Are you really prepared for 2018?

I can imagine that there will be a lot of Rabbits who have been awaiting the end of the year of the Rooster year and welcome in the year of the Dog on the 16th February when Chinese New Year takes place for 2018. Although there will likely be a lot of Rabbits looking forward to the year end, I can tell you with certainty that there have been many Rabbits that I have spoken with throughout the year who have been enjoying an amazing year of the Rooster even though the Rabbit was predicted to encounter problems for the year; early planning with our [free advice for Chinese New Year](#) along with the right [Feng Shui Annual Cures](#) and a positive attitude can help to avoid a lot of the problems that were predicted for them in 2017 and were able to enjoy some big successes this year.

What is the conflict animal for 2018, year of the Yang Earth Dog?

In 2018, the conflict animal for the year of the Yang Earth Dog is the Dragon which means that Dragons all over the world will have certain aspects of their life that are going to require care and attention in 2018 although there will still be a lot to look forward to which I will explain in a bit more detail below. If you follow

the advice we give here, you can avoid many problems in our opinion so please try not to worry too much.

Is Chinese astrology the same as western astrology?

Chinese astrology and western astrology are two very different practises and should not be confused with each other. Chinese astrology is used to advise people on what [cures and enhancers](#) they can place in their home or office and how they can make certain changes to their lifestyle to avoid any problems that could potentially arise in their life but also to enhance all of the good luck and fortune in their life. Chinese astrology is also about having the information in advance so that they can prepare themselves for the eventualities of the year ahead.

For the majority of the time, prevention is the best cure and when you know what problems could be coming your way for the year ahead, you can take preventative steps to make sure that you avoid a lot of the problems predicted. We publish a great deal of information every year on here and during the year of the Dog, we would recommend spending time reading through everything so that you are able to make informed decisions throughout the year in order to make your health, career, relationships, finances, studies and every other aspect as successful as they can be in 2018. When we know what could come our way in 2018, we are able to take our time and plan our next moves to avoid bad influences during 2017 and also when and how to make the most of the good influences.

How can I make the year of the Dog as successful as possible?

If you follow the advice below for your Chinese Animal prediction during the year of the Dog, you will be able to make the most of what the Yang Earth Dog year has to offer and avoid a lot of problems that are predicted for the year ahead. One of the most vital things you can have in your possession for the year of the Dog is a positive and determined attitude along with a strong desire to succeed as this can play a crucial role in accomplishing your goals and enjoying a successful 2018. Another vital tool for the year of the Dog is the [2018 Flying Star Analysis](#) for the year. Let's say that your Chinese Animal is the Goat and you read below in the predictions that the year ahead will bring problems in to your life; by thinking positive and researching your Flying Star chart and enhancing the good areas and weakening the bad areas, you honestly can bypass a large amount of problems that could be coming your way. It's truly amazing how you can uncover the cause of your problems just by going through the Flying Star chart for your home or office.

If you are unsure how to map the Flying Star chart for your home, I would recommend taking a look at our Academy of [Feng Shui Flying Star software](#) as this will not only map your home, it will also give you a full analysis for every sector of your home or office.

Superduperfastfengshuifastresults4u.com said that all Dragons will lose their jobs and go bald in 2018; are they telling the truth?

Although it is possible that you could lose your job and go bald in 2018, chances are that the Feng Shui website that stated you will suffer greatly during the year of the Dog are trying to scare you in to buying their cures and enhancers from their site or request a phone call that they charge at £50 for 15 minutes. One thing that we always take pride in is the fact that we have always offered free solutions and advice with alternatives to our Cures and Enhancers and while this is not always as effective as placing the cures, we believe in helping everyone

we can and let them make the choice of what they would like to do to protect and enhance their home or office.

We have been writing Chinese Animal predictions for the last eighteen years and while we always state the facts, we will always offer a solution to any problems that may arise. Please take the advice that you read with a pinch of salt and have a fantastic year of the Dog.

“It's impossible to map out a route to your destination if you don't know where you're starting from”.

I would recommend that you prepare early with your [Annual Cures and Enhancers](#) as soon as possible as it is vital to get this right and be prepared although please remember not to place your cures for 2018 before the 4th February as this is the beginning date for when the Annual Flying stars for 2018 are present (solar Chinese New Year). Every year, about a week before Chinese New Year, we get a huge influx of phone calls and emails saying they forgot how close Chinese New Year is and that they need to order the Cures and Enhancers for the year ahead and that they still haven't gone through their flying star chart or read through the other articles which can lead to mistakes being made so I will repeat that you should try to prepare for Chinese New Year as early as possible as this can allow you to have everything in place and avoid mistakes in 2018 and set the foundations for a trouble free year. You can also make sure that you check back at the beginning of every month on here for our monthly updates to be even more prepared for the year ahead.

If you want to be fully prepared, you could use our **professional Flying Star Feng Shui Software** or [2018 Tong Shu Almanac Software](#) which will give you total control on an annual and monthly basis. This year we have combined the software with our annual cures kit to give you even better value and savings.

Those born in the year of the Dragon may be affected by the conflicting influences of the year of the Yang Earth Dog (Wu Xu) year. When I say they may encounter difficulties, please be aware that those born in the year of the Dragon are aware of potential difficulties they may encounter during the year and take extra care in whatever they do and avoid taking undue risks. The degree of influence varies from one person to another.

2018 Chinese Animal Predictions for the Rat

The year of the Yang Earth Dog will be productive and rewarding for the charismatic, intelligent and gifted Rat but not without its problems. Fortunately, the Rat has an innate ability to sense upcoming issues before they become a problem and this talent will mean he'll be able to deal with the problem efficiently or remove himself from an unfavourable situation. Acknowledging the positive and being grateful for everything the Rat already has in his life would bring enormous benefits.

Work Life for the Rat in 2018

The year will be varied and busy with opportunities opening in the workplace which will improve income and lifestyle both immediate and in the future. The possibility of travel is also on the horizon for the Rat who has any business connections away from home base.

If the Rat is to gain maximum profit from these opportunities, he will benefit from acknowledging his propensity to become distracted and placing his energies into other projects or schemes that will not eventuate. Recognising this trait and avoiding the pull to become distracted, will help him to remain disciplined and be able to focus on the task at hand.

If the Rat maintains discipline and focus, he will enjoy the resulting gains in years to come. He needs to view 2018 as a year to lay down the foundations for the future. As the year will be busy and varied, the Rat should allow himself periods of rest to recharge his energy levels.

The Rat is a gregarious creature with an abundance of friends and has an exceptional ability to work well with others. This trait brings him respect from his workmates as he demonstrates his keenness to work as a positive team member.

With his many social and work connections, the Rat will have much advice and support on hand. If there are opportunities for growth or promotion, others will jump in with encouragement and a kind word in the right places. Regular communication with contacts, including employment specialists, will be beneficial to discuss any desires for work experience growth or change.

The year of the Dog will hold many possibilities that can open up for the Rat; for best results, both immediate and future, it will be advantageous to remain mindful and focused on goals. A positive mental attitude throughout the year is imperative for the Rat to succeed in his future endeavors.

Reward and enjoyment for efforts may not be immediate, but the Rat mustn't get disillusioned. Rewards will come with persistence and determination. The second half of the year, from mid-August to November will deliver the best prospects. However, April is also a favourable month for best opportunities.

Finances for the Rat in 2018

The Rat's efforts during the year of the Dog should increase income. There will also be opportunities for income growth by turning a hobby into profit or additional work.

The Rat's keen eye needs to be especially alert if entering into any significant transactions, or something that has a risk element to it such as investments. Remaining vigilant, reading documents thoroughly and asking for advice, will prevent any unexpected financial losses.

Domestic and Social Life for the Rat in 2018

The year of the Dog will be a busy one for the Rat, and he must be careful not to neglect his relationships and personal life. It will be easy for the Rat to get so caught up with demands placed upon him that he may retreat from those closest to him. This oversight could result in tension and disharmony. Regular communication, and sharing any concerns with those close to him, will bring support and caring advice which will help maintain harmony and peace.

The Rat is a very social, likeable individual so organising and spending time with friends will bring balance into his life. Once again, Rat, you mustn't allow pressure to result in you hibernating from your social circle.

The Rat must not neglect his health during 2018. Regular exercise, outdoor activities and carefully reviewing his diet will improve the overall quality of his wellbeing and longevity.

Overall, the year of the Dog will be very satisfying for the Rat. It's a great year for professional progress with improvements also in his financial situation. However, the Rat must remain alert, avoid tardiness and pay attention to others most especially in his personal life. If not already doing so, 2018 is a perfect year to start a Gratitude Journal this will prevent the Rat from falling into a negative mindset which could become a habit and influence the outcome of the year. You, Rat are in control of your thoughts, and your thoughts do, undoubtedly, create your present and future life.

As a Rat you are in affinity with the Ox. For your protection, you should have a **key chain pendant of an Ox** or a [Gold plated Chinese Animal protection Talisman of an Ox](#) with you at all times throughout the year in 2018.

Your lucky sectors: (astrological zone) is the North (352.5° - 7.5°) of the home or office. For full details on **2018 Flying star analysis follow this link.**

To enhance wealth, luck, business and career for the Rat in 2018:

The last Wu Xu You Yang Earth Dog years were in 1958, 1898 and 1838, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are needed more than ever and the most influential and crucial cure and enhancer in 2018 is called a [Jiebaopinchuan Master Cure](#) and can only be used in a Yang Earth Dog Wu Xu years. The last time that this powerful cure and enhancer would have been used was in 1958 which was also a Yang Earth Dog year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2018, especially for the eldest daughter or female of the home or office if a daughter is not present although equally needed for males especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate with a powerful Taoist inscription for the Wu Xu year and would be carved on a large piece of polished clear quartz crystal. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2018.

The most crucial part of this cure and enhancer is the thought form quartz crystals and engravings which are used to draw in the #8 star energy and permeate to the other eight palaces of the Lo shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2018 we included it standard in all our [2018 cures and enhancers kits](#). If you follow this link you will find full details **[2018 flying star analysis follow this link](#)**.

To enhance romance for the Rat in 2018:

Romance, academic and creative studies can be enhanced in the southeast (#4 star) and south (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The southeast has a powerful #4 romance star although this can be troublesome if cures are not placed and this is caused by the #4 clashing with Sui Po in the southeast palace in 2018

and this area of a home or office needs a very special Talisman to counterbalance the #4 Annual star meeting Sui Po in the same palace. To enhance romance and career in 2018, place a [Taohua Mandarin Ducks](#) along with the [Shou Kun Qi Fu picture frame](#) in the south of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2018 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the south, please be aware that in the months of June and September 2018 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business. If you have a bedroom located in the southeast, place Six Chinese i-ching coins In a row during the months of April and November.

Avoiding bad luck in 2018

As we have the #2 black star enter the west of the lo shu in 2018 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the west and north of your home or office this year to control the #5 and #2 stars. For full details on **2018 flying star analysis follow this link**. This is very important in 2018 especially if you have a main door, bedroom, office, lounge or other important room in the west, east, north or northeast.

This is just a small part of what you can do to ensure 2018 will be a good year and to further enhance 2018 I would suggest checking out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2018 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful [Tong Shu Almanac date selection software](#) this will make 2018 a better year indeed.

The Three Killings – north (322.5 - 37.5)

It is important that you try not to make any form of noisy renovations or re-decorative work in the north part of your house or office between February 4th 2018 and February 4th 2019 as we have both the Three Killings located in the north but we also have the annual 5 yellow here for the year. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the north, I would advise that you place a [6 Metal rod wind chime](#) in the north during 2018 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 37 years' experience with Feng Shui, we have seen some pretty nasty events from this energy when disturbed and this is usually the reason of the problem when people trace back the Flying stars for their home when problems occur.

There are also another two other rules that you should follow regarding the Three Killings in 2018. Firstly, if you are moving your desk around this year, never sit with your back towards the south, it is better to face north instead.

- Do not sit with your back to the three killings in 2018

- Sit facing the three killings (north)
- Try to keep noise to a minimum in the north in 2018

If the front door of your home or office faces the north in 2018, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the north of your home is a children's bedroom or play room. The best cures for the north in 2018 are to place a [six rod hollow metal wind chime](#) along with a [salt water cure](#) and [six Chinese i-ching coins in a row](#) from the 4th February 2018 to the 4th February 2019. The 6 metal rod wind chime should be tapped often to make the chimes jingle and will not activate the three killings for 2018 as this is only a slight noise. You can also place a pair of Fu Dogs or a Ba Gua Mirror here if you have a door located here.

If you need to urgently carry out repairs to your home or office in the north, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - northwest (292.5° - 307.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2018, we also have the visiting Kan 1 White Kan (Tang Lang) water star in the northwest which can cause problems for the middle son and it could affect ears, kidneys or blood related. If you have any poison arrows like lamp post, pylons or large corners of house's pointing toward this area consider hanging a flat ba gua mirror outside pointing towards the offending object.

If your property or front door faces northwest in 2018, you must try to avoid the doors from slamming when entering or leaving your home or office as this will almost certainly disturb Tai Sui and cause problems for the members of the home or office. You should avoid digging or renovating your property in this area at all costs in 2018 if possible. If you have an office or shop door in the northwest this year, I would strongly recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. Laura's daughter has her bedroom located in the northwest although they are quite lucky as she is only two and a half years old and spends the majority of her time in the living room when she is playing. The traditional Chinese method to appease Tai Sui is to place a [Jiang Wu Tai Sui gold plated plaque for 2018](#) to pay respect and appease the Deity along with an [Arowana fish sitting on bed of coins](#) to enhance the annual #1 star. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems that this can bring. This is really important this year and we have included the Jiang Wu Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2018, the ruling Tai Sui is great general Jiang Wu who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2018, year of the Yang Earth Dog to be placed in the northwest. The slate plaquard stand is used to represent earth which creates a cycle of earth feeding Metal which in turn enhances the #1 annual water star to enhance wealth in the northwest in the year of the Dog.

Sui Po (Year Breaker) - southeast (112.5° - 127.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2018 is in the southeast as we have Tai Sui located in the northwest for the year of the Yang Earth Dog. You should treat this area the same as any of the other annual afflictions with no

ground-breaking work, renovations or any noisy activities in the southeast this year. If disturbed, this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Dog year, you would need to display a [Jiebaopin chuan Master Cure](#) and [Cai Leishui crystal talisman](#) which we have included in all of our [2018 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the southeast, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star - north (337.5 - 22.5)

The annual five yellow star has flown to the south in 2018 along with the Three Killings so it is vital that the north is looked after this year with the appropriate cures and enhancers. As we have the Annual #5 yellow enter the north in 2018, we have the inherent water energy of the north destroying the visiting energy of the #5 earth star which will weaken the influence of the annual #5 slightly although please do not leave this area untreated as there could still be problems such as sickness, lawsuits and major loss of wealth so it is vital that the north has as much protection as possible as we also have the Three Killings located here for 2018. It is highly recommended not to disturb the north of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the north in 2018 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the north to avoid the problems that are associated the #5 yellow disaster star in 2018.

Please do not start panicking if you have a bedroom or office that is located in the north, southeast or northwest in 2018, just start preparing to place your [2018 cures and enhancers kit](#) as of the 4th February 2018 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. To give you even better control, use our advanced [Feng Shui 2018 software](#) as this gives advanced analysis of every home or office facing any direction in any part of the world.

2018 Chinese Animal Predictions for the Ox

Hard-working, persistent, conservative, loyal and private; the year of the Yang Earth Dog will be a busy one for the Ox, which includes some pleasurable social occasions and travel. The year will arrive with some unexpected challenges and pressures but be assured, Ox, that your rewards will come in the long-term.

Work Life for the Ox in 2018

There will be much to achieve and accomplish during the year, and the strength and perseverance characteristics of the Ox will help see him through any challenges. The Ox will have much to gain by applying his usual tenacity to projects.

The Dog year will be a demanding one, and the Ox could find additional expectations placed on him which could increase workload. Once again, the Ox will discover new abilities and strengths by taking on any new demands. He will enjoy the benefits from his efforts in upcoming years.

The Dog year will not be the best year for work change. If the Ox is determined to change employment, then he will need to be prepared to work hard. The Ox can maximise a positive outcome by keeping an open mind when job hunting as he may find himself in an entirely new, unexpected position. He may even commence training for something new, and this will be an opportunity for the Ox to develop further skills and expand his work associate circle. If work is a priority this year April, May, September and November will be the ideal months.

Finances for the Ox in 2018

Many Oxen will enjoy an increase in income during the year of the Dog. However, this is not the time to overspend or be frivolous. The Ox will need to budget wisely and most especially if he plans to make any significant purchases, participate in the share market, consider home renovations or travel. The Ox is by nature a methodical creature, and this will serve him well when it comes to any financial papers including Tax Returns.

Domestic and Social Life for the Ox in 2018

Home-life is very important to the Ox and the year of the Dog will be an active one. The organisational skills of the Ox will be called upon and appreciated, especially with regards to travel arrangements for a special family holiday.

There could also be an occasion when a relative decides to visit. The Ox needs to temper his feelings if experiencing frustration over attitude, plans or viewpoint. The Ox will benefit by taking a deep breath, calming himself down and having a quiet discussion to enable all to express their thoughts and feelings. Master your temper Ox and all will appreciate and pay more heed to your viewpoint.

Invitations to events and an increase in the Oxen's social circle will also be a highlight this year. Many will take up a new interest or participate in community activities which will ultimately initiate new connections and friendships.

The Year of the Dog will also find many Oxen enjoying a new relationship and settle down. 2018, however, is not the best time to plan or have a baby, so consider waiting a couple of years. Plan the arrival of your new baby for the year of the Rat which will be a perfect time. If planning a wedding then March, April, May, and September will be an excellent time.

Although some Oxen are not fans of travel, there will be opportunities to visit and explore various countries both near and far. The break in routine will bring many benefits to the Ox, and he will feel inspired with increased creativity. There may also be occasions to travel for work which could cause some frustration.

Overall, the year of the Yang Earth Dog will be a busy but favourable time for the Ox. Travel, new friends and special occasions with the family will be enjoyed and appreciated. There will be challenges at work but nothing that the resolute Ox can't handle. If the Ox learns to control his outbursts of anger and impatience, he will learn much and connect deeper with work-mates, family, and friends.

As an Ox you are in affinity with the Rat. For your protection, you should have a **key chain pendant of a Rat** or a [Gold plated Chinese Animal protection Talisman of a Rat](#) with you at all times throughout the year.

Your lucky sectors: (astrological zone) is the Northeast (22.5° - 37.5°) of the home or office. For full details on [2018 flying star analysis follow this link](#).

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate with a powerful Taoist inscription for the Wu Xu year and would be carved on a large piece of polished clear quartz crystal. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2018.

The most crucial part of this cure and enhancer is the thought form quartz crystals and engravings which are used to draw in the #8 star energy and permeate to the other eight palaces of the Lo Shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2018 we included it standard in all our [2018 cures and enhancers kits](#). If you follow this link you will find full details **2018 flying star analysis follow this link**.

To enhance romance for the Ox in 2018:

Romance, academic and creative studies can be enhanced in the southeast (#4 star) and south (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The southeast has a powerful #4 romance star although this can be troublesome if cures are not placed and this is caused by the #4 clashing with Sui Po in the southeast palace in 2018 and this area of a home or office needs a very special Talisman to counterbalance the #4 Annual star meeting Sui Po in the same palace. To enhance romance and career in 2018, place a [Taohua Mandarin Ducks](#) along with the [Shou Kun Qi Fu picture frame](#) in the south of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2018 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the south, please be aware that in the months of June and September 2018 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business. If you have a bedroom located in the southeast, place Six Chinese i-ching coins In a row during the months of April and November.

Avoiding bad luck in 2018

As we have the #2 black star enter the west of the lo shu in 2018 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the west and north of your home or office this year to control the #5 and #2 stars. For full details on **2018 flying star analysis follow this link**. This is very important in 2018 especially if you have a main door, bedroom, office, lounge or other important room in the west, east, north or northeast.

This is just a small part of what you can do to ensure 2018 will be a good year and to further enhance 2018 I would suggest checking out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

The Three Killings – north (322.5 - 37.5)

It is important that you try not to make any form of noisy renovations or re-decorative work in the north part of your house or office between February 4th 2018 and February 4th 2019 as we have both the Three Killings located in the north but we also have the annual 5 yellow here for the year. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the north, I would advise that you place a [6 Metal rod wind chime](#) in the north during 2018 around the time the work

is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 37 years' experience with Feng Shui, we have seen some pretty nasty events from this energy when disturbed and this is usually the reason of the problem when people trace back the Flying stars for their home when problems occur.

There are also another two other rules that you should follow regarding the Three Killings in 2018. Firstly, if you are moving your desk around this year, never sit with your back towards the south, it is better to face north instead.

- Do not sit with your back to the three killings in 2018
- Sit facing the three killings (north)
- Try to keep noise to a minimum in the north in 2018

If the front door of your home or office faces the north in 2018, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the north of your home is a children's bedroom or play room. The best cures for the north in 2018 are to place a [six rod hollow metal wind chime](#) along with a [salt water cure](#) and [six Chinese i-ching coins in a row](#) from the 4th February 2018 to the 4th February 2019. The 6 metal rod wind chime should be tapped often to make the chimes jingle and will not activate the three killings for 2018 as this is only a slight noise. You can also place a pair of Fu Dogs or a Ba Gua Mirror here if you have a door located here.

If you need to urgently carry out repairs to your home or office in the north, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - northwest (292.5° - 307.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2018, we also have the visiting Kan 1 White Kan (Tang Lang) water star in the northwest which can cause problems for the middle son and it could affect ears, kidneys or blood related. If you have any poison arrows like lamp post, pylons or large corners of house's pointing toward this area consider hanging a flat ba gua mirror outside pointing towards the offending object.

If your property or front door faces northwest in 2018, you must try to avoid the doors from slamming when entering or leaving your home or office as this will almost certainly disturb Tai Sui and cause problems for the members of the home or office. You should avoid digging or renovating your property in this area at all costs in 2018 if possible. If you have an office or shop door in the northwest this year, I would strongly recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. Laura's daughter has her bedroom located in the northwest although they are quite lucky as she is only two and a half years old and spends the majority of her time in the living room when she is playing. The traditional Chinese method to appease Tai Sui is to place a [Jiang Wu Tai Sui gold plated plaque for 2018](#) to pay respect and appease the Deity along with an [Arowana fish sitting on bed of coins](#) to enhance the annual #1 star. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems that this can bring. This is really important this year and we have included the Jiang Wu Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2018, the ruling Tai Sui is great general Jiang Wu who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was

specially made for 2018, year of the Yang Earth Dog to be placed in the northwest. The slate plaquard stand is used to represent earth which creates a cycle of earth feeding Metal which in turn enhances the #1 annual water star to enhance wealth in the northwest in the year of the Dog.

Sui Po (Year Breaker) - southeast (112.5° - 127.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2018 is in the southeast as we have Tai Sui located in the northwest for the year of the Yang Earth Dog. You should treat this area the same as any of the other annual afflictions with no ground-breaking work, renovations or any noisy activities in the southeast this year. If disturbed, this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Dog year, you would need to display a [Jiebaopin chuan Master Cure](#) and [Cai Leishui crystal talisman](#) which we have included in all of our [2018 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the southeast, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star - north (337.5 - 22.5)

The annual five yellow star has flown to the south in 2018 along with the Three Killings so it is vital that the north is looked after this year with the appropriate cures and enhancers. As we have the Annual #5 yellow enter the north in 2018, we have the inherent water energy of the north destroying the visiting energy of the #5 earth star which will weaken the influence of the annual #5 slightly although please do not leave this area untreated as there could still be problems such as sickness, lawsuits and major loss of wealth so it is vital that the north has as much protection as possible as we also have the Three Killings located here for 2018. It is highly recommended not to disturb the north of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the north in 2018 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the north to avoid the problems that are associated the #5 yellow disaster star in 2018.

Please do not start panicking if you have a bedroom or office that is located in the north, southeast or northwest in 2018, just start preparing to place your [2018 cures and enhancers kit](#) as of the 4th February 2018 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. To enhance wealth, luck, business and career for the Rabbit in 2018:

The last Wu Xu You Yang Earth Dog years were in 1958, 1898 and 1838, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2018 is called a [Jiebaopinchuan Master Cure](#) and can only to be used in a Yang Earth Dog Wu Xu years. The last time that this powerful cure and enhancer would have been used was in 1958 which was also a Yang Earth Dog year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2018, especially for the eldest daughter or female of the home or office if a daughter is not present although equally needed for males especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate with a powerful Taoist inscription for the Wu Xu year and would be carved on a large piece of polished clear quartz crystal. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2018.

The most crucial part of this cure and enhancer is the thought form quartz crystals and engravings which are used to draw in the #8 star energy and permeate to the other eight palaces of the Lo Shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2018 we included it standard in all our [2018 cures and enhancers kits](#). If you follow this link you will find full details **[2018 flying star analysis follow this link](#)**.

To enhance romance for the Rabbit in 2018:

Romance, academic and creative studies can be enhanced in the southeast (#4 star) and south (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The southeast has a powerful #4 romance star although this can be troublesome if cures are not placed and this is caused by the #4 clashing with Sui Po in the southeast palace in 2018 and this area of a home or office needs a very special Talisman to counterbalance the #4 Annual star meeting Sui Po in the same palace. To enhance romance and career in 2018, place a [Taohua Mandarin Ducks](#) along with the [Shou Kun Qi Fu picture frame](#) in the south of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2018 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the south, please be aware that in the months of June and September 2018 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business. If you have a bedroom located in the southeast, place Six Chinese i-ching coins In a row during the months of April and November.

Avoiding bad luck in 2018

As we have the #2 black star enter the west of the lo shu in 2018 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the west and north of your home or office this year to control the #5 and #2 stars. For full details on **[2018 flying star analysis follow this link](#)**. This is very important in 2018

especially if you have a main door, bedroom, office, lounge or other important room in the west, east, north or northeast.

This is just a small part of what you can do to ensure 2018 will be a good year and to further enhance 2018 I would suggest checking out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

The Three Killings – north (322.5 - 37.5)

It is important that you try not to make any form of noisy renovations or re-decorative work in the north part of your house or office between February 4th 2018 and February 4th 2019 as we have both the Three Killings located in the north but we also have the annual 5 yellow here for the year. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the north, I would advise that you place a [6 Metal rod wind chime](#) in the north during 2018 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 37 years' experience with Feng Shui, we have seen some pretty nasty events from this energy when disturbed and this is usually the reason of the problem when people trace back the Flying stars for their home when problems occur.

There are also another two other rules that you should follow regarding the Three Killings in 2018. Firstly, if you are moving your desk around this year, never sit with your back towards the south, it is better to face north instead.

- Do not sit with your back to the three killings in 2018
- Sit facing the three killings (north)
- Try to keep noise to a minimum in the north in 2018

If the front door of your home or office faces the north in 2018, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the north of your home is a children's bedroom or play room. The best cures for the north in 2018 are to place a [six rod hollow metal wind chime](#) along with a [salt water cure](#) and [six Chinese i-ching coins in a row](#) from the 4th February 2018 to the 4th February 2019. The 6 metal rod wind chime should be tapped often to make the chimes jingle and will not activate the three killings for 2018 as this is only a slight noise. You can also place a pair of Fu Dogs or a Ba Gua Mirror here if you have a door located here.

If you need to urgently carry out repairs to your home or office in the north, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - northwest (292.5° - 307.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2018, we also have the visiting Kan 1 White Kan (Tang Lang) water star in the northwest which can cause problems for the middle son and it could affect ears, kidneys or blood related. If you have any poison arrows like lamp post, pylons or large corners of house's pointing toward this area consider hanging a flat ba gua mirror outside pointing towards the offending object.

If your property or front door faces northwest in 2018, you must try to avoid the doors from slamming when entering or leaving your home or office as this will almost certainly disturb Tai Sui and cause problems for the members of the home or office. You should avoid digging or renovating your property in this area at all costs in 2018 if possible. If you have an office or shop door in the northwest this year, I would strongly recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. Laura's daughter has her bedroom located in the northwest although they are quite lucky as she is only two and a half years old and spends the majority of her time in the living room when she is playing. The traditional Chinese method to appease Tai Sui is to place a [Jiang Wu Tai Sui gold plated plaque for 2018](#) to pay respect and appease the Deity along with an [Arowana fish sitting on bed of coins](#) to enhance the annual #1 star. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems that this can bring. This is really important this year and we have included the Jiang Wu Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2018, the ruling Tai Sui is great general Jiang Wu who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2018, year of the Yang Earth Dog to be placed in the northwest. The slate plaquard stand is used to represent earth which creates a cycle of earth feeding Metal which in turn enhances the #1 annual water star to enhance wealth in the northwest in the year of the Dog.

Sui Po (Year Breaker) - southeast (112.5° - 127.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2018 is in the southeast as we have Tai Sui located in the northwest for the year of the Yang Earth Dog. You should treat this area the same as any of the other annual afflictions with no ground-breaking work, renovations or any noisy activities in the southeast this year. If disturbed, this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Dog year, you would need to display a [Jiebaopinchuan Master Cure](#) and [Cai Leishui crystal talisman](#) which we have included in all of our [2018 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the southeast, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star - north (337.5 - 22.5)

The annual five yellow star has flown to the south in 2018 along with the Three Killings so it is vital that the north is looked after this year with the appropriate cures and enhancers. As we have the Annual #5 yellow enter the north in 2018, we have the inherent water energy of the north destroying the visiting energy of the #5 earth star which will weaken the influence of the annual #5 slightly although please do not leave this area untreated as there could still be problems such as sickness, lawsuits and major loss of wealth so it is vital that the north has as much protection as possible as we also have the Three Killings located here for 2018.

It is highly recommended not to disturb the north of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the north in 2018 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the north to avoid the problems that are associated the #5 yellow disaster star in 2018.

Please do not start panicking if you have a bedroom or office that is located in the north, southeast or northwest in 2018, just start preparing to place your [2018 cures and enhancers kit](#) as of the 4th February 2018 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. To enhance wealth, luck, business and career for the Snake in 2018:

The last Wu Xu You Yang Earth Dog years were in 1958, 1898 and 1838, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2018 is called a Jiebaopinchuan Master Cure and can only to be used in a Yang Earth Dog Wu Xu years. The last time that this powerful cure and enhancer would have been used was in 1958 which was also a Yang Earth Dog year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2018, especially for the eldest daughter or female of the home or office if a daughter is not present although equally needed for males especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate with a powerful Taoist inscription for the Wu Xu year and would be carved on a large piece of polished clear quartz crystal. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2018.

The most crucial part of this cure and enhancer is the thought form quartz crystals and engravings which are used to draw in the #8 star energy and permeate to the other eight palaces of the Lo Shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2018 we included it standard in all our [2018 cures and enhancers kits](#). If you follow this link you will find full details **2018 flying star analysis follow this link.**

To enhance romance for the Snake in 2018:

Romance, academic and creative studies can be enhanced in the southeast (#4 star) and south (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The southeast has a powerful #4 romance star although this can be troublesome if cures are not placed and this is caused by the #4 clashing with Sui Po in the southeast palace in 2018 and this area of a home or office needs a very special Talisman to counterbalance the #4 Annual star meeting Sui Po in the same palace. To enhance romance and career in 2018, place a [Taohua Mandarin Ducks](#) along with the [Shou Kun Qi Fu picture frame](#) in the south of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2018 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the south, please be aware that in the months of June and September 2018 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business. If you have a bedroom located in the southeast, place Six Chinese i-ching coins In a row during the months of April and November.

Avoiding bad luck in 2018

As we have the #2 black star enter the west of the lo shu in 2018 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the west and north of your home or office this year to control the #5 and #2 stars. For full details on **2018 flying star analysis follow this link**. This is very important in 2018

especially if you have a main door, bedroom, office, lounge or other important room in the west, east, north or northeast.

This is just a small part of what you can do to ensure 2018 will be a good year and to further enhance 2018 I would suggest checking out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

The Three Killings – north (322.5 - 37.5)

It is important that you try not to make any form of noisy renovations or re-decorative work in the north part of your house or office between February 4th 2018 and February 4th 2019 as we have both the Three Killings located in the north but we also have the annual 5 yellow here for the year. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the north, I would advise that you place a [6 Metal rod wind chime](#) in the north during 2018 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 37 years' experience with Feng Shui, we have seen some pretty nasty events from this energy when disturbed and this is usually the reason of the problem when people trace back the Flying stars for their home when problems occur.

There are also another two other rules that you should follow regarding the Three Killings in 2018. Firstly, if you are moving your desk around this year, never sit with your back towards the south, it is better to face north instead.

- Do not sit with your back to the three killings in 2018
- Sit facing the three killings (north)
- Try to keep noise to a minimum in the north in 2018

If the front door of your home or office faces the north in 2018, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the north of your home is a children's bedroom or play room. The best cures for the north in 2018 are to place a [six rod hollow metal wind chime](#) along with a [salt water cure](#) and [six Chinese i-ching coins in a row](#) from the 4th February 2018 to the 4th February 2019. The 6 metal rod wind chime should be tapped often to make the chimes jingle and will not activate the three killings for 2018 as this is only a slight noise. You can also place a pair of Fu Dogs or a Ba Gua Mirror here if you have a door located here.

If you need to urgently carry out repairs to your home or office in the north, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - northwest (292.5° - 307.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2018, we also have the visiting Kan 1 White Kan (Tang Lang) water star in the northwest which can cause problems for the middle son and it could affect ears, kidneys or blood related. If you have any poison arrows like lamp post, pylons or large corners of house's pointing toward this area consider hanging a flat ba gua mirror outside pointing towards the offending object.

If your property or front door faces northwest in 2018, you must try to avoid the doors from slamming when entering or leaving your home or office as this will almost certainly disturb Tai Sui and cause problems for the members of the home or office. You should avoid digging or renovating your property in this area at all costs in 2018 if possible. If you have an office or shop door in the northwest this year, I would strongly recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. Laura's daughter has her bedroom located in the northwest although they are quite lucky as she is only two and a half years old and spends the majority of her time in the living room when she is playing. The traditional Chinese method to appease Tai Sui is to place a [Jiang Wu Tai Sui gold plated plaque for 2018](#) to pay respect and appease the Deity along with an [Arowana fish sitting on bed of coins](#) to enhance the annual #1 star. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems that this can bring. This is really important this year and we have included the Jiang Wu Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2018, the ruling Tai Sui is great general Jiang Wu who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2018, year of the Yang Earth Dog to be placed in the northwest. The slate plaquard stand is used to represent earth which creates a cycle of earth feeding Metal which in turn enhances the #1 annual water star to enhance wealth in the northwest in the year of the Dog.

Sui Po (Year Breaker) - southeast (112.5° - 127.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2018 is in the southeast as we have Tai Sui located in the northwest for the year of the Yang Earth Dog. You should treat this area the same as any of the other annual afflictions with no ground-breaking work, renovations or any noisy activities in the southeast this year. If disturbed, this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Dog year, you would need to display a [Jiebaopin chuan Master Cure](#) and [Cai Leishui crystal talisman](#) which we have included in all of our [2018 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the southeast, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star - north (337.5 - 22.5)

The annual five yellow star has flown to the south in 2018 along with the Three Killings so it is vital that the north is looked after this year with the appropriate cures and enhancers. As we have the Annual #5 yellow enter the north in 2018, we have the inherent water energy of the north destroying the visiting energy of the #5 earth star which will weaken the influence of the annual #5 slightly although please do not leave this area untreated as there could still be problems such as sickness, lawsuits and major loss of wealth so it is vital that the north has as much protection as possible as we also have the Three Killings located here for 2018.

It is highly recommended not to disturb the north of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the north in 2018 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the north to avoid the problems that are associated the #5 yellow disaster star in 2018.

Please do not start panicking if you have a bedroom or office that is located in the north, southeast or northwest in 2018, just start preparing to place your [2018 cures and enhancers kit](#) as of the 4th February 2018 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. 2018 Chinese Animal Predictions for the Horse

The year of the Yang Earth Dog will have many appealing opportunities for the Horse, however, to reap the rewards and get the most from the year, the notoriously independent Horse will need to link up and join forces with others.

Work life for the Horse in 2018

The Horse can look forward to an auspicious year as far as work is concerned. Many will find that they'll be propelled forward as the year progresses with his efforts and initiative acknowledged and recognised by his work colleagues. Any attempts to go that extra mile will not go unnoticed or be wasteful.

The Horse is by nature fiercely independent and prefers to work alone and be answerable to only himself. However, to succeed in the year of the Dog, the Horse will be required to be a part of a team and make an effort to get to know his colleagues. He is a likeable, considerate being so making a little more effort to work alongside others won't be too tricky for the Horse and workmates. Building his reputation during this year will be highly beneficial for him in future years.

There are also excellent possibilities for advancement, new responsibilities, and significant promotion for Horse's who are content in their present work situation.

For those Horse's looking for a change of employment, they will find some intriguing possibilities. Liaising with work colleagues, friends and personnel or human resource organisations will benefit the Horse immensely in his search.

The year of the Dog will reward those who make an effort and take action. Reveal and showcase your talents Horse, and you will be well-rewarded. Favourable months are March, May, July and September.

Finances for the Horse in 2018

Financially this will be a positive year for the Horse, and many will find a very pleasant increase in income along with some additional money from either overtime or other work. Some Horses may have some substantial outgoings from projects they're engaged in so planning and budgeting will reduce any stresses associated with increased costs.

If the Horse needs to sign any documents, he must read them thoroughly and not be afraid to seek help if needed.

Domestic and Social Life for the Horse in 2018

The Horse will enjoy and value his home life during the year of the Dog. Communication with loved ones will be valuable to help his understanding of any matters that concern him, and a fresh perspective will be beneficial in so many ways.

Re-locating the home is also a possibility for some Horses. Events will happen very quickly, and the move could prove a little challenging at times with the Horse questioning his motives and decision. The year of the Dog is a perfect time for completing projects with his family, and in the long run, the Horse will be delighted with his new home and happy he made an effort.

Some Horse's may organise a family holiday during the year or even decide to hold a house-warming party.

For the single Horse, there will be opportunities to make new friends and even start a new relationship that could very quickly turn into romance. This new love interest could lead to settling down, becoming engaged or getting married. The year holds many exciting social possibilities with April, June, August, and September being the most favourable.

Overall, the year of the Yang Earth Dog will be quite splendid for the Horse. For maximum gain, he will need to curb his natural independent ways and co-operate and communicate with others. He'll be surprised at how much he will enjoy their input and support.

However, he will need to pay extra attention to his finances during the year of the Dog and aim to curb his spending habits. Making time to prepare a budget and remain disciplined will help him control his outgoings. It will also be vital for the Goat to check terms and conditions in any documents that involve an expensive commitment.

Domestic and Social Life for the Goat in 2018

The Goat always values his home life, and with the possible additional pressures during the year it will be beneficial for the Goat to be open about any frustrations, feelings or concerns he may have. Regular communication will enable his loved ones to have some empathy and understanding, and he will appreciate and value their support.

The Goat will enjoy some pleasurable social occasions during the year of the Dog. He will, however, need to be mindful of how he interacts with his friends and may experience a lapse in self-awareness which could result in an indiscreet comment upsetting a close friend.

There could be an opportunity to develop a new interest or join a group; this could also be some work with a charity, adding a different quality to his life. Favourable months for social occasions are May, July, September, and December.

Overall, although the year of the Yang Earth Dog could have some pressures and challenges if the Goat remains observant and decisive he will discover some hidden benefits which will serve him well in the future. Rewards for his efforts and perseverance will come to light in the 2019 Pig year.

To enhance wealth, luck, business and career for the Goat in 2018:

The last Wu Xu You Yang Earth Dog years were in 1958, 1898 and 1838, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2018 is

called a [Jiebaopinchuan Master Cure](#) and can only to be used in a Yang Earth Dog Wu Xu years. The last time that this powerful cure and enhancer would have been used was in 1958 which was also a Yang Earth Dog year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2018, especially for the eldest daughter or female of the home or office if a daughter is not present although equally needed for males especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate with a powerful Taoist inscription for the Wu Xu year and would be carved on a large piece of polished clear quartz crystal. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2018.

The most crucial part of this cure and enhancer is the thought form quartz crystals and engravings which are used to draw in the #8 star energy and permeate to the other eight palaces of the Lo Shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2018 we included it standard in all our [2018 cures and enhancers kits](#). If you follow this link you will find full details **[2018 flying star analysis follow this link](#)**.

To enhance romance for the Goat in 2018:

Romance, academic and creative studies can be enhanced in the southeast (#4 star) and south (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The southeast has a powerful #4 romance star although this can be troublesome if cures are not placed and this is caused by the #4 clashing with Sui Po in the southeast palace in 2018 and this area of a home or office needs a very special Talisman to counterbalance the #4 Annual star meeting Sui Po in the same palace. To enhance romance and career in 2018, place a [Taohua Mandarin Ducks](#) along with the [Shou Kun Qi Fu picture frame](#) in the south of your home or business, you should also introduce some water colours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2018 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the south, please be aware that in the months of June and September 2018 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business. If you have a bedroom located in the southeast, place Six Chinese i-ching coins In a row during the months of April and November.

Avoiding bad luck in 2018

As we have the #2 black star enter the west of the lo shu in 2018 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the west and north of your home or office this year to control the #5 and #2 stars. For full details on **2018 flying star analysis follow this link**. This is very important in 2018 especially if you have a main door, bedroom, office, lounge or other important room in the west, east, north or northeast.

This is just a small part of what you can do to ensure 2018 will be a good year and to further enhance 2018 I would suggest checking out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

The Three Killings – north (322.5 - 37.5)

It is important that you try not to make any form of noisy renovations or re-decorative work in the north part of your house or office between February 4th 2018 and February 4th 2019 as we have both the Three Killings located in the north but we also have the annual 5 yellow here for the year. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the north, I would advise that you place a [6 Metal rod wind chime](#) in the north during 2018 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 37 years' experience with Feng Shui, we have seen some pretty nasty events from this energy when disturbed and this is usually the reason of the problem when people trace back the Flying stars for their home when problems occur.

There are also another two other rules that you should follow regarding the Three Killings in 2018. Firstly, if you are moving your desk around this year, never sit with your back towards the south, it is better to face north instead.

- Do not sit with your back to the three killings in 2018
- Sit facing the three killings (north)
- Try to keep noise to a minimum in the north in 2018

If the front door of your home or office faces the north in 2018, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the north of your home is a children's bedroom or play room. The best cures for the north in 2018 are to place a [six rod hollow metal wind chime](#) along with a [salt water cure](#) and [six Chinese i-ching coins in a row](#) from the 4th February 2018 to the 4th February 2019. The 6 metal rod wind chime should be tapped often to make the chimes jingle and will not activate the three killings for 2018 as this is only a slight noise. You can also place a pair of Fu Dogs or a Ba Gua Mirror here if you have a door located here.

If you need to urgently carry out repairs to your home or office in the north, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - northwest (292.5° - 307.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2018, we also have the visiting Kan 1 White Kan (Tang Lang) water star in the northwest which can cause problems for the middle son and it could affect ears, kidneys or blood related. If you have any poison arrows like lamp post, pylons or large corners of house's pointing toward this area consider hanging a flat ba gua mirror outside pointing towards the offending object.

If your property or front door faces northwest in 2018, you must try to avoid the doors from slamming when entering or leaving your home or office as this will almost certainly disturb Tai Sui and cause problems for the members of the home or office. You should avoid digging or renovating your property in this area at all costs in 2018 if possible. If you have an office or shop door in the northwest this year, I would strongly recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. Laura's daughter has her bedroom located in the northwest although they are quite lucky as she is only two and a half years old and spends the majority of her time in the living room when she is playing. The traditional Chinese method to appease Tai Sui is to place a [Jiang Wu Tai Sui gold plated plaque for 2018](#) to pay respect and appease the Deity along with an [Arowana fish sitting on bed of coins](#) to enhance the annual #1 star. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems that this can bring. This is really important this year and we have included the Jiang Wu Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2018, the ruling Tai Sui is great general Jiang Wu who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2018, year of the Yang Earth Dog to be placed in the northwest. The slate plaquard stand is used to represent earth which creates a cycle of earth feeding Metal which in turn enhances the #1 annual water star to enhance wealth in the northwest in the year of the Dog.

Sui Po (Year Breaker) - southeast (112.5° - 127.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2018 is in the southeast as we have Tai Sui located in the northwest for the year of the Yang Earth Dog. You should treat this area the same as any of the other annual afflictions with no ground-breaking work, renovations or any noisy activities in the southeast this year. If disturbed, this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in a Dog year, you would need to display a [Jiebaopin chuan Master Cure](#) and [Cai Leishui crystal talisman](#) which we have included in all of our [2018 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the southeast, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star - north (337.5 - 22.5)

The annual five yellow star has flown to the south in 2018 along with the Three Killings so it is vital that the north is looked after this year with the appropriate cures and enhancers. As we have the Annual #5 yellow enter the north in 2018, we have the inherent water energy of the north destroying the visiting energy of the #5 earth star which will weaken the influence of the annual #5 slightly although please do not leave this area untreated as there could still be problems such as sickness, lawsuits and major loss of wealth so it is vital that the north has as much protection as possible as we also have the Three Killings located here for 2018. It is highly recommended not to disturb the north of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the north in 2018 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the north to avoid the problems that are associated the #5 yellow disaster star in 2018.

Please do not start panicking if you have a bedroom or office that is located in the north, southeast or northwest in 2018, just start preparing to place your [2018 cures and enhancers kit](#) as of the 4th February 2018 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. 2018 Chinese Animal Predictions for the Rooster

The year of the Yang Earth Dog will be a hectic one for the outgoing and well organised Rooster. However, to get the most from the year, he will fare best by remaining flexibility in all matters.

Work life for the Rooster in 2018

The Rooster will achieve more significant results for the year if he accepts that the year of the Dog is not the year for reaching his work goals. If he approaches the year with the mindset that he will best be served by improving his knowledge, skills and gain more experience, then it will be this that will propel him forward in upcoming years.

Many Rooster will have taken a new direction in 2017 and 2018 is the perfect year to embrace their new position, improve their skills and learn as much as they can about their new role. Don't forget, Rooster, to connect and communicate with work colleagues. Showcase your talents, and you'll appreciate their help and support.

The Rooster is, by nature, a thorough and meticulous being but the year of the Dog will be challenging for him and extremely busy. As a result, he may find that he could miss essential matters and his usual high standards may fall. When the pressure builds Rooster, try to take the time-out, meditate or take regular short naps to break up your day. These respites will enable you to approach any stressful matters with a deeper sense of ease and bring you back in control of the situation.

Flexibility is called for again this year if the Rooster wishes to change his employment. Try to think outside of your usual occupation and consider any position. The Rooster may come across some stiff competition so before dismissing an opportunity scrutinize it and try to see the advantages. Most favourable months for career developments are March, June, September, and October.

Finances for the Rooster in 2018

As with most signs during this year of the Dog, effective money management will be necessary. The Rooster could find it an expensive year, so endeavour to compare prices, especially when purchasing high-end products or entering into an agreement. The Rooster will also need to read thoroughly any documentation regarding an expensive purchase. Plan your budget Rooster, and you'll reduce any stress regarding finances.

Domestic and Social Life for the Rooster in 2018

The Rooster places himself in a very central position in the home. Those around him appreciate his ability to organise and stay up-to-date on all matters as well as his ability to communicate and be ready to listen and give advice.

If the Rooster plans any home projects, such improvements or renovations, then it will be critical to remain flexible with deadlines and to be realistic with completing projects by a fixed time. The year of the Dog will be hectic for the Rooster, and he won't fare well if he places too much pressure on himself to have completion by a set date.

The Rooster, and his family will need the time-out from the busy schedule to enjoy some relaxing time or enjoying a shared interest. He will benefit enormously by setting time aside to pursue a personal interest or learn a new skill.

A busy, pleasurable social life is also on the agenda for the gregarious Rooster during the year of the Dog. He will enjoy many invitations and be able to showcase his fabulous conversational skills. However, the Rooster can be tactless if he has the opportunity and this year he will need to be on guard and be mindful of saying something that he may regret later. Favourable and active months for social activity will be April, June, July, and November.

The Rooster will enjoy time away and would benefit by organising a holiday at some point during the year. This vacation would be an opportunity to meet and connect with others.

Overall, a positive year for the Rooster as long as he's prepared to be flexible and takes breaks when the pressure builds up. He will be laying down some excellent foundations for upcoming years.

To enhance wealth, luck, business and career for the Rooster in 2018:

The last Wu Xu You Yang Earth Dog years were in 1958, 1898 and 1838, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2018 is called a [Jiebaopinchuan Master Cure](#) and can only to be used in a Yang Earth Dog Wu Xu years. The last time that this powerful cure and enhancer would have been used was in 1958 which was also a Yang Earth Dog year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2018, especially for the eldest daughter or female of the home or office if a daughter is not present although equally needed for males especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate with a powerful Taoist inscription for the Wu Xu year and would be carved on a large piece of polished clear quartz crystal. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2018.

The most crucial part of this cure and enhancer is the thought form quartz crystals and engravings which are used to draw in the #8 star energy and permeate to the other eight palaces of the Lo Shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2018 we included it standard in all our [2018 cures and enhancers kits](#). If you follow this link you will find full details **2018 flying star analysis follow this link.**

To enhance romance for the Rooster in 2018:

Romance, academic and creative studies can be enhanced in the southeast (#4 star) and south (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The southeast has a powerful #4 romance star although this can be troublesome if cures are not placed and this is caused by the #4 clashing with Sui Po in the southeast palace in 2018 and this area of a home or office needs a very special Talisman to counterbalance the #4 Annual star meeting Sui Po in the same palace. To enhance romance and career in 2018, place a [Taohua Mandarin Ducks](#) along with the [Shou Kun Qi Fu picture frame](#) in the south of your home or business, you should also introduce some water colours like shades of blue,

black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2018 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the south, please be aware that in the months of June and September 2018 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business. If you have a bedroom located in the southeast, place Six Chinese i-ching coins In a row during the months of April and November.

Avoiding bad luck in 2018

As we have the #2 black star enter the west of the lo shu in 2018 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the west and north of your home or office this year to control the #5 and #2 stars. For full details on **2018 flying star analysis follow this link**. This is very important in 2018 especially if you have a main door, bedroom, office, lounge or other important room in the west, east, north or northeast.

This is just a small part of what you can do to ensure 2018 will be a good year and to further enhance 2018 I would suggest checking out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2018 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. The Three Killings – north (322.5 - 37.5)

It is important that you try not to make any form of noisy renovations or re-decorative work in the north part of your house or office between February 4th 2018 and February 4th 2019 as we have both the Three Killings located in the north but we also have the annual 5 yellow here for the year. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the north, I would advise that you place a [6 Metal rod wind chime](#) in the north during 2018 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 37 years' experience with Feng Shui, we have seen some pretty nasty events from this energy when disturbed and this is usually the reason of the problem when people trace back the Flying stars for their home when problems occur.

There are also another two other rules that you should follow regarding the Three Killings in 2018. Firstly, if you are moving your desk around this year, never sit with your back towards the south, it is better to face north instead.

- Do not sit with your back to the three killings in 2018
- Sit facing the three killings (north)
- Try to keep noise to a minimum in the north in 2018

If the front door of your home or office faces the north in 2018, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the north of your home is a children's bedroom or play room. The best cures for the north in 2018 are to place a [six rod hollow metal wind chime](#) along with a [salt water cure](#) and [six Chinese i-ching coins in a row](#) from the 4th February 2018 to the 4th February 2019. The 6 metal rod wind chime should be tapped often to make the chimes jingle and will not activate the three killings for 2018 as this is only a slight noise. You can also place a pair of Fu Dogs or a Ba Gua Mirror here if you have a door located here.

If you need to urgently carry out repairs to your home or office in the north, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - northwest (292.5° - 307.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2018, we also have the visiting Kan 1 White Kan (Tang Lang) water star in the northwest which can cause problems for the middle son and it could affect ears, kidneys or blood related. If you have any poison arrows like lamp post, pylons or large corners of house's pointing toward this area consider hanging a flat ba gua mirror outside pointing towards the offending object.

If your property or front door faces northwest in 2018, you must try to avoid the doors from slamming when entering or leaving your home or office as this will almost certainly disturb Tai Sui and cause problems for the members of the home or office. You should avoid digging or renovating your property in this area at all costs in 2018 if possible. If you have an office or shop door in the northwest this year, I would strongly recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. Laura's daughter has her bedroom located in the northwest although they are quite lucky as she is only two and a half years old and spends the majority of her time in the living room when she is playing. The traditional Chinese method to appease Tai Sui is to place a [Jiang Wu Tai Sui gold plated plaque for 2018](#) to pay respect and appease the Deity along with an [Arowana fish sitting on bed of coins](#) to enhance the annual #1 star. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems that this can bring. This is really important this year and we have included the Jiang Wu Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2018, the ruling Tai Sui is great general Jiang Wu who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2018, year of the Yang Earth Dog to be placed in the northwest. The slate plaquard stand is used to represent earth which creates a cycle of earth feeding Metal which in turn enhances the #1 annual water star to enhance wealth in the northwest in the year of the Dog.

Sui Po (Year Breaker) - southeast (112.5° - 127.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2018 is in the southeast as we have Tai Sui located in the northwest for the year of the Yang Earth Dog. You should treat this area the same as any of the other annual afflictions with no ground-breaking work, renovations or any noisy activities in the southeast this year. If disturbed, this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in

a Dog year, you would need to display a [Jiebaopinchuan Master Cure](#) and [Cai Leishui crystal talisman](#) which we have included in all of our [2018 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the southeast, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star - north (337.5 - 22.5)

The annual five yellow star has flown to the south in 2018 along with the Three Killings so it is vital that the north is looked after this year with the appropriate cures and enhancers. As we have the Annual #5 yellow enter the north in 2018, we have the inherent water energy of the north destroying the visiting energy of the #5 earth star which will weaken the influence of the annual #5 slightly although please do not leave this area untreated as there could still be problems such as sickness, lawsuits and major loss of wealth so it is vital that the north has as much protection as possible as we also have the Three Killings located here for 2018. It is highly recommended not to disturb the north of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the north in 2018 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the north to avoid the problems that are associated the #5 yellow disaster star in 2018.

Please do not start panicking if you have a bedroom or office that is located in the north, southeast or northwest in 2018, just start preparing to place your [2018 cures and enhancers kit](#) as of the 4th February 2018 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. If he accepts this it will be the year to lay down foundations; the Pig will enjoy the fruits of his efforts in the following years and most especially in the 2019 year of the Pig.

Work life for the Pig in 2018

The year of the Dog is the perfect year for the Pig to consider furthering his knowledge and skills. If he remains alert to any courses or training that are made available to him and relevant to his work, then signing up and dedicating time to study will bring fantastic opportunities for progress and rewards in upcoming years.

The Pig will also make headway by displaying his enthusiasm in his workplace which could result in opportunities to become involved with other ventures, including working with recruits and colleagues.

The Dog year will be a good year for change for any Pigs keen to move on from their current position. Making an effort to investigate work opportunities, and staying committed to making a move, will bring very satisfactory and pleasing results for the Pig. He will find that the pace will pick up towards the end of the year and in the following Pig year of 2019.

In some cases, the soft and open-hearted Pig may find that applications or interviews will not go the way he anticipated which could leave him feeling sad and defeated. However, if he looks logically and carefully into the possible reasons, such as lack of a particular skill or displaying the wrong attitude, then the Pig will gain some insight and become a little more enlightened which will serve him well in the future. Favourable months for work progress and opportunities are late February, March, and October through to early December. There is a definite upsurge of possible opportunities in the second half of the year.

Finances for the Pig in 2018

The year of the Dog will be an encouraging year regarding the Pig's finances. He enjoys the more exceptional things in life including good food, luxuries and holidays and can very quickly spend his earnings. The Pig can also look forward to additional monies flowing in throughout the year from either a gift or from extra work opportunities.

Although he likes to spend and enjoy his money the Pig is also very financially savvy and will invest, increase his savings or even pay off a loan. The Pig should avoid rushing in or being hasty if purchasing a large or expensive item. He will benefit from exploring other options before making a decision.

Domestic and Social Life for the Pig in 2018

The Pig can look forward to a very pleasurable home-life in the year of the Dog. There may be moments of discord within the family unit, but the Pig will draw on his peacemaker skills and readily diffuse any situation before it gets out of hand. He will also enjoy organising special occasions and treats for the family which will be much appreciated and make many happy memories.

On another note, the Pig shouldn't hesitate to ask for help if needed. He may find occasions where he feels some pressure and his loved ones will enjoy repaying him for his many thoughtful ways. Investing in home-life during 2018 will bring many benefits.

The Pig is a popular and sociable being, and he can look forward to an entertaining year of the Dog including time set aside for his recreational interests and spending time with friends. It will be beneficial for the Pig to set time aside for his hobbies which will help to keep his life in balance and enable him to relax and recoup his energy.

Romance is also on the horizon for the unattached Pig which will prove an unexpected and pleasant surprise. Favourable months for socialising, developing new friendships and finding love are March, April, July, and September.

Overall, the year of the Dog will prove worthwhile and enjoyable for the Pig. However, while it won't be a year for fast-forwarding progress, there will be many successes to reap in future years as long as the Pig grasps any opportunity that comes his way to further his knowledge and skills. The conscientious and hard-working Pig will be rewarded in the much quicker and more active 2019 Pig year.

To enhance wealth, luck, business and career for the Pig in 2018:

The last Wu Xu You Yang Earth Dog years were in 1958, 1898 and 1838, each of the years were unstable with severe clashes of energies and this year very special cures and enhancers are need more than ever and the most influential and crucial cure and enhancer in 2018 is called a [Jiebaopinchuan Master Cure](#) and can only to be used in a Yang Earth Dog Wu Xu years. The last time that this powerful cure and enhancer would have been used was in 1958 which was also a Yang Earth Dog year although only a privileged few got to use it.

This cure is used to protect and enhance wealth and good luck in 2018, especially for the eldest daughter or female of the home or office if a daughter is not present although equally needed for males especially for wealth.

This Cure is only known to a few specialist Feng Shui Grand Masters and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret inscriptions on to the square earth plate with a powerful Taoist inscription for the Wu Xu year and would be carved on a large piece of polished clear quartz crystal. The seal carver (zhuanke) and Feng Shui Master was traditionally hired by emperors and the very wealthy and was seen as a symbol of great wealth and power and this took many years of studying to perfect this specialist art form.

This is an extremely powerful enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2018.

The most crucial part of this cure and enhancer is the thought form quartz crystals and engravings which are used to draw in the #8 star energy and permeate to the other eight palaces of the Lo shu making this a very powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2018 we included it standard in all our [2018 cures and enhancers kits](#). If you follow this link you will find full details **2018 flying star analysis follow this link.**

To enhance romance for the Pig in 2018:

Romance, academic and creative studies can be enhanced in the southeast (#4 star) and south (#8 star) of your home, **click here** for further details. Whilst this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct cures are not put in place especially if you have a main entrance or an important room like a master bedroom or living room.

The southeast has a powerful #4 romance star although this can be troublesome if cures are not placed and this is caused by the #4 clashing with Sui Po in the southeast palace in 2018 and this area of a home or office needs a very special Talisman to counterbalance the #4 Annual star meeting Sui Po in the same palace. To enhance romance and career in 2018, place a [Taohua Mandarin Ducks](#) along with the [Shou Kun Qi Fu picture frame](#) in the south of your home or business, you should also introduce some water colours like shades of blue,

black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it really is very easy to do.

Make sure you follow the [2018 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the south, please be aware that in the months of June and September 2018 you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed and especially for the eldest male or any male of a home or business. If you have a bedroom located in the southeast, place Six Chinese i-ching coins In a row during the months of April and November.

Avoiding bad luck in 2018

As we have the #2 black star enter the west of the lo shu in 2018 and special cures and enhancers are needed more than ever but at the very least to help disperse the negative effects, you should hang a set of six Chinese coins tied with red ribbon and a salt water cure in the west and north of your home or office this year to control the #5 and #2 stars. For full details on **2018 flying star analysis follow this link**. This is very important in 2018 especially if you have a main door, bedroom, office, lounge or other important room in the west, east, north or northeast.

This is just a small part of what you can do to ensure 2018 will be a good year and to further enhance 2018 I would suggest checking out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2018 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful [Tong Shu Almanac date selection software](#) this will make 2018 a better year indeed.

The Three Killings – north (322.5 - 37.5)

It is important that you try not to make any form of noisy renovations or re-decorative work in the north part of your house or office between February 4th 2018 and February 4th 2019 as we have both the Three Killings located in the north but we also have the annual 5 yellow here for the year. You should not disturb the ground by digging holes, digging foundations or conduct any maintenance work with any noisy equipment in this area inside or outside your property or garden. If you have no option but to perform work in the north, I would advise that you place a [6 Metal rod wind chime](#) in the north during 2018 around the time the work is being carried out. This is the worst out of all the annual afflictions and in our home and business we take this very seriously as in our 37 years' experience with Feng Shui, we have seen some pretty nasty events from this energy when disturbed and this is usually the reason of the problem when people trace back the Flying stars for their home when problems occur.

There are also another two other rules that you should follow regarding the Three Killings in 2018. Firstly, if you are moving your desk around this year, never sit with your back towards the south, it is better to face north instead.

- Do not sit with your back to the three killings in 2018
- Sit facing the three killings (north)
- Try to keep noise to a minimum in the north in 2018

If the front door of your home or office faces the north in 2018, you should take care as to not slam the door as the Three Killings can be a lot more settled if the door is opened and shut calmly; this also applies to internal doors and definitely the case if the north of your home is a children's bedroom or play room. The best cures for the north in 2018 are to place a [six rod hollow metal wind chime](#) along with a [salt water cure](#) and [six Chinese i-ching coins in a row](#) from the 4th February 2018 to the 4th February 2019. The 6 metal rod wind chime should be tapped often to make the chimes jingle and will not activate the three killings for 2018 as this is only a slight noise. You can also place a pair of Fu Dogs or a Ba Gua Mirror here if you have a door located here.

If you need to urgently carry out repairs to your home or office in the north, you should place a six hollow metal rod wind chime between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Consultant to select an auspicious date to start the work or you can use our [Tong Shu software](#).

Tai Sui (The Grand Duke of Jupiter) - northwest (292.5° - 307.5°)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location and in 2018, we also have the visiting Kan 1 White Kan (Tang Lang) water star in the northwest which can cause problems for the middle son and it could affect ears, kidneys or blood related. If you have any poison arrows like lamp post, pylons or large corners of house's pointing toward this area consider hanging a flat ba gua mirror outside pointing towards the offending object.

If your property or front door faces northwest in 2018, you must try to avoid the doors from slamming when entering or leaving your home or office as this will almost certainly disturb Tai Sui and cause problems for the members of the home or office. You should avoid digging or renovating your property in this area at all costs in 2018 if possible. If you have an office or shop door in the northwest this year, I would strongly recommend installing a soft close attachment if possible and if you have children in your home, try to keep these doors from being slammed. Laura's daughter has her bedroom located in the northwest although they are quite lucky as she is only two and a half years old and spends the majority of her time in the living room when she is playing. The traditional Chinese method to appease Tai Sui is to place a [Jiang Wu Tai Sui gold plated plaque for 2018](#) to pay respect and appease the Deity along with an [Arowana fish sitting on bed of coins](#) to enhance the annual #1 star. By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems that this can bring. This is really important this year and we have included the Jiang Wu Tai Sui plaque in all our [annual cures and enhancers kits](#). In 2018, the ruling Tai Sui is great general Jiang Wu who is one of 60 heavenly generals. The Tai Sui plaque is plated in gold to represent wealth and was specially made for 2018, year of the Yang Earth Dog to be placed in the northwest. The slate plaquard stand is used to represent earth which creates a cycle of earth feeding Metal which in turn enhances the #1 annual water star to enhance wealth in the northwest in the year of the Dog.

Sui Po (Year Breaker) - southeast (112.5° - 127.5°)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2018 is in the southeast as we have Tai Sui located in the northwest for the year of the Yang Earth Dog. You should treat this area the same as any of the other annual afflictions with no ground-breaking work, renovations or any noisy activities in the southeast this year. If disturbed, this area can and usually will cause immediate health problems especially with regards to the elderly, so please be very careful. Traditionally to appease Sui Po in

a Dog year, you would need to display a [Jiebaopinchuan Master Cure](#) and [Cai Leishui crystal talisman](#) which we have included in all of our [2018 Cures and Enhancers kits](#).

If you have to carry out work or emergency repairs in the southeast, place a [6 Metal rod wind chime](#) between the buildings and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our Tong Shu date selection software.

The annual five yellow star - north (337.5 - 22.5)

The annual five yellow star has flown to the south in 2018 along with the Three Killings so it is vital that the north is looked after this year with the appropriate cures and enhancers. As we have the Annual #5 yellow enter the north in 2018, we have the inherent water energy of the north destroying the visiting energy of the #5 earth star which will weaken the influence of the annual #5 slightly although please do not leave this area untreated as there could still be problems such as sickness, lawsuits and major loss of wealth so it is vital that the north has as much protection as possible as we also have the Three Killings located here for 2018. It is highly recommended not to disturb the north of your home or business with noisy activities, renovations or maintenance work. When disturbed, the Five Yellow can bring disaster, sickness, lawsuit and major loss of wealth so please be very careful in the north in 2018 as it is very afflicted. You must place [Six Chinese i-ching coins in a row](#), a six rod hollow metal wind chime and a salt water cure in the north to avoid the problems that are associated the #5 yellow disaster star in 2018.

Please do not start panicking if you have a bedroom or office that is located in the north, southeast or northwest in 2018, just start preparing to place your [2018 cures and enhancers kit](#) as of the 4th February 2018 to ensure a trouble free year and also cleanse any old cures that you will be reusing this year, and of course make sure you sign up for our free newsletter so you are kept up to date with the monthly flying stars giving you even more control of your destiny. To give you even better control, use our advanced [Feng Shui 2018 software](#) as this gives advanced analysis of every home or office facing any direction in any part of the world.
