

Chinese Animal Predictions for 2022. Year of the Yang Water Tiger (Ren Yin)

What does 2022 have in store for you?

© Written by Daniel Hanna July 2021

"The secret of change is to focus all of your energy, not on fighting the old, but on building the new."

This year, 2022 will bring the year of the Yang Water Tiger and will bring a fresh breath of energy for all of the twelve Chinese animals, giving a chance to make the year ahead a better one than the last. Some of the Chinese animals will face more challenges than others in the year of the Tiger although when they are aware of potential obstacles, they can avoid and overcome many of the issues that could come their way and turn them into promising opportunities and victories.

It's safe to say that the last two years have been extremely challenging for most of us with regards to health, finances and general mental health and although we all will face some form of challenge during 2022, I am personally hopeful that this will be a much more smooth sailing year ahead. I can almost guarantee that the year of the Tiger will come with it's challenges for almost all of us although I fully believe that we have everything in our power to make the most of what the Tiger year brings our way when we are armed with the knowledge of the year ahead with the help of the Chinese animal predictions.

With COVID still prevalent around the world in some form or another, most of our priorities for the year ahead will still be related to health, finances and career as these are still volatile areas of most of our lives and will require extra care and attention during the Tiger year. To help minimise risks and turn a potentially harmful year into a good one, please make sure you place your [annual Cures and Enhancers for 2022](#).

Last year, the Goat was the conflict animal for the year of the Ox and I am sure that there will be Goats who will be eagerly awaiting the year of the Tiger to begin on the 1st of February 2022, although I know many Goats (My wife included) that enjoyed a fantastic year of the Ox as they were prepared early with regards to the [Flying Star \(Xuan Kong\) recommendations](#) and also their animal prediction for the year ahead.

With the last two years bringing so many obstacles and the effects of COVID still not going away any time soon, we will all likely face extra challenges during the Tiger year. To fully make the most of what the year of the Tiger can bring into your life, the best advice I can give is to prepare early as although the Flying stars don't change until the 3rd of February, you would be surprised how quick it comes around.

When we are aware of what could take place ahead of time, this gives us the chance to take preventative measures to lessen the impact it has on our lives and even avoid it altogether; let's say that the Dragon was predicted to feel lonely in a certain year, this would mean they can take steps to socialise more and also enhance the annual #4 star for the year as this governs relationships. The animal predictions and Flying stars work hand in hand as each of the annual flying stars will affect a different area of our life and when we enhance or weaken these stars, we are making the most of the visiting influence to give us the best chance in the year of the Tiger during 2022.

What is the conflict Chinese Zodiac animal for 2022 in the year of the Tiger (Ren Yin)?

"A Danger Foreseen - Is A Danger That Can Be Avoided"

The conflict animal for the year of the Yang Water Tiger is the Monkey, which would be someone born in 1908, 1920, 1932, 1944, 1956, 1968, 1980, 1992, 2004 and 2016. If you were born in one of any of the above years between the 4th of February and up to the 3rd of February the following year, please be aware that although The Tiger year will bring extra challenges, by being aware of possible difficulties that can come your way this year, you can overcome and avoid issues by taking extra care and avoid unnecessary risks in 2022.

When the Tiger year begins on the 3rd of February 2022, it is vital that we have our annual Cures and Enhancers in place in our home and work place to make 2022 as prosperous and enjoyable as it can be for each of the twelve Chinese animals and enhance their luck in all areas of their life.

To find your animal sign, check the charts below. If you were born before February 4th (Spring Begins), use the year before. If it is after February 4th, then use the same birth year. This is worth double-checking; as you would be amazed at how many people born in January or February get it wrong.

If you are unsure of your Chinese Animal maybe consider using our [Feng Shui software](#) that calculates it automatically along with personal Gua, flying stars, annual, fixed and monthly and so much more.

Some examples:

Born 3rd February 1958 = Rooster

Born 5th February 1958 = Dog

Born 3rd February 1987 = Tiger

Born 5th February 1987 = Rabbit

What year would I have to be born to be a Monkey?

The cycle of Chinese animals comes back around every twelve years and for your Chinese animal to be the Monkey, you would have to be born on the following years:

4th Feb 2016 – 3rd Feb 2017

4th Feb 2004 – 3rd Feb 2005

4th Feb 1992 – 3rd Feb 1993

4th Feb 1980 – 3rd Feb 1981

4th Feb 1968 – 3rd Feb 1969

4th Feb 1956 – 3rd Feb 1957

4th Feb 1944 – 3rd Feb 1945

4th Feb 1932 – 3rd Feb 1933

4th Feb 1920 – 3rd Feb 1921

4th Feb 1908 – 3rd Feb 1909

Although the Monkey is the conflict animal for the Tiger year, please do not start panicking if your Chinese animal is the Monkey as there is a great deal that can be done to still make 2022 a really successful year.

Is Chinese astrology the same as western astrology?

Chinese and western astrology are similar in some ways although overall, they are two very different practises and should not be read in the same way. Chinese astrology is the practice of placing Feng Shui cures and enhancers in your home, office, shop or any building that you spend time in to make sure that the positive influences are enhanced and the negative influences are weakened or destroyed, helping you make the most of your life and balance the energy in the building.

The Flying stars present in a home and work place have the power to bring a tremendous amount of luck and fortune to the occupants although they also have the power to bring misfortune and issues, which is why it is so important to create a good balance for 2022. Having the annual #9 star fall into a bedroom or office in the south in 2022 is considered very lucky although if you were to have water colours in here, this would actually destroy the auspicious energy of the annual star and turn good into bad. Chinese astrology is also about knowing how the year ahead could turn out and what you should be aware of in your life for the year according to the Chinese Animals.

Once we know what could take place in the year ahead, we have a huge advantage as we can take steps early on to ensure any potential problems can be lessened and even avoided. Imagine if you knew that your heating in your home would have issues in June 2022; you can use this to your advantage to resolve the problem before it has even begun. The Feng Shui flying stars work in a similar way as they will warn you about possible problems in the year ahead, allowing us to place the relevant cures to mitigate issues.

Every year, I dedicate a great deal of time to research the 12 Chinese animals for the year ahead to make sure that the advice and information that I write is as accurate and detailed as it can be. When reading through the predictions for your Chinese animal for the year of the Tiger, I would recommend saving it or printing it out so that you can come back to it throughout the year and check in to make sure that you are following the advice.

What can I do to make the year of the Tiger 2022 as successful as possible?

“Stop waiting for Friday, for summer, for someone to fall in love with you, for life. Happiness is achieved when you stop waiting for it and make the most of the moment you are in now.”

I say this every year but the best thing you can do to ensure that the year of the Tiger is a smooth sailing and rewarding one is to start preparing as early as possible as this will allow you to make sure that everything is taken care of. We receive thousands of emails on the week of Chinese New Year asking if it is too late to prepare and although you can place your [annual Cures and Enhancers](#) at any point of the year, it is always best to get them in place for the beginning of the Chinese New Year when the Flying stars change over on the 3rd of February 2022 as this will give you the best chance for the year ahead.

Another very powerful tool to have in the year of the Tiger is the [2022 Flying Star Analysis](#). If your Chinese animal is going to face some problems this year, you can use the Flying stars to enhance or cure the areas that will affect the areas of your life that will require more care in the Tiger year.

If you are unsure how to map the Flying Star chart for your home, I would recommend taking a look at our Academy of [Feng Shui Flying Star software](#) as this will not only plan your home, it will also give you a full analysis for every sector of your home or office.

Other Feng Shui websites have said that all Monkeys will suffer horribly in 2022; is this accurate?

I get a lot of emails from people with links to another Feng Shui website where they predict extreme doom and gloom for certain animals in the year ahead and although there can be some truth to this, you will usually notice that their write up for the animal prediction is very short and they not really give you any real life solutions to the issues they are predicting. We are on online Feng Shui Store and although we sell cures, I will

always go out of my way to provide free advice and alternatives so that people from all walks of life can benefit from the good that Feng Shui can bring.

Certain Chinese animals will have it harder than others during the year of the Tiger and 2022 will certainly come with it's challenges for the Monkey as this is the conflict animal for the Tiger year although there is nothing stopping the Monkey from making this an extremely successful and enjoyable year. My wifes Chinese animal is the Goat and she had a fantastic year in 2021 as the conflict animal, we made sure the house was set up for the annual Flying stars and also spent a lot of time looking into the Chinese animal analysis for the year ahead. It definitely helped that she is married to a Feng Shui master although the advice I gave her for 2021 is the exact same advice as I write on the website for every other Goat around the world.

We have been writing Chinese Animal predictions for over twenty years, and while we always state the facts, we will always offer a solution to any problems that may arise. Please take the advice that you read with a pinch of salt and have a fantastic year of Tiger.

"It is better to understand a little than to misunderstand a lot."

If you want to be fully prepared, you could use our **professional Flying Star Feng Shui Software** which will give you total control on an annual and monthly basis. This year we have combined the software with our **annual cures kit** to provide you with even better value and savings.

If you are unsure of your Chinese Animal, take a look at the link below to use our free calculator and characteristics of each Chinese Animal.

To find your animal sign, open the link above and locate your date of birth. If you are unsure of your Chinese Animal maybe consider using our **Feng Shui software** that calculates it automatically along with personal Gua, flying stars, annual, fixed and monthly and so much more.

Some examples:

- Born 3rd February 1958 = Rooster
- Born 5th February 1958 = Dog
- Born 3rd February 1987 = Tiger
- Born 5th February 1987 = Rabbit

2022 is the 4720th year of the Chinese calendar.

In China, the solar calendar of the Ren Yin (Yang Water Tiger) year starts on the 4th February 2022 at 04:51 China time. In the UK, the new solar year starts on 3rd February 2022 at 20:51. In Washington USA it will start 3rd February 2022 at 15:51, and if you live in Barcelona, you will place your cures at 21:51 on the 3rd. Every year we put together a page on **Chinese New Year world times 2022** that will help you confirm the times and dates for the Chinese New Year's Solar and lunar. This is not the **Chinese New Year 2022** that you would celebrate with friends, family and loved ones; please check this website for further details.

2022 Chinese Animal Predictions for the Rat

What does 2022 have in store for the Rat?

The year of the Tiger is looking to be a lovely year for the Rat and can hold a lot of promise for advancements in different areas of life over the next twelve months.

The Rats career and finances are looking promising during 2022 and although their success will be dependent on how much effort they put in, the results of their hard work can bring additional income which will help free up time in other areas of their life, creating a good balance between work and play this year.

Metal and Fire Rats born in 1930, 1966 and 1996 will need to put extra effort into the year of the Tiger as their element is in clash with the Water Tiger year although this is nothing serious to worry about and a little extra energy will go a long way when carrying out their day to day life in 2022.

Health for the Rat in 2022

The Rat's health is looking good overall during the Tiger year with little to worry about and to fully make the most of this settled time, the Rat should aim to take regular exercise and practice good eating habits throughout the year. Those born in 1936 and 1960 will really benefit from practising a healthy lifestyle this year.

Any Rat who tends to spend their free time in the evening and weekends watching TV or those who have a desk-based work life can really benefit from trying out new activities as this can help them make some really positive lifestyle changes.

Any Rat with existing medical conditions should remember to stay on top of appointments and medication as it can be easy to neglect their wellbeing schedule in certain months due to commitments in other areas of their life.

The Rat will need to keep a close watch on their mental health during 2022 and will need to work on coping techniques and activities that help them remain calm and controlled in times of stress and anxiety, this could be something like taking a walk or sitting down to talk to a loved one or even hiking a trail; whatever boosts the Rats mental health should be practised regularly this year in order to keep the Rat in good spirits.

Work and career for the Rat in 2022

Work life is looking to bring a lot of changes into the Rats life this year and there will be many who are given extra responsibilities and advancements in roles throughout the year and this is especially likely for those born in 1972 and 1984. To fully benefit from the new opportunities coming their way, the Rat will need to work hard to show their strengths and commitments.

The Rat may feel unsure of themselves when taking on big projects in the work place and would do well to remember that as long as they are committed to making something succeed, the Tiger years influence will help move things along and should bring positive results into the Rats career.

The Tiger year should see a lot of positive changes come into the Rats life and although this may not always happen as quick as the Rat likes, their persistence and dedication will bring a lot of rewards where their career is concerned.

Those looking to change profession and those looking for work in general during the Tiger year would be wise research alternative roles where their skillset can be put to good use as this will open up a lot more doors for the Rat. Help will be given to the Rat who is feeling uneasy about their career path in 2022 although they may find that they have to take the first step and ask for help from job agencies or a friend or loved one.

Finances for the Rat in 2022

With the Rats career looking so promising in 2022, it is likely that their finances will also go well and there will be many who see additional income from the energy they put into their career.

Although finances are looking to go well for the Rat in the Tiger year, it is important that they are not too frivolous with their spending as multiple small purchases could soon leave them short of money when it is most needed. It is wise for the Rat to manage their money well and avoid too many big purchases unless they have sought professional advice.

Any Rat who tends to spend money as soon as it enters their bank account will really need to keep a watch over their outgoings during the Tiger year as they will soon find themselves having to miss out on important events and necessary purchases due to careless budgeting. Avoiding too many impulse purchases can prove extremely helpful for the Rat and will allow them to use their money on more important things.

I would recommend placing a [Chongyi Changnian Master cure and enhancer](#) in the northeast of the home and office in 2022 as we have the annual #8 star fly into its inherent palace and we can benefit from double wealth luck here in 2022 which will make sure that wealth prospects are as good as they can be in the year of the Tiger.

Relationships for the Rat in 2022

The Rats love life is looking to bring a lot of joy this year although with so much planned in other areas, it is important that those in an existing or new relationship remember to dedicate time to their partner as they may find themselves prioritising other areas of their life over their partner which will inevitably cause issues later on.

The Rat can benefit from taking part in joint interests with their partner during the Tiger year as this will help the Rat to unwind and relax while also enjoy the company of their partner. It is important that the Rat is not selfish when choosing activities throughout the year and chooses something that both have an interest in.

There will be many Rats born in 1972 and 1984 who will see marriage proposals this year and those looking to propose will benefit from luck when doing so in the Tiger year. It is important that the Rat does not rush any major decisions where love is concerned such as marriage or moving in together as this could cause conflict later on in the relationship; letting something move at it's natural pace would be a lot wiser.

Single Rats can find love in the year of the Tiger and most of these relationships can lead to something long lasting although to fully benefit, it is important that the Rat lets the relationship progress at a steady, natural pace and does not try to hurry things along; if the relationship progresses at a very fast pace, that is fine although it is best to let nature take its course.

To make sure relationships with loved ones go as smoothly as possible during the year of the Tiger, I would recommend placing a [Dezhi Nianqian wish and romance enhancer](#) in the southeast from the 3rd of February 2022 to the 3rd of February 2023.

Social and family life for the Rat in 2022

Social and family life is looking to bring a great deal of joy into the Rats life in 2022 and they should find that they are rarely without plans during the Tiger year. It is important that the Rat sets a good balance between all areas of their life early on in the year if they are to manage their time well with regards to friends and loved ones.

With the Rat likely to be busy during 2022, they should aim to dedicate time to those who they feel are important to them and try to make extra effort to stay in contact; even a text message or phone call will go a long way this year and the Rat should try to remember to make the effort to check in on others.

Travel is looking to be an important part of the Rats life in 2022 and they can really benefit from taking a trip somewhere during the Tiger year. It will be really beneficial if the Rat can plan a trip with loved ones as this will help combine plans and allow the Rat to spend some really quality time with the important people in their life. It is worth noting that the Rat should not go over their budget when planning a trip as this will allow them to make the most of their finances and enjoy their time away.

The Rats home life can see a lot of progress and for the handy Rat, they should be able to get a lot done over the next twelve months if they have changes, they wish to make around the home. In order to fully benefit from renovations and upgrades, the Rat will need to spend time researching costs, timelines and requires skills before starting a project as this will certainly save them a great deal of time and money in the long run; the Tiger year is not the time to rush into anything!

For the Rat looking to grow their family in the Tiger year, they would be wise to follow the advice here before committing to a baby and try to make sure that finances, career, relationship and health all allow for a new addition to the household. A new born will very unlikely be smooth sailing although if the Rats life allows, a child can prove a welcome addition to their life in 2022.

The Rats social life is also looking to be a busy area of their life this year, and they should find that they are in high demand with friends in 2022. The Rat can offer some very valuable advice and support to friends and loved ones this year and should keep an eye out for a friend in need.

Overall synopsis for the Rat in 2022

The year of the Tiger is looking to be a busy time for the Rat and they should make sure that they manage their time well in order to fully benefit from what the Tiger year has to offer.

The Rats career and social life are looking to be highlights of the year and they should also aim to travel when possible as this will bring a lot of joy and downtime. The Rat should keep watch on their mental health in 2022 and ensure they take time out to relax and unwind when it is most needed.

As a Rat, you are in affinity with the Ox. For your protection, you should have a **key chain pendant of an Ox**, or a [Gold plated Chinese Animal protection Talisman of an Ox](#) with you at all times throughout the year in 2022.

Your lucky sectors: (astrological zone) is the North (352.5° - 7.5°) of the home or office and as the north is afflicted with the Three Killings this year, make sure it is not disturbed with too much groundwork. For full details on **[2022 Flying star analysis follow this link.](#)**

If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions. If you

are unsure of your Gua and best directions follow [this link](#) or maybe consider using our [Feng Shui software 2022](#) that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [Feng Shui software 2022](#): it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

How to enhance wealth, luck, business and career for the Rat in 2022:

The most powerful and influential cure and enhancer for 2022 is the [Chongyi Changnian Master Cure](#). this cure can only to be used in a Yang Water Tiger (Ren Yin) year. The last time that this powerful cure and enhancer would have been used was in 1962 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The [Chongyi Changnian Master Cure](#) is placed in the northeast of a home or business to protect and enhance wealth and good luck during 2022 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business. They would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the square earth plate with a powerful Taoist inscription for the Ren Yin year, which would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2022 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special brass wealth ingot, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which has flown into it's inherent palace of the Lo Shu in the northeast in 2022, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2022, we included it standard in all our [2022 cures and enhancers kits](#). If you follow this link, you will find full details [2022 flying star analysis follow this link](#).

How to enhance romance for the Rat in 2022:

Romance, academic, relationship, and creative studies can be enhanced in the southeast (#4 star) and northeast (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The southeast has the powerful #4-star fly in 2022 to it's inherent palace, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that we have the annual #4 star fly into its inherent palace of the Lo Shu in the southeast, making this a fantastic area to enhance for relationships, study and overall luck. The most powerful cure you can use in the southeast this year is a [Dezhi Nianqian wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2022 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the southeast, please be aware that in the months of July and October, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

How can the Rat avoid bad luck in 2022?

We have the #3 star enter the east in 2022 which has flown back to its inherent palace of the Lo Shu for the year, making this a troublesome area, and we are going to need special cures and enhancers in the east to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the southwest and centre in 2022 to control and weaken the annual #2 and #5 stars.

For full details on [2022 flying star analysis follow this link](#). This is very important especially if you have the main door, bedroom, office, lounge or other important room in the southwest, east, west or centre.

This is just a small part of what you can do to ensure 2022 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2022 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

The Three Killings – north (322.5 - 37.5)

You must avoid making any form of noisy renovations or re-decorative work in the north part of your home or office between the 3rd of February 2022 and 3rd of February 2023. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the north in 2022, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 41 years when this energy has been disturbed.

There are also two other rules that you should follow regarding the Three Killings in 2022. Firstly, if you are moving your desk around this year, never sit with your back towards the north, it is better to face north instead.

If you have a door in the north in 2022, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2022 would be to [Jin Shu Da Xiang silver coloured Elephant](#) in the north from the 3rd February 2022 to the 3rd February 2023.

Urgent repairs to your home or office in the north will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out, or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work.

Annual #5 yellow Flying star – central palace and of course, this has no compass degrees.

From the 3rd of February 2022, the annual five yellow star flies into the central palace of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to tread carefully during the year of the Tiger.

It is highly recommended that you keep the centre of your home or office calm and settled as often as possible during 2022 to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the centre to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the centre of your home or office during 2022 is to place a set of six Chinese coins tied with red ribbon in your building to weaken and appease the annual #5 yellow star, which is why we have included in all of [our Annual cures and enhancers kits this year](#).

Please do not panic if the north, southwest, centre or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your [2022 cures and enhancers kit](#) from the 3rd February to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2022 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

Tai Sui (The Grand Duke of Jupiter) – northeast (52.5 - 67.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Tiger, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2022 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels

low. The traditional Chinese method to appease Tai Sui is to place a [He E Gold Plated Tai Sui Plaque](#) along with a [Chongyi Changnian master cure](#) to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

Sui Po (Year Breaker) – Southwest (232.5 ° -247.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2022 will be in the southwest, which also houses the annual 2 bad luck star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction, so please avoid too much noise in the southwest and avoid ground-breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

2022 Chinese Animal Predictions for the Ox

What does 2022 have in store for the Ox?

The year of the Tiger may bring a quicker pace than the Ox is used to and they may find themselves catching up with certain tasks at times throughout the year although if they are able to manage their time well and remain focused, they can enjoy a lot of great successes in 2022.

Health for the Ox in 2022

The Oxen's health is looking to be stable and of little worry in 2022 although they may find themselves suffering from troubled sleep and minor allergies throughout the year, especially during times of stress.

The Ox should aim to focus on their mental wellbeing during 2022 as they could find themselves suffering from mood fluctuations during the Tiger year; stress and anger can bring the Oxen distress if they do not learn to manage both of these early on in the year. By practising something such as meditation or mindfulness, the Oxen can really improve their mental health during 2022 and could see themselves in a much better place.

Although there are no major health issues for the Ox in 2022, it is always wise to practise good eating habits and to take regular exercise as this will help the Ox avoid minor bugs and illnesses. Oxen born in 1937, 1961 and 1997 will especially benefit from regular exercise and stress relief during 2022.

Work and career for the Ox in 2022

The Oxen's work life will likely see a lot of changes take place this year with changes to shifts, management, schedules and day to day running as the Tiger year can bring new developments all throughout the year in the work place.

If the Ox is able to adapt to the new routines at work, they can make a lot of advancements in 2022 although to fully benefit, they will need to apply a little extra energy to their career this year.

The Ox can really benefit from seeking advice and help from co-workers when it is needed in 2022 as this will clear up any confusion and free up a lot of time for the Oxen

to focus on other projects and tasks. The Ox should try to avoid office gossip this year as it can cause others to lose trust in them.

Those who are looking to change career in 2022 and those looking for work in general can benefit from learning additional skills this year as this can help them find employment in new areas. Any Oxen who are looking to start up their own business during the Tiger year will need to spend a lot of time researching before committing to a change as they may encounter obstacles along the way due to lack of preparation so for any Oxen who do decide to start a new company, research will help a great deal.

Finances for the Ox in 2022

The Oxen's finances will require some care and to make the most of their money this year, they will need to keep a close watch on their spending and avoid unnecessary purchases when possible as this will allow them to put their money to better use.

When making big purchases this year, it is wise for the Ox to seek professional advice before signing any contracts as there is a risk of the Oxen overlooking important details that could bring complications to transactions. It is best to avoid making unnecessary purchases that cannot be afforded such as a new TV if the old one is still working.

If the Oxen is able to avoid too many impulse purchases this year and is wise with how they spend their money, they can put their finances to good use and have little to worry about during the Tiger year where money is concerned.

I would recommend placing a [Chongyi Changnian Master cure and enhancer](#) in the northeast of the home and office in 2022 as we have the annual #8 star fly into its inherent palace and we can benefit from double wealth luck here in 2022 which will make sure that wealth prospects are as good as they can be in the year of the Tiger.

Relationships for the Ox in 2022

The Oxen's love life is looking to see some changes and there will be many who advance to the next stage of their relationship this year. With change happening in the Oxen's love life this year, they will need to be adaptable to new experiences and situations in order to avoid disagreements and trouble.

Any Oxen who experience mental health issues would be wise to discuss this with their partner as they should find that this will both bring a lot of help and support for the Oxen and also help their partner understand why their mood may have recently changed. Overall, the Oxen's love life is looking promising in the Tiger year although good communication will help strengthen their relationship.

This is a good year for marriage for the Ox although it is important that this should only be done if finances allow so.

Single Oxen should be able to start a significant relationship with someone new this year and in order to fully benefit and help the relationship grow, the Ox should be willing to try new things that would ordinarily be out of their comfort zone.

To make sure relationships with loved ones go as smoothly as possible during the year of the Tiger, I would recommend placing a [Dezhi Nianqian wish and romance enhancer](#) in the southeast from the 3rd of February 2022 to the 3rd of February 2023.

Social and family life for the Ox in 2022

The Oxen's social life is looking promising this year and the Ox can get a lot of joy out of spending time with friends and loved ones. The Ox will need to put some extra energy into certain relationships with others this year although this can really help strengthen relationships with those who are closest to the Ox.

It is important that the Ox avoids gossip and rumours among friends and loved ones as this will bring a lack of trust from others. Any Oxen who are able to stay away from gossip this year will likely gain a lot of respect and trust from their friends.

The Oxen's home life is looking to be an area of their life that brings them great joy this year and they should make sure that they dedicate time and attention to their family. The Ox likes structure and regularity and their home life should provide them with this in the year of the Tiger which will allow the Ox to recharge and unwind.

The Ox can benefit from learning new skills and should aim to try out something new regularly. New hobbies and interests will help the Ox relax and also put them in contact with new people during the Tiger year.

Overall synopsis for the Ox in 2022

The year of the Tiger is looking to be a promising one for the Ox and they should find that with careful planning and a willingness to adapt, they can really enjoy what 2022 brings their way.

As an Ox, you are in affinity with the Rat (he has your back this year). For your protection, you should have a **[key chain pendant of a Rat](#)**, or a **[Gold plated Chinese Animal protection Talisman of a Rat](#)** with you at all times throughout the year.

How to enhance wealth, luck, business and career for the Ox in 2022:

The most powerful and influential cure and enhancer for 2022 is the **[Chongyi Changnian Master Cure](#)**. this cure can only to be used in a Yang Water Tiger (Ren Yin) year. The last time that this powerful cure and enhancer would have been used was in 1962 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The **[Chongyi Changnian Master Cure](#)** is placed in the northeast of a home or business to protect and enhance wealth and good luck during 2022 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business. They would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the square earth plate with a powerful Taoist inscription for the Ren Yin year, which would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2022 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special brass wealth ingot, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which has flown into its inherent palace of the Lo Shu in the northeast in 2022, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2022, we included it standard in all our [2022 cures and enhancers kits](#). If you follow this link, you will find full details [2022 flying star analysis follow this link](#).

How to enhance romance for the Ox in 2022:

Romance, academic, relationship, and creative studies can be enhanced in the southeast (#4 star) and northeast (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The southeast has the powerful #4-star fly in 2022 to its inherent palace, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that we have the annual #4 star fly into its inherent palace of the Lo Shu in the southeast in 2022, making this a fantastic area to enhance for relationships, study and overall luck. The most powerful cure you can use in the southeast this year is a [Dezhi Nianqian wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2022 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the southeast, please be aware that in the months of July and October, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

How can the Ox avoid bad luck in 2022?

We have the #3 star enter the east in 2022 which has flown back to its inherent palace of the Lo Shu for the year, making this a troublesome area, and we are going to need special cures and enhancers in the east to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the southwest and centre in 2022 to control and weaken the annual #2 and #5 stars.

For full details on [2022 flying star analysis follow this link](#). This is very important especially if you have the main door, bedroom, office, lounge or other important room in the southwest, east, west or centre.

This is just a small part of what you can do to ensure 2022 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2022 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

The Three Killings – north (322.5 - 37.5)

You must avoid making any form of noisy renovations or re-decorative work in the north part of your home or office between the 3rd of February 2022 and 3rd of February 2023. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the north in 2022, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 41 years when this energy has been disturbed.

There are also two other rules that you should follow regarding the Three Killings in 2022. Firstly, if you are moving your desk around this year, never sit with your back towards the north, it is better to face north instead.

If you have a door in the north in 2022, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2022 would be to [Jin Shu Da Xiang silver coloured Elephant](#) in the north from the 3rd February 2022 to the 3rd February 2023.

Urgent repairs to your home or office in the north will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out, or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work.

Annual #5 yellow Flying star – central palace and of course, this has no compass degrees.

From the 3rd of February 2022, the annual five yellow star flies into the central palace of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to tread carefully during the year of the Tiger.

It is highly recommended that you keep the centre of your home or office calm and settled as often as possible during 2022 to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-Ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the centre to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the centre of your home or office during 2022 is to place a set of six Chinese coins tied with red ribbon in your building to weaken and appease the annual #5 yellow star, which is why we have included in all of [our Annual cures and enhancers kits this year](#).

Please do not panic if the north, southwest, centre or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your [2022 cures and enhancers kit](#) from the 3rd February to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2022 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

Tai Sui (The Grand Duke of Jupiter) – northeast (52.5 - 67.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Tiger, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2022 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [He E Gold Plated Tai Sui Plaque](#) along with a [Chongyi Changnian master cure](#) to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

Sui Po (Year Breaker) – Southwest (232.5 ° -247.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2022 will be in the southwest, which also houses the annual 2 bad luck star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction, so please avoid too much noise in the southwest and avoid ground-breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

2022 Chinese Animal Predictions for the Tiger

What does 2022 have in store for the Tiger?

2022 will be the year of the Tiger and from previous experience and research, the Tiger is looking to have a fantastic year overall with a lot to look forward to and many advancements to be made in different areas of their life.

You may have read on some Feng Shui websites that the Tiger faces what is known as Ben Ming Nian – The Twelve-Year Curse (本命年) in 2022 as the Chinese believe that every twelve years, a person has a year of transformation and change. It is thought that this period that happens every twelve years for every animal will bring about much stress and discomfort.

This will occur for every Chinese animal when they are twelve years old, twenty-four, thirty-six, forty-eight, sixty, seventy-two, and eighty-four years old and if you're one of the lucky ones you will see eighty-four and ninety-six and if you are fortunate you will see your one hundred and eight years of age.

According to Chinese belief, the Ben Ming Nian year is a year of bad luck. Most Chinese people are afraid of this energy as they see it as unlucky and it is believed that the people during the Ben Ming Nian are easy to encounter Tai Sui who is the fabled God in charge of people's fortune.

Now Michael has been practising Feng Shui for around 40 years, and bases everything on fact, and has had FIVE Ben Ming Nian years. Except for when he was 12 years old (cannot remember what happened in that year, certainly nothing terrible) he cannot recall any Ben Ming Nian year that brought him (or anyone else) any misfortune, so I take this as more superstition than a real Feng Shui Masters belief.

Health for the Tiger in 2022

Health is looking to go well overall for the Tiger in 2022 and apart from minor bugs and illness, there is nothing major to worry about this year. Any Tigers with existing conditions will still need to keep a watch on their health and can benefit from spending time researching their condition.

The Tiger can really benefit from taking part in more active hobbies this year as this can help their physical and mental wellbeing and also bring new connections into their life although I will talk more about this below.

The Tigers physical and mental health can benefit from taking a slower pace throughout the year as they could find themselves feeling burned out due to taking on too much. During times of stress, the Tiger will benefit from taking time out, when possible, to relax and recharge.

Work and career for the Tiger in 2022

The Tigers work life is looking very promising during 2022 and there will be many Tigers who make some big changes for the better with regards to their career. The year of the Tiger tends to bring a lot of changes to work life and for the Tiger in his own year, they should be able to fully benefit from this influence and grow in their current role.

Those who are well established in their current work place could see new opportunities come their way in 2022 which can lead to a higher role and greater responsibilities. It is important that the Tiger focuses on the task at hand this year and does not become distracted in the work place.

Those looking to change career and those looking for work in general should be able to find a new position with ease in a role with great promise for the future. The Tiger will need to remain alert when searching and also seek advice from others as they could be made aware of an opportunity by chance.

Finances for the Tiger in 2022

The Tigers finances are looking to go well in 2022 and they should find that they can put their money to good use throughout the year. With promotions and added responsibilities likely to take place in their work life, there will be many Tigers who see additional income this year.

With regards to spending, the Tiger would be wise to avoid too many unnecessary purchases during 2022 and would benefit from setting money aside in a savings account to be used when it is needed; this will allow the Tiger to avoid taking out a loan with interest rates and will put them in a much better financial position in future years.

When making major purchases this year, the Tiger should make sure that they do not rush into anything as this could cause them to spend more than is needed. The Tiger can save a considerable sum when they dedicate time and energy into research before making any big purchases.

I would recommend placing a [Chongyi Changnian Master cure and enhancer](#) in the northeast of the home and office in 2022 as we have the annual #8 star fly into its inherent palace and we can benefit from double wealth luck here which, will make sure that wealth prospects are as good as they can be in the year of the Tiger.

Relationships for the Tiger in 2022

The Tigers love life will need some care and attention in 2022 as there is risk of disputes although with care and attention, the Tiger can avoid a lot of problems and still enjoy a rewarding love life this year.

The Tiger may find a lot of changes take place in their love life and they will need to remain calm when things suddenly go a different direction as this will avoid conflict with their partner. An example of this would be if the Tiger had arranged to sell their current home and their partner suddenly changed their mind; by stepping back and think why their partner changed their mind and discussing it with them, they can see the bigger picture and work on a resolution together.

Marriage prospects are looking promising for the Tiger and for those getting married this year, it is important that they remain calm when planning the wedding as this can be a stressful time.

Single Tigers are looking to have an exciting time this year and could find themselves meeting someone new although they may have several casual relationships before one leads to something more significant.

To make sure relationships with loved ones go as smoothly as possible during the year of the Tiger, I would recommend placing a [Dezhi Nianqian wish and romance enhancer](#) in the southeast from the 3rd of February 2022 to the 3rd of February 2023.

Social and family life for the Tiger in 2022

The Tigers family life should bring a lot of joy into their life and they will be able to accomplish a lot around the home in 2022. The Tiger should avoid making any hasty decisions around the home as they will have a lot more success when they take the time to consider options for projects and alterations.

The Tiger will have a lot of celebrations and successes to enjoy in and around the home which will bring a great deal of joy into their life and also help strengthen bonds with family members.

This is a great year for the Tiger to welcome a new life into the world and those who have been discussing having a baby should consider taking steps towards this in 2022. It is worth noting that the Tiger should only consider a baby if it is a mutual decision as one person not being on board could lead to arguments.

The Tigers social life is also looking very promising and they will have many social occasions to look forward to throughout the year. The tiger can gain a lot of joy and support from friends and loved ones and should aim to stay in touch with those who they feel are important to them.

Overall synopsis for the Tiger in 2022

Overall, this is looking to be a very enjoyable and rewarding year for the Tiger with lots of areas of their life seeing positive developments being made. The Tiger should aim to spend time with loved ones and family as this can bring a lot of joy to their life.

Tai Sui (The Grand Duke of Jupiter) – northeast (52.5 - 67.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Tiger, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2022 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [He E Gold Plated Tai Sui Plaque](#) along with a [Chongyi Changnian master cure](#) to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

Sui Po (Year Breaker) – Southwest (232.5 ° -247.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2022 will be in the southwest, which also houses the annual 2 bad luck star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction, so please avoid too much noise in the southwest and avoid ground-breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to

the elderly, so please be very careful with the southwest of your home or office this year.

2022 Chinese Animal Predictions for the Rabbit

What does 2022 have in store for the Rabbit?

The Rabbit is looking to have a rewarding and enjoyable year of the Tiger and while there will be certain areas of the Rabbits life that require a little more care and attention, they should find that they are able to overcome obstacles and turn them into successes this year.

Health for the Rabbit in 2022

The Rabbit's health is looking to be fairly smooth although it is important that if they are not feeling themselves, they seek professional advice or speak to someone about their worries rather than sitting on it and hoping it will go away. Taking action early this year will help the Rabbit to avoid something small becoming something bigger and save them a lot of trouble; this also applies to all other areas of the Rabbits life this year.

The Rabbit can really benefit from taking time out to research better lifestyle options this year and this will prove extremely valuable to older Rabbits born in 1915, 1927, 1939 and 1951. For example, an older Rabbit that had aching knees and joint should spend some time researching gentle exercises and supplements that could help relieve this as they should soon see the benefits.

I say this to each of the twelve animals every year but one of the best investments a Rabbit can make towards their future health is to try and become more active as this will help improve mental and physical health prospects and can bring positive changes to other aspects of their life.

The Tiger year is looking to be a fast paced one and the Rabbit can benefit from de-stressing during tense and busy times.

Work and career for the Rabbit in 2022

The Rabbits career life is looking to move at a faster pace this year and they may find themselves feeling run down at times, although if they are able to relax during downtime, they should find that they are able to manage their work load well and make advancements in their career; this is especially so for male Rabbits this year.

The Rabbit may come across obstacles in their daily work life in 2022 although these should prove to be fairly small and the Rabbit should be able to overcome these with ease, proving their efficiency and dedication to their superiors.

During the year of the Tiger, the Rabbit may encounter co-workers distracting them from their work and they will need to find a good balance between helping others and avoiding time wasters this year. For the Rabbit that works hard and focuses on the task at hand, they can make a lot of progress in their career in 2022.

Those looking to change career and those looking for work in general should be able to find a good role although they may find that they end up having to travel further than they were hoping to; this can prove beneficial to the Rabbit and could lead to some exciting opportunities in other areas of their life such as meeting new people.

Finances for the Rabbit in 2022

Finances are looking promising for the Rabbit in the year of the Tiger and they should find that they can put their money to good use by making some wise purchases and investments although it is always wise for the Rabbit to spend time considering their options before going ahead with a significant purchase.

The Rabbit will benefit from keeping watch over their monthly outgoings and checking throughout the year to see if there is anything that can be cancelled in order to keep monthly costs down as this will help free up some money for other purchases.

I would recommend placing a [Chongyi Changnian Master cure and enhancer](#) in the northeast of the home and office as we have the annual #8 star fly into its inherent palace and we can benefit from double wealth luck here in 2022 which will make sure that wealth prospects are as good as they can be in the year of the Tiger.

Relationships for the Rabbit in 2022

Love life is looking to go very well for the Rabbit and they should find that their relationship is fairly smooth sailing throughout 2022 although problems in other areas of their life such as financial issues could cause disagreements so it is important that the Rabbit remains calm during heated discussions.

There will be some Rabbits who get married this year which can go very well and to make this an easy and stress-free experience, they would be wise to double check costs and paperwork before committing to something.

Single Rabbits can look forward to very good luck when it comes to their love life in the year of the Tiger as they should find that they are put in contact with many new people throughout the year and the Rabbit will likely see many romantic proposals, sometimes in the most unexpected of places.

To make sure relationships with loved ones go as smoothly as possible during the year of the Tiger, I would recommend placing a [Dezhi Nianqian wish and romance enhancer](#) in the southeast from the 3rd of February 2022 to the 3rd of February 2023.

Social and family life for the Rabbit in 2022

The Rabbits home life is looking to be a very rewarding part of their life in 2022 and they should find that there is a lot going on around the home during the year. The Rabbit may feel that their home life is a little too busy at times although they should be able to manage their time well and overcome any busy schedules.

With the year of the Tiger looking to be such a busy year with regards to the Rabbits home life, a new addition to the household may come with added stress although if the Rabbit and their household are able to prioritise the more important things in life, they will be able to make this work and can welcome a new baby into the home.

The Rabbits social life is looking to be an extremely busy part of their life and they should find that they are regularly invited to events and get together throughout 2022. The Rabbit will likely meet a lot of new people this year and some will become close friends as the year progresses.

As this is looking to be such a busy time for the Rabbits home and social life, they will be able to strengthen relationships with friends and loved ones during the year of the Tiger

and can offer a lot of help and advice to those who they value. It is important that the Rabbit makes time to stay in touch with their friends and loved ones this year as this can prove helpful to both the Rabbit and the other person.

Overall synopsis for the Rabbit in 2022

Overall, the year of the Tiger is looking very promising for the Rabbit and although this looking to be a very busy year, they should find that with good time management, they are able to enjoy what 2022 has to offer.

How to enhance wealth, luck, business and career for the Rabbit in 2022:

The most powerful and influential cure and enhancer for 2022 is the [Chongyi Changnian Master Cure](#). this cure can only to be used in a Yang Water Tiger (Ren Yin) year. The last time that this powerful cure and enhancer would have been used was in 1962 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The [Chongyi Changnian Master Cure](#) is placed in the northeast of a home or business to protect and enhance wealth and good luck during 2022 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business. They would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the square earth plate with a powerful Taoist inscription for the Ren Yin year, which would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2022 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special brass wealth ingot, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which has flown into it's inherent palace of the Lo Shu in the northeast in 2022, making this an extremely

powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2022, we included it standard in all our [2022 cures and enhancers kits](#). If you follow this link, you will find full details [2022 flying star analysis follow this link](#).

How to enhance romance for the Rabbit in 2022:

Romance, academic, relationship, and creative studies can be enhanced in the southeast (#4 star) and northeast (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The southeast has the powerful #4-star fly in 2022 to its inherent palace, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that we have the annual #4 star fly into its inherent palace of the Lo Shu in the southeast in 2022, making this a fantastic area to enhance for relationships, study and overall luck. The most powerful cure you can use in the southeast this year is a [Dezhi Nianqian wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2022 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the southeast, please be aware that in the months of July and October, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

How can the Rabbit avoid bad luck in 2022?

We have the #3 star enter the east in 2022 which has flown back to its inherent palace of the Lo Shu for the year, making this a troublesome area, and we are going to need special cures and enhancers in the east to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the southwest and centre in 2022 to control and weaken the annual #2 and #5 stars.

For full details on [2022 flying star analysis follow this link](#). This is very important especially if you have the main door, bedroom, office, lounge or other important room in the southwest, east, west or centre.

This is just a small part of what you can do to ensure 2022 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2022 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

The Three Killings – north (322.5 - 37.5)

You must avoid making any form of noisy renovations or re-decorative work in the north part of your home or office between the 3rd of February 2022 and 3rd of February 2023. You should not disturb the ground by digging holes (small holes for plants is fine), build foundations or conduct any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the north in 2022, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 41 years when this energy has been disturbed.

There are also two other rules that you should follow regarding the Three Killings in 2022. Firstly, if you are moving your desk around this year, never sit with your back towards the north, it is better to face north instead.

If you have a door in the north in 2022, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or install a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2022 would be to [Jin Shu Da Xiang silver coloured Elephant](#) in the north from the 3rd February 2022 to the 3rd February 2023.

Urgent repairs to your home or office in the north will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out, or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work.

Annual #5 yellow Flying star – central palace and of course, this has no compass degrees.

From the 3rd of February 2022, the annual five yellow star flies into the central palace of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to tread carefully during the year of the Tiger.

It is highly recommended that you keep the centre of your home or office calm and settled as often as possible during 2022 to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the centre to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the centre of your home or office during 2022 is to place a set of six Chinese coins tied with red ribbon in your building to weaken and

appease the annual #5 yellow star, which is why we have included in all of [our Annual cures and enhancers kits this year](#).

Please do not panic if the north, southwest, centre or northeast of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your [2022 cures and enhancers kit](#) from the 3rd February to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. Tai Sui (The Grand Duke of Jupiter) – northeast (52.5 - 67.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Tiger, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2022 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [He E Gold Plated Tai Sui Plaque](#) along with a [Chongyi Changnian master cure](#) to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

2022 Chinese Animal Predictions for the Snake

What does 2022 have in store for the Snake?

The year of the Tiger may bring some challenges into the Snakes life and they will likely encounter some obstacles in 2022 although if they are adaptable and able to work around sudden changes, they can turn the year into a successful and enjoyable one with lots to look forward to.

Health for the Snake in 2022

The Snake should not have anything significant to worry about during the year of the Tiger with regards to health and while they may have the occasional bug, there is nothing serious predicted although this will depend on existing medical conditions. Those who have been suffering from an existing illness can really benefit from researching their condition this year as this could provide new options and routes of treatment.

The Snake is at risk of minor cuts and accidents this year so it is always wise to apply care when handling dangerous objects or around dangerous environments. Anyone who works with dangerous machinery such as a tree surgeon should aim to check their safety equipment and invest in new gear if necessary.

The Snake will need to keep an eye on their mental wellbeing during 2022 as Tiger years can bring stress and worry into their life and they will need to manage this well throughout the year. The Snake can benefit from practising meditation or even just taking time out from their busy schedule to relax, read a book or go for a walk as this will prove very helpful to the Snakes wellbeing. Help from others will go a very long way

for the Snake and they should make sure they speak to a professional, loved one or friend when necessary.

Work and career for the Snake in 2022

The Snakes work life will likely see a lot of changes take place this year and they will need to adapt quickly in order to stay ahead. Tiger years can bring a lot of change and the Snake may feel uneasy with this although if they can familiarise themselves with new systems and schedules early on, they will be able to use this to their advantage and learn new skills and make advancements in their career.

The Snake can receive a lot of help from others and this especially the case in the workplace. If the Snake is ever feeling in doubt with decisions that need to be made in the work place or are struggling with new technology at work, they should seek the advice of co-workers as this will allow them to save a lot of time and strengthen relationships with others.

Those who are looking to change career and those looking for work in general may need to broaden their horizons and research how their skills can be put to use in different sectors as this will help them find a new role quicker. The Snake may find that the job searching process takes longer than recent years although if they are persistent and do not lose hope, they should land themselves in a good position this year.

Finances for the Snake in 2022

The Snakes finances will require some care and attention during the year of the Tiger as the Snake may find that repairs and renovations are needed around the home in 2022. In order to manage their finances well and make their money go far, the Snake will benefit from taking their time to research purchases and consider their options before committing.

This is a great time for the Snake to put money aside for a rainy day when possible as this will help them to relive pressure for any unexpected expenses that could come up during 2022. One area that the Snake could benefit from spending some money on during the year of the Tiger is to take a trip; this could prove really beneficial to their life and will give them time to relax and clear their head, especially in stressful times.

I would recommend placing a [Chongyi Changnian Master cure and enhancer](#) in the northeast of the home and office in 2022 as we have the annual #8 star fly into its inherent palace and we can benefit from double wealth luck here in 2022 which will make sure that wealth prospects are as good as they can be in the year of the Tiger.

Relationships for the Snake in 2022

The Snakes love life is looking promising for those who are in an existing relationship as long as they practise good communicational skills during the year of the Tiger. The Snake can get a great deal of support from their partner and would be wise to discuss any issues or plans they have as this will help strengthen their relationship.

The Snake should try to plan events with their partner this year as this will allow the Snake to spend quality time with their partner and make some great memories. If finances allow, the Snake can benefit from taking a trip together.

Those looking to expand their family during the year of the Tiger will need to spend some time considering their lifestyle before deciding on such a big commitment.

Snakes looking for love may need to put a little extra energy into their search as they may find it harder to find a partner during the year of the Tiger. If the Snake is able to be more socially active in 2022, they will greatly increase their chances of finding a partner.

To make sure relationships with loved ones go as smoothly as possible during the year of the Tiger, I would recommend placing a [Dezhi Nianqian wish and romance enhancer](#) in the southeast from the 3rd of February 2022 to the 3rd of February 2023.

Social and family life for the Snake in 2022

The Snakes home life is looking to go well and to fully enjoy their time around the home, the Snake should aim to plan lot of activities and events with their family members as this will bring a lot of joy to all and help to strengthen the family's bond.

The Snake may find themselves having to make repairs and renovations during the year of the Tiger and should aim to set money aside throughout the year for any surprised that pop up. It would be wise for the Snake to perform some regular maintenance on old equipment in the home before the Chinese New Year starts such as a boiler to make sure that everything is running as it should be.

The Snakes social life is looking to be a very busy part of their life and they should try to take part in social events and get together as much as possible as this will prove to bring a lot of joy and relaxation to their life during the year of the Tiger.

The [Chongyi Changnian Master Cure](#) is placed in the northeast of a home or business to protect and enhance wealth and good luck during 2022 for all occupants of the building.

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Tiger, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2022 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [He E Gold Plated Tai Sui Plaque](#) along with a [Chongyi Changnian master cure](#) to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2022 will be in the southwest, which also houses the annual 2 bad luck star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction, so please avoid too much noise in the southwest and avoid ground-breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

2022 Chinese Animal Predictions for the Goat/Sheep/Ram

What does 2022 have in store for the Goat/Sheep/Ram?

The year of the Tiger is looking to be a lovely year for the Goat and there will be many who enjoy great successes during the next twelve months. This is a great time for the Goat to work hard and reap the rewards that the Tiger year can bring into their life.

Health for the Goat in 2022

The Goat is looking to have a fairly carefree year with regards to health during the year of the Tiger although it is always wise to make sure that the annual Flying stars of their home and work place are in order as this can still cause issues. Any Goats with existing medical conditions can benefit from spending some time doing some research on this during 2022 as they could find new options and treatment through their efforts.

The Goat can benefit from becoming more active during the year of the Tiger, especially if they tend to lead a fairly inactive lifestyle. This is a great time for the Goat to try new activities and hobbies as this could unlock new passion in their life which will lead to benefits and opportunities in other areas.

During times of stress, it is important that the Goat takes time out to unwind and refresh their batteries as this will help them produce their best results and enjoy what they are doing.

Work and career for the Goat in 2022

The Goats work life is looking very promising in 2022 and those who have been feeling deflated and neglected in the work place should soon feel a change of energy shortly after the Tiger year begins.

The Goat should find that they are able to finalise long term projects during 2022 and also begin many new goals which can bring promising results over the next twelve months. The year of the Tiger is likely to bring rewards and opportunities into the Goats work life and they would be wise to take advantage of this influence.

Those looking to change career and those looking for work in general can have a lot of luck this year and should aim to do some research into different roles and companies where their skills can be put to use. The Goat should find themselves gaining employment in a good position with a lot of promise for future years.

Finances for the Goat in 2022

With the Goats work life looking so promising in 2022, it is likely that there will be many Goats who benefit from additional income in the Tiger Year and they should find that they are able to put this to good use in different areas of their life.

The Goat can make some great purchases this year although it is always wise to research pricing and conditions as this will help the Goat get the best price and set money aside for other purchases this year. When making a large purchase such as a house or car, the Goat can do well with getting a good price and the terms they hope for when they spend time going through their options, rather than rushing into something.

I would recommend placing a [Chongyi Changnian Master cure and enhancer](#) in the northeast of the home and office in 2022 as we have the annual #8 star fly into its inherent palace and we can benefit from double wealth luck here in 2022 which will make sure that wealth prospects are as good as they can be in the year of the Tiger.

Relationships for the Goat in 2022

The Goats love life is looking to go very well in 2022 and those who went through a troublesome year in 2021 should find that the year of the Tiger brings a much more settled and exciting love life for the Goat with a lot of Goats laying solid foundations with their partner over the next twelve months and taking their relationship to the next level.

Single Goats can look forward to a very rewarding and exciting love life in 2022 and those looking for love would benefit from keeping active in their search by socialising

more and signing up to dating apps and websites as this can help broaden their search a great deal.

To make sure relationships with loved ones go as smoothly as possible during the year of the Tiger, I would recommend placing a [Dezhi Nianqian wish and romance enhancer](#) in the southeast from the 3rd of February 2022 to the 3rd of February 2023.

Social and family life for the Goat in 2022

The Goats home life is looking to bring a lot of joy and excitement into their life during the year of the Tiger and they should make sure they are at home to enjoy it! The Goat can benefit from spending time at home with their partner and children this year as they are likely to make some very special memories with their family.

The Goats home is looking to see a lot of activity and to benefit the most, they should aim to take on one task at a time with regards to renovations and upgrades as they may find themselves overwhelmed when taking on too much at one time.

Any goats who are looking to add an additional member to their household this year can welcome a Tiger child into the home and gain a lot of joy from having a new baby around and while the Tiger and Goat are not the perfect match, this combination can still work well. In a parent and child relationship relations can sometimes be a bit unpredictable. The young Tiger has a lot of love for their parent but can be quite a handful for their Goat parent. The young Goat requires a lot of gentle encouragement and support, the Tiger parent must be willing to accept and enforce this for the relationship to be kept peaceful.

The Goats social life is looking to be a lovely area of their life in 2022 and they should try to take part in activities and meet up with friends regularly throughout the year. The Goat should find themselves being put in touch with new people and should aim to get to know someone new before they decide they don't have an interest in them as some unexpected people could end up long term friends this year.

How to enhance wealth, luck, business and career for the Goat in 2022:

The most powerful and influential cure and enhancer for 2022 is the **Chongyi Changnian Master Cure**. this cure can only to be used in a Yang Water Tiger (Ren Yin) year. The last time that this powerful cure and enhancer would have been used was in 1962 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The **Chongyi Changnian Master Cure** is placed in the northeast of a home or business to protect and enhance wealth and good luck during 2022 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business. They would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the square earth plate with a powerful Taoist inscription for the Ren Yin year, which would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2022 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special brass wealth ingot, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which has flown into it's inherent palace of the Lo Shu in the northeast in 2022, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2022, we included it standard in all our **2022 cures and enhancers kits**. If you follow this link, you will find full details **2022 flying star analysis follow this link**.

While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The southeast has the powerful #4-star fly in 2022 to its inherent palace, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that we have the annual #4 star fly into its inherent palace of the Lo Shu in the southeast in 2022, making this a fantastic area to enhance for relationships, study and overall luck. The most powerful

cure you can use in the southeast this year is a [Dezhi Nianqian wish and romance enhancer](#).

How can the Goat avoid bad luck in 2022?

We have the #3 star enter the east in 2022 which has flown back to its inherent palace of the Lo Shu for the year, making this a troublesome area, and we are going to need special cures and enhancers in the east to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the southwest and centre in 2022 to control and weaken the annual #2 and #5 stars.

If you have no option but to perform work in the north in 2022, I would strongly recommend that you place a [six hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 41 years when this energy has been disturbed.

2022 Chinese Animal Predictions for the Monkey

What does 2022 have in store for the Monkey?

With the Monkey being the conflict animal in the year of the Tiger, I am sure that there will be many Monkeys who are not looking forward to 2022, although I am optimistic that if they follow the advice below, they can still enjoy a lovely year and overcome many obstacles. My wife's Chinese animal is the Goat and although she was the conflict animal for 2021, she had a fantastic year overall and she celebrated some big milestones in life!

Health for the Monkey in 2022

The Monkey will need to keep an eye on their physical and mental health this year as they may find themselves suffering occasionally from flu and other minor bugs and would benefit from practising a healthy diet and lifestyle, when possible, to keep themselves in good shape and health.

The Monkey should make sure that they seek advice if they are not feeling well as this will help resolve issues early on. The Monkey should not suffer from any major problems this year although it always pays to take action early on; this is not the year for the Monkey to sit back and hope it resolves itself.

The Monkey will need to keep an eye on their mental wellbeing as this could prove to be a busy time and can come with stresses. The Monkey can get a lot of help from others and should aim to discuss how they are feeling with a loved one or professional as they should find that advice and support from someone else will help a great deal.

Work and career for the Monkey in 2022

The Monkeys work life can prove to be a stressful area of their life in 2022 if they are not careful although luckily, they should find that they are able to work around any obstacles that arise and use them to their advantage to showcase their skills and determination.

There will likely be a lot of changes taking place in the Monkeys work life this year which can come as quite a shock to the Monkey although if they are able to adapt quickly, this should give them the opportunity to learn new skills and prove their determination to their superiors.

This is a great time for the Monkey to focus on their strengths and look at ways they can implement them into their career during 2022 as this will bring a lot more joy into their work life during the year of the Tiger.

Those looking to change career and those looking for work in general may find the job searching process takes a bit longer than previous years although if they remain determined and explore other fields that their skillset can be used, they should find that they are able to find a job in a promising role this year.

Finances for the Monkey in 2022

The Monkey will need to keep an eye on their finances as 2022 will likely be a very busy year which could use up some of the Monkeys finances. In order to balance finances in the Tiger year, the Monkey can really benefit from setting money aside whenever possible as this will allow them to use the money when it is most needed.

The Monkey would benefit from avoiding too many impulse purchases this year and should aim to use the money more wisely on purchases that are needed; this would not be the best year for the Monkey to upgrade their TV if the old one is still working.

It is important to note that finances are not looking to go badly for the Monkey, just that they should aim to use their money more wisely as they could come across unexpected expenses over the next twelve months.

When making big purchases this year, the Monkey would be wise to seek professional advice or talk things through with a friend or loved one as this can help avoid mistakes.

I would recommend placing a [Chongyi Changnian Master cure and enhancer](#) in the northeast of the home and office in 2022 as we have the annual #8 star fly into its inherent palace and we can benefit from double wealth luck here in 2022 which will make sure that wealth prospects are as good as they can be in the year of the Tiger.

Relationships for the Monkey in 2022

The Monkeys love life is looking to be an area of their life that will require some added care and attention during the year of the Tiger as there is risk of the Monkey focusing too much on other areas of their life and not giving their partner enough interest. It is important that the Monkey remembers to make time for their partner and tries to plan time together as this will help keep the relationship strong and exciting.

Monkeys who are looking to add a new family member during the year of the Tiger should take note that the Tiger and Monkey are conflict animals which could cause difficulties in a relationship although this can still be overcome with some effort on both parts.

Single Monkey could find themselves involved in a long-term relationship during the year of the Tiger although they may find that they have to go through relationships that do not lead anywhere before finding a promising partner for the future.

To make sure relationships with loved ones go as smoothly as possible during the year of the Tiger, I would recommend placing a [Dezhi Nianqian wish and romance enhancer](#) in the southeast from the 3rd of February 2022 to the 3rd of February 2023.

Social and family life for the Monkey in 2022

The Monkeys home life is looking to go well in the year of the Tiger and they should find that their family are the ones who bring out their best side this year. The Monkey will get a lot of joy from spending time around their home and should find that there is a lot going on throughout the year.

Those looking to make upgrades and renovations around their home would be wise to consider the costs before and also if it is necessary before deciding on something although this will depend on how big the upgrade or renovation will be. The Monkey can make some good changes around the home in 2022 as long as they spend time doing the research.

The Monkeys social life can bring a lot of joy to their life this year and they should aim to keep in regular contact with friends and loved ones. The Monkey may find that they need to make initial contact with some this year although the benefits they get from this will delight the Monkey and also find out who their closest friends are.

The Monkey can get some great advice and support from someone close to them and should aim to ask for help when it is needed.

Overall synopsis for the Monkey in 2022

Overall, the Monkey is going to have to manage their time and resources well this year in order to stay on top of things although if they are able to do this, they can still look forward to a great year of the Tiger.

When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to tread carefully during the year of the Tiger.

Tai Sui (The Grand Duke of Jupiter) – northeast (52.5 - 67.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the northeast during the year of the Tiger, please try to take care when coming through the door to avoid slamming the door as this is a sure way to anger Tai Sui. If you have an important room in the northeast, please try to keep this area calm and quiet in 2022 and avoid digging or renovating in the northeast this year; using hand tools should be fine as long as you are careful and keep noise levels

When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the southwest of your home or office this year.

2022 Chinese Animal Predictions for the Pig

What does 2022 have in store for the Pig?

The year of the Tiger may bring some challenges for the Pig although if they are dedicated to work hard in order to achieve the results they hope for, they can still make 2022 a successful and exciting time. For the Pig who sits back and waits to see what happens, this year will bring issues although for the Pig who is proactive and determined, this can be a great year.

Health for the Pig in 2022

The Pigs health will need some care and attention during the Tiger year if they are to avoid minor bugs and illness in 2022. The Pig should aim to invest in their health throughout the year as this will certainly pay off and allow them to get the most out of their time in the Tiger year.

Any Pigs with an existing health issue should aim to spend some time researching their condition as the effort and time that's put in can help them discover new ways to help themselves and also have a more positive outlook.

Any Pigs involved in dangerous sports or manual jobs would be wise to invest in upgraded safety equipment or check over existing equipment this year as there is a risk of accidents and injuries. It would be wise for all Pigs to take extra care during 2022 when they are handling sharp objects or tools as this can help avoid cuts and injuries.

The Pigs mental health is looking to go well in the year of the Tiger although it is still important for them to take time out to relax and unwind as this will help them feel their best and help them to keep a determined attitude to produce their best results.

Work and career for the Pig in 2022

The Pigs work-life is looking to go well in 2022 and much of this success will be based on the Pigs determined attitude to work hard and seize any opportunities that come their way during the year of the Tiger. This is a great time for the Pig to prove themselves in the work place and can lead to new opportunities as the year progresses.

The Pig will need to double check over their work before turning something in as there is a risk of mistakes being made, which could lead to discipline or a lawsuit. By taking the time to make sure no mistakes have been made, the Pig can avoid potential problems and produce some very good results.

It would be wise for the Pig to try and make progress in their career this year rather than just go through their paces as they can make a lot of advancements when they are open to trying new things in the workplace during 2022.

2022 is a great year for the older Pig to offer help to younger co-workers as this will bring them a lot of respect with others during the Tiger year and will also build a strong bond with the younger co-worker which will bring the Pig help and support in the future.

Those looking to change career and those looking for work in general could find themselves going down a new path during the year of the Tiger and should be open to try something new as this could lead to new opportunities at a later date. The Pig should be open to starting lower down the ladder in a new job as they could soon find themselves moving up in to a higher role.

Finances for the Pig in 2022

The Pigs finances are looking promising in the Tiger year and they should find that they are able to put their money to good use in 2022. There will be many Pigs who find a way to bring additional income into their life and they should aim to invest this money into savings or back into how the extra income has been earned.

When making big purchases and investments during the year of the Tiger, it would be wise for the Pig to seek the advice of a professional as this will help them get the best terms and price. 2022 is not a great time for the Tiger to rush into something whenever finances are concerned and would be wise to take their time and shop around.

I would recommend placing a [Chongyi Changnian Master cure and enhancer](#) in the northeast of the home and office in 2022 as we have the annual #8 star fly into its inherent palace and we can benefit from double wealth luck here in 2022 which will make sure that wealth prospects are as good as they can be in the year of the Tiger.

Relationships for the Pig in 2022

The Pigs love life could come with some arguments if they are not careful and they should aim to practise good communicational skills with their partner and dedicate time to them if they are to enjoy a rewarding and peaceful love life during the year of the Tiger.

With the Pig looking to have a lot going on during 2022, it can be easy for them to neglect their partner this year and they should be mindful to spend time with their partner as this will help keep a strong relationship and avoid issues later on in the year. The Pig should aim to take a trip or attend events with their partner as this can bring a lot of joy to both and can also help the Pig and their partner create some wonderful memories.

Single Pigs should find themselves receiving many romantic offers during the Tiger year and although they may find it harder to find a long-term partner, they can still benefit from spending time with new potential partners as this can bring a lot of joy and new experiences into their life this year.

To make sure relationships with loved ones go as smoothly as possible during the year of the Tiger, I would recommend placing a [Dezhi Nianqian wish and romance enhancer](#) in the southeast from the 3rd of February 2022 to the 3rd of February 2023.

Social and family life for the Pig in 2022

The Pigs home life is looking to bring a lot of joy into their life this year and they should find that their family offer a lot of help and support throughout the year of the Tiger. The Pig can also offer a lot of help and advice to other family members during 2022 and should aim to check in on their family throughout the year to see how they are doing.

Any Pigs who are looking to add a new family member to their home during the year of the Tiger can look forward to a good relationship with their new child. In a parent and child relationship the Pig parent will respect the Tiger child's audacious nature and their fast-learning pace. The Tiger child will need to be disciplined if they are to master their impatient tendencies. There will be a great relationship between the Pig and Tiger.

The Pig can make some exciting upgrades in their home this year and would be wise to try and stick to one project at a time or they could soon find themselves with many half-finished projects around the home. The Tiger year can bring a lot of change and the Pig should find that by focusing on one task at a time, they can produce their best results.

The Pigs social life is looking to go well during 2022 although they should find that they need to make an effort throughout the year with friends and loved ones. This is not a time for the Pig to neglect those who mean a lot to them as this could lead to friendships fading; The Pig can enjoy a great social life during the Tiger year as long as they try to attend events and not keep putting plans off.

Overall synopsis for the Pig in 2022

How to enhance wealth, luck, business and career for the Pig in 2022:

The most powerful and influential cure and enhancer for 2022 is the [Chongyi Changnian Master Cure](#). this cure can only to be used in a Yang Water Tiger (Ren Yin) year. The last time that this powerful cure and enhancer would have been used was in 1962 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The [Chongyi Changnian Master Cure](#) is placed in the northeast of a home or business to protect and enhance wealth and good luck during 2022 for all occupants of the building.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business. They would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings on to the square earth plate with a powerful Taoist inscription for the Ren Yin year, which would be carved on a piece of slate or marble or other material that is made from an earth element although slate is considered the best.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2022 and permeate luck through the whole building.

The most crucial part of this cure is the combination of thought-form quartz crystals, a very special brass wealth ingot, earth plate, Taoist inscription, and Chinese i-ching coins which are used to disperse the energy of the annual 8-star which has flown into it's inherent palace of the Lo Shu in the northeast in 2022, making this an extremely powerful enhancer and one that we have gone to lengths creating and sourcing the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2022, we included it standard in all our [2022 cures and enhancers kits](#). If you follow this link, you will find full details [2022 flying star analysis follow this link](#).

How to enhance romance for the Pig in 2022:

Romance, academic, relationship, and creative studies can be enhanced in the southeast (#4 star) and northeast (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

The southeast has the powerful #4-star fly in 2022 to its inherent palace, and this star governs relationships, romance, career, travel, creativity, academic and artistic talents, wisdom and intelligence as well as self-development, making this a very powerful star.

The reason why we need so many specialist cures this year is that we have the annual #4 star fly into its inherent palace of the Lo Shu in the southeast in 2022, making this a fantastic area to enhance for relationships, study and overall luck. The most powerful cure you can use in the southeast this year is a [Dezhi Nianqian wish and romance enhancer](#).

This enhancer is used to strengthen Peach Blossom and help increase wealth, romance, career, educational and relationship luck. You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2022 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the southeast, please be aware that in the months of July and October, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

How can the Pig avoid bad luck in 2022?

We have the #3 star enter the east in 2022 which has flown back to its inherent palace of the Lo Shu for the year, making this a troublesome area, and we are going to need special cures and enhancers in the east to weaken the malevolent influence of this combination.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the southwest and centre in 2022 to control and weaken the annual #2 and #5 stars.
