

## Chinese Animal Predictions for 2021. Year of the Yin Metal Ox (Xin Chou)

### What does 2021 have in store for you?

© Written by Daniel Hanna October 2020

*"We will open the book. Its pages are blank. We are going to put words on them ourselves. The book is called Opportunity and its first chapter is New Year's Day."*

The Chinese New Year begins a new cycle of the twelve Chinese zodiac animals and in 2021, this will be the year of the Yin Metal Ox. A change in the Cycle will usually bring a fresh start for the year ahead with hope and promise for some form of success; some animals will face more challenges than others in 2021 although each of the twelve animals will be able to make this a promising year ahead once they are aware of any challenges that may come their way.

Everyone in the world was faced with big challenges in 2020 and unfortunately, it is more than likely that this will continue through a lot of 2021, bringing health and financial issues to a large number of the world's population. The year of the Ox will almost likely come with its share of challenges although it is how we handle obstacles that will define how our year will turn out; all of the twelve Chinese animals have everything in their power to overcome any challenges and make this a successful year and when aware of potential risks, they can minimise and even avoid them during the year of the Ox so please read carefully below.

With everything that took place in 2020 with COVID-19, it is almost certain that the main areas to especially take care in 2021 are health, finances and career as these will all require extra care and attention during the year of the Ox. To help minimise risks and turn a potentially harmful year into a good one, please make sure you place your [\*\*annual Cures and Enhancers for 2021.\*\*](#)

I am sure that there will be a great deal of Horses who will welcome the year of the Ox beginning on the 3<sup>rd</sup> of February 2021 (solar year) as the Horse was the conflict animal during 2020 and will likely have faced challenges throughout the year of the Rat although I know there will have been a large number of Horses who still enjoyed 2020 and the positive influences that the Rat year brought their way.

With everything that took place in 2020, the year of the Ox will likely bring a lot more challenges than recent years and the best thing I can recommend to make the most of 2021 is to prepare early and read through our [\*\*free advice for Chinese New Year 2021\*\*](#) and take a look through the [\*\*annual Feng Shui cures and enhancers for 2021\*\*](#) and then combine this with a positive outlook on the year ahead in order to make this a successful and fun year of the Ox.

Chinese astrology is different from western astrology in the sense that Chinese astrology will make you aware of what may come in the year ahead and how you can apply Feng Shui cures and enhancers in your home or workplace in order to avoid problems that are predicted and also enhance luck throughout the year. Having this information ahead of the year beginning will help you prepare and make informed decisions during 2021 that can benefit your health, finances, career, relationships and much more in the year of the Ox.

The Goat/Sheep is the conflict animal during the year of the Ox and will face some challenges in 2021 although even if you are a Sheep/Goat and read below that 2021 will not be a good year for you and all disasters will come your way, adopt a positive attitude

and follow the advice given below and in the **2021 Flying Star (Xuan Kong) recommendations**, you will be able to avoid any bad luck that is predicted.

Having the knowledge of how to avoid unlucky Flying stars in 2021 will allow you to directly change your luck in the year of the Ox. Every year, there are hundred and thousands of websites and other Feng Shui masters who will predict that there will be all manner of problems for certain Chinese animals but please take this with a pinch of salt and have a fantastic year of the Ox as there are still so many positive aspects to look forward to this year.

I mentioned this further up but the best advice I can give you to make sure the year of the Ox is the best that it can possibly be is to start preparing early; read through the advice given across the site and also start planning your 2021 Cures and Enhancers so that everything is ready to be placed on the 3<sup>rd</sup> of February when the annual Flying stars change for the year. I would also make sure you check back each month for our monthly updates giving you even more control. Or you can use our professional Feng Shui software giving you even more control on an annual and monthly basis. This year we have combined the software with our annual cures kit to provide even better value.

### **What is the conflict Chinese Zodiac animal for 2021 in the year of the Ox (Xin Chou)?**

**"A Danger Foreseen - Is A Danger That Can Be Avoided"**

Those born in the year of the Goat/Sheep will likely be affected by the incompatible influences of the year of the Yin Metal Ox (Xin Chou). Please be aware that although the Goat/Sheep is the conflict animal of the Ox year, by being aware of possible difficulties that can come their way this year, they can overcome and avoid issues by taking extra care and avoid unnecessary risks in 2021.

The degree of influence varies from one person to another. One of the primary considerations is the heavenly stem of the year in which one was born, and I have written below how all of the twelve Zodiac animals can make the most of the year of the Ox and what to focus on in their life this year.

When the year of the Ox begins on the 3<sup>rd</sup> of February 2021, we will need to place some exceptional and extremely powerful cures in our home and workplace in order to make 2021 as successful and enjoyable as it possibly can be; this will allow all of the twelve animals to make the most of the year of the Ox and enhance their luck in all areas of their life.

To find your animal sign, check the charts below. If you were born before February 4th (Spring Begins), use the year before. If it is after February 4th, then use the same birth year. This is worth double-checking; as you would be amazed at how many people born in January or February get it wrong.

If you are unsure of your Chinese Animal maybe consider using our [Feng Shui software](#) that calculates it automatically along with personal Gua, flying stars, annual, fixed and monthly and so much more.

Some examples:

- Born 3<sup>rd</sup> February 1958 = Rooster
- Born 5<sup>th</sup> February 1958 = Dog

- Born 3rd February 1987 = Tiger
- Born 5th February 1987 = Rabbit

### **What year would I have to be born to be a Goat/sheep?**

The cycle of Chinese animals comes back around every twelve years and for your Chinese animal to be the Goat, you would have to be born on the following years:

4<sup>th</sup> Feb 2015 – 3<sup>rd</sup> Feb 2016  
 4<sup>th</sup> Feb 2003 – 3<sup>rd</sup> Feb 2004  
 4<sup>th</sup> Feb 1991 – 3<sup>rd</sup> Feb 1992  
 4<sup>th</sup> Feb 1979 – 3<sup>rd</sup> Feb 1980  
 4<sup>th</sup> Feb 1967 – 3<sup>rd</sup> Feb 1968  
 4<sup>th</sup> Feb 1955 – 3<sup>rd</sup> Feb 1956  
 4<sup>th</sup> Feb 1943 – 3<sup>rd</sup> Feb 1944  
 4<sup>th</sup> Feb 1931 – 3<sup>rd</sup> Feb 1932  
 4<sup>th</sup> Feb 1919 – 3<sup>rd</sup> Feb 1920  
 4<sup>th</sup> Feb 1907 – 3<sup>rd</sup> Feb 1908

If you were born in the year of the Goat/Sheep, please do not start worrying as there is so much that you can do to make the year of the Ox a rewarding and enjoyable one. The Goat may be the conflict animal in the Ox year although this does not mean that 2021 will be a terrible year for the Goat; with care and planning, the Goat can still enjoy a wonderful time in the year of the Ox.

All of the 12 Chinese animals will have some area of their life that will require attention in 2021 although as you read below, you will see that some will have it easier than others; you have to take the good with the bad, unfortunately. I have written below how all of the 12 animals can make the most of the year of the Ox and what to focus on in their life this year. As we come into the year of the Yin Metal, we will need to place some powerful cures and enhancers for 2021 to make the most of the year, and this is especially the case for certain animals.

### **Is Chinese astrology the same as western astrology?**

Chinese and western astrology are similar in some ways although overall, they are two very different practises and should not be read in the same way. Chinese astrology is the practice of placing Feng Shui cures and enhancers in your home, office, shop or any building that you spend time in to make sure that the positive influences are enhanced and the negative influences are weakened or destroyed, helping you make the most of your life and balance the energy in the building.

The flying stars in a home cannot only bring great luck into the house, but they can also cause a lot of problems, making it essential to create the right balance. Even if you had an auspicious star in your bedroom during 2021, if it is treated with the wrong cures or elements, you can turn something good into bad and cause issues in different areas of your life. Chinese astrology is also about knowing how the year ahead could turn out and what you should be aware of in your life for the year according to the Chinese Animals.

When we are aware of how the year ahead can go, we have an enormous advantage as we can take steps to ensure that problems are avoided and auspicious luck is gained during the year ahead. Imagine if you knew that your engine would break down at a certain time of the year, you can use this knowledge to take preventative steps and make repairs, saving a lot of wasted time, energy, money and stress; Flying stars work

in a similar way as they will warn you about possible problems in the year ahead, allowing us to place the relevant cures to mitigate issues.

Prevention is usually the best solution when you are predicted a troublesome year; if you were predicted to have health issues in the Ox year, you would then focus on practising a good diet for the year and get regular exercise to give yourself the best chance of avoiding health problems in 2021. If you are predicted to have financial issues this year, you would probably be wise to avoid buying a brand-new car this year if this would stretch your budget. Knowing what could take place in the year ahead can help with good and bad aspects of your life; if you read below that your animal can advance in their career this year, it would be wise to dedicate time to your work and take on a more active role in the workplace.

Every year, I dedicate a great deal of time to research the 12 Chinese animals for the year ahead to make sure that the advice and information that I write is as accurate and detailed as it can be. When reading through the predictions for your Chinese animal in 2021, I would recommend saving it or printing it out so that you can come back to it throughout the year and check in to make sure that you are following the advice.

### **What can I do to make the year of the Ox 2021 as successful as possible?**

*"Stop waiting for Friday, for summer, for someone to fall in love with you, for life. Happiness is achieved when you stop waiting for it and make the most of the moment you are in now."*

I keep saying this but the most powerful tool that you can have on your side for the year ox is preparing early! Every year, we receive thousands of emails and calls during the week before Chinese New Year asking if we can get a [cures kit](#) over to Australia in three days or what to do with the northeast of the home as Tai Sui is located there for the year.

Postal services have slowed down in certain countries in 2020 due to COVID and although we ship orders very quickly, it is out of our control to send the annual cures and enhancers kit across the world in a few days and luckily, we have noticed that people are a lot more prepared in recent years ordering the [2021 Cures and enhancers](#) in November and December in order to make sure everything is ready for the year ahead and there is no mad rush in February, and we thoroughly recommend you do this also. During 2020, we have been lucky with post getting to countries with minimum or no delay although please be sure to prepare early in case this changes.

Another very powerful tool to have in the year of the ox is the [2021 Flying Star Analysis](#). If your Chinese animal is going to face some problems this year, you can use the Flying stars to enhance or cure the areas that will affect the areas of your life that will require more care in the Ox year; you honestly can bypass a large number of problems that could be coming your way. It's incredible how you can uncover the cause of your problems just by going through the Flying Star chart for your home or office.

If you are unsure how to map the Flying Star chart for your home, I would recommend taking a look at our Academy of [Feng Shui Flying Star software](#) as this will not only plan your home, it will also give you a full analysis for every sector of your home or office.

### **Other Feng Shui websites have said that all Goats/Sheep will lose their jobs and get divorced in 2021; is this accurate?**

Unfortunately, a lot of people like to spread fear and panic when it comes to the Chinese animal predictions and if you've read my predictions in previous years, you will know that I hate this approach as there is always a way to turn a problematic year into a fantastic one. One thing that I can assure you is that the Goat will face some sort of obstacle during the year of the Ox, as will every other animal (myself included) although by following the 2021 Flying star advice, reading through the Chinese animal predictions and placing your 2021 Cures and enhancers, you can make these obstacles a lot less of a problem than they could be.

We have always worked on the ethos of offering alternatives to Feng Shui cures for people who do not want to use them or cannot afford them; although it is not as effective, we always believe that the options should be given. You will also see on our site that we have plenty of ways to quickly get in contact to ask us questions or advice.

We have been writing Chinese Animal predictions for over twenty years, and while we always state the facts, we will always offer a solution to any problems that may arise. Please take the advice that you read with a pinch of salt and have a fantastic year of Rat.

*"It is better to understand a little than to misunderstand a lot."*

If you want to be fully prepared, you could use our **professional Flying Star Feng Shui Software** which will give you total control on an annual and monthly basis. This year we have combined the software with our **annual cures kit** to provide you with even better value and savings.

If you are unsure of your Chinese Animal, take a look at the link below to use our free calculator and characteristics of each Chinese Animal.

To find your animal sign, open the link above and locate your date of birth. If you are unsure of your Chinese Animal maybe consider using our **Feng Shui software** that calculates it automatically along with personal Gua, flying stars, annual, fixed and monthly and so much more.

#### **Some examples:**

- Born 3rd February 1958 = Rooster
- Born 5th February 1958 = Dog
- Born 3rd February 1987 = Tiger
- Born 5th February 1987 = Rabbit

**2021 is the 4719th year of the Chinese calendar.**

In China, the solar calendar of the Xin Chou (Yin Metal Ox) year starts on the 3<sup>rd</sup> February 2021 at 22:58 China time. In the UK, the new solar year starts on 3<sup>rd</sup> February 2021 at 14:58. In Washington USA it will start 3<sup>rd</sup> February 2021 at 09:58, and if you live in Barcelona, you will place your cures at 15:58. Every year we put together a page on **Chinese New Year world times 2021** that will help you confirm the times and dates for the Chinese New Year's Solar and lunar. This is not the **Chinese New Year**

[2021](#) that you would celebrate with friends, family and loved ones; please check this website for further details.

*"It is better to look where you are going rather than where you have been"*

## **2021 Chinese Animal Predictions for the Rat**

### **What does 2021 have in store for the Rat?**

The Rat is looking to have a good year overall during the year of the Ox as this is the secret friend of the Ox; 2021 can bring some exciting new opportunities into the Rats life. Older Rats born 1972 or earlier will need to keep an eye on their health again this year although there is nothing, in particular, to worry about.

The Rat is the secret friend of the Ox, and in 2021, Yin Earth Ox year, this relationship will serve the Rat well and help them in different areas of their life as the year goes on.

### **Health for the Rat in 2021**

The Rats health is looking promising in the year of the Ox which I am sure will be reassuring with everything that the world went through last year. Older Rats born in 1972, 1960, 1948, 1936, or even 1924 would need to make some lifestyle changes this year if they did not do so in 2020.

The year of the Ox will give the Rat extra motivation in 2021 to allow them to get out of any ruts they are stuck in; any Rats who have been suffering from addiction or low feelings should notice that they have the extra bit of motivation to turn their life around this year and make some significant changes in their mental and physical wellbeing. A proper diet and physical exercise can bring a lot of changes to the Rats wellbeing this year and for years ahead.

The Rat may suffer from stress at times throughout the year and will need to remember to take time out to relax and unwind before their pressures get too much; they should find that they can manage this very well with ease, though.

### **Work and career for the Rat in 2021**

The Rats work life is looking promising this year although they should be aware that there will likely be tense timelines this year and the Rat will need to work hard to make sure that they can handle their workload. When struggling with deadlines, the Rat would be wise to seek help from others as this can avoid incomplete work and prove the Rats worth in the workplace, showing they can meet deadlines and work well with others.

With the insecurity that came with the pandemic last year, the Rat should only take another position if they have given it a great deal of thought and if they are not already in a long-established place.

Any Rats looking for work this year would be wise to consider new roles as they should find that thinking outside of the box can bring great rewards.

### **Finances for the Rat in 2021**

The Rats finances are looking good in the year of the Ox. However, I would not recommend making major purchases unless financially secure or seeking professional advice before making a decision. What a significant investment depends on your finances, although it is generally considered as something you cannot afford without credit.

This is an excellent time for the Rat to save money for the future, and this is especially the case for younger Rats born in 1996 and 2008 but also applicable to all Rats.

When making big purchases in 2021, I would recommend avoiding this in February 2021 as the Rat will conflict with the monthly pillar. The best months for big purchases are in April and August 2021 and also in January 2022.

I would recommend placing a [Wu Wang Bu Li Master cure and enhancer](#) in the west of the home and office in 2021 as this will make sure that wealth prospects are as good as they can be in the year of the Ox.

### **Relationships for the Rat in 2021**

The Rats love life is looking extremely promising in the year of the Ox, and there will be many single Rats who find a lifelong partner during 2021. For the Rat in already in a relationship, this is looking to be a year of a strong connection with your partner, especially if they are a Dragon, Monkey, or Ox. It would be worth checking your partner's predictions for the year to see how their relationship is predicted for the year as there will be a lot that the Rat can do their end to make sure any problems predicted for their partner do not materialise.

As I was saying earlier, the Rat will benefit from motivation this year, and they would be wise to use this to their advantage and rid their relationship of any issues this year. Single Rats can also benefit from this boost of energy and motivation and remain social throughout the year to maximise their chances of meeting a significant partner.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

### **Social and family life for the Rat in 2021**

The Rat can look forward to a rewarding and fun family life in 2021, and they should find that their enthusiasm and drive will bring a lot of excitement and new events to their family life this year. The Rat's passion should help keep their family motivated throughout the year, and they will be well appreciated for this.

Any Rats looking to have a child should actively pursue their goal in 2021 as long as they feel that they are financially secure enough to do so. The Rats secret friend is the Ox, and they will benefit from a great relationship in future years. In a parent and child relationship, the Rat parent will take pride in the young Oxen's resourceful and imaginative nature and will do all that they can to encourage the young Oxen's many skills. These two animals will have a very close relationship.

The Rats social life is also looking promising this year, and they will be able to help friends out throughout the year and offer valuable advice which will strengthen bonds

with others. The Rat can meet a lot of new people this year and should form some strong relationships in 2021.

Travel aspects are not looking great for the Rat in 2021, and it is only advisable to travel abroad for career or if necessary, during the year of the Ox. If the Ox can find a good deal this year for a holiday, this will be fine although it is not recommended taking a holiday if this will have a significant impact on finances.

### **Overall synopsis for the Rat in 2021**

The year of the Ox is looking to be a delightful and rewarding year of the Rat where they will be able to accomplish a lot and enjoy the rewards that their extra effort will bring.

Finances and travel are areas that the Rat will need to keep an eye on in 2021, although there is nothing too concerning if the Rat is wise and takes their time before making decisions.

This is not a year for the Rat to stick to their old ways if they are not up to the Rats expectations; work hard and reap the rewards that the Ox year can bring!

As a Rat, you are in affinity with the Ox. For your protection, you should have a **key chain pendant of an Ox**, or a [Gold plated Chinese Animal protection Talisman of an Ox](#) with you at all times throughout the year in 2021.

Your lucky sectors: (astrological zone) is the North (352.5° - 7.5°) of the home or office and as the north is afflicted this year make sure it is not disturbed with too much groundwork. For full details on **2021 Flying star analysis follow this link.**

If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software 2021** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **Feng Shui software 2021:** it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

### **How to enhance wealth, luck, business and career for the Rat in 2021:**

The most powerful and influential cure and enhancer for 2021 is the **Wu Wang Bu Li Master Cure** this cure can only be used in a Yin Metal Ox (Xin Chou) year. The last time that this powerful cure and enhancer would have been used was in 1961 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The **Wu Wang Bu Li Master Cure** is placed in the west of a home or business to protect and enhance wealth and good luck during 2021 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to

call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the circular earth plate with a powerful Taoist inscription for the Xin Chou year and would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2021 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special heavy metal nine tier brass Pagoda, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which is in element in conflict with the west palace in 2021, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2021, we included it standard in all our [2021 cures and enhancers kits](#). If you follow this link, you will find full details [2021 flying star analysis follow this link](#).

### **How to enhance romance for the Rat in 2021:**

Romance, academic, relationship, and creative studies can be enhanced in the east (#4 star) and west (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The east has the powerful #4-star fly in 2021, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that while we have the wood energy from the annual #4 star it is in conflict with the Three Killings also being located here in 2021 and this can cause relationships problems and another much needed powerful cure you can use to enhance the #4 star in the east during 2021 is the [Ru Yuan Yi Cheng wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2021 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the east, please be aware that in the months of March, September and December, you should make sure you at least place a [Six Chinese i-ching coins in a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

### **How can the Rat avoid bad luck in 2021?**

We have the #3 star enter the southwest of the Lo Shu in 2021, and also have Sui Po located here this year, making this a troublesome area, and we are going to need special cures and enhancers in the southwest to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the north and southeast in 2021 to control and weaken the annual #2 and #5 stars.

For full details on [2021 flying star analysis follow this link](#). This is very important in 2021 especially if you have the main door, bedroom, office, lounge or other important room in the south, east or north.

This is just a small part of what you can do to ensure 2021 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2021 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

#### The Three Killings – east (52.5 - 127.5)

You must avoid making any form of deafening renovations or re-decorative work in the east part of your home or office between the 3<sup>rd</sup> of February 2021 and 3<sup>rd</sup> of February 2022. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the east in 2021, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 40 years when this energy has been disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2021. Firstly, if you are moving your desk around this year, never sit with your back towards the east, it is better to face east instead.

If you have a door in the east in 2021, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

Urgent repairs to your home or office in the east during 2021 will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work.

### Annual #5 yellow Flying star – southeast (112.5 - 157.5)

As of the 3<sup>rd</sup> of February 2021, we have the annual five yellow star fly into the southeast of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to treat carefully during the year of the Ox.

It is highly recommended that you keep the southeast calm and settled as often as possible during 2021 in order to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the southeast to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the southeast of your home or office during 2021 is to place a gold coloured statue of a Tsai Shen Yeh in the southeast of your building to weaken and appease the annual #5 yellow star which is why we have included the [Tsai Shen Yeh](#) in all of our Annual cures and enhancers kits this year.

Please do not panic if the southeast, east, southwest or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your **2021 cures and enhancers kit** as of the 3<sup>rd</sup> February 2021 to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2021 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

### Tai Sui (The Grand Duke of Jupiter) – northeast (22.5 - 37.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Ox, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2021 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Yang Xin Tai Sui plaque](#) to pay respect and appease the Deity and also enhance the annual #9 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

### Sui Po (Year Breaker) – Southwest (202.5 ° -217.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2021 will be in the southwest which also houses the annual 3 robbery star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction so please avoid too much noise in the southwest this year and avoid ground breaking and renovation. When Sui Po is disturbed, this area

can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

Traditionally to appease this very nasty energy, you should introduce some fire colours along with a [pair of Bi You Pi Yao statues](#) in the southwest, facing towards the northeast which we have included in all of our **2021 Cures and Enhancers Kits**.

## **2021 Chinese Animal Predictions for the Ox**

### **What does 2021 have in store for the Ox?**

The Ox will likely welcome in their own year and with good reason to; 2021 is looking to be a promising year for the Ox with nothing major to worry about throughout the next twelve months. It is almost sure that the Ox will encounter some problem in 2021, although there will likely be nothing that the Ox can't handle and overcome.

You may have read on some Feng Shui websites that the Ox faces what is known as Ben Ming Nian – The Twelve-Year Curse (本命年) in 2021 as the Chinese believe that every twelve years, a person has a year of transformation and change. It is thought that this period that happens every twelve years for every animal will bring about much stress and discomfort.

This will occur for every Chinese animal when they are twelve years old, twenty-four years old, thirty-six years old, forty-eight years old, sixty years old, seventy-two years old, and eighty-four years old and if you one of the lucky ones you will see your eighty four-year-old and ninety-six and if you are fortunate you will see your one hundred and eight years of age.

According to Chinese belief, the Ben Ming Nian year is a year of bad luck. Most Chinese people are afraid of this energy as they see it as unlucky and it is believed that the people during the Ben Ming Nian are easy to encounter Tai Sui who is the fabled God in charge of people's fortune.

Now I have been practising Feng Shui for around 40 years, and I base everything on fact, and I have had FIVE Ben Ming Nian years. Except for when I was 12 years old (cannot remember what happened in that year, certainly nothing terrible) I cannot recall any Ben Ming Nian year that brought me (or anyone else) any misfortune, so I take this as more superstition than a real Feng Shui Masters belief.

### **Health for the Ox in 2021**

The Ox will need to keep an eye on their mental and physical health this year, although there is nothing major to worry about in general. There will likely be times of stress and tiredness for the Ox this year, and they will need to manage their stress levels well to avoid future problems; meditation and relaxation can prove to be one of the most critical activities in the Oxen's life this year, and I would highly recommend finding something that works to relieve tension.

With everything that went on in the world last year, it would be silly and irresponsible for me to say that any of the twelve animals will have a completely trouble-free year with health; please remember to keep a proper diet as much as possible and get regular exercise to give the best chance of avoiding any illnesses in the year of the Ox.

### **Work and career for the Ox in 2021**

The Oxen's career prospects are looking promising in 2021, and they should find that with a little hard work this year, they can make a lot of progress in their workplace. The Ox should discover that they are handed extra responsibilities in their job and would be wise to work hard to show their worth as this will help solidify their trust from the company; this is especially the case for any Oxen who have recently started a new job.

Co-workers can prove very useful to the Ox this year, and the Ox would be wise to seek advice from others when it is needed; this will help the Ox achieve a lot more and also build relationships in the workplace.

Any Oxen's looking for work this year would be wise to seek help from others and ask around to maximise their chances of finding a new position.

### **Finances for the Ox in 2021**

Finances are looking very good for the Ox in 2021, and those in work could see a rise in income due to their successes at the workplace. The Ox should find that they can put their money to good use this year. However, it is always wise to seek financial advice before making decisions considering the vulnerability that we all experienced last year.

Any Oxen looking to move home could find themselves saving a lot of money due to a chance find this year. This is an excellent time for the Ox to move home, although please be sure to check finances and consider options before committing.

I would recommend placing a [Wu Wang Bu Li Master cure and enhancer](#) in the west of the home and office in 2021 as this will make sure that wealth prospects are as good as they can be in the year of the Ox.

### **Relationships for the Ox in 2021**

The Oxen's love life is looking promising during 2021, and they should find that their emotions are heightened throughout the year, allowing them to connect closer with loved ones on a deeper level. There will be many Oxen making progress in their relationship this year.

For single Oxen, this can be a fantastic year to meet someone significant, and for those looking to settle down, they should consider their plans to see how their partner would fit into them. 2021 is an excellent year for the Ox to settle down with someone, rather than have a fling.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

### **Social and family life for the Ox in 2021**

The Oxen's family life is looking to go very well this year, and there will likely be many Oxen expanding their family with a new baby this year due to relationships going so well. This is an excellent time for the Ox to have a child as there will be a great between the Ox parent and Ox child.

In a parent and child relationship, the Ox child will feel at great ease in the secure environment of the Ox household and will listen whenever the Ox parent guides them. The Ox parent will be extremely fond of their child, especially as they will see so much of themselves in the young Ox, they will teach the young Ox not to make the same mistakes that the older Ox made in their younger years.

For the Oxen with existing children, they will be able to help their child a great deal this year and offer some great advice; the Ox can do a lot to help their child's learning in 2021 and also strengthen their bond.

Oxen's social life is also looking promising this year, and they should find that their friends will offer a lot of support during times of need. There will be times of stress and tension in the Oxen's life during this year, and their friends will be able to help them blow off some steam and focus on the bigger picture.

### **Overall synopsis for the Ox in 2021**

This is looking to be a lovely year for the Ox where they will be able to develop and enjoy all areas of their life. The Oxen can look forward to a strong relationship with others this year and will get a lot of support from friends and loved ones.

As an Ox, you are in affinity with the Rat (he has your back this year). For your protection, you should have a **key chain pendant of a Rat**, or a **Gold plated Chinese Animal protection Talisman of a Rat** with you at all times throughout the year.

Your lucky sectors: (astrological zone) is the northeast (22.5° - 37.5°) of the home or office, and this area has much better energy this year although please bear in mind that we have Tai Sui located here for the year. For full details on **2021 flying star analysis follow this link.**

If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software 2021** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **Feng Shui software 2021**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

### **How to enhance wealth, luck, business and career for the Ox in 2021:**

The most powerful and influential cure and enhancer for 2021 is the **Wu Wang Bu Li Master Cure** this cure can only to be used in a Yin Metal Ox (Xin Chou) year. The last time that this powerful cure and enhancer would have been used was in 1961 although

only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The **Wu Wang Bu Li Master Cure** is placed in the west of a home or business to protect and enhance wealth and good luck during 2021 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the circular earth plate with a powerful Taoist inscription for the Xin Chou year and would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2021 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special heavy metal nine tier brass Pagoda, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which is in element in conflict with the west palace in 2021, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2021, we included it standard in all our [2021 cures and enhancers kits](#). If you follow this link, you will find full details [2021 flying star analysis follow this link](#).

### **How to enhance romance for the Ox in 2021:**

Romance, academic, relationship, and creative studies can be enhanced in the east (#4 star) and west (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The east has the powerful #4-star fly in 2021, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that while we have the wood energy from the annual #4 star it is in conflict with the Three Killings also being located here in 2021 and this can cause relationships problems and another much needed powerful cure you can use to enhance the #4 star in the east during 2021 is the [Ru Yuan Yi Cheng wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2021 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the east, please be aware that in the months of March, September and December, you should make sure you at least place a **Six Chinese i-**

**ching coins In a row** tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

### **How can the Ox avoid bad luck in 2021?**

We have the #3 star enter the southwest of the Lo Shu in 2021, and also have Sui Po located here this year, making this a troublesome area, and we are going to need special cures and enhancers in the southwest to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the north and southeast in 2021 to control and weaken the annual #2 and #5 stars.

For full details on [2021 flying star analysis follow this link](#). This is very important in 2021 especially if you have the main door, bedroom, office, lounge or other important room in the south, east or north.

This is just a small part of what you can do to ensure 2021 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2021 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

### **The Three Killings – east (52.5 - 127.5)**

You must avoid making any form of deafening renovations or re-decorative work in the east part of your home or office between the 3<sup>rd</sup> of February 2021 and 3<sup>rd</sup> of February 2022. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the east in 2021, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 40 years when this energy has been disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2021. Firstly, if you are moving your desk around this year, never sit with your back towards the east, it is better to face east instead.

If you have a door in the east in 2021, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

Urgent repairs to your home or office in the east during 2021 will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work. Our [Tong Shui software](#) will also easily calculate the perfect time for you.

#### Annual #5 yellow Flying star – southeast (112.5 - 157.5)

As of the 3<sup>rd</sup> of February 2021, we have the annual five yellow star fly into the southeast of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to treat carefully during the year of the Ox.

It is highly recommended that you keep the southeast calm and settled as often as possible during 2021 in order to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the southeast to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the southeast of your home or office during 2021 is to place a gold coloured statue of a Tsai Shen Yeh in the southeast of your building to weaken and appease the annual #5 yellow star which is why we have included the [Tsai Shen Yeh](#) in all of our Annual cures and enhancers kits this year.

Please do not panic if the southeast, east, southwest or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your **2021 cures and enhancers kit** as of the 3<sup>rd</sup> February 2021 to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2021 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

#### Tai Sui (The Grand Duke of Jupiter) – northeast (22.5 - 37.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Ox, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2021 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Yang Xin Tai Sui plaque](#) to pay respect and appease the Deity and also enhance the annual #9 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

## Sui Po (Year Breaker) – Southwest (202.5 ° -217.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2021 will be in the southwest which also houses the annual 3 robbery star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction so please avoid too much noise in the southwest this year and avoid ground breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

Traditionally to appease this very nasty energy, you should introduce some fire colours along with a [pair of Bi You Pi Yao statues](#) in the southwest, facing towards the northeast which we have included in all of our **2021 Cures and Enhancers Kits**.

The Tiger will need to put a little effort in this year when it comes to relationships and their work, although the rewards that a little hard work can bring will be worth the effort.

### **Health for the Tiger in 2021**

With everything that went on during 2020, the Tiger will still need to keep their wits about them with regards to health and try to avoid taking risks during the year of the Ox. This is also not the time for any Tigers to ignore minor illnesses and take action early as this will help them a great deal.

The Tigers health is looking good overall in 2021, although it is always wise to be proactive and get regular exercise and practise good eating habits. The Tiger should find that they have a lot of energy this year and would be wise to make use of this increased energy by being productive in their day to day life. Any Tigers who have been planning some form of surgery could benefit from doing so this year although please be sure to check the Tong Shu Almanac to find the best date for this.

### **Work and career for the Tiger in 2021**

The Tigers work life is looking promising in the year of the Ox although they may find that they are met with obstacles throughout the year and will need to keep a positive attitude and work hard to overcome any challenges that are put their way. The Tiger will very much need to remain focused on their work this year and will need to put a bit of extra energy into their career, especially if they are looking for a higher role in the workplace during 2021.

This is not the best year for the Tiger to move to a new company out of their own choice as this will likely be a challenging year for finding new employment. However, if they decide to change the workplace, they would be wise to make sure that they have their annual cures and enhancers in place to appease the Flying stars this year.

## **Finances for the Tiger in 2021**

Finances are looking stable for the Tiger during the year of the Ox, and they should find that they can put their money to better use this year by spending less on impulse purchases and setting money aside to pursue goals and make memories with loved ones.

The Tiger would be wise to spend time doing their research before making a large purchase this year and can benefit from seeking expert advice on major purchases such as a car or home as this should prove very helpful in getting the best deal. When making large purchases, it is always wise to consult the monthly Tong Shu Almanac.

By spending less on impulse buys and putting the money aside, the Tiger could save a reasonable sum this year, which will help ease any unexpected costs.

I would recommend placing a [Wu Wang Bu Li Master cure and enhancer](#) in the west of the home and office in 2021 as this will make sure that wealth prospects are as good as they can be in the year of the Ox.

## **Relationships for the Tiger in 2021**

The year of the Ox brings stability and growth to the Tigers love life this year and will see a lot of Tigers who are already in a relationship progress to the next stage. For those in a long-term relationship, this is an excellent year for marriage and any Tigers who have been considering proposing in recent years; this is your nudge to take the next step!

For the Tiger who is in a relationship and is already married or not yet ready for marriage, the Ox year can help them move forward to the next step of a relationship with their partner, whatever that may be in their life. Where love and relationships are concerned, this is looking to a very progressive year for the Tiger.

The year of the Ox is an especially rewarding year for single Tigers, and there will be many entering new relationships this year with excellent promise for the future. Any single Tigers who are looking for love would be wise to start the year off by being more social as this can help their chances of finding a new partner.

The Tiger may find that they get into arguments with their partner at times throughout the year and will need to talk to their partner before the problem escalates into something bigger.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

## **Social and family life for the Tiger in 2021**

The Tigers family life could see arguments and general disagreements arrive in the household this year and the Tiger will need to remain calm and unbiased when caught in the middle of a dispute as this will help control the way that the conversation goes. When dealing with family quarrels, the Tiger should look to be the mediator and avoid taking one person's side as this could cause resentment from others.

The Tiger should find that they enter the year of the Ox with a strong confidence, and this should stay with them throughout the year, which can prove very beneficial to the Tiger. This is an excellent time for the Tiger to reconnect with lost friends and even current ones and can help grow relationships with others.

The Tiger should make time for social outings and keep in contact with friends and loved ones this year as this can prove very beneficial to the Tigers mental health.

### **Overall synopsis for the Tiger in 2021**

Overall, this is looking to be an excellent year for the Tiger with lots of enjoyable moments to be had and also a lot of good memories to be made with those around them. The Tiger, as with all of the other animals, will have high moments and also low moments during the year of the Ox although overall, the low moments should be short-lived and relatively small.

With a strong feeling of confidence at the start of the Ox year, the Tiger can do a great deal to make this year a successful one with a lot of accomplishments and also a lot of great memories to take with them in the years ahead.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

Urgent repairs to your home or office in the east during 2021 will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work. Our [Tong Shui software](#) will also easily calculate the perfect time for you.

### Annual #5 yellow Flying star – southeast (112.5 - 157.5)

As of the 3<sup>rd</sup> of February 2021, we have the annual five yellow star fly into the southeast of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to treat carefully during the year of the Ox.

It is highly recommended that you keep the southeast calm and settled as often as possible during 2021 in order to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the southeast to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the southeast of your home or office during 2021 is to place a gold coloured statue of a Tsai Shen Yeh in the southeast of your building to weaken and appease the annual #5 yellow star which is why we have included the [Tsai Shen Yeh](#) in all of our Annual cures and enhancers kits this year.

Please do not panic if the southeast, east, southwest or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your **2021 cures and enhancers kit** as of the 3<sup>rd</sup> February 2021 to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2021 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

### Tai Sui (The Grand Duke of Jupiter) – northeast (22.5 - 37.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Ox, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2021 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Yang Xin Tai Sui plaque](#) to pay respect and appease the Deity and also enhance the annual #9 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

### Sui Po (Year Breaker) – Southwest (202.5 ° -217.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2021 will be in the southwest which also houses the annual 3 robbery star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction so please avoid too much noise in the southwest this year and avoid ground breaking and renovation. When Sui Po is disturbed, this area

can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

Traditionally to appease this very nasty energy, you should introduce some fire colours along with a [pair of Bi You Pi Yao statues](#) in the southwest, facing towards the northeast which we have included in all of our **2021 Cures and Enhancers Kits**.

## **2021 Chinese Animal Predictions for the Rabbit**

### **What does 2021 have in store for the Rabbit?**

The year of the Ox is looking to be a much more promising year for the Rabbit and should bring back a sense of normality to the Rabbits life in the next twelve months. This change in circumstances should help the Rabbit enjoy a much more successful year in their career and avoid issues in most aspects of their life.

### **Health for the Rabbit in 2021**

With everything that took place last year, it would be wise for the Rabbit to practise good healthy eating habits along with regular exercise to try and keep in the best shape they can be. Preventative measures taken early on in the year will prove very helpful to the Rabbit.

Health prospects are looking very promising for the Rabbit this year, and they should find that their overall health is good. The Rabbit will still need to be careful when taking part in dangerous activities, but overall, they should find themselves in good health during the year of the Ox.

### **Work and career for the Rabbit in 2021**

The Rabbits career prospects are looking reasonably stable this year, and any Rabbits looking to climb the corporate ladder may have to work harder to achieve the results they are hoping for. With such a tough year last year, opportunities will be less available in a lot of workplaces, and the Rabbit will need to put in a fair bit of extra effort to obtain a higher position in their career.

The Rabbit would be wise to dedicate time to strengthening existing client relationships as this could prove very beneficial. It is also wise that the Rabbit reinforces their relationship with all members of the workplace if possible as this can lead to new opportunities.

### **Finances for the Rabbit in 2021**

This is looking to be a fairly steady year for finances for the Rabbit as long as they can avoid unnecessary spending in their life and put money aside for any unexpected expenses that could arise during the year; having the money available straight away will take a lot of pressure off the Rabbits finances and allow them to do more with their money.

Any Rabbits who are looking to bring additional income into their home this year would be wise to dedicate some time to new projects that could earn them a secondary income.

The year of the Ox is a terrible time for any Rabbits with an interest in gambling, and this should be avoided as much as possible; it is more likely that the hopeful Rabbit will lose a lot more than they win this year when gambling.

I would recommend placing a [Wu Wang Bu Li Master cure and enhancer](#) in the west of the home and office in 2021 as this will make sure that wealth prospects are as good as they can be in the year of the Ox.

### **Relationships for the Rabbit in 2021**

This is a fantastic year for the Rabbit to find love or strengthen a relationship with an existing partner, and they should do all they can to make this happen. By dedicating time to finding a new partner through being more social or even joining an online dating service, single Rabbits could find a long-term partner during the year of the Ox.

Any Rabbits who are in an established relationship should look to spend more time with their partner taking part in activities that they both enjoy; this can help strengthen a bond this year.

The Rabbit will likely go through some disagreements this year although it would be very beneficial to sit down and discuss any problems early on, rather than let them grow into something more serious.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

### **Social and family life for the Rabbit in 2021**

The Rabbits home life is looking steady this year, and there should not be anything specific to worry about as long as the Rabbit and their partner have not been going through any existing issues before the year starts; if this is the case, please try to resolve this before the beginning of the Ox year and try to bring some new experiences into the relationship to let the flame of love grow larger.

The Rabbit should aim to spend time with their partner and children if they have any by taking part in regular joint activities that the whole family enjoy; this is not a year for the Rabbit to focus solely on themselves in home life so try to find events for everyone.

The Rabbits social life is looking promising during the year of the Ox, and they would be wise to use this to their advantage and try to remain as socially active as they feel comfortable with; increased social activity should improve many different areas of their life this year and can lead to new opportunities.

This is a fantastic year for the Rabbit to further their education, and both adults and children would be wise to spend time on studies or to learn a new skill that is of interest to the Rabbit.

### **Overall synopsis for the Rabbit in 2021**

Overall, this is looking to be an enjoyable and comfortable year for the Rabbit with little to worry about. The Rabbit can get a lot of joy from spending time with friends and loved

ones during the year of the Ox and should have a lot of opportunities to get out and about throughout the year.

The Rabbit will need to keep a watch on their spending and also work hard in their job although if they can do this, they should find that the year of the Ox is a fantastic one!

### **How to enhance wealth, luck, business and career for the Rabbit in 2021:**

The most powerful and influential cure and enhancer for 2021 is the [Wu Wang Bu Li Master Cure](#) this cure can only to be used in a Yin Metal Ox (Xin Chou) year. The last time that this powerful cure and enhancer would have been used was in 1961 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The [Wu Wang Bu Li Master Cure](#) is placed in the west of a home or business to protect and enhance wealth and good luck during 2021 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the circular earth plate with a powerful Taoist inscription for the Xin Chou year and would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2021 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special heavy metal nine tier brass Pagoda, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which is in element in conflict with the west palace in 2021, making this an extremely powerful

enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2021, we included it standard in all our [2021 cures and enhancers kits](#). If you follow this link, you will find full details [2021 flying star analysis follow this link](#).

### **How to enhance romance for the Rabbit in 2021:**

Romance, academic, relationship, and creative studies can be enhanced in the east (#4 star) and west (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The east has the powerful #4-star fly in 2021, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that while we have the wood energy from the annual #4 star it is in conflict with the Three Killings also being located here in 2021 and this can cause relationships problems and another much needed powerful cure you can use to enhance the #4 star in the east during 2021 is the [Ru Yuan Yi Cheng wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2021 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the east, please be aware that in the months of March, September and December, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

### **How can the Rabbit avoid bad luck in 2021?**

We have the #3 star enter the southwest of the Lo Shu in 2021, and also have Sui Po located here this year, making this a troublesome area, and we are going to need special cures and enhancers in the southwest to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the north and southeast in 2021 to control and weaken the annual #2 and #5 stars.

For full details on [2021 flying star analysis follow this link](#). This is very important in 2021 especially if you have the main door, bedroom, office, lounge or other important room in the south, east or north.

This is just a small part of what you can do to ensure 2021 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars](#)

[and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2021 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

#### The Three Killings – east (52.5 - 127.5)

You must avoid making any form of deafening renovations or re-decorative work in the east part of your home or office between the 3<sup>rd</sup> of February 2021 and 3<sup>rd</sup> of February 2022. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the east in 2021, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 40 years when this energy has been disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2021. Firstly, if you are moving your desk around this year, never sit with your back towards the east, it is better to face east instead.

If you have a door in the east in 2021, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

Urgent repairs to your home or office in the east during 2021 will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work. Our [Tong Shui software](#) will also easily calculate the perfect time for you.

## 2021 Chinese Animal Predictions for the Dragon

### What does 2021 have in store for the Dragon?

The year of the Ox is looking to be a rewarding year for the Dragon and one where they can make developments in most areas of their life while also making full use of and enjoy their free time. The Dragon should enter the year of the Ox feeling a lot more excited about the year ahead, and this positive attitude will help them work hard throughout the year to achieve their goals. There are a few areas of the Dragons life that will require extra effort this year, but with hard work and determination, the Dragon can make advancements.

### **Health for the Dragon in 2021**

The Dragon will need to keep a watch over their health this year as this is one area that is slightly at risk of minor illness and injuries. The level of care and attention needed will depend on the Dragons lifestyle and type of work; for someone working at a desk that takes part in very few dangerous sports, the need for care will be low.

For older Dragons, please take care as there is a risk of damage to bones or muscles so please be careful when at heights or on uneven ground. The risk of an accident is not high for the Dragon, although it is always best to feel prepared and take care.

The Dragon could suffer from minor stomach bugs or the common cold, so it is always wise to take supplements and vitamins throughout the year to stay in good shape.

The advice above may sound very daunting to read but as a Dragon myself, I will be taking extra care when going up ladders to cut the hedges, avoiding too much junk food and trying to stay as healthy as I can be to give me the best chance for the year ahead. I'm not going to worry thinking that I could break a leg from walking the dog although I will take my time when walking through the uneven ground in the woods.

### **Work and career for the Dragon in 2021**

The Dragon will need to work hard in their career to advance in the workplace during the year of the Ox, and they may find that they need to dedicate more time to finish the task at hand.

The Dragon must start the year of the Ox by thinking about what they want to achieve in the year ahead whether it's a promotion, new environment, or to finish a particular project as this will give them a clear view of the path to take to reach their goals in their career this year.

The Dragon can benefit from strengthening their relationship with co-workers this year as they can give the Dragon a lot of support during this year and it would be wise for the Dragon to stay social around their place of work; this could also lead to new opportunities being put their way.

### **Finances for the Dragon in 2021**

The Dragons finances are looking very promising during the year of the Ox, and they should find that their money can go a long way with careful planning this year. The Dragon would be wise to avoid unnecessary material purchases this year unless they are getting an excellent deal and have been after the item for some time.

When making large purchases such as a car or a house, the Dragon could be very successful in getting a reasonable price. However, it is always wise to consult the Tong

Shu Almanac and also seek professional advice when unsure. Any Dragons who do not have a lot of spare money should only make large purchases when they feel comfortable spending the money as it is not wise to leave yourself with nothing in the bank.

I would recommend placing a [Wu Wang Bu Li Master cure and enhancer](#) in the west of the home and office in 2021 as this will make sure that wealth prospects are as good as they can be in the year of the Ox.

### **Relationships for the Dragon in 2021**

The single Dragons love life is looking very promising during the year of the Ox, and there will be a great deal of Dragons finding love, and for the younger Dragon, there will be many relationships which will lead to marriage in coming years. It would be wise for the Dragon to make themselves more social this year, especially if they are seclusive at times as this will massively strengthen their chances of finding a partner; try to take part in activities and clubs that are of interest as this should put you in contact with a partner with similar interests and outlook on life.

For the Dragons who are already in a relationship, there will likely be fantastic times to look forward to where both partners can enjoy a solid bond together although there will also likely be times where disagreements occur; the Dragon will need to resolve these issues early on by sitting down and discussing things before they become more of a problem. With some consideration and give and take on both sides of the relationship, the Dragon can enjoy a very good love life this year.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

### **Social and family life for the Dragon in 2021**

The Dragons home life is looking promising during the year of the Ox, and they should enjoy an excellent peaceful time in their home throughout the year although if there are ever any problems in the house, the Dragon should aim to settle them as soon as possible.

Any Dragons who start the year feeling low or depressed should aim to get out of the home when possible and spend time taking part in activities away from home; this will hopefully bring a better sense of appreciation for their home life.

The Dragons social life is looking very good during the year of the Ox, and they should find that they are in high demand throughout the year with social plans and get together with loved ones and friends.

The Dragon should aim to avoid spending too much time indoors by themselves this year if they have been feeling low as the change of scenery can do a lot to improve the Dragons mental health.

### **Overall synopsis for the Dragon in 2021**

Overall, the year of the Ox will require a bit of care and attention on the Dragons behalf with regards to health and relationships. However, this is nothing major to worry about as the Dragon has everything in their power to work hard and accomplish their goals.

If you have no option but to perform work in the east in 2021, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 40 years when this energy has been disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2021. Firstly, if you are moving your desk around this year, never sit with your back towards the east, it is better to face east instead.

If you have a door in the east in 2021, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

Urgent repairs to your home or office in the east during 2021 will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work. Our [Tong Shui software](#) will also easily calculate the perfect time for you.

### Annual #5 yellow Flying star – southeast (112.5 - 157.5)

As of the 3<sup>rd</sup> of February 2021, we have the annual five yellow star fly into the southeast of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to treat carefully during the year of the Ox.

It is highly recommended that you keep the southeast calm and settled as often as possible during 2021 in order to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the southeast to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the southeast of your home or office during 2021 is to place a gold coloured statue of a Tsai Shen Yeh in the southeast of your building to weaken and appease the annual #5 yellow star which is why we have included the [Tsai Shen Yeh](#) in all of our Annual cures and enhancers kits this year.

Please do not panic if the southeast, east, southwest or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your **2021 cures and enhancers kit** as of the 3<sup>rd</sup> February 2021 to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2021 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

### Tai Sui (The Grand Duke of Jupiter) – northeast (22.5 - 37.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Ox, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2021 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Yang Xin Tai Sui plaque](#) to pay respect and appease the Deity and also enhance the annual #9 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

### Sui Po (Year Breaker) – Southwest (202.5 ° -217.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2021 will be in the southwest which also houses the annual 3 robbery star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction so please avoid too much noise in the southwest this year and avoid ground breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

Traditionally to appease this very nasty energy, you should introduce some fire colours along with a [pair of Bi You Pi Yao statues](#) in the southwest, facing towards the northeast which we have included in all of our **2021 Cures and Enhancers Kits**.

## **2021 Chinese Animal Predictions for the Snake**

### **What does 2021 have in store for the Snake?**

The year of the Ox is looking to be a gratifying and productive year for the Snake with a lot of luck and prospects coming their way in almost all areas of their life. This is looking to be an exciting time for the Snake where they can accomplish a lot with little to worry about; one area that will require some effort on the Snakes part this year is their work-life although I will talk more about this below.

### **Health for the Snake in 2021**

The Snakes health life is looking very promising during the year of the Ox, and they should find themselves in good health at most times. Any Snakes with an existing health condition would be wise to be proactive this year and try to make some positive changes and invest some time to research their condition as the Ox year favours study and can lead to good developments.

This is a good time for the Snake to practice good mental health exercises such as mindfulness or meditation as this is likely to prove very beneficial to the Snake this year and also in future years. Investing in new skills and practises is very helpful to the Snake this year, and this applies to healthy habits for the mind and body.

### **Work and career for the Snake in 2021**

Much like the Snakes health, the Snake should look to improve and learn in their work-life this year. This is an excellent time for the Snake to build on work relationships and take time to learn new skills that can prove their dedication to their current role.

Any Snakes who adopt good communication and support with co-workers and superiors early on in the year could see themselves being put forward for a higher role during the year of the Ox although this will depend on the Snakes level of input in the workplace; this is not the time to sit back and relax if advancements are to be made.

### **Finances for the Snake in 2021**

Finances are looking good for the Snake during the year of the Ox, and there will be some Snakes who benefit from additional income through their efforts. Any Snakes who are proactive this year will have a much higher chance of securing extra income and would be wise to work hard if they hope to achieve their goals.

If any significant purchases are to be made during the year of the Ox, it would be wise for the Snake to spend time shopping around and do some research on where money can be saved as this will allow them to do a lot more with the money they have. When making a major purchase this year, it would be wise to consult the Tong Shu Almanac and also seek professional advice when unsure on anything as this can help avoid costly mistakes.

With such an unstable year in 2020, the year of the Ox is not the best time for the Snake to take risks and chances when dealing with money and they should aim to avoid gambling or get rich quick schemes as this could cause financial issues this year. Try to put money aside to spend on the crucial things in life during the year of the Ox.

I would recommend placing a [Wu Wang Bu Li Master cure and enhancer](#) in the west of the home and office in 2021 as this will make sure that wealth prospects are as good as they can be in the year of the Ox.

### **Relationships for the Snake in 2021**

Affairs of the heart are looking to be very successful for the Snake during the year of the Ox, and both single and taken Snakes can look forward to overall good relationships this year.

For those in a relationship, they should find that that with things going so well with their partner, the next stage in the relationship comes along naturally. However, there is

nothing to say that the Snake can't instigate moving forward by moving in together, getting married or having a child. It is worth noting that problems outside of the relationship such as career or finances could cause problems in a relationship so it would be wise for the Snake to try and resolve any issues that arise early on to avoid them becoming something more than they should.

Single Snakes can also look forward to excellent luck in their love life this year, and there will be a lot of Snakes who find a long-term partner this year which could lead to marriage in upcoming years. The Snake should aim to remain socially active if they are looking for love during the year of the Ox as this will hugely improve their chances in finding a new partner and could put them in contact with someone with similar interests.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

### **Social and family life for the Snake in 2021**

With the Snakes love life looking so promising in the year of the Ox, this will likely carry through to good home life and bring an exciting year for the Snake with regards to their home; there will be many who see a lot of positive changes in their home life this year, and they should find that these changes bring a lot of positivity to the home.

The Snakes social life is looking to be a highlight of the Ox year, and there will be many Snakes who find themselves in high demand from friends and loved ones regularly throughout the year. The Snake is likely to be put in contact with a lot of new people this year, and there will be a few who turn out to be lifelong friends so it is always wise to give people a chance as the Snake could meet a new best friend in the year of the Ox who proves very helpful in future years.

### **Overall synopsis for the Snake in 2021**

Overall, this is looking to be a fantastic year for the Snake with a lot to look forward to with so many positive developments looking to come their way over the next twelve months. The Snake should find that they have little to worry about over the year, although it always pays to be prepared and set money and time aside in times that it is needed.

The main areas for the Snake to focus on this year are their work life, social life, and relationship as these areas can prove very lucky. With a busy year ahead, it is also wise for the Snake to take time out to relax and unwind to avoid the stresses of everyday life.

### **How to enhance wealth, luck, business and career for the Snake in 2021:**

The most powerful and influential cure and enhancer for 2021 is the **Wu Wang Bu Li Master Cure** this cure can only to be used in a Yin Metal Ox (Xin Chou) year. The last time that this powerful cure and enhancer would have been used was in 1961 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The **Wu Wang Bu Li Master Cure** is placed in the west of a home or business to protect and enhance wealth and good luck during 2021 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the circular earth plate with a powerful Taoist inscription for the Xin Chou year and would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2021 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special heavy metal nine tier brass Pagoda, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which is in element in conflict with the west palace in 2021, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2021, we included it standard in all our [2021 cures and enhancers kits](#). If you follow this link, you will find full details [2021 flying star analysis follow this link](#).

### **How to enhance romance for the Snake in 2021:**

Romance, academic, relationship, and creative studies can be enhanced in the east (#4 star) and west (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The east has the powerful #4-star fly in 2021, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that while we have the wood energy from the annual #4 star it is in conflict with the Three Killings also being located here in 2021 and this can cause relationships problems and another much needed powerful cure you can use to enhance the #4 star in the east during 2021 is the [Ru Yuan Yi Cheng wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2021 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the east, please be aware that in the months of March, September and December, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

### **How can the Snake avoid bad luck in 2021?**

We have the #3 star enter the southwest of the Lo Shu in 2021, and also have Sui Po located here this year, making this a troublesome area, and we are going to need special cures and enhancers in the southwest to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the north and southeast in 2021 to control and weaken the annual #2 and #5 stars.

For full details on [2021 flying star analysis follow this link](#). This is very important in 2021 especially if you have the main door, bedroom, office, lounge or other important room in the south, east or north.

This is just a small part of what you can do to ensure 2021 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2021 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

### **The Three Killings – east (52.5 - 127.5)**

You must avoid making any form of deafening renovations or re-decorative work in the east part of your home or office between the 3<sup>rd</sup> of February 2021 and 3<sup>rd</sup> of February 2022. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the east in 2021, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 40 years when this energy has been disturbed.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

Urgent repairs to your home or office in the east during 2021 will need a cure to prevent any negative consequences. Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2021 will be in the southwest which also houses the annual 3 robbery star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction so please avoid too much noise in the southwest this year and avoid ground breaking and renovation. Single Horses will, unfortunately, have to work a little harder at finding love this year and will need to make themselves socially active if they are to find a new partner; Peach Blossom luck is not the strongest for the single Horse this year and to counteract this, they will need to dedicate some energy into finding a new partner. With dedication and patience, the Horse could find a significant other during the year of the Ox.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

### **The Three Killings – east (52.5 - 127.5)**

You must avoid making any form of deafening renovations or re-decorative work in the east part of your home or office between the 3<sup>rd</sup> of February 2021 and 3<sup>rd</sup> of February 2022. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the east in 2021, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 40 years when this energy has been disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2021. Firstly, if you are moving your desk around this year, never sit with your back towards the east, it is better to face east instead.

If you have a door in the east in 2021, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

#### [Annual #5 yellow Flying star – southeast \(112.5 - 157.5\)](#)

As of the 3<sup>rd</sup> of February 2021, we have the annual five yellow star fly into the southeast of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to treat carefully during the year of the Ox.

It is highly recommended that you keep the southeast calm and settled as often as possible during 2021 in order to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the southeast to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the southeast of your home or office during 2021 is to place a gold coloured statue of a Tsai Shen Yeh in the southeast of your building to weaken and appease the annual #5 yellow star which is why we have included the [Tsai Shen Yeh](#) in all of our Annual cures and enhancers kits this year.

Please do not panic if the southeast, east, southwest or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your **2021 cures and enhancers kit** as of the 3<sup>rd</sup> February 2021 to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. #### [Tai Sui \(The Grand Duke of Jupiter\) – northeast \(22.5 - 37.5\)](#)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Ox, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2021 and avoid digging or renovating in the northeast this

year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Yang Xin Tai Sui plaque](#) to pay respect and appease the Deity and also enhance the annual #9 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

### Sui Po (Year Breaker) – Southwest (202.5 ° -217.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2021 will be in the southwest which also houses the annual 3 robbery star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction so please avoid too much noise in the southwest this year and avoid ground breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

Traditionally to appease this very nasty energy, you should introduce some fire colours along with a [pair of Bi You Pi Yao statues](#) in the southwest, facing towards the northeast which we have included in all of our **2021 Cures and Enhancers Kits**.

## **2021 Chinese Animal Predictions for the Goat/Sheep/Ram**

### **What does 2021 have in store for the Goat/Sheep/Ram?**

The Goat will need to put some extra effort into the different areas of life during the Ox year if they are to make this a successful one. The Goat is the clash animal of the Ox which can lead to the Goat going through some challenges this year, and they will need to work around any obstacles to overcome issues. With a positive attitude, the Goat can do a great deal to turn their challenges into successes during the year of the Ox.

### **Health for the Goat in 2021**

Health is looking to be a good area of the Goats life during the year of the Ox with only minor bugs and cuts to worry about. It is worth noting that with everything that went on last year, it would be wise for the Goat to take regular exercise and practise healthy eating habits, especially older Goats as this can prove a very valuable investment in their future.

It is essential that the Goat seeks professional advice if they do suffer from any problems as this is not a time to sit back and hope that any issues will disappear.

### **Work and career for the Goat in 2021**

The Goats work life is looking to be a demanding area of their life this year, and those who are looking to advance from their current role will need to put extra energy into their career during the year of the Ox. When the Goat commits to working hard in their workplace this year, they can make significant advancements.

The Goat would be wise to work alongside others this year and should not be afraid to ask for help when it is needed; this can help the Goat achieve a lot more and learn some new skills along the way.

### **Finances for the Goat in 2021**

The Goat will need to keep a careful watch over their outgoings this year as there is a risk of overspending and mistakes being made due to lack of attention. The year of the Ox is not a time for risks where the Goats finances are concerned, and they would be wise to avoid any purchases that are not necessary unless they are getting a reasonable price.

Apart from major necessary purchases such as a home or car, it is not wise to take out loans for a holiday or a shopping trip this year as this could lead to the Goat being short on finances when the money is needed. It is much smarter for the Goat to set money aside throughout the year and pay it in full during the Ox year as this will give a lot more financial security in their life.

I would recommend placing a [Wu Wang Bu Li Master cure and enhancer](#) in the west of the home and office in 2021 as this will make sure that wealth prospects are as good as they can be in the year of the Ox.

### **Relationships for the Goat in 2021**

The Goats love life will require some care and attention this year, and they may find themselves neglecting their partner if they are not careful. The Goat should make plenty of time for their partner during the year of the Ox and should aim to plans days out with their partner as this will help the relationship a great deal. 2021 is not a good time for the Goat to do their own thing where their love life is concerned. Any Goats who are looking to get married this year should aim to settle any problems or disagreements well before the wedding date as this will allow them to start married life without any issues.

Single Goats will also have to put a bit of extra energy into their search for love this year and will need to remain socially active if looking for love during the year of the Ox. Dedicating time and energy to finding a partner should eventually pay off for the Goat this year which could lead to a long-term relationship. The successes in the search for love will likely depend on the Goats input this year.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

### **Social and family life for the Goat in 2021**

The goats home life is looking to be a beautiful part of their life this year, and they should find that with good communication and regular activities, they can enjoy a great year in their home. The Goat should aim to make plans throughout the year that the whole household can take part in. The activities do not need to be expensive plans; they can be a movie night at home or a walk down to the park with children. Joint pursuits with the household can help strengthen relationships and also bring a lot of joy to everyone this year.

Any goats who are looking to add an additional member to their household this year should aim to give birth to their child after the 3<sup>rd</sup> of February 2022 as this Goat and Ox are in conflict and could lead to disagreements as in a parent and child relationship, the Goat parent may sometimes find it hard to come to terms with the young Oxen's ways. However, the Goat parent will encourage and guide their child the best that they can. The young Ox will value having such a supportive and defending parent in their life. Although there will be some difference between these two animals, with a bit of care and reasoning, they will both learn a great deal from each other and build a great relationship.

The Goats social life is looking fairly good this year, and they should find themselves making plans for lots of social gatherings throughout the year. The Goat should remember to seek advice and help from friends this year if they have problems as this could prove very helpful; they should also offer help and advice to any friends going through troubles.

The Goat may find that they are getting into disagreements with certain friends this year and will need to keep a cool head and avoid saying anything that they can't take back as this could lead to the end of a relationship if they are not careful.

### **Overall synopsis for the Goat in 2021**

Overall, the year of the Ox will come with its challenges for the Goat, and they will need to work around any obstacles that come their way in order to move forward this year. The Goat may find that their progress is a little slower than recent years although, with hard work and a positive mindset, they can accomplish a great deal and enjoy what the year of the Ox has to offer.

### **How to enhance wealth, luck, business and career for the Goat/Sheep in 2021:**

The most powerful and influential cure and enhancer for 2021 is the **Wu Wang Bu Li Master Cure** this cure can only be used in a Yin Metal Ox (Xin Chou) year. The last time that this powerful cure and enhancer would have been used was in 1961 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The **Wu Wang Bu Li Master Cure** is placed in the west of a home or business to protect and enhance wealth and good luck during 2021 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the circular earth plate with a powerful Taoist inscription for the Xin Chou year and would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2021 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special heavy metal nine tier brass Pagoda, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which is in element in conflict with the west palace in 2021, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2021, we included it standard in all our **[2021 cures and enhancers kits](#)**. If you follow this link, you will find full details **[2021 flying star analysis follow this link](#)**.

### **How to enhance romance for the Goat/Sheep in 2021:**

Romance, academic, relationship, and creative studies can be enhanced in the east (#4 star) and west (#8 star) of your home, **click here** for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The east has the powerful #4-star fly in 2021, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that while we have the wood energy from the annual #4 star it is in conflict with the Three Killings also being located here in 2021 and this can cause relationships problems and another much needed powerful cure you can use to enhance the #4 star in the east during 2021 is the **[Ru Yuan Yi Cheng wish and romance enhancer](#)**.

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2021 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the east, please be aware that in the months of March, September and December, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

### **How can the Goat/Sheep avoid bad luck in 2021?**

We have the #3 star enter the southwest of the Lo Shu in 2021, and also have Sui Po located here this year, making this a troublesome area, and we are going to need special cures and enhancers in the southwest to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the north and southeast in 2021 to control and weaken the annual #2 and #5 stars.

While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The east has the powerful #4-star fly in 2021, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that while we have the wood energy from the annual #4 star it is in conflict with the Three Killings also being located here in 2021 and this can cause relationships problems and another much needed powerful cure you can use to enhance the #4 star in the east during 2021 is the [Ru Yuan Yi Cheng wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2021 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the east, please be aware that in the months of March, September and December, you should make sure you at least place a [Six Chinese i-ching coins in a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

### **How can the Monkey avoid bad luck in 2021?**

We have the #3 star enter the southwest of the Lo Shu in 2021, and also have Sui Po located here this year, making this a troublesome area, and we are going to need special cures and enhancers in the southwest to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the north and southeast in 2021 to control and weaken the annual #2 and #5 stars.

For full details on [2021 flying star analysis follow this link](#). This is very important in 2021 especially if you have the main door, bedroom, office, lounge or other important room in the south, east or north.

This is just a small part of what you can do to ensure 2021 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2021 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

#### The Three Killings – east (52.5 - 127.5)

You must avoid making any form of deafening renovations or re-decorative work in the east part of your home or office between the 3<sup>rd</sup> of February 2021 and 3<sup>rd</sup> of February 2022. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the east in 2021, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 40 years when this energy has been disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2021. Firstly, if you are moving your desk around this year, never sit with your back towards the east, it is better to face east instead.

If you have a door in the east in 2021, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

Urgent repairs to your home or office in the east during 2021 will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work. Our [Tong Shui software](#) will also easily calculate the perfect time for you.

### Annual #5 yellow Flying star – southeast (112.5 - 157.5)

As of the 3<sup>rd</sup> of February 2021, we have the annual five yellow star fly into the southeast of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to treat carefully during the year of the Ox.

It is highly recommended that you keep the southeast calm and settled as often as possible during 2021 in order to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the southeast to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the southeast of your home or office during 2021 is to place a gold coloured statue of a Tsai Shen Yeh in the southeast of your building to weaken and appease the annual #5 yellow star which is why we have included the [Tsai Shen Yeh](#) in all of our Annual cures and enhancers kits this year.

Please do not panic if the southeast, east, southwest or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your **2021 cures and enhancers kit** as of the 3<sup>rd</sup> February 2021 to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2021 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

### Tai Sui (The Grand Duke of Jupiter) – northeast (22.5 - 37.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Ox, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2021 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Yang Xin Tai Sui plaque](#) to pay respect and appease the Deity and also enhance the annual #9 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

### Sui Po (Year Breaker) – Southwest (202.5 ° -217.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2021 will be in the southwest which also houses the annual 3 robbery star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction so please avoid too much noise in the southwest this year and avoid ground breaking and renovation. When Sui Po is disturbed, this area

can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

Traditionally to appease this very nasty energy, you should introduce some fire colours along with a [pair of Bi You Pi Yao statues](#) in the southwest, facing towards the northeast which we have included in all of our **2021 Cures and Enhancers Kits**.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business where they would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the circular earth plate with a powerful Taoist inscription for the Xin Chou year and would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2021 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special heavy metal nine tier brass Pagoda, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which is in element in conflict with the west palace in 2021, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2021, we included it standard in all our **2021 cures and enhancers kits**. If you follow this link, you will find full details **2021 flying star analysis follow this link**.

### **How to enhance romance for the Dog in 2021:**

Romance, academic, relationship, and creative studies can be enhanced in the east (#4 star) and west (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The east has the powerful #4-star fly in 2021, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that while we have the wood energy from the annual #4 star it is in conflict with the Three Killings also being located here in 2021 and this can cause relationships problems and another much needed powerful cure you can use to enhance the #4 star in the east during 2021 is the [Ru Yuan Yi Cheng wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2021 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the east, please be aware that in the months of March, September and December, you should make sure you at least place a [Six Chinese i-ching coins in a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

### **How can the Dog avoid bad luck in 2021?**

We have the #3 star enter the southwest of the Lo Shu in 2021, and also have Sui Po located here this year, making this a troublesome area, and we are going to need special cures and enhancers in the southwest to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the north and southeast in 2021 to control and weaken the annual #2 and #5 stars.

For full details on [2021 flying star analysis follow this link](#). This is very important in 2021 especially if you have the main door, bedroom, office, lounge or other important room in the south, east or north.

This is just a small part of what you can do to ensure 2021 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2021 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

### The Three Killings – east (52.5 - 127.5)

You must avoid making any form of deafening renovations or re-decorative work in the east part of your home or office between the 3<sup>rd</sup> of February 2021 and 3<sup>rd</sup> of February 2022. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the east in 2021, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 40 years when this energy has been disturbed.

There are also another two other rules that you should follow regarding the Three Killings in 2021. Firstly, if you are moving your desk around this year, never sit with your back towards the east, it is better to face east instead.

If you have a door in the east in 2021, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2021 would be to [Ru Yuan Yi Chang wish and romance enhancer](#) in the east from the 3<sup>rd</sup> February 2021 to the 3<sup>rd</sup> February 2022.

Urgent repairs to your home or office in the east during 2021 will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work. Our [Tong Shui software](#) will also easily calculate the perfect time for you.

### Annual #5 yellow Flying star – southeast (112.5 - 157.5)

As of the 3<sup>rd</sup> of February 2021, we have the annual five yellow star fly into the southeast of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to treat carefully during the year of the Ox.

It is highly recommended that you keep the southeast calm and settled as often as possible during 2021 in order to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the southeast to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the southeast of your home or office during 2021 is to place a gold coloured statue of a Tsai Shen Yeh in the southeast of your building to weaken and appease the annual #5 yellow star which is why we have included the [Tsai Shen Yeh](#) in all of our Annual cures and enhancers kits this year.

Please do not panic if the southeast, east, southwest or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your **2021 cures and enhancers kit** as of the 3<sup>rd</sup> February 2021 to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2021 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

### Tai Sui (The Grand Duke of Jupiter) – northeast (22.5 - 37.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Ox, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2021 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Yang Xin Tai Sui plaque](#) to pay respect and appease the Deity and also enhance the annual #9 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

### Sui Po (Year Breaker) – Southwest (202.5 ° -217.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2021 will be in the southwest which also houses the annual 3 robbery star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction so please avoid too much noise in the southwest this year and avoid ground breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

Traditionally to appease this very nasty energy, you should introduce some fire colours along with a [pair of Bi You Pi Yao statues](#) in the southwest, facing towards the northeast which we have included in all of our **2021 Cures and Enhancers Kits**.

## **2021 Chinese Animal Predictions for the Pig**

### **What does 2021 have in store for the Pig?**

The year of the Ox is looking to be a varied year for the Pig and one where they can look forward to successes but will also have to work around issues in order to progress. While no significant changes are looking to take place in the Pigs life this year, they will still be able to accomplish big goals when they dedicate time and energy to them.

### **Health for the Pig in 2021**

The Pigs health is looking to go well this year, and they should find that there is nothing major to worry about. It would be wise for the Pig to take regular exercise during the Ox year and be sure to practise good healthy eating habits as this will improve their chances of good health and also prove valuable in future years.

The Pig is at risk of minor injuries during the Ox year due to carelessness and will need to take care when taking part in sports and dangerous activities. Any Pigs who work in a dangerous environment such as a tree surgeon would be wise to apply caution and take their time when doing their work as this will help avoid any accidents.

Co-workers can offer a lot of help to the Pig, and the Pig can also do a great deal to help their co-workers which will likely lead to future opportunities.

### **Finances for the Pig in 2021**

The Pigs finances will require some care and attention during the year of the Ox as there is a risk of frivolous spending which will lead to a lack of funds when it is really needed. The Pig would be wise to avoid any unnecessary purchases in the Ox year unless they have spent their time researching and feel that they can get it for a reasonable price; this will allow the Pig to set money aside and benefit from having the money when it is needed.

The year of the Ox is not the best year for the Pig to make significant purchases, and they would be wise to apply caution when making a purchase where credit is needed. The Pig will be able to make good significant purchases in the Ox year as long as they take their time and do not rush into anything. It is also wise for the Pig to seek professional advice if they are unsure of anything and also consult the Tong Shu Almanac to find the best date for this.

I would recommend placing a [Wu Wang Bu Li Master cure and enhancer](#) in the west of the home and office in 2021 as this will make sure that wealth prospects are as good as they can be in the year of the Ox.

### **Relationships for the Pig in 2021**

The Pigs love life may bring some obstacles their way in the year of the Ox, and they will need to remain alert to resolve them before they become something more serious. The Pig will need to practise excellent communicational skills with their partner in the Ox year and should remain open to discuss and plans or worries that they have as this will allow the Pig and their partner to be on the same page and resolve any issues early on.

Single Pigs may need to put a bit of extra energy into their search for love during the year of the Ox, although they should find that with a little more effort on their part, they could find a long-term partner that brings a lot of positivity and love into their life. The single Pig will also need to practise good communication with prospective partners and should not look to hide anything; this show of openness should help grow a new relationship.

To make sure relationships with loved ones go as smoothly as possible during the year of the Ox, I would recommend placing a [Ru Yuan Yi Cheng Wish and Romance enhancer](#) in the east from the 4<sup>th</sup> of February 2021 to the 3<sup>rd</sup> of February 2022.

### **Social and family life for the Pig in 2021**

The Pigs home life is looking relatively calm this year with little to worry about providing the Pig discusses their thoughts and feelings with other members of the household. If the Pig is looking to make and changes in their home life this year, they will have to put a bit more effort to achieve the results they hope for.

The Pig can make their home life a lot more enjoyable in the Ox year by discussing plans, thoughts and worries with other members of the household as this will put them on the same page with goals and plans.

The Pigs social life will be dependent on their ability to communicate well with friends and loved ones this year. The Pig will need to remain open with friends about their feelings if they are to feel included in plans and should find that by communicating well with others, they enjoy a much stronger relationship and can enjoy what the year of the Ox has to offer socially.

### **Overall synopsis for the Pig in 2021**

Overall, the Pig will come across some obstacles in the Ox year, although if they are hard-working and determined, they can still enjoy some big successes this year. The Pig will be able to make the year of the Ox as productive or easy-going as they like; any Pigs looking to relax and take stock of their efforts in previous years can get a lot of joy from what the year of the Ox has to offer them.

The last time that this powerful cure and enhancer would have been used was in 1961 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.
