lucrative position.

The Rabbit is going to have to take a bit of care with their finances this year even though they are usually very good with financial matters, they could find themselves misreading contracts and paperwork this year which could lead to mistakes being made. Paperwork must be checked over before signing anything this year and agreements should be made clear if there is any confusion; professional advice can go a long way for the Rabbit in this matter. The Rabbit will need to be organised with invoices and bills or they may find late fees coming their way if deadlines are not met.

The Rabbit should dedicate time to their own personal hobbies and interests this year as Monkey years really favour this. If there is something that the Rabbit has wanted to learn or try their hand at and has put this off in the past, the year of the Monkey is definitely the time to have a go.

The Rabbits home life can see a lot of change this year and problems could arise as this can cause a lot of disruption to the overall flow of things around the home. The Rabbit should try to set goals to reach with others in the home this year on any changes and improvements they wish to make throughout the year of the Rabbit as the more that a household works together as a team this year, the greater their chances of accomplishing their goals and keeping a strong bond.

The Rabbits social life will see a lot of activity this year although there are problems forecasted for the year ahead for the Rabbit. Friends of the Rabbit may have a difference of opinion over the year and the Rabbit would be wise to avoid confrontation when they are angry as this could soon turn in to an argument.

The Rabbit may find that either they or someone close to them suffers from an illness this year and they should do their research if such an event occurs in ways to alleviate this. Professional help should be sought for any problems with health and fitness this year as this

is not a time to soldier on and hope for the best where health is concerned. The Rabbit should start the year of the Monkey looking in to ways that they can better their diet as this can help avoid a lot of minor bugs throughout the year. Staying healthy and getting regular exercise is recommended for the Rabbit this year and if they can involve their family, this would be a great way to enjoy time together.

The Rabbits love life is looking very promising this year and those in a relationship, especially new ones, can see a lot of progression as the year goes on and some may even see engagement proposals this year. Single Rabbits and those who have recently experienced heartbreak can look forward to meeting a new partner this year and this may come completely through a chance introduction from a friend.

Overall, there will be certain aspects of the Rabbits life that will require care although there is still a lot of progress to be made this year and they will have a lot to look forward to. Have a fantastic year of the Monkey.

To enhance wealth, luck, business and career for the Dragon in 2016:

The last Bing Shen Yang Fire Monkey years were in 1956, 1896 and 1836, each of the years were financially and politically disastrous. This year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2016 is called a Ch'u Men Chien Ts'ai *Master cure* and can only to be used in a Yang Fire Monkey year. The last time that this powerful cure and enhancer would have been used was in 1956 which was also a Yang Fire Monkey year. This cure is much needed to enhance and protect wealth in 2016 especially for the females of a home or business and can be used to turn bad into good.

This cure is used to protect and enhance wealth and good luck in 2016 especially for the Matriarch (eldest female) or any female of a home or office and more so if you run a business from home although equally needed for males especially for wealth. This specialist enhancer and cure is only known to a few specialist Feng Shui Grand Masters and thousands of years ago and even now in southeast Asia you would need to engage a proficient Feng Shui Grand Master to call at your home or business, they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions onto an eight sided (ba gua) earth plate (Pai da di 牌大地) normally made from the finest quartz clear crystal, slate, polished stone, quartz or glass. The seal carver (zhuanke) was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

To create this enhancer and cure you need a mirrored finish, 3000 years ago mirrors did not exist they created this same Master earth Cure by using a hard polished stone to create a reflection which would deflect tai Sui although because the stone was not that reflective it used to weaken wealth so whilst slightly protective it was not a strong enhancer. Thankfully with the creation of the mirror some 300 years ago helped Feng Shui Masters across the world turn this traditional cure into a much more powerful one where the earth element strengthens the #8 wealth earth star and deflects Tai Sui. This mirrored Chu Men is as good as you could ever get and extremely powerful and said to create wealth and also prevent its loss and avoid bad luck in 2016.

The most crucial part of this cure and enhancer is the thought form clear quartz crystal obelisk which is used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2016 we included it standard in all our **2016 cures and enhancers kits**. If you follow this link you will find full details **2016 flying star analysis follow this link**.

To enhance romance for the Dragon in 2016:

Romance, academia and creative studies can be enhanced in the west (#4 star) and southwest (#8 star) of your home, [click here](#) for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place. The southwest also has a powerful romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Tai Sui In the southwest palace in 2016 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Tai Sui. To enhance romance and career in 2016 place a Xiang Xin Yuan wish and romance enhancer in the west of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the **2016 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of June, August and September 2016 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the youngest daughter or female of a home or business.

Avoiding bad luck in 2016

As we have the #2 black star enter the centre of the lo shu in 2016 special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the centre and northeast of your home or office this year to control the #5 and #2 stars. For full details on **2016 flying star analysis follow this link**. This is very important in 2016 especially if you have a main door, bedroom, office, lounge or other important room in the centre, northeast, northwest and north.

This is just a small part of what you can do to ensure 2016 will be a good year and to further enhance 2016 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our **2016 advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2016 a better year indeed.

The Three Killings - is a direct translation from the Chinese 'San Sha'. This annual affliction is mostly in the south (142.5 – 217.5). It is imperative that you do not undertake any form of noisy renovations or re-decorative work in the south part of your house or office between February 4th 2016 and February 3rd 2017. You should also not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the south, I would advise that you place a 6 hollow rod metal Wind Chime in the south in 2016. Once disturbed, this affliction can bring about three types of misfortunes – financial loss, sickness and arguments so please apply care. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 35 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

Apart from not disturbing its ground, there are two other rules that you should follow regarding the Three Killings in 2016. Firstly, if you are moving your desk around this year, never sit with your back to this direction (south). Secondly, it is better to face (south) this direction, especially if this is one of your four favourable personal directions.

If your front door faces the south in 2016, I would advise placing a pair of Fu Dogs just inside the house looking outwards as protective guardians for the year. You can also place a Ba Gua mirror outside in the south for the year.

If you have to carry out work or emergency repairs in the south during the year of the Yang Fire Monkey, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our **Tong Shu software**.

Tai Sui (The Grand Duke of Jupiter) - resides between 232.5° - 247.5° southwest.

Do not take this affliction lightly in 2016. Do not disturb the ground in the southwest at all costs.

If you have a southwest facing property with your front doors to the southwest, you must be careful not to allow the doors to slam when entering or leaving and do not renovate or dig in this area for 2016. If you have an office or shop door in the southwest this year, I would recommend installing a soft close attachment if possible.

If you have to carry out work or emergency repairs in the southwest, place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

Sui Po - resides between 52.5° - 67.5° northeast.

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2016 is northeast. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful.

The annual five yellow has flown to the northeast in 2016 and this is not good as we have Sui Po located here this year also and the reason why so many specialist cures are needed in 2016. With both the 5 yellow and Sui Po located in the northeast in 2016, it is highly recommended not to disturb the northeast of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the northeast in 2016 as it is very afflicted. You must place a row of six Chinese i-ching coins tied with red ribbon, a six rod hollow metal wind chime and a salt water cure in the northeast to avoid the problems that are associated the #5 yellow disaster star.

control of your destiny. To give you even better control use our advanced **Feng Shui 2016 software** as this gives advanced analysis of every home or office facing any direction in any part of the world.

2016 Chinese Animal Predictions for the Snake

The year of the Monkey starts on the 8TH February and can be a reasonable year for the Snake. There will be aspects of the Snakes life that they will be able to do well in although this is a year for care and attention and if the Snake is not careful, they could create problems for themselves. In order to do well this year, the Snake will have to apply care to certain areas of their life which I have explained below.

The Snakes Work life can see a lot of changes this year and the majority of Snakes will see this as a threat to the way that they do things although they will soon realise that change can bring some fantastic opportunities this year. The Snakes work place could see positions becoming available this year with people leaving the company and senior members retiring and the Snake could be well suited to fill the position and take on a greater role in the company. Any Snakes who have an interest in an open position should act fast to express their interest as this is not a year to waste time. New roles will see challenges for the Snake although the rewards will soon come for them. Self-development can do the Snake a lot of good this year and can lead to recognition from their peers when they take the incentive to further their existing skills or learn new ones.

Most Snakes will be more than content in their current work place although those who feel that the year of the Monkey is time for a fresh start and also those looking for work in general can find employment in a good company. The Snake should remain consistent with their job search and research other areas where they can use their skills and qualifications as this will greatly improve their chances of securing a good position during the year of the Monkey. The Snake could suffer a few knock backs this year and should remember to keep a positive attitude and keep trying as they could gain employment after a few knock backs.

The Snakes finances are looking promising during the year of the Monkey with their career looking promising which can lead to a higher salary. Some Snakes will find ways to bring additional income in to their life possibly through a hobby or idea. If the Snake is able to budget their money wisely this year, they could accumulate a nice sum at the end of the year.

The Snakes personal interests and hobbies can bring a lot of joy and relaxation in to their life this year. The Snake is usually interested in various different activities and hobbies and this year, they should try their hand at different activities to see how they can develop. When the Snake is involved in dangerous activities and hobbies, they should practise good safety skills as there is risk of minor injury with physical activities this year when care is not taken.

Snakes usually have small, close friendship groups and this year, they will enjoy the relationship they have with their friends and can receive good support on their ventures. The Snake will need to keep a look out for a disagreement looming or they could risk losing a close friend; clear communication and a forgiving attitude can help avoid this during the year of the Monkey. Single Snakes could meet a potential partner from a chance meeting this year and should take a more relaxed approach around new company.

The Snakes home life will be a busy time and they should find that there is always something going on in and around the home this year. The Snake will again need to practise good communicational skill with members of their home as well as friends in order to keep disagreements at bay this year. Any problems that the Snake has should be discussed with family members. The Snakes can see a lot of celebrations and achievements in their home this year and family members will delight in sharing their achievements with the Snake. Shared activities can help the Snakes family strengthen their bond this year and this is especially the case where travel is concerned and a family trip should be considered if time and finances allow so. When performing upgrades and renovation in the home, the Snake should stick to one task at a time and avoid taking on too many project at one time as the results could be less than they had hoped.

Overall, there are a few areas that require care and attention this year in the Snakes life although if they are able to take control and apply care, they can achieve a lot. Have a fantastic year of the Monkey.

You are in affinity with the Monkey. For your protection, you should have a key chain pendant of a Monkey or a **Gold plated Chinese Animal protection Talisman of a Monkey** with you at all times.

2016 Chinese Animal Predictions for the Horse

The year of the Monkey begins on the 8th February and is looking to be one where the Horse can use their own skills and talents to their advantage although this is depending on the Horses ability to remain disciplined and also avoid focusing on too many things at once; plans can change suddenly in Monkey years and the Horse likes to take on a lot at once which could work against them in 2016.

The Horses career will be a busy aspect of their life this year and may seem demanding at times as there will be many Horses looking to climb the career ladder this year which is possible but will require some hard work on their side. Monkey years can offer self-development opportunities and the Horse should look to develop their skills and give 100% to their duties this year as this will enable them to prove themselves to others and show their worth in the work place.

This year should see a lot of senior staff retiring and the Horse would be wise to show an interest for any position opening that is of interest to them before outside sources are aware of the position. There is possibility of the Horse being offered the chance to relocate to another location with their employer this year; if this is the case, the Horse should consult family and professionals before committing to such a big step.

The Horse can look forward to a good rapport with co-workers this year. Those who are relatively new to their place of work will be able to quickly establish relationships with others when they are outgoing and show an interest in what is going on. The year of the Monkey is a great year for the Horse to meet new people, especially in the work place which will lead to good connections in the future.

Those who feel that their talents will be better suited elsewhere and those looking for work in general should aim to apply to newly available positions as showing initiative can go a long way for them in the year of the Monkey; this will require the Horse searching for openings daily. The Horse should look in to ways that they can use their skills in other positions and also consider retraining as this is favoured in 2016.

The Horses finances are looking promising for the year with the possibility of additional income entering their life although the Horse is going to have to apply care to their spending or they could soon find any additional income being used on unnecessary purchases that are of no use to them. The Horse should plan big purchases rather than impulse buying and should also be sure to read over terms and conditions and fine print whenever necessary or they could find themselves entering an agreement with unfair consequences; whenever in doubt have a friend or family member read it over or seek professional advice.

Personal interests and hobbies can play a big part in the Horses life during the year of the Monkey and this is especially the case where recreational pursuits are concerned. There may be something that takes the Horses interest this year and if so, they should pursue new activities and hobbies as this can reward them well. Any Horses who are dormant for the majority of the day such as those who work in an office should look to take regular exercise this year to stay in good health.

Single Horses and those who have recently fallen in love can see a lot of hope and excitement where affairs of the heart are concerned this year making this an exciting time. Horses that have ended a relationship recently and have felt down about this should see a change towards the beginning of the year and will hopefully take on a much more positive outlook on the situation.

The Horses home life will see a lot happen this year and there will be a lot of Horses taking on big projects around the home such as renovations or redesigning which could see some plans requiring change and extra effort although the results can outweigh the work required. Horses who decide to move to somewhere new can do well in finding a new home although they should seek professional advice on legal matters. The Horses family can enjoy a good relationship this year if they all communicate well on problems and plans.

Overall this is looking to be a rewarding year for the Horse and one where they can enjoy a great relationship with others and succeed in what they try their hand at. Have a fantastic year of the Monkey.

To enhance wealth, luck, business and career for the Horse in 2016:

The last Bing Shen Yang Fire Monkey years were in 1956, 1896 and 1836, each of the years were financially and politically disastrous. This year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2016 is called a Ch'u Men Chien Ts'ai *Master cure* and can only to be used in a Yang Fire Monkey year. The last time that this powerful cure and enhancer would have been used was in 1956 which was also a Yang Fire Monkey year. This cure is much needed to enhance and protect wealth in 2016 especially for the females of a home or business and can be used to turn bad into good.

This cure is used to protect and enhance wealth and good luck in 2016 especially for the Matriarch (eldest female) or any female of a home or office and more so if you run a business from home although equally needed for males especially for wealth. This specialist enhancer and cure is only known to a few specialist Feng Shui Grand Masters and thousands of years ago and even now in southeast Asia you would need to engage a proficient Feng Shui Grand Master to call at your home or business, they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions onto an eight sided (ba gua) earth plate (Pai da di 牌大地) normally made from the finest quartz clear crystal, slate, polished stone, quartz or glass. The seal carver (zhuanke) was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

To create this enhancer and cure you need a mirrored finish, 3000 years ago mirrors did not exist they created this same Master earth Cure by using a hard polished stone to create a reflection which would deflect tai Sui although because the stone was not that reflective it used to weaken wealth so whilst slightly protective it was not a strong enhancer. Thankfully with the creation of the mirror some 300 years ago helped Feng Shui Masters across the world turn this traditional cure into a much more powerful one where the earth element strengthens the #8 wealth earth star and deflects Tai Sui. This mirrored Chu Men is as good as you could ever get and extremely powerful and said to create wealth and also prevent its loss and avoid bad luck in 2016.

The most crucial part of this cure and enhancer is the thought form clear quartz crystal obelisk which is used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2016 we included it standard in all our **2016 cures and enhancers kits**. If you follow this link you will find full details **[2016 flying star analysis follow this link](#)**.

To enhance romance for the Horse in 2016:

Romance, academia and creative studies can be enhanced in the west (#4 star) and southwest (#8 star) of your home, **[click here](#)** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place. The southwest also has a powerful romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Tai Sui In the southwest palace in 2016 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Tai Sui. To enhance romance and career in 2016 place a Xiang Xin Yuan wish and romance enhancer in the west of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the **2016 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of June, August and September 2016 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the youngest daughter or female of a home or business.

Avoiding bad luck in 2016

As we have the #2 black star enter the centre of the lo shu in 2016 special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the centre and northeast of your home or office this year to control the #5 and #2 stars. For full details on **2016 flying star analysis follow this link**. This is very important in 2016 especially if you have a main door, bedroom, office, lounge or other important room in the centre, northeast, northwest and north.

This is just a small part of what you can do to ensure 2016 will be a good year and to further enhance 2016 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our **2016 advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2016 a better year indeed.

The Three Killings - is a direct translation from the Chinese 'San Sha'. This annual affliction is mostly in the south (142.5 – 217.5). It is imperative that you do not undertake any form of noisy renovations or re-decorative work in the south part of your house or office between February 4th 2016 and February 3rd 2017. You should also not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the south, I would advise that you place a 6 hollow rod metal Wind Chime in the south in 2016. Once disturbed, this affliction can bring about three types of misfortunes – financial loss, sickness and arguments so please apply care. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 35 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

Apart from not disturbing its ground, there are two other rules that you should follow regarding the Three Killings in 2016. Firstly, if you are moving your desk around this year, never sit with your back to this direction (south). Secondly, it is better to face (south) this direction, especially if this is one of your four favourable personal directions.

If your front door faces the south in 2016, I would advise placing a pair of Fu Dogs just inside the house looking outwards as protective guardians for the year. You can also place a Ba Gua mirror outside in the south for the year.

If you have to carry out work or emergency repairs in the south during the year of the Yang Fire Monkey, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our **Tong Shu software**.

Tai Sui (The Grand Duke of Jupiter) - resides between 232.5° - 247.5° southwest.

Do not take this affliction lightly in 2016. Do not disturb the ground in the southwest at all costs.

If you have a southwest facing property with your front doors to the southwest, you must be careful not to allow the doors to slam when entering or leaving and do not renovate or dig in this area for 2016. If you have an office or shop door in the southwest this year, I would recommend installing a soft close attachment if possible.

If you have to carry out work or emergency repairs in the southwest, place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

Sui Po - resides between 52.5° - 67.5° northeast.

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2016 is northeast. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful.

The annual five yellow has flown to the northeast in 2016 and this is not good as we have Sui Po located here this year also and the reason why so many specialist cures are needed in 2016. With both the 5 yellow and Sui Po located in the northeast in 2016, it is highly recommended not to disturb the northeast of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the northeast in 2016 as it is very afflicted. You must place a row of six Chinese i-ching coins tied with red ribbon, a six rod hollow metal wind chime and a salt water cure in the northeast to avoid the problems that are associated the #5 yellow disaster star.

Please do not start panicking if you have a bedroom or office that is located in the south, southwest or northeast in 2016, just start preparing to place your **2016 cures and enhancers kit** as of the 4th February 2016 to ensure a trouble free year and also cleanse any old cures that you will be reusing and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more

control of your destiny. To give you even better control use our advanced **Feng Shui 2016 software** as this gives advanced analysis of every home or office facing any direction in any part of the world.

2016 Chinese Animal Predictions for the Goat/Sheep

2016 is the year of the Monkey which starts on the 8th February and can be a good year for the Goat with a lot to do and see although the Goat will need to take care in certain aspects of their life this year as to get ahead of themselves and take risks could cause problems.

The Goats work life is looking to be an exciting area of their life during the year of the Monkey and they should see a lot of changes take place in their company as the year goes on including new positions opening up from senior members leaving the company. Any Goats who feel their current role in the company has become stale should consider showing interest in a new area as a new task or training for a new role can go very fluently for them this year and can lead to big advances in later years. Most Goats will be able to set the gears in motion early on in the year for advancements if they are motivated to succeed and most will stay with their current employer.

Those looking to change career and those looking for work in general should consider the possibility of retraining and learning new skills to give them a better chance of employment. The Goat should look in to other ways that their skills can be put to good use as this will open a lot more options up to them and they could find the type of job they can spend their career working in.

The Goat is going to have to manage their finances well this year as there will be a lot of demands on their money in 2016. The year of the Monkey is looking to be a busy time for the Goat and they will have a lot of outgoings with home improvements, social events, hobbies and more. Any Goats who sign up to lease agreements or contracts will need to double check contracts and paperwork before putting the pen to the paper and finalising anything as a lack of attention could cause financial problems down the line. Where the Goats finances are concerned, this is a year for care and attention to avoid problems.

The Goats relations with others will require care and attention this year and will require clear communication with other or they could find themselves entering disagreements with others. The Goat is going to have to be open to others feelings regularly throughout the year of the Monkey and offer help and advice accordingly. If offered advice, they should make time to hear what others have to say as this could work well in their favour this year.

Another area of the Goats life that should be considered during the year of the Monkey is their lifestyle. The Goat is going to have a lot of demands on their time this year and will need to manage their time well to make sure that they do not miss out on their own personal interests as this year really favours learning new skills and personal enjoyment. The Goat should give some consideration in to their personal wellbeing this year and try to take on a healthier lifestyle, especially if they have an interest in sports as this can bring some very pleasing aspects to their life this year.

The Goats home life will also require good communication this year with family members as there is likely to be a fair few changes around the home this year which will include how the operation of the house is done which will require everyone in the household to be on the

same page if it is to go effortlessly. When taking on projects around the home, the Goat should be open minded to the fact that plans can suddenly change in Monkey years and other options can become available at the last moment so please be sure to take on each project one at a time or this could lead to money and time wasted.

The Goats social life can have some stimulating aspects to it this year and any Goats who enjoy joint activities can gain a lot from the influence of the year of the Monkey as joint ventures are favoured in 2016. There will be a lot of good times to share with others this year although the Goat does need to remember to be mindful of others feelings.

Overall, there will be areas that require care in the Goats life but there will also be areas that will flow very well and can bring a lot of joy in to their life. Have a fantastic year of the Monkey.

This cure is used to protect and enhance wealth and good luck in 2016 especially for the Matriarch (eldest female) or any female of a home or office and more so if you run a business from home although equally needed for males especially for wealth. This specialist enhancer and cure is only known to a few specialist Feng Shui Grand Masters and thousands of years ago and even now in southeast Asia you would need to engage a proficient Feng Shui Grand Master to call at your home or business, they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions onto an eight sided (ba gua) earth plate (Pai da di 牌大地) normally made from the finest quartz clear crystal, slate, polished stone, quartz or glass. The seal carver (zhuanke) was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

To create this enhancer and cure you need a mirrored finish, 3000 years ago mirrors did not exist they created this same Master earth Cure by using a hard polished stone to create a reflection which would deflect tai Sui although because the stone was not that reflective it used to weaken wealth so whilst slightly protective it was not a strong enhancer. Thankfully with the creation of the mirror some 300 years ago helped Feng Shui Masters across the world turn this traditional cure into a much more powerful one where the earth element strengthens the #8 wealth earth star and deflects Tai Sui. This mirrored Chu Men is as good as you could ever get and extremely powerful and said to create wealth and also prevent its loss and avoid bad luck in 2016.

The most crucial part of this cure and enhancer is the thought form clear quartz crystal obelisk which is used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2016 we included it standard in all our **2016 cures and enhancers kits**. To enhance romance for the Monkey in 2016:

Romance, academia and creative studies can be enhanced in the west (#4 star) and southwest (#8 star) of your home, [**click here**](#) for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place. The southwest also has a powerful romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Tai Sui In the southwest palace in 2016 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Tai Sui. To enhance romance and career in 2016 place a Xiang Xin Yuan wish and romance enhancer in the west of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the **2016 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of June, August and September 2016 you should make sure you at least place a **set of six Chinese coins** tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the youngest daughter or female of a home or business.

Avoiding bad luck in 2016

For full details on **2016 flying star analysis follow this link**. The Three Killings - is a direct translation from the Chinese 'San Sha'. This annual affliction is mostly in the south (142.5 – 217.5). It is imperative that you do not undertake any form of noisy renovations or re-decorative work in the south part of your house or office between February 4th 2016 and February 3rd 2017. You should also not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the south, I would advise that you place a 6 hollow rod metal Wind Chime in the south in 2016. Once disturbed, this affliction can bring about three types of misfortunes – financial loss, sickness and arguments so please apply care. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 35 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

Apart from not disturbing its ground, there are two other rules that you should follow regarding the Three Killings in 2016. Firstly, if you are moving your desk around this year, never sit with your back to this direction (south). Secondly, it is better to face (south) this direction, especially if this is one of your four favourable personal directions.

If your front door faces the south in 2016, I would advise placing a pair of Fu Dogs just inside the house looking outwards as protective guardians for the year. You can also place a Ba Gua mirror outside in the south for the year.

If you have to carry out work or emergency repairs in the south during the year of the Yang Fire Monkey, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our **Tong Shu software**.

Tai Sui (The Grand Duke of Jupiter) - resides between 232.5° - 247.5° southwest.

Do not take this affliction lightly in 2016. Do not disturb the ground in the southwest at all costs.

If you have a southwest facing property with your front doors to the southwest, you must be careful not to allow the doors to slam when entering or leaving and do not renovate or dig in this area for 2016. If you have an office or shop door in the southwest this year, I would recommend installing a soft close attachment if possible.

If you have to carry out work or emergency repairs in the southwest, place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

Sui Po - resides between 52.5° - 67.5° northeast.

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2016 is northeast. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful.

The annual five yellow has flown to the northeast in 2016 and this is not good as we have Sui Po located here this year also and the reason why so many specialist cures are needed in 2016. With both the 5 yellow and Sui Po located in the northeast in 2016, it is highly recommended not to disturb the northeast of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the northeast in 2016 as it is very afflicted. You must place a row of six Chinese i-ching coins tied with red ribbon, a six rod hollow metal wind chime and a salt water cure in the northeast to avoid the problems that are associated the #5 yellow disaster star.

Please do not start panicking if you have a bedroom or office that is located in the south, southwest or northeast in 2016, just start preparing to place your **2016 cures and enhancers kit** as of the 4th February 2016 to ensure a trouble free year and also cleanse any old cures that you will be reusing and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more

2016 Chinese Animal Predictions for the Rooster

The year of the Fire Monkey begins on the 8th February 2016 and can be a demanding one for the Rooster where there will be certain areas that require care; there will also be certain areas that leave the Rooster uncomfortable as they develop and in order to make the most out of this year, they will need to focus on setting foundations for their own year next year.

The Rooster likes to plan ahead and be in the know of what is going on around them which could leave them unhappy as there will be changes this year. The Rooster should realise that not all changes will be bad and some can lead to some promising opportunities for them which could lead to good things. What happens in the year of the Monkey may not always seem promising to the Rooster although they can still turn things around and use them to their advantage.

The Rooster work life will see changes take place as the year progresses and can bring new staff and ways of working and the Rooster will need to adapt at an early stage to make sure they keep up with new developments. The Rooster will need to focus on the task at hand this year and make sure they do not lose focus of what they wish to achieve. If offered the chance to train for a new role, the Rooster should take this opportunity as this can bring amazing results next year. If the Rooster is feeling unsatisfied in their current role, they should keep an eye out for openings in different fields in their company.

Roosters who are feeling unfulfilled in their current work place and also those looking for work in general can have opportunities to find employment this year and in order to make the most of their chances, they should look in to other fields where they can use their skills or positions that offer scope for advancing. The Rooster may have to retrain for different roles although this can prove valuable in future years. The Rooster should make the most of their contacts this year and inform them of their job search as they could prove useful in finding openings.

Finances are going to require care this year and the Rooster will have to practise good financial budgeting. With outgoings, unexpected expenses and general purchases taking place this year, the Rooster should aim to set some money aside at an early stage for this. When entering contract or signing paperwork, the Rooster will need to carefully read through terms and conditions and make sure that they fully understand what they are signing. Professional advice can help the Rooster with financial decisions this year.

The Roosters home life is going to require some care this year; with such a busy year predicted for the Rooster, they will have to make sure that they dedicate time to their family as there is risk of them neglecting their home life without even realising in the year of the Monkey. The Rooster will need to find a good balance with all areas of their life this year. The Rooster will need to practise good communicational skills with other members of the home this year and make sure plans are mutually agreed. During the year of the Monkey, the Rooster should not neglect their activities and trip with family this year.

The Rooster may find that their outgoings could be used on broken equipment and unexpected house repairs this year which can cause stresses so it would be beneficial for the Rooster to check over the home and make sure everything is as it should be and take care to servicing overdue items. Unexpected repairs and purchases can lead to nice upgrades this year.

The Rooster needs to dedicate some time for themselves this year in order to enjoy the things that bring them joy and also take time to relax. The Rooster should look in to getting some exercise this year and take on a healthier diet this year if they do not already do so as this will prove to be a great investment in their well-being.

The Roosters social life will bring joy in to their life this year and can be a welcome break from the stresses of the year. There will be opportunities for the Rooster to meet new people and form good friendships as the year goes on. Single Roosters could find love this year through a contact of theirs.

Overall, this year will require some care on the Roosters part and will come with its stresses although most of which will be in their control to change for the better. Have a fantastic year of the Monkey.

The Three Killings - is a direct translation from the Chinese 'San Sha'. This annual affliction is mostly in the south (142.5 – 217.5). It is imperative that you do not undertake any form of noisy renovations or re-decorative work in the south part of your house or office between February 4th 2016 and February 3rd 2017. You should also not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the south, I would advise that you place a 6 hollow rod metal Wind

Chime in the south in 2016. Once disturbed, this affliction can bring about three types of misfortunes – financial loss, sickness and arguments so please apply care. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 35 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

Apart from not disturbing its ground, there are two other rules that you should follow regarding the Three Killings in 2016. Firstly, if you are moving your desk around this year, never sit with your back to this direction (south). Secondly, it is better to face (south) this direction, especially if this is one of your four favourable personal directions.

If your front door faces the south in 2016, I would advise placing a pair of Fu Dogs just inside the house looking outwards as protective guardians for the year. You can also place a Ba Gua mirror outside in the south for the year.

If you have to carry out work or emergency repairs in the south during the year of the Yang Fire Monkey, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our **Tong Shu software**.

Tai Sui (The Grand Duke of Jupiter) - resides between 232.5° - 247.5° southwest.

Do not take this affliction lightly in 2016. Do not disturb the ground in the southwest at all costs.

If you have a southwest facing property with your front doors to the southwest, you must be careful not to allow the doors to slam when entering or leaving and do not renovate or dig in this area for 2016. If you have an office or shop door in the southwest this year, I would recommend installing a soft close attachment if possible.

If you have to carry out work or emergency repairs in the southwest, place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

Sui Po - resides between 52.5° - 67.5° northeast.

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2016 is northeast. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful.

The annual five yellow has flown to the northeast in 2016 and this is not good as we have Sui Po located here this year also and the reason why so many specialist cures are needed in 2016. With both the 5 yellow and Sui Po located in the northeast in 2016, it is highly recommended not to disturb the northeast of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the northeast in 2016 as it is very afflicted. You must place a row of six Chinese i-ching coins tied with red ribbon, a six rod hollow metal wind chime and a salt water cure in the northeast to avoid the problems that are associated the #5 yellow disaster star.

Please do not start panicking if you have a bedroom or office that is located in the south, southwest or northeast in 2016, just start preparing to place your **2016 cures and enhancers kit** as of the 4th February 2016 to ensure a trouble free year and also cleanse any old cures that you will be reusing and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. To enhance wealth, luck, business and career for the Dog in 2016:

The last Bing Shen Yang Fire Monkey years were in 1956, 1896 and 1836, each of the years were financially and politically disastrous. This year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2016 is called a Ch'u Men Chien Ts'ai *Master cure* and can only to be used in a Yang Fire Monkey year. The last time that this powerful cure and enhancer would have been used was in 1956 which was also a Yang Fire Monkey year. This cure is much needed to enhance and protect wealth in 2016 especially for the females of a home or business and can be used to turn bad into good.

This cure is used to protect and enhance wealth and good luck in 2016 especially for the Matriarch (eldest female) or any female of a home or office and more so if you run a business from home although equally needed for males especially for wealth. This specialist enhancer

and cure is only known to a few specialist Feng Shui Grand Masters and thousands of years ago and even now in southeast Asia you would need to engage a proficient Feng Shui Grand Master to call at your home or business, they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions onto an eight sided (ba gua) earth plate (Pai da di 牌大地) normally made from the finest quartz clear crystal, slate, polished stone, quartz or glass. The seal carver (zhuanke) was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

To create this enhancer and cure you need a mirrored finish, 3000 years ago mirrors did not exist they created this same Master earth Cure by using a hard polished stone to create a reflection which would deflect tai Sui although because the stone was not that reflective it used to weaken wealth so whilst slightly protective it was not a strong enhancer. Thankfully with the creation of the mirror some 300 years ago helped Feng Shui Masters across the world turn this traditional cure into a much more powerful one where the earth element strengthens the #8 wealth earth star and deflects Tai Sui. This mirrored Chu Men is as good as you could ever get and extremely powerful and said to create wealth and also prevent its loss and avoid bad luck in 2016.

The most crucial part of this cure and enhancer is the thought form clear quartz crystal obelisk which is used to draw in the #8 star energy and permeate to the other eight palaces of the lo shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2016 we included it standard in all our **2016 cures and enhancers kits**. If you follow this link you will find full details **[2016 flying star analysis follow this link](#)**.

To enhance romance for the Dog in 2016:

Romance, academia and creative studies can be enhanced in the west (#4 star) and southwest (#8 star) of your home, **[click here](#)** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place. The southwest also has a powerful romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Tai Sui In the southwest palace in 2016 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Tai Sui. To enhance romance and career in 2016 place a Xiang Xin Yuan wish and romance enhancer in the west of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the **[2016 Flying Star \(Xuan Kong\) recommendations](#)**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of June, August and September 2016 you should make sure you at least place a **[set of six Chinese coins](#)** tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the youngest daughter or female of a home or business.
