

Chinese Animal Predictions for 2017. Year of the Yin Fire Rooster (Ding You)

© Written by Daniel Hanna 2017

“Look for something positive in each day, even if some days you have to look a little harder.”

Are you really prepared for 2017?

I am sure that there will be a vast amount of Tigers who will be relieved to see the back of the Monkey year and eager to make a start on the year of the Rooster on the 28th January 2017 although I know for a fact that there have been a lot of Tigers who have enjoyed a successful year of the Monkey as I keep in regular contact with some of my clients who have updated me on their progress throughout the year and although the Tiger was predicted trouble over the year, by following the Annual Advice that we gave and placing their Annual Cures and Enhancer Kit, they managed to avoid a lot of problems that were indicated and enjoy some big successes in their lives.

The conflict animal for 2017, year of the Yin Fire Rooster is the Rabbit and they will have aspects of their life that are going to require care although there will also be some fortunate areas to look forward to. By following the advice for the Chinese Animals for 2017, all of the Chinese Animals can make the most of the year of the Yin Fire Rooster along with the fine tuning of our powerful Feng Shui Software to get as good a result as possible. As we come into the year of the Rooster, we will need some special cures and enhancers in 2017 to make the most of the year and this is especially the case for certain animals.

Those born in the year of the Rabbit could be affected by the conflicting influences of the year of the Yin Fire Rooster. Although the Rabbit is the conflict animal of the Rooster year, those born in the year of the Rabbit should be aware of potential difficulties they may encounter during the year and take extra care in whatever they do without taking unnecessary risks in all aspects of their life. Regardless, if you follow the advice here you can avoid many problems, in our opinion so do not panic. It should be noted that there are five different types of each Chinese Animal (fire, water, wood, earth, metal) which depends on the year you were born and each different animal will have different predictions for the year ahead; you can find out more about this in our [2017 Feng Shui guide](#).

For example:

Metal Rabbit: 1951

Water Rabbit: 1963

Wood Rabbit: 1919, 1975

Fire Rabbit: 1927, 1987

Earth Rabbit: 1939, 1999

The degree of this influence varies from one person to another. One of the major considerations is the heavenly stem of the year in which one was born so if you were born in 1927 or 1987 which would be a Fire Rabbit, the year will not be bad at all.

Chinese astrology and western astrology are two very different things. Chinese astrology is used to inform people of what they could place and how they can make certain changes to their lifestyle and also how to apply cures and enhancers to avoid any problems that could potentially arise in their life; Chinese astrology is also about having the information in advance so that they can prepare themselves for the eventualities of the year ahead.

Most of the time, prevention is the best Cure and by knowing what could take place in the year ahead, you can avoid a lot of problems predicted. The information that we publish every year on this site will help you to be prepared and make informed decisions throughout the year of the Rooster for certain aspects that may affect your well-being and endeavours. It is important that you know when and how to avoid bad influences during 2017 and also when and how to make the most of the good influences.

If you follow the advice for your Chinese Animal for the year of the Rooster, you will be able to avoid a lot of problems that are predicted for the year; it is also important that you begin the year with a positive and determined attitude with a desire to accomplish your goals as this can play a huge role in your successes of the year. You can also avoid a lot of problems by reading our advice for the **2017 Flying Star (Xuan Kong)** and For example: if your Chinese Animal is a Tiger and you read below on our synopsis for the year or somewhere else that the year ahead is going to be problematic for you, you can honestly avoid many problems by thinking positive and researching your Flying Star chart and looking for the source of the problem in your home and make the most of the good areas of your home and office and suppress the negative influences of the bad areas; It really is amazing how you can find the source of problems going on in your life by checking your Flying Star chart for your home or office.

I can guarantee that there will be a great deal of websites and other practitioners who will be predicting a vast range of problems and disasters for the year of the Rooster for certain animals although what they probably won't mention is that even though there is likely to be problems this year for certain animals, there is always a solution and is something that we have written in to our synopsis for all animals for the last 17 years. Please take this advice with a pinch of salt and have a fantastic year of the Rooster.

I would recommend that you prepare your annual cures and enhancers as soon as possible as it really is crucial to get this right although please do not place your Cures for 2017 before the 3rd February 2017 as this is the beginning date for when the Annual Flying Stars change for the year ahead. You should find that being prepared for the year ahead by planning your cures and enhancers will allow you to avoid the stresses of this when the time comes to place these and will help you get off to a good start in 2017 and set the foundations for a trouble free year; make sure that you check back at the beginning of every month on here for our monthly updates to be even more prepared for the year ahead. If you want to be fully prepared, you could use our **professional Flying Star Feng Shui Software or [2017](#)**

[Tong Shu Almanac Software](#) which will give you total control on an annual and monthly basis. This year we have combined the software with our [annual cures kit](#) to give you even better value and savings.

Those born in the year of the Rabbit may be affected by the conflicting influences of the year of the Yin Fire Rooster (Ding You) year. In saying this, we hope that those born in the year of the Rabbit are aware of potential difficulties they may encounter during the year and take extra care in whatever they do and avoid taking undue risks. The degree of influence varies from one person to another. One of the major considerations is the heavenly stem of the year in which one was born, more on this later.

2017 Chinese Animal Predictions for the Rat

With the year of the Rooster beginning on the 28th January 2017, the Rat will be keen to make this a year of promise and success and they will have a lot working in their favour. The Rat will experience some problems in the year of the Rooster, as will every other animal although they should be able to put their skills and talents to use and turn the low points in to their successes.

The Rat can greatly benefit from their intuition this year as there will be important factors that will need careful consideration throughout 2017 and by taking the time to think things over before rushing in to something, the Rat can save themselves a lot of future trouble. The Rat will need to assert their confidence when questioned this year as they may find themselves being challenged at times and a confident and positive attitude can help them a great deal in the year of the Rooster.

Single Rats can look forward to some exciting romantic encounters with others this year if they are active in their search for love although this will more than likely need to develop naturally as skipping key steps in a new relationship could lead to the relationship dissipating quickly; don't be afraid to sit down and get to know someone new. It is possible that the Rat will find a lifelong partner this year and this will depend on whether or not they take the above advice. There will be many Rats who do not find true love in the year of the Rooster although they will still be able to enjoy the time they spending getting to know new people and can learn from their experiences.

For the Rat who is already in a relationship, this can be an important year of progress and strengthening with their love life. The Rat should communicate well with their partner and be sure to speak about their problems and ambitions as their partner can do a great deal to help and advise them. With regards to home improvements, vacations and other ideas involving their partner, the year of the Rooster is very much a time to practise good communicational skills and mutual agreement before going ahead with something as this can help strengthen a bond between the Rat and their partner. The Rat can receive a huge amount of support from their partner this year when they converse clearly and regularly with them.

The Rats home life is looking promising this year and can see some changes take place in their home in the year of the Rooster. There will be many Rats looking to move home this year and this will require careful consideration and patience as the house moving process can be painfully long and trying to rush and bypass certain processes could cause financial loss. Any rats that are content and settled in their home can do well when they make changes and renovate this year although this will also require careful planning and consideration in order to be successful. The Rat may encounter some obstacles in their changes in the year of the Rooster although they should be able to use their skills to work around this before it becomes an inconvenience.

The Rats work life is looking to see a lot of change this year and there will be many Rats experiencing a lot of pressure in the work place during the year of the Rooster as new procedures are implemented and new staff arrive which may be disconcerting to the Rat although they would be wise to use this to their advantage to get ahead this year and prove their worth; what may seem as an obstacle could soon become an opportunity this year. The year of the Rooster is looking to be a perfect time for the Rat to show their strong points and strengthen their position in their work place.

Those looking for work and those looking to change career could look forward to sudden developments during the year of the Rooster. It is crucial that the Rat stays motivated in their job search this year as I can guarantee that most Rats will experience rejection over the year which will be very disheartening although they should find that their opportunity comes from an unexpected role or company this year which can lead to a long term position. The year of the Rooster should help the Rat to show their skills and knowledge in 2017, leading to respect and trust from potential new employers.

The Rat will also need to practise good communicational skills within their work place this year. The Rats finances are looking good although they will need to budget wisely and put some money aside for a rainy day during the year of the Rooster. The Rat will likely have a lot of outgoings this year with potentially moving house or making changes in the home and the Rat will need to budget wisely or they could find themselves having to miss out in other areas

of their life in order to pay for the essentials. Careful planning can help the Rat carry out their plans and purchases this year with ease.

The Rat should try to put some money aside early in the year of the Rooster and save for a special holiday with friends or loved ones this year. The Rat runs the risk of tiring themselves out this year by taking on too much at one time and it is vital that they remember to take time out regularly to unwind and relax. The Rat should also aim to manage their time wisely during the year of the Rooster or they could find themselves letting others down and missing out due to double booking.

The Rat should dedicate their free time to their personal hobbies and interests and if possible, try to take part in activities with friends and loved ones as this can help keep their social life thriving. The Rat's social life is looking to bring great joy to their life this year and they will value the time spent with friends. The Rat will need to converse well with friends this year and talk over problems with them to avoid problems.

Overall, the year of the Rooster is looking very promising for the Rat and they will be able to enjoy all areas of their life if they practise good communicational skills and take time to consider their actions. Have a fantastic year of the Rooster.

To enhance wealth, luck, business and career for the Rat in 2017:

The last Ding You Yin Fire Rooster years were in 1957, 1897 and 1837, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are needed more than ever and the most influential and crucial cure and enhancer in 2017 is called a **Caiyuan Guang Jin Master Cure** and can only be used in a Yin Fire Rooster Ding You years. The last time that this powerful cure and enhancer would have been used was in 1957 which was also a Yin Fire Rooster year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2017, especially for the eldest son or male of the home or office if a son is not present and more so if you run a business from home although equally needed for females especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate in to a Lo Shu grid relevant for the Ding You year and would be carved on a large piece of translucent emerald-green Jade. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form. To create this enhancer and cure you need a square (earth element shape) made from a strong earth element that must be smooth on one side and rippled on the other combined with a yuan bao wealth ingot, i-ching coins and quartz crystals that are used to deflect sui and the three killings that visit the east in 2017.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2017.

The most crucial part of this cure and enhancer is the thought form clear quartz crystals which are used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2017 we included it standard in all our [2017 cures and enhancers kits](#). If you follow this link you will find full details **[2017 flying star analysis follow this link](#)**.

To enhance romance for the Rat in 2017:

Romance, academic and creative studies can be enhanced in the northeast (#4 star) and east (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The east also has a powerful #8 romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Sui Po and the three killings In the east palace in 2017 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Sui Po and the three killings. To enhance romance and career in 2017 place a [Xin Xiang Shi Cheng Wish and Romance enhancer](#) in the northeast of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2017 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of April, August, October and November 2017 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business.

Avoiding bad luck in 2017

As we have the #2 black star enter the northwest of the lo shu in 2017 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the northwest and south of your home or office this year to control the #5 and #2 stars. For full details on **2017 flying star analysis follow this link**. This is very important in 2017 especially if you have a main door, bedroom, office, lounge or other important room in the northwest, south, west or southwest.

This is just a small part of what you can do to ensure 2017 will be a good year and to further enhance 2017 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2017 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful [Tong Shu Almanac date selection software](#) this will make 2017 a better year indeed.

The Three Killings – east (52.5-127.5) –

It is important that you try not to make any form of noisy renovations or re-decorative work in the east part of your house or office between February 3rd 2017 and February 3rd 2018. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the east, I would advise that you place a [6 Metal rod wind chime](#) in the east in 2017 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 36 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2017. Firstly, if you are moving your desk around this year, never sit with your back towards the west, it is better to face east instead.

If your front door faces the east in 2017, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the east has a children's bedroom located here. The traditional cure is to place a [Huo Zai Dragon and Ru Yi](#) along with a [Caiyuan Guang Jin Master Cure](#) in the east this year. The Huo Zai Dragon can help avoid a lot of problems that can be brought on when the Three Killings visit the east and as we also have Sui Po located here in 2017, it is vital that this area is kept calm and protected with the relevant Cures and Enhancers. The Huo Zai Dragon really is a beautiful and powerful cure especially as it is one of the most traditional cures in Feng Shui. You can also place a pair of Fu Dogs or a Ba Gua Mirror here also.

If you need to urgently carry out repairs to your home or office in the east during the year of the Yin Fire Rooster, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - west (262.5° - 277.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2017, we also have the visiting Chen 3 Jade (Lu Cun Xing) wood star in the west which can cause problems if not treated correctly.

If your property or front door faces west in 2017, you must try to avoid the doors from slamming when entering or leaving your home or office. You should avoid digging or renovating your property in this area at all costs in 2017 if possible. If you have an office or shop door in the west this year, I would recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. The traditional Chinese method to appease Tai Sui is to place a [Yi Bai Fu Mian Qi Sheng Chi Talisman](#) and [Tang Jie Tai Sui gold plated plaque for 2017](#) to pay respect and appease the Deity. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring. This is really important this year and we have included the yi Bai Fu Mian qi talisman and Tang Jie Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2017, the ruling Tai Sui is great general Tang Jie who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2017, year of the Yin Fire Rooster to be placed in the west. The magnetic hematite is used to represent earth which creates a cycle of earth feeding Metal to enhance wealth in the west in the year of the Rooster.

Sui Po (Year Breaker) - east (82.5° - 97.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2017 is east and is also the location of the Three Killings for the Yin Wood Rooster year. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Rooster year you need to display a [Caiyuan Guang Jin Master Cure](#) and [Huo Zai Dragon and Ru Yi](#) which we have included in all of our [2017 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the east, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star- south (157.5-202.5)

The annual five yellow star has flown to the south in 2017. As we have the Annual #5 yellow enter the south in 2017 we have the inherent fire energy of the south feeding the visiting energy of the #5 earth star which can amplify all of the problems that the #5 is known to bring such as sickness, lawsuits and major loss of wealth so it is vital that the south has as much protection as possible. It is highly recommended not to disturb the south of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the south in 2017 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the south to avoid the problems that are associated the #5 yellow disaster star in 2017.

Please do not start panicking if you have a bedroom or office that is located in the south, west or east in 2017, just start preparing to place your [2017 cures and enhancers kit](#) as of the 3rd February 2017 to ensure a trouble free year and also cleanse any old cures that you will be

reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. To give you even better control, use our advanced [Feng Shui 2017 software](#) as this gives advanced analysis of every home or office facing any direction in any part of the world.

2017 Chinese Animal Predictions for the Ox

The year of the Rooster starts on the 28th January 2017 and is looking to be an encouraging year for the Ox. The Ox is very similar to the Rooster as they both favour planning and steadiness in their life and this will serve them well during the year as they should have the chance to make plans early for their goals and put their strengths to good use. Although the year of the Rooster is overall looking good for the Ox, there will be certain areas of the Oxen's life that will require care and attention throughout the year and in particular, they will need to take care when reading people or situations as this could lead to misreading situations.

There will be many Oxen who have been debating a change in their life for some time now and the year of the Rooster can prove to be a perfect time for this to take place. Any Oxen who have been considering a change in career, environment or social group could really benefit from the influence that this year bring and should look in to their options to make this change take place.

The Oxen's work life is looking promising this year and those who decide to stay in their current position could benefit from openings in the company which can keep them in the same position but taking on additional duties which could lead to recognition and also additional income. There should be a lot of opportunities for the Ox to climb the corporate ladder. One area in the Oxen's work life that will require care is dealing with co-workers as there is a risk of the Oxen distrusting someone in their employment which could lead to problems and separation in teams; the Oxen would be wise to avoid jumping in to disagreements straight away and can benefit from taking a step back and evaluating the situation.

There will be a great deal of Oxen who decide to change career this year and those who do so should have luck on their side in finding a new position. The Ox will need to remain alert and show a keen interest in their search although they should have luck very much on their side once they are active in their search and can find a position quickly that can lead to a lot of big opportunities in the close future.

Those looking for work during the year of the Rooster can look forward to good luck in their search in 2017 and could quickly find themselves in a position where they can quickly grow in a company and advance with ease although this will not happen without actively searching for employment. The Ox would be wise to hand out their details in to specific places that are of interest to them this year and can really benefit from targeted networking events.

The Oxen's finances will require some care this year as there is risk of misunderstandings with agreements or funds which could lead to financial problems; luckily, being aware of potential problems can help to stop them from manifesting and the Oxen should remember this advice and avoid rushing in to contracts, signing paperwork and impulse purchases until they have evaluated the implications. When lending money to others during the year of the Rooster, the Ox will need to be careful when this is done by a verbal agreement as this could lead to losses in both finances and friendship if they are not careful.

The Oxen's personal interests can bring a great deal of joy during the year of the Rooster and the Oxen can really develop their existing hobbies and interests as the year goes on and also learn a great deal when trying their hand at something new. The Oxen tends to enjoy a

challenge and will delight in how new pursuits can develop. Any Oxen who enjoy social and joint activities can really benefit this year as they can be put in to contact with a great deal of likeminded people.

The Oxen's social life is looking very promising during the year of the Rooster and they should see a big rise in social activity towards the second half of the year. Any Oxen who tend to keep themselves to themselves can really benefit from interacting with others this year and looking in to local events and activities. It can benefit the Ox to look in to new places and situations to enjoy with others this year.

The Oxen's love life is looking very good this year, especially for those who entered a recent relationship during the year of the Goat. Those who are fairly new to a relationship should prefer to take things slow as this is a common attribute of the Ox and this will serve them well as the relationship can develop steadily as the year goes on creating a strong bond.

The Oxen's home life should see a lot of promising changes take place during the year of the Rooster and there will be many beginning the year by making plans on how they would like their home to develop throughout the year. The Oxen should carefully plan out their budget and timeframe when taking on projects around the home as they could find themselves overpaying or not getting the results they had hoped for if they rush in to something this year.

One area that can bring great delight to the Ox this year is their family life; the Oxen can enjoy time with their family this year and will delight in the events they participate in with them. The Ox is great at organising in nature and should find themselves very much the backbone of family time this year and they can arrange some great times with their family members which can help create a strong relationship with others throughout the year of the Rooster.

Overall, this is looking to be a great year for the Rooster with a lot to look forward to and although their finances and interactions will require care at times, the Ox will still have a great deal to look forward to and to achieve. Have a fantastic year of the Rooster.

The last time that this powerful cure and enhancer would have been used was in 1957 which was also a Yin Fire Rooster year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2017, especially for the eldest son or male of the home or office if a son is not present and more so if you run a business from home although equally needed for females especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate in to a Lo Shu grid relevant for the Ding You year and would be carved on a large piece of translucent emerald-green Jade. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form. To create this enhancer and cure you need a square (earth element shape) made from a strong earth element that must be smooth on one side and rippled on the other combined with a yuan bao wealth ingot, i-ching coins and quartz crystals that are used to deflect sui and the three killings that visit the east in 2017.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2017.

The most crucial part of this cure and enhancer is the thought form clear quartz crystals which are used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2017 we included it standard in all our [2017 cures and enhancers kits](#). If you follow this link you will find full details **2017 flying star analysis follow this link.**

To enhance romance for the Ox in 2017:

Romance, academic and creative studies can be enhanced in the northeast (#4 star) and east (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The east also has a powerful #8 romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Sui Po and the three killings In the east palace in 2017 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Sui Po and the three killings. To enhance romance and career in 2017 place a [Xin Xiang Shi Cheng Wish and Romance enhancer](#) in the

northeast of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2017 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of April, August, October and November 2017 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business.

Avoiding bad luck in 2017

As we have the #2 black star enter the northwest of the lo shu in 2017 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the northwest and south of your home or office this year to control the #5 and #2 stars. For full details on **2017 flying star analysis follow this link**. This is very important in 2017 especially if you have a main door, bedroom, office, lounge or other important room in the northwest, south, west or southwest.

This is just a small part of what you can do to ensure 2017 will be a good year and to further enhance 2017 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

The Three Killings – east (52.5-127.5) –

It is important that you try not to make any form of noisy renovations or re-decorative work in the east part of your house or office between February 3rd 2017 and February 3rd 2018. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the east, I would advise that you place a [6 Metal rod wind chime](#) in the east in 2017 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 36 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2017. Firstly, if you are moving your desk around this year, never sit with your back towards the west, it is better to face east instead.

If your front door faces the east in 2017, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the east has a children's bedroom located here. The traditional cure is to place a [Huo Zai Dragon and Ru Yi](#) along with a [Caiyuan Guang Jin Master Cure](#) in the east this year. The Huo Zai Dragon can help avoid a lot of problems that can be brought on when the Three Killings visit the east and as we also have Sui Po located here in 2017, it is vital that this area is kept calm and protected with the

relevant Cures and Enhancers. The Huo Zai Dragon really is a beautiful and powerful cure especially as it is one of the most traditional cures in Feng Shui. You can also place a pair of Fu Dogs or a Ba Gua Mirror here also.

If you need to urgently carry out repairs to your home or office in the east during the year of the Yin Fire Rooster, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - west (262.5° - 277.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2017, we also have the visiting Chen 3 Jade (Lu Cun Xing) wood star in the west which can cause problems if not treated correctly.

If your property or front door faces west in 2017, you must try to avoid the doors from slamming when entering or leaving your home or office. You should avoid digging or renovating your property in this area at all costs in 2017 if possible. If you have an office or shop door in the west this year, I would recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. The traditional Chinese method to appease Tai Sui is to place a [Yi Bai Fu Mian Qi Sheng Chi Talisman](#) and [Tang Jie Tai Sui gold plated plaque for 2017](#) to pay respect and appease the Deity. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring. This is really important this year and we have included the yi Bai Fu Mian qi talisman and Tang Jie Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2017, the ruling Tai Sui is great general Tang Jie who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2017, year of the Yin Fire Rooster to be placed in the west. The magnetic hematite is used to represent earth which creates a cycle of earth feeding Metal to enhance wealth in the west in the year of the Rooster.

Sui Po (Year Breaker) - east (82.5° - 97.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2017 is east and is also the location of the Three Killings for the Yin Wood Rooster year. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Rooster year you need to display a [Caiyuan Guang Jin Master Cure](#) and [Huo Zai Dragon and Ru Yi](#) which we have included in all of our [2017 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the east, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star- south (157.5-202.5)

The annual five yellow star has flown to the south in 2017. As we have the Annual #5 yellow enter the south in 2017 we have the inherent fire energy of the south feeding the visiting

energy of the #5 earth star which can amplify all of the problems that the #5 is known to bring such as sickness, lawsuits and major loss of wealth so it is vital that the south has as much protection as possible. It is highly recommended not to disturb the south of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the south in 2017 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the south to avoid the problems that are associated the #5 yellow disaster star in 2017.

Please do not start panicking if you have a bedroom or office that is located in the south, west or east in 2017, just start preparing to place your [2017 cures and enhancers kit](#) as of the 3rd February 2017 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. 2017 Chinese Animal Predictions for the Tiger

The year of the Yin Fire Rooster will begin on the 28th January 2017 and is looking to be a year of promise and progress for the Tiger. There will be many aspects of the Tigers life that can see improvements this year although the Tiger will need to accept the help and support of others as they can receive a lot of help from others in the year of the Rooster and while the Tiger does tend to have a bit of a defiant streak, they would be wise to tame this and accept help from others in order to succeed.

The Tigers work life should see some overdue rewards appear this year and there will be many Tigers who will climb the corporate ladder early on in the year of the Rooster with ease from previous input in the work place. A great deal of Tigers may find that the work that they put in this year will quickly lead to exciting developments and recognition although big tasks and projects should not be taken on alone and the Tiger should welcome advice and help from others as this teamwork can bring very good results. If the Tiger is given the chance to network this year, they should take this opportunity as they may find themselves put in touch with some very valuable contacts in 2017.

Those looking to change career and those looking for work in general should look to others for help this year as they should find that by making their interests know to others and employment agencies can greatly increase their chances of finding a position that is of interest to the Tiger.

Finances are looking promising for the Tiger during the year of the Rooster although the Tiger will need to apply care where their outgoings are concerned. There will be a lot of Tigers who will see increased income this year due to their successes in their work place and this extra money should not be squandered on unnecessary items and should be used wisely in order to avoid any costly surprises that may take place this year; with careful planning and shopping around, the Tiger can manage their finances very well this year.

One area that the Tiger should put money aside for during the year of the Rooster is travel; the Tiger can really benefit from taking a trip this year and would be wise to plan ahead and research new places and the best value options available to them.

The Tiger should find that their free time is a valuable thing this year and could find themselves having to miss out on their own personal interests and hobbies which I would suggest that the Tiger definitely makes time for this. It would be wise for the Tiger to

dedicate time to their interests this year as this will bring a lot of joy and relaxation to their life and could even encourage new ideas and ventures.

The Tigers social life is looking very promising this year and the Tiger should find themselves put in contact with new people regularly throughout the year of the Rooster. This year, the Tiger can receive a great deal of support from others and should find help nearby most of the time. The Rooster would be wise to make time for others this year as this can prove very beneficial.

The Tigers love life is looking to be nice and peaceful this year with little to worry about although it would be wise to follow the Annual Flying Stars and take a look at the Monthly Stars also in order to make sure things are well in their home. Single Tigers could find love this year with such a good forecast of support and interaction coming up in their life and the Tiger would be wise to socialise if they are looking for a partner.

The Tigers home life will be an area of change and action this year and there will be many who find their home as a vital part of their life this year and will see a lot take place as the year progresses which can be a great thing for Tigers with big families as the focus will very much be based on home life. The Tiger will need to practise good patience as there could be changes taking place and a calm approach can go a long way in the year of the Rooster.

One way that the Tiger can make the most of this year is to set goal to work towards and look to complete them throughout the year; this could be planning a trip, saving for something or even just arranging a dinner with friends or loved ones; when the Tiger has something to work towards, their positive nature will help them achieve things quickly.

Overall, this is looking to be a very progressive year for the Tiger with a lot taking place and they can really benefit from what this year has to offer with little to worry about. Have a fantastic year of the Rooster.

2017 Chinese Animal Predictions for the Rabbit

The Rabbit tends to have a natural skill to evaluate situations at the beginning and assess the best outcome which will serve them well in the year of the Rooster and will allow them to avoid mistakes; this year will require some care and attention on the Rabbits part although they can enjoy some big achievements when doing so this year.

The Rabbits work life could see some challenges this year and there will be many feeling apprehensive about changes and new staff and while most will be eager to keep a low profile, I would advise keeping a positive attitude as the Rabbit has the power to turn a negative in to a positive with some effort.

Any Rabbits looking to move on to a new place of work and also those looking for work in general can look forward to promising opportunities in the year of the Rooster. By making their interest know and keeping an active approach to their job search, the Rabbit should find that they find new fields that their skills can be put to good use and may end up in a completely new environment which may be a challenge for the Rabbit although this is nothing that they cannot overcome. New positions taken during the year of the Rooster can lead to long term establishment in a good company.

The Rabbits finances are going to require care this year and they will need to keep a close watch on their outgoings; without care, they could find themselves overspending. The Rabbit should keep a very close eye on financial paperwork this year and make sure that they completely understand what it is that they are signing up for as there is risk of financial loss through mistakes being made. When the Rabbit is unsure about big purchases, they would be wise to seek professional advice and it is always advised to get a second opinion; what may take a bit of extra time could avoid a big loss.

The Rabbit can do a great deal to grow their knowledge base and personal skillset this year and it is encouraged to try new things regularly throughout the year; some won't stick, although they can really develop some new interests as the year goes on. The Rabbit tends to be an inquisitive person which will allow them to find new interests and topics that are of interest to them and should be able to pursue them with great ease. Self-development can prove beneficial in all areas of the Rabbits life this year from work, family life and even just a new hobby to unwind.

Any Rabbits who are not very active would be wise to explore their options for fitness and exercise early on in the year of the Rooster and should look at ways to stick to a regular regime that is enjoyable to them as a new sport or exercise plan should stick with the Rabbit in following years so it is important to make sure this is enjoyable. Dormant Rabbits would

also benefit from better eating habits if they tend to divulge in junk food more often than they should.

The Rabbits social life is looking very appealing this year and there are many Rabbits who value the importance of friends and they will be able to enjoy close relations with long established companions throughout the year of the Rooster. The Rabbit can resolve a lot of problems and worries with the help of friends this year; it is recommended to seek advice from close friends this year as Rooster years favour closeness. Single Rabbits and also those who do not have a good social circle can benefit from a meeting of someone who can become very close in little time. Socially, this is looking to be a great time for the Rabbit.

The Rabbits home life is also looking very enjoyable during the year of the Rooster and they should find that their home becomes an area to escape the everyday stress and rush of life, providing a place of peace and relaxation.

Overall, this is looking to be a good year for the Rabbit where they can really do well to develop new skills and interests. Finances will require care and they may come across stresses in their work life but this is nothing that is out of their control. Have a fantastic year of the Rooster

To enhance wealth, luck, business and career for the Rabbit in 2017:

The last Ding You Yin Fire Rooster years were in 1957, 1897 and 1837, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2017 is called a [Caiyuan Guang Jin Master Cure](#) and can only to be used in a Yin Fire Rooster Ding You years. The last time that this powerful cure and enhancer would have been used was in 1957 which was also a Yin Fire Rooster year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2017, especially for the eldest son or male of the home or office if a son is not present and more so if you run a business from home although equally needed for females especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate in to a Lo Shu grid relevant for the Ding You year and would be carved on a large piece of translucent emerald-green Jade. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form. To create this enhancer and cure you need a square (earth element shape) made from a strong earth element that must be smooth on one side and rippled on the other combined with a yuan bao wealth ingot, i-ching coins and quartz crystals that are used to deflect sui and the three killings that visit the east in 2017.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2017.

The most crucial part of this cure and enhancer is the thought form clear quartz crystals which are used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2017 we included it standard in all our [2017 cures and enhancers kits](#). If you follow this link you will find full details **[2017 flying star analysis follow this link](#)**.

Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The east also has a powerful #8 romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Sui Po and the three killings In the east palace in 2017 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Sui Po and the three killings. To enhance romance and career in 2017 place a [Xin Xiang Shi Cheng Wish and Romance enhancer](#) in the northeast of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Avoiding bad luck in 2017

As we have the #2 black star enter the northwest of the lo shu in 2017 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the northwest and south of your home or office this year to control the #5 and #2 stars. For full details on **2017 flying star analysis follow this link**. The Three Killings – east (52.5-127.5) –

It is important that you try not to make any form of noisy renovations or re-decorative work in the east part of your house or office between February 3rd 2017 and February 3rd 2018. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the east, I would advise that you place a 6 Metal rod wind chime in the east in 2017 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 36 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2017. Firstly, if you are moving your desk around this year, never sit with your back towards the west, it is better to face east instead.

If your front door faces the east in 2017, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the east has a children's bedroom located here. The traditional cure is to place a Huo Zai Dragon and Ru Yi along with a Caiyuan Guang Jin Master Cure in the east this year. The Huo Zai Dragon can help avoid a lot of problems that can be brought on when the Three Killings visit the east and as we also have Sui Po located here in 2017, it is vital that this area is kept calm and protected with the relevant Cures and Enhancers. The Huo Zai Dragon really is a beautiful and powerful cure especially as it is one of the most traditional cures in Feng Shui. You can also place a pair of Fu Dogs or a Ba Gua Mirror here also.

If you need to urgently carry out repairs to your home or office in the east during the year of the Yin Fire Rooster, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our Tong Shu software.

Tai Sui (The Grand Duke of Jupiter) - west (262.5° - 277.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2017, we also have the visiting Chen 3 Jade (Lu Cun Xing) wood star in the west which can cause problems if not treated correctly.

If your property or front door faces west in 2017, you must try to avoid the doors from slamming when entering or leaving your home or office. You should avoid digging or renovating your property in this area at all costs in 2017 if possible. If you have an office or shop door in the west this year, I would recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. The traditional Chinese method to appease Tai Sui is to place a [Yi Bai Fu Mian Qi Sheng Chi Talisman](#) and [Tang Jie Tai Sui gold plated plaque for 2017](#) to pay respect and appease the Deity. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring. This is really important this year and we have included the yi Bai Fu Mian qi talisman and Tang Jie Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2017, the ruling Tai Sui is great general Tang Jie who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2017, year of the Yin Fire Rooster to be placed in the west. The magnetic hematite is used to represent earth which creates a cycle of earth feeding Metal to enhance wealth in the west in the year of the Rooster.

Sui Po (Year Breaker) - east (82.5° - 97.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2017 is east and is also the location of the Three Killings for the Yin Wood Rooster year. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Rooster year you need to display a [Caiyuan Guang Jin Master Cure](#) and [Huo Zai Dragon and Ru Yi](#) which we have included in all of our [2017 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the east, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star- south (157.5-202.5)

The annual five yellow star has flown to the south in 2017. As we have the Annual #5 yellow enter the south in 2017 we have the inherent fire energy of the south feeding the visiting energy of the #5 earth star which can amplify all of the problems that the #5 is known to bring such as sickness, lawsuits and major loss of wealth so it is vital that the south has as much protection as possible. It is highly recommended not to disturb the south of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the south in 2017 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the south to avoid the problems that are associated the #5 yellow disaster star in 2017.

Please do not start panicking if you have a bedroom or office that is located in the south, west or east in 2017, just start preparing to place your [2017 cures and enhancers kit](#) as of the 3rd February 2017 to ensure a trouble free year and also cleanse any old cures that you will be

To enhance wealth, luck, business and career for the Snake in 2017:

The last Ding You Yin Fire Rooster years were in 1957, 1897 and 1837, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2017 is called a **Caiyuan Guang Jin Master Cure** and can only to be used in a Yin Fire Rooster Ding You years. The last time that this powerful cure and enhancer would have been used was in 1957 which was also a Yin Fire Rooster year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2017, especially for the eldest son or male of the home or office if a son is not present and more so if you run a business from home although equally needed for females especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate in to a Lo Shu grid relevant for the Ding You year and would be carved on a large piece of translucent emerald-green Jade. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form. To create this enhancer and cure you need a square (earth element shape) made from a strong earth element that must be smooth on one side and rippled on the other combined with a yuan bao wealth ingot, i-ching coins and quartz crystals that are used to deflect sui and the three killings that visit the east in 2017.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2017.

The most crucial part of this cure and enhancer is the thought form clear quartz crystals which are used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2017 we included it standard in all our [2017 cures and enhancers kits](#). If you follow this link you will find full details **[2017 flying star analysis follow this link](#)**.

To enhance romance for the Snake in 2017:

Romance, academic and creative studies can be enhanced in the northeast (#4 star) and east (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The east also has a powerful #8 romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Sui Po and the three killings In the east palace in 2017 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Sui Po and the three killings. To enhance romance and career in 2017 place a [Xin Xiang Shi Cheng Wish and Romance enhancer](#) in the northeast of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2017 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of April, August, October and November 2017 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business.

Avoiding bad luck in 2017

As we have the #2 black star enter the northwest of the lo shu in 2017 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the northwest and south of your home or office this year to control the #5 and #2 stars. For full details on **2017 flying star analysis follow this link**. This is very important in 2017 especially if you have a main door, bedroom, office, lounge or other important room in the northwest, south, west or southwest.

The Three Killings – east (52.5-127.5) –

It is important that you try not to make any form of noisy renovations or re-decorative work in the east part of your house or office between February 3rd 2017 and February 3rd 2018. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the east, I would advise that you place a 6 Metal rod wind chime in the east in 2017 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 36 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2017. Firstly, if you are moving your desk around this year, never sit with your back towards the west, it is better to face east instead.

If your front door faces the east in 2017, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the east has a children's bedroom located here. The traditional cure is to place a Huo Zai Dragon and Ru Yi along with a Caiyuan Guang Jin Master Cure in the east this year. The Huo Zai Dragon can help avoid a lot of problems that can be brought on when the Three Killings visit the east and as we also have Sui Po located here in 2017, it is vital that this area is kept calm and protected with the relevant Cures and Enhancers. The Huo Zai Dragon really is a beautiful and powerful cure especially as it is one of the most traditional cures in Feng Shui. You can also place a pair of Fu Dogs or a Ba Gua Mirror here also.

If you need to urgently carry out repairs to your home or office in the east during the year of the Yin Fire Rooster, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our Tong Shu software.

Tai Sui (The Grand Duke of Jupiter) - west (262.5° - 277.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2017, we also have the visiting Chen 3 Jade (Lu Cun Xing) wood star in the west which can cause problems if not treated correctly.

If your property or front door faces west in 2017, you must try to avoid the doors from slamming when entering or leaving your home or office. You should avoid digging or renovating your property in this area at all costs in 2017 if possible. If you have an office or shop door in the west this year, I would recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. The traditional Chinese method to appease Tai Sui is to place a [Yi Bai Fu Mian Qi Sheng Chi Talisman](#) and [Tang Jie Tai Sui gold plated plaque for 2017](#) to pay respect and appease the Deity. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring. This is really important this year and we have included the yi Bai Fu Mian qi talisman and Tang Jie Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2017, the ruling Tai Sui is great general Tang Jie who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2017, year of the Yin Fire Rooster to be placed in the west. The magnetic hematite is used to represent earth which creates a cycle of earth feeding Metal to enhance wealth in the west in the year of the Rooster.

Sui Po (Year Breaker) - east (82.5° - 97.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2017 is east and is also the location of the Three Killings for the Yin Wood Rooster year. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Rooster year you need to display a [Caiyuan Guang Jin Master Cure](#) and [Huo Zai Dragon and Ru Yi](#) which we have included in all of our [2017 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the east, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star- south (157.5-202.5)

The annual five yellow star has flown to the south in 2017. As we have the Annual #5 yellow enter the south in 2017 we have the inherent fire energy of the south feeding the visiting energy of the #5 earth star which can amplify all of the problems that the #5 is known to bring such as sickness, lawsuits and major loss of wealth so it is vital that the south has as much protection as possible. It is highly recommended not to disturb the south of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the south in 2017 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the south to avoid the problems that are associated the #5 yellow disaster star in 2017.

Please do not start panicking if you have a bedroom or office that is located in the south, west or east in 2017, just start preparing to place your [2017 cures and enhancers kit](#) as of the 3rd February 2017 to ensure a trouble free year and also cleanse any old cures that you will be

2017 Chinese Animal Predictions for the Horse

The year of the Rooster begins on the 28th January 2017 and for the Horse, this year will come with its challenges. Rooster years fare well for animals that work well with structure and the Horse is the complete opposite of that; they like to tackle plans with freedom and an unstructured approach which can cause the Horse to feel uneasy with how things work out. In order to make the most of this year, the Horse will have to break out of their comfort zone and adapt to the situation at hand.

The Horses work life is looking promising and for those who have recently taken on a new role in the work place, they can make significant headway this year. The Horse can do a lot to better establish themselves in their work place this year by dedicating time and effort to their role; hard work can really pay off for the determined Horse this year. The Horse can better their prospects at work by taking on any training courses or opportunities to learn a new skill during the year of the Rooster.

This year, the majority of Horses will be keen to stay in their current work place although those looking for a fresh start elsewhere and those looking for work in general can look forward to some promising opportunities this year. The job hunt may be challenging for the Horse this year, although with persistence and a positive attitude, they could find themselves in a position with good scope for future prospects. The Horse can improve their chances of finding employment this year by researching different areas that their skills can be put to use which could also provide a welcome change for them.

Some Horses can see an increase in finances this year although this will need to be managed carefully if they wish to make the most of their money this year. The Horse may come across unexpected costs this year with appliances breaking and repairs needed around the home and to avoid problems, they will need to provision early for this. Where possible, the Horse should look in to ways to cut down on their outgoings; unnecessary expenses should be looked in to they can either be reduced or avoided. When making large purchases this year, the Horse will need to research their options and ensure they are happy when taking on credit agreements.

The Horse should try to dedicate some of their income to taking a trip or vacation this year as this can provide relief from the everyday stresses of life. The Horse should find that taking a trip can provide them with the chance to sit back and consider their options in life and decide on their next steps.

The Horse will have a lot of demand on their free time during the year of the Rooster and will need to manage their time well although one area of their life that they should set time aside for is their personal hobbies and interests. Similar to travel, this will provide the Horse with the chance to relax and unwind from everything going on around them. The Horse can learn a great deal when they choose to further their interests this year.

The Horse should give some thought to their wellbeing this year as there will likely be a lot of late nights and early mornings which could leave the Horse feeling fatigued if they burn the candle at both ends for too long. Many areas of the Horses life will take up their time and they will need to make sure that they stay on top of good eating habits and regular exercise to ensure they are in good form and shape.

The Horses social life will also take up a lot of their time as the Horse tends to be very sociable and this year, they will need to remain alert that they can encounter disagreements or problems with others through something petty; the Horse will need to address problems before they fully develop and also keep a calm approach when dealing with a hostile situation. Although the Horse will encounter awkward moments this year, they will still be able to enjoy good social events with friends and meet new people.

The Horses home life is looking to be a prominent area of their life this year and to make the most of the years influence, they should discuss plans for the home with family members early on in the year to set goals as they should find that by making plans will allow them to be accomplished a lot easier.

Overall, this year will come with its challenges for the Horse and they will need to adapt to the nature of the year although they will still have a lot of accomplishments. Have a fantastic year of the Rooster.

To enhance wealth, luck, business and career for the Goat in 2017:

The last Ding You Yin Fire Rooster years were in 1957, 1897 and 1837, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2017 is called a Caiyuan Guang Jin Master Cure and can only to be used in a Yin Fire Rooster Ding You years. The last time that this powerful cure and enhancer would have been used was in 1957 which was also a Yin Fire Rooster year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2017, especially for the eldest son or male of the home or office if a son is not present and more so if you run a business from home although equally needed for females especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate in to a Lo Shu grid relevant for the Ding You year and would be carved on a large piece of translucent emerald-green Jade. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great

wealth and power and this took many years of studying to perfect this specialist art form. To create this enhancer and cure you need a square (earth element shape) made from a strong earth element that must be smooth on one side and rippled on the other combined with a yuan bao wealth ingot, i-ching coins and quartz crystals that are used to deflect sui and the three killings that visit the east in 2017.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2017.

The most crucial part of this cure and enhancer is the thought form clear quartz crystals which are used to draw in the #8 star energy and permeate to the other eight palaces of the lo shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2017 we included it standard in all our [2017 cures and enhancers kits](#). If you follow this link you will find full details **2017 flying star analysis follow this link.**

To enhance romance for the Goat in 2017:

Romance, academic and creative studies can be enhanced in the northeast (#4 star) and east (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The east also has a powerful #8 romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Sui Po and the three killings In the east palace in 2017 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Sui Po and the three killings. To enhance romance and career in 2017 place a [Xin Xiang Shi Cheng Wish and Romance enhancer](#) in the northeast of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2017 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of April, August, October and November 2017 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business.

Avoiding bad luck in 2017

As we have the #2 black star enter the northwest of the lo shu in 2017 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the northwest and south of your home or office this year to control the #5 and #2 stars. For full details on **2017 flying star analysis follow this link**. This is very important in 2017 especially if you have a main door, bedroom, office, lounge or other important room in the northwest, south, west or southwest.

This is just a small part of what you can do to ensure 2017 will be a good year and to further enhance 2017 check out the **monthly almanac, flying stars and animal predictions** as

it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

The Three Killings – east (52.5-127.5) –

It is important that you try not to make any form of noisy renovations or re-decorative work in the east part of your house or office between February 3rd 2017 and February 3rd 2018. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the east, I would advise that you place a [6 Metal rod wind chime](#) in the east in 2017 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 36 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2017. Firstly, if you are moving your desk around this year, never sit with your back towards the west, it is better to face east instead.

If your front door faces the east in 2017, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the east has a children's bedroom located here. The traditional cure is to place a [Huo Zai Dragon and Ru Yi](#) along with a [Caiyuan Guang Jin Master Cure](#) in the east this year. The Huo Zai Dragon can help avoid a lot of problems that can be brought on when the Three Killings visit the east and as we also have Sui Po located here in 2017, it is vital that this area is kept calm and protected with the relevant Cures and Enhancers. The Huo Zai Dragon really is a beautiful and powerful cure especially as it is one of the most traditional cures in Feng Shui. You can also place a pair of Fu Dogs or a Ba Gua Mirror here also.

If you need to urgently carry out repairs to your home or office in the east during the year of the Yin Fire Rooster, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - west (262.5° - 277.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2017, we also have the visiting Chen 3 Jade (Lu Cun Xing) wood star in the west which can cause problems if not treated correctly.

If your property or front door faces west in 2017, you must try to avoid the doors from slamming when entering or leaving your home or office. You should avoid digging or renovating your property in this area at all costs in 2017 if possible. If you have an office or shop door in the west this year, I would recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed.

The traditional Chinese method to appease Tai Sui is to place a [Yi Bai Fu Mian Qi Sheng Chi Talisman](#) and [Tang Jie Tai Sui gold plated plaque for 2017](#) to pay respect and appease the Deity. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring. This is really important this year and we have included the yi Bai Fu Mian qi talisman and Tang Jie Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2017, the ruling Tai Sui is great general Tang Jie who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2017, year of the Yin Fire Rooster to be placed in the west. The magnetic hematite is used to represent earth which creates a cycle of earth feeding Metal to enhance wealth in the west in the year of the Rooster.

Sui Po (Year Breaker) - east (82.5° - 97.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2017 is east and is also the location of the Three Killings for the Yin Wood Rooster year. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Rooster year you need to display a [Caiyuan Guang Jin Master Cure](#) and [Huo Zai Dragon and Ru Yi](#) which we have included in all of our [2017 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the east, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star- south (157.5-202.5)

The annual five yellow star has flown to the south in 2017. As we have the Annual #5 yellow enter the south in 2017 we have the inherent fire energy of the south feeding the visiting energy of the #5 earth star which can amplify all of the problems that the #5 is known to bring such as sickness, lawsuits and major loss of wealth so it is vital that the south has as much protection as possible. It is highly recommended not to disturb the south of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the south in 2017 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the south to avoid the problems that are associated the #5 yellow disaster star in 2017.

Please do not start panicking if you have a bedroom or office that is located in the south, west or east in 2017, just start preparing to place your [2017 cures and enhancers kit](#) as of the 3rd February 2017 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. 2017 Chinese Animal Predictions for the Monkey

The year of the Rooster begins on the 28th January 2017 and is looking to be a steady year for the Monkey. There will be a few areas that will require care this year although the

Monkey will still have a lot to look forward to with others and goals to achieve. The year of the Rooster can be a very rewarding time for Monkeys who put effort in to self-development.

The Monkeys work life is looking promising this year although they will need to manage timelines and follow procedures as this is not a time for the Monkey to take shortcuts or slack. If the Monkey is able to apply discipline to their work during the year of the Rooster, they can use the challenges to their advantage and make progress in their current position. The Monkey may not necessarily benefit from huge growth this year in their position at work during the year of the Rooster but there will still be success to celebrate and recognition from peers to look forward to; this year can hold more significance than appears to the Monkey. If offered the chance to train or take on new duties, it would be wise for the Monkey to accept the offer as Rooster years reward self-development and this is especially the case for the Monkey.

Any Monkeys who feel their skills would be put to better use elsewhere and also those looking for work in general could face challenges when looking for employment and will have to remain vigilant in their search. In order to make the most of the situation at hand, the Monkey will need to involve themselves in their search and actively approach companies that are of interest to them. A lot of Monkeys prefer to let things fall in to place although during the Rooster year, they will need to display action and determination to secure a good position. Once the Monkey has secured work, they could soon prove their value in the company and set a good impression.

A lot of Monkeys should see an increase in finances this year although this does not mean that they can be lax in their financial care; the Monkey will have to apply control with their spending during the year of the Rooster and avoid taking risks. Many Monkeys will be keen to acquire new items and make some upgrades during the year of the Rooster and they will need to explore the options and look around for a lower price before rushing in to anything. The Monkey will also need to take a steady approach when dealing with others this year as there is risk of falling victim to a scam or suffer financial disappointment through someone else so it would be wise to remain vigilant when making costly investments and purchases from unsure sources.

The Monkey should give some consideration to travel this year and should aim to set money aside to take a trip some point during the year. The Monkey does not need to travel across the world to benefit from taking a trip, they can enjoy weekends away which can bring a lot of joy to their life.

An area of the Monkeys life that they should give some serious consideration to during the year of the Rooster is their personal hobbies and interests. The Monkey can develop their skills and knowledge a great deal when they dedicate time to perusing their hobbies this year and can bring improvements to other areas of their life such as putting them in contact with new, like-minded people.

The Monkeys social life is looking very promising this year and they will have a lot of opportunities to spend time with friends and loved ones over the year of the Rooster. It is looking likely that the Monkeys social circle will grow this year and this will bring a lot of exciting events in to the Monkeys life. Monkeys entering relationships this year will need to allow love to develop naturally rather than rush things along.

The Monkeys home life can be an exciting area of their life this year although with so much going on in their life, the Monkey will need to dedicate time to the tasks and events taking place around their home as they could miss out on important proceedings if they are not involved in their home life. The Monkey may find that there is a lot to tend to around the

home this year and they will need to manage their time and finances well in order to make the most of the situation at hand as they can make a lot of progress in their home when they are dedicated.

Overall, this year can come with its challenges for the Monkey although there will still be many good aspects of their life to enjoy. Have a fantastic year of the Rooster.

Roosters tend to appreciate conversation and the company of others and this year, they should find that they are put in regular contact with others and offered a great deal of things to do and places to see. The Rooster is likely to extend their social circle this year through others this year and can make some long lasting friends in the year of the Rooster. Any Roosters who begin the year feeling despondent would be wise to step out of their comfort zone and look in to ways they can meet new people. To enhance wealth, luck, business and career for the Rooster in 2017:

The last Ding You Yin Fire Rooster years were in 1957, 1897 and 1837, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2017 is called a Caiyuan Guang Jin Master Cure and can only to be used in a Yin Fire Rooster Ding You years. The last time that this powerful cure and enhancer would have been used was in 1957 which was also a Yin Fire Rooster year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2017, especially for the eldest son or male of the home or office if a son is not present and more so if you run a business from home although equally needed for females especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate in to a Lo Shu grid relevant for the Ding You year and would be carved on a large piece of translucent emerald-green Jade. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form. To create this enhancer and cure you need a square (earth element shape) made from a strong

earth element that must be smooth on one side and rippled on the other combined with a yuan bao wealth ingot, i-ching coins and quartz crystals that are used to deflect sui and the three killings that visit the east in 2017.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2017.

The most crucial part of this cure and enhancer is the thought form clear quartz crystals which are used to draw in the #8 star energy and permeate to the other eight palaces of the lo shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2017 we included it standard in all our [2017 cures and enhancers kits](#). If you follow this link you will find full details **2017 flying star analysis follow this link.**

To enhance romance for the Rooster in 2017:

Romance, academic and creative studies can be enhanced in the northeast (#4 star) and east (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The east also has a powerful #8 romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Sui Po and the three killings In the east palace in 2017 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Sui Po and the three killings. To enhance romance and career in 2017 place a [Xin Xiang Shi Cheng Wish and Romance enhancer](#) in the northeast of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2017 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of April, August, October and November 2017 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business.

Avoiding bad luck in 2017

As we have the #2 black star enter the northwest of the lo shu in 2017 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the northwest and south of your home or office this year to control the #5 and #2 stars. For full details on **2017 flying star analysis follow this link**. This is very important in 2017 especially if you have a main door, bedroom, office, lounge or other important room in the northwest, south, west or southwest.

This is just a small part of what you can do to ensure 2017 will be a good year and to further enhance 2017 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

Combining this with our new incredible and extremely powerful [Tong Shu Almanac date selection software](#) this will make 2017 a better year indeed.

The Three Killings – east (52.5-127.5) –

It is important that you try not to make any form of noisy renovations or re-decorative work in the east part of your house or office between February 3rd 2017 and February 3rd 2018. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the east, I would advise that you place a [6 Metal rod wind chime](#) in the east in 2017 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 36 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2017. Firstly, if you are moving your desk around this year, never sit with your back towards the west, it is better to face east instead.

If your front door faces the east in 2017, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the east has a children's bedroom located here. The traditional cure is to place a [Huo Zai Dragon and Ru Yi](#) along with a [Caiyuan Guang Jin Master Cure](#) in the east this year. The Huo Zai Dragon can help avoid a lot of problems that can be brought on when the Three Killings visit the east and as we also have Sui Po located here in 2017, it is vital that this area is kept calm and protected with the relevant Cures and Enhancers. The Huo Zai Dragon really is a beautiful and powerful cure especially as it is one of the most traditional cures in Feng Shui. You can also place a pair of Fu Dogs or a Ba Gua Mirror here also.

If you need to urgently carry out repairs to your home or office in the east during the year of the Yin Fire Rooster, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - west (262.5° - 277.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2017, we also have the visiting Chen 3 Jade (Lu Cun Xing) wood star in the west which can cause problems if not treated correctly.

If your property or front door faces west in 2017, you must try to avoid the doors from slamming when entering or leaving your home or office. You should avoid digging or renovating your property in this area at all costs in 2017 if possible. If you have an office or shop door in the west this year, I would recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. The traditional Chinese method to appease Tai Sui is to place a [Yi Bai Fu Mian Qi Sheng Chi Talisman](#) and [Tang Jie Tai Sui gold plated plaque for 2017](#) to pay respect and appease the

Deity. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring. This is really important this year and we have included the yi Bai Fu Mian qi talisman and Tang Jie Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2017, the ruling Tai Sui is great general Tang Jie who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2017, year of the Yin Fire Rooster to be placed in the west. The magnetic hematite is used to represent earth which creates a cycle of earth feeding Metal to enhance wealth in the west in the year of the Rooster.

Sui Po (Year Breaker) - east (82.5° - 97.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2017 is east and is also the location of the Three Killings for the Yin Wood Rooster year. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Rooster year you need to display a [Caiyuan Guang Jin Master Cure](#) and [Huo Zai Dragon and Ru Yi](#) which we have included in all of our [2017 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the east, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star- south (157.5-202.5)

The annual five yellow star has flown to the south in 2017. As we have the Annual #5 yellow enter the south in 2017 we have the inherent fire energy of the south feeding the visiting energy of the #5 earth star which can amplify all of the problems that the #5 is known to bring such as sickness, lawsuits and major loss of wealth so it is vital that the south has as much protection as possible. It is highly recommended not to disturb the south of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the south in 2017 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the south to avoid the problems that are associated the #5 yellow disaster star in 2017.

Please do not start panicking if you have a bedroom or office that is located in the south, west or east in 2017, just start preparing to place your [2017 cures and enhancers kit](#) as of the 3rd February 2017 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. 2017 Chinese Animal Predictions for the Dog

The year of the Yin Fire Rooster begins on the 28th January 2017 and is looking to be a varied year for the Dog with some areas to look forward to and some areas that will require attention. The Dog may come across some problems during the year of the Rooster although they should be able to overcome them and still make some good progress in their life.

The Dog will need to bear in mind that Rooster years favour agreement and action and the Dog will need to realise that their ideas may go unnoticed at times this year and if they are able to accept this, they should be able to move on and not let this bother them too much.

The Dogs work life is looking to be a busy area of their life this year and they could be bothered by this as there are likely to be changes and problem along the way this year although if they are able to accept that some things will be out of their control this year, they will still be able to enjoy their work life this year. The Dog would be wise to focus on their task at hand this year as when they commit to something, they can get some very good results.

Many Dogs will be eager to stay in their current work place this year although those who feel their skills would be better suited elsewhere and also those looking for work in general could find that the year of the Rooster allows them the chance to make significant progress in their job search and find a good position in a promising company. The Dog will need to be determined and active in their job search this year if they are to succeed in their search although they should find that they can quickly advance in their role if they keep up their positive attitude.

It is important that the Dog dedicates regular time to their fitness and well-being during the year of the Rooster. There will be a lot of demand on the Dogs time this year and they run the risk of tiring themselves out and feeling down. Any Dogs who do not tend to get much exercise would be wise to take on a more active lifestyle and also practise some good eating habits; sitting on the sofa all evening and eating takeaways can bring a lot of problems to the Dogs life during the year of the Rooster.

The Dog should also dedicate time to their personal hobbies and interests this year as this give them the opportunity to relax and unwind during such a busy and demanding year. Spending time on their hobbies during the year of the Rooster can allow the Dog to develop their skills and knowledge to new levels as the year goes on and they can also get a great deal of joy from trying their hand at something new.

The Dog will need to manage their finances carefully this year as there is looking to be a big demand on their financial resources during the year of the Rooster with so much going on in their life and if they are not careful, their outgoings could soon add up and take them by surprise. When dealing with high value purchases this year, the Dog will need to research their options and see if they are able to save money by looking elsewhere. If the Dog wishes to do a lot with their money this year, they would be wise to take time and avoid impulse or rushed purchases this year.

The Dog tends to be very loyal to the people that they value and they usually hold very strong friendships with others although it is looking likely that they could encounter problems with a very close friend during the year of the Rooster due to their friend letting them down or not supporting them in their time of need. Although the Dog may encounter problems with a close friend this year, they should not let this put them down as they should discover that they are put in contact with new people this year that could quickly turn in to someone close to them.

The Dogs home life is also looking to be a very busy area of the their life this year and there will be many who are keen to make upgrades and additions to their home which can go well if they manage their finances carefully and accept that plans could suddenly change and they will need to work around these. If the Dog is to make the most of their opportunities to make changes in their home this year, it is important that they discuss their options and worries with other family members as this can help them to resolve problems and confusion;

professional help and advice can also allow the Dog to accomplish a great deal more this year. It is also important for the Dog to make time to spend with their family members this year as there will be a lot of demand on all animals this year and a distance could form if time is not allowed for activities and events.

Overall, this is looking to be a mixed year for the Dog and while there will be some problematic areas, there will also be some very promising aspects to look forward to. Have a fantastic year of the Rooster.

The Pig would be wise to look in to other areas that they could apply their skills this year as their options will greatly increase and can speed up their search a great deal and also bring them a new challenge.

With the Pigs career looking so promising this year, it is likely that most will see a rise in income during the year of the Rooster although they will still need to manage their finances carefully as there will be a lot of demands on their resources and they could find themselves having to miss out due to other commitments if they are not careful. The Pig will need to be careful when making major purchases this year and take their time.

The Pigs home life is looking to bring a lot of joy this year and while everyone will be caught up in their own activities at time throughout the year of the Rooster, they will still value the time they all spend together and can look forward to some interesting event. Joint ventures can bring the Pigs family closer together this year and if the household seems distant, the Pig would be wise to arrange a joint activity.

The Pig is looking to have a very busy year and at times may feel run down and tired which can cause disagreements with others and they will need to be aware of this during the year of the Rooster and try to avoid letting this cause a problem.

The Pigs social life is looking promising this year and any Pigs who enter the year of the Rooster feeling down or lonely should find that when they venture out more often, their outlook can drastically change and they can be put in contact with many new people and make new friends easily. Single Pigs could see a lifelong partner enter their life during the year of the Rooster although to benefit, they will need to be socially active. There will be many Pigs making big commitments in relationships this year.

Overall, the Pig is looking to have a fantastic year and will have a great deal to look forward to. Have a fantastic year of the Rooster.

To enhance wealth, luck, business and career for the Pig in 2017:

The last Ding You Yin Fire Rooster years were in 1957, 1897 and 1837, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2017 is called a [Caiyuan Guang Jin Master Cure](#) and can only to be used in a Yin Fire Rooster Ding You years. The last time that this powerful cure and enhancer would have been used was in 1957 which was also a Yin Fire Rooster year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2017, especially for the eldest son or male of the home or office if a son is not present and more so if you run a business from home although equally needed for females especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate in to a Lo Shu grid relevant for the Ding You year and would be carved on a large piece of translucent emerald-green Jade. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form. To create this enhancer and cure you need a square (earth element shape) made from a strong earth element that must be smooth on one side and rippled on the other combined with a yuan bao wealth ingot, i-ching coins and quartz crystals that are used to deflect sui and the three killings that visit the east in 2017.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2017.

The most crucial part of this cure and enhancer is the thought form clear quartz crystals which are used to draw in the #8 star energy and permeate to the other eight palaces of the lou shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2017 we included it standard in all our [2017 cures and enhancers kits](#). If you follow this link you will find full details [2017 flying star analysis follow this link](#).

To enhance romance for the Pig in 2017:

Romance, academic and creative studies can be enhanced in the northeast (#4 star) and east (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The east also has a powerful #8 romance star although this can be troublesome if cures are not placed and this is caused by the #8 clashing with Sui Po and the three killings In the east palace in 2017 and this area of a home or office needs a very special Talisman to counterbalance the #8 Annual star meeting Sui Po and the three killings. To enhance romance and career in 2017 place a [Xin Xiang Shi Cheng Wish and Romance enhancer](#) in the northeast of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2017 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of April, August, October and November 2017 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business.

Avoiding bad luck in 2017

As we have the #2 black star enter the northwest of the lo shu in 2017 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the northwest and south of your home or office this year to control the #5 and #2 stars. For full details on [2017 flying star analysis follow this link](#). This is very important in 2017 especially if you have a main door, bedroom, office, lounge or other important room in the northwest, south, west or southwest.

This is just a small part of what you can do to ensure 2017 will be a good year and to further enhance 2017 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

The Three Killings – east (52.5-127.5) –

It is important that you try not to make any form of noisy renovations or re-decorative work in the east part of your house or office between February 3rd 2017 and February 3rd 2018. You should not disturb the ground by digging holes, digging foundations or conduct any

maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the east, I would advise that you place a [6 Metal rod wind chime](#) in the east in 2017 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 36 years' experience with Feng Shui we have seen some pretty nasty events from this energy when disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2017. Firstly, if you are moving your desk around this year, never sit with your back towards the west, it is better to face east instead.

If your front door faces the east in 2017, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the east has a children's bedroom located here. The traditional cure is to place a [Huo Zai Dragon and Ru Yi](#) along with a [Caiyuan Guang Jin Master Cure](#) in the east this year. The Huo Zai Dragon can help avoid a lot of problems that can be brought on when the Three Killings visit the east and as we also have Sui Po located here in 2017, it is vital that this area is kept calm and protected with the relevant Cures and Enhancers. The Huo Zai Dragon really is a beautiful and powerful cure especially as it is one of the most traditional cures in Feng Shui. You can also place a pair of Fu Dogs or a Ba Gua Mirror here also.

If you need to urgently carry out repairs to your home or office in the east during the year of the Yin Fire Rooster, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - west (262.5° - 277.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2017, we also have the visiting Chen 3 Jade (Lu Cun Xing) wood star in the west which can cause problems if not treated correctly.

If your property or front door faces west in 2017, you must try to avoid the doors from slamming when entering or leaving your home or office. You should avoid digging or renovating your property in this area at all costs in 2017 if possible. If you have an office or shop door in the west this year, I would recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. The traditional Chinese method to appease Tai Sui is to place a [Yi Bai Fu Mian Qi Sheng Chi Talisman](#) and [Tang Jie Tai Sui gold plated plaque for 2017](#) to pay respect and appease the Deity. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring. This is really important this year and we have included the yi Bai Fu Mian qi talisman and Tang Jie Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2017, the ruling Tai Sui is great general Tang Jie who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2017, year of the Yin Fire Rooster to be placed in the west. The magnetic hematite is used to represent earth which creates a cycle of earth feeding Metal to enhance wealth in the west in the year of the Rooster.

Sui Po (Year Breaker) - east (82.5° - 97.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2017 is east and is also the location of the Three Killings for the Yin Wood Rooster year. You should treat this area the same as the other annual afflictions with no ground-breaking work, renovations or any noisy activities. If disturbed this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Rooster year you need to display a [Caiyuan Guang Jin Master Cure](#) and [Huo Zai Dragon and Ru Yi](#) which we have included in all of our [2017 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the east, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star- south (157.5-202.5)

The annual five yellow star has flown to the south in 2017. As we have the Annual #5 yellow enter the south in 2017 we have the inherent fire energy of the south feeding the visiting energy of the #5 earth star which can amplify all of the problems that the #5 is known to bring such as sickness, lawsuits and major loss of wealth so it is vital that the south has as much protection as possible. It is highly recommended not to disturb the south of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the south in 2017 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the south to avoid the problems that are associated the #5 yellow disaster star in 2017.

Please do not start panicking if you have a bedroom or office that is located in the south, west or east in 2017, just start preparing to place your [2017 cures and enhancers kit](#) as of the 3rd February 2017 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny.
