

Chinese Animal Predictions for 2023. Year of the Yin Water Rabbit (Gui Mao)

What does 2023 have in store for you?

© Written by Daniel Hanna

"The secret of change is to focus all of your energy, not on fighting the old, but on building the new."

This year, 2023 will bring the year of the Yin Water Rabbit and will bring a fresh breath of energy for all of the twelve Chinese animals, giving a chance to make the year ahead a better one than the last.

Some of the Chinese animals will face more challenges than others in the year of the Rabbit although when they are aware of potential obstacles, they can avoid and overcome many of the issues that could come their way and turn them into promising opportunities and victories.

Over the last three years, COVID lockdowns have caused a lot of people to take on home and business improvement tasks around the home, garden and office, and this impacted the Feng Shui of a home or business, although with the new energy crisis most of us are faced with, more people are returning to work to save on heating costs at home so yet again we are seeing a shift on how we are living our lives, and this will again have an impact on the Feng Shui of your home and office as human beings in a building create qi energy and this affects the whole outlook of the year and extraordinary cures and enhancers are needed in 2023.

Personally, I am hopeful as yin water years will bring significant advancements in technologies and medicine, and I think we will see substantial developments in medicine and alternative energy; However, we may also see power struggles throughout the world with world leaders flexing their muscles, but on a positive note, I see this blowing over as fast as it started. I am hopeful that we will see a resolution in Ukraine in 2023.

Last year, the Monkey was the conflict animal for the year of the tiger and I am sure that there will be Monkeys who will be eagerly awaiting the year of the Rabbit to begin on the 22nd of January, although I know many Monkeys that enjoyed a fantastic year of the Tiger as they were prepared early with regards to the **Flying Star (Xuan Kong) recommendations** and also their animal prediction for the year ahead.

With the last few years bringing so many obstacles and the effects of COVID still not going away any time soon, we will all likely face extra challenges during the Rabbit year with the current cost of living crisis in many countries. Finances will need to be monitored closely for most animals, although with some care and attention, this can easily be overcome. To fully make the most of what the year of the Rabbit can bring into your life, the best advice I can give is to prepare early as although the Flying stars don't change until the 4th of February, you would be surprised how quick it comes around.

What is the conflict Chinese Zodiac animal for 2023 in the year of the Rabbit (Gui Mao)?

"A Danger Foreseen - Is A Danger That Can Be Avoided"

Those born in the year of the Rooster could be affected by the conflicting influences of the year of the Rabbit as the Rooster is the conflict animal of the Rabbit and those born in 1921, 1933, 1945, 1957, 1969, 1981, 1993, 2005 and 2017 will need to be more careful during 2023 as the influence of the Rabbit year will bring challenges into their

life. However, they still have endless opportunities to make the Rabbit year a successful and enjoyable one.

When we enter the year of the Rabbit on the 4th of February 2023, it is vital that we have our annual Cures and Enhancers in place in our home and work place to make 2023 as prosperous and enjoyable as it can be for each of the twelve Chinese animals and enhance their luck in all areas of their life.

To find your animal sign, check the charts below. If you were born before February 4th (Spring Begins), use the year before. If it is after February 4th, then use the same birth year. This is worth double-checking; as you would be amazed at how many people born in January or February get it wrong.

If you are unsure of your Chinese Animal maybe consider using our [Feng Shui software](#) that calculates it automatically along with personal Gua, flying stars, annual, fixed and monthly and so much more.

Some examples:

Born 3rd February 1958 = Rooster
Born 5th February 1958 = Dog
Born 3rd February 1987 = Tiger
Born 5th February 1987 = Rabbit

What year would I have to be born to be a Rooster?

The cycle of Chinese animals comes back around every twelve years and for your Chinese animal to be the Rooster, you would have to be born on the following years:

4th Feb 2017 – 3rd Feb 2018
4th Feb 2005 – 3rd Feb 2006
4th Feb 1993 – 3rd Feb 1994
4th Feb 1981 – 3rd Feb 1982
4th Feb 1969 – 3rd Feb 1970
4th Feb 1957 – 3rd Feb 1958
4th Feb 1945 – 3rd Feb 1946
4th Feb 1933 – 3rd Feb 1934
4th Feb 1921 – 3rd Feb 1922
4th Feb 1909 – 3rd Feb 1910

Although the Rooster is the conflict animal for the Rabbit year, please do not start panicking if your Chinese animal is the Rooster as there is a great deal that can be done to still make 2023 a really successful year.

Is Chinese astrology the same as western astrology?

Chinese and western astrology are similar in some ways although overall, they are two very different practises and should not be read in the same way. Chinese astrology is the practice of placing Feng Shui cures and enhancers in your home, office, shop or any building that you spend time in to make sure that the positive influences are enhanced and the negative influences are weakened or destroyed, helping you make the most of your life and balance the energy in the building.

The Flying stars present in a home and work place have the power to bring a tremendous amount of luck and fortune to the occupants although they also have the power to bring misfortune and issues, which is why it is so important to create a good balance for 2023. Having the annual #9 star fall into a bedroom or office in the north in

2023 is considered very lucky although if you were to have water colours in here, this would actually destroy the auspicious energy of the annual star and turn good into bad. Chinese astrology is also about knowing how the year ahead could turn out and what you should be aware of in your life for the year according to the Chinese Animals.

Once we know what could take place in the year ahead, we have a huge advantage as we can take steps early on to ensure any potential problems can be lessened and even avoided

What can I do to make the year of the Rabbit 2023 as successful as possible?

"Stop waiting for Friday, for summer, for someone to fall in love with you, for life. Happiness is achieved when you stop waiting for it and make the most of the moment you are in now."

I say this every year but the best thing you can do to ensure that the year of the Rabbit is a smooth sailing and rewarding one is to start preparing as early as possible as this will allow you to make sure that everything is taken care of. We receive thousands of emails on the week of Chinese New Year asking if it is too late to prepare and although you can place your [annual Cures and Enhancers](#) at any point of the year, it is always best to get them in place for the beginning of the Chinese New Year when the Flying stars change over on the 4th of February 2023 as this will give you the best chance for the year ahead.

Another very powerful tool to have in the year of the Rabbit is the [2023 Flying Star Analysis](#). If your Chinese animal is going to face some problems this year, you can use the Flying stars to enhance or cure the areas that will affect the areas of your life that will require more care in the Rabbit year.

Other Feng Shui websites have said that all Rooster will suffer horribly in 2023; is this accurate?

I get a lot of emails from people with links to another Feng Shui website where they predict extreme doom and gloom for certain animals in the year ahead and although there can be some truth to this, you will usually notice that their write up for the animal prediction is very short and they not really give you any real life solutions to the issues they are predicting. We are on online Feng Shui Store and although we sell cures, I will always go out of my way to provide free advice and alternatives so that people from all walks of life can benefit from the good that Feng Shui can bring.

Certain Chinese animals will have it harder than others during the year of the Rooster and 2023 will certainly come with it's challenges for the Rooster as this is the conflict animal for the year although there is nothing stopping them from making this an extremely successful and enjoyable year.

We have been writing Chinese Animal predictions for over twenty-three years, and while we always state the facts, we will always offer a solution to any problems that may arise. Please take the advice that you read with a pinch of salt and have a fantastic year of Rooster.

"It is better to understand a little than to misunderstand a lot."

What does 2023 have in store for the Rat?

The Year of the Rabbit holds a lot of hope for the Rat in 2023, and they will be excited to hear that critical areas of their life are looking to improve over the next twelve months, including health, career and love life. The year of the Rabbit can bring many opportunities into the Rat's life this year, and they will need to ensure they are ready to take advantage of what comes their way.

Health for the Rat in 2023

The Rat's health prospects are promising in 2023 as long as they have been practising healthy habits for both the body and mind in previous years. Those with pre-existing conditions should find that the research they put in this year will lead to promising discoveries on how to alleviate their condition. The Rat would be very wise to explore different treatment options during 2023. However, please remember to seek professional advice when applicable.

Work and career for the Rat in 2023

The Rat's career life looks promising in 2023 and provided the Flying stars are in order in the Rats home and office, especially the #8 and #9 star, this is looking to be a year of significant advancements for the Rat.

The Rat can make many new connections in 2023, leading to new roles and opportunities in their work life, making this an excellent year for many to start work in a new company, most likely through recommendations from others already in the company. Any Rats looking for work can look forward to better prospects in 2023 and should not be afraid to start in a lower role as they can make quick progress in the Rabbit year.

Finances for the Rat in 2023

The Rat's finances are looking to go well this year and provided they are savvy with their spending, they can make excellent use of their money in different areas of their life.

The Rat can do well in financial investments such as cryptocurrency and shares this year, although I don't like to recommend this unless the investment is well within their means; financial greed can quickly cause problems for the Rat this year, and they should only invest if they are financially stable. I will repeat this part as this is probably the most crucial piece of advice for the Rat this year; investments can go well, but please do not put finances at risk with hopes and dreams of getting rich quick schemes, as this will likely lead to problems.

I would recommend placing a [Changtong Caibo Yisheng Master Cure](#) in the south of the home and office in 2023 as we have the annual #8 star fly into here for the year of the Rabbit palace and we can benefit from strong wealth luck here which will make sure that wealth prospects are as good as they can be throughout 2023.

Relationships for the Rat in 2023

Love life and romantic prospects will be the highlight of many Rats' year, and they should find that relationships with their partner are a lot more smooth-sailing once we enter the year of the Rabbit on the 4th of February; any Rats who have been arguing over the Christmas period and at the beginning of 2023, should soon see a difference in energy around the home. Relationships can continue to go well, although the Rat should remember to put energy into the relationship throughout the year to keep things smooth.

Single Rats can look forward to new encounters and relationships during the Rabbit year. Anyone actively seeking a relationship should aim to put themselves into social situations this year to improve their chances. The main thing to remember is that relationships are about quality, not quantity, so please let things flow naturally when possible.

To make sure relationships with loved ones go as smoothly as possible during the year of the Rabbit, I would recommend placing a [Wanshouwujiang Zhenai wish and romance enhancer](#) in the southeast from the 4th of February 2023 to the 3rd of February 2024.

Social and family life for the Rat in 2023

Socially, this is an excellent time for the Rat, and they should find that they are kept busy with plans around the home and with friends and loved ones.

The Rat's home life can bring a lot of joy this year, and while there may be arguments and disruptions at times, the Rat can restore harmony in the household and help to bring peace and order in 2023. The Rats family will be a primary source of joy in their life this year, and they should ensure they do not neglect their partner or children in the Rabbit year.

The Rat should find that they are busy with social opportunities this year and will have many opportunities to expand their friendship circle and try new things with others. The Rat Should dedicate time to their existing friends this year as there is an opportunity to strengthen existing relationships in the year of the Rabbit; try to avoid neglecting current friends for new ones as this could cause conflict.

Overall synopsis for the Rat in 2023

Overall, the year of the Rabbit is looking to be a fantastic year for the Rat, and they should find that most areas of their life bring a lot of joy and rewards. This is a great year for the Rat to dedicate time to others, as relationships are a highlight of the Rat's life in 2023. Wishing you a fantastic year of the Rabbit.

As a Rat, you are in affinity with the Ox. For your protection, you should have a **key chain pendant of an Ox**, or a [Gold plated Chinese Animal protection Talisman of an Ox](#) with you at all times throughout the year in 2023.

Your lucky sectors: (astrological zone) is the North (352.5° - 7.5°) of the home or office. For full details on **2023 Flying star analysis follow this link.**

How to enhance wealth, luck, business and career for the Rat in 2023:

The most powerful and influential cure and enhancer for 2023 is the [Changtong Caibo Yisheng Master Cure](#). this cure can only to be used in a Yin Water Rabbit (Gui Mao) year. The last time that this powerful cure and enhancer would have been used was in 1963 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The [Changtong Caibo Yisheng Master Cure](#) is placed to protect and enhance wealth and good luck in 2023, especially for females and the middle daughter in particular. However, the Master cure will benefit all occupants of the home or office and more so if you run a business or work from home.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business. They would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings onto the round earth plate with a powerful Taoist inscription for the Gui Mao year, which would be carved on a piece of mirrored stone, slate, marble or other material that is made from an earth element. The seal carver (zhuanke) and Feng Shui Master were traditionally hired by emperors and the very wealthy and were seen as a symbol of great wealth and power; this took many years of studying to perfect this specialist art form.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2023 and permeate luck through the whole building.

The most crucial part of this cure and enhancer is the thought form quartz crystal obelisk which is used to draw in the #8-star energy and permeate to the other eight palaces of the lou shu, making this a very powerful enhancer and one that we have gone to lengths creating and sources the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2023, we included it standard in all our [2023 cures and enhancers kits](#). If you follow this link, you will find full details [2023 flying star analysis follow this link](#).

How to enhance romance for the Rat in 2023:

Romance, academic, relationship, and creative studies can be enhanced in the central palace (#4 star) and south (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

Any star that falls into the central palace for the year has the ability to permeate the entire home or workplace. When we enhance the annual #4 in the centre in 2023, we can significantly enhance and promote career, wealth, love and academic prospects for the entire year ahead.

The most powerful cure you can use in the central palace this year is a [Wanshouwujiang Zhenai wish and romance enhancer](#). This special cure and enhancer is essential to ensure, strengthen and protect romance/relationships, career and academics are protected and enhanced in the year of the Rabbit.

You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2023 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the centre, please be aware that in the months of May and August, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

How can the Rat avoid bad luck in 2023?

The annual #3 star has flown into the southeast for 2023, and when disturbed, this can bring all sorts of issues ranging from stress, legal issues, disputes, loss of wealth, theft and arguments. Luckily, this palace can quickly be resolved and kept settled with the proper cures and enhancers.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the northwest and east in 2023 to control and weaken the annual #2 and #5 stars.

For full details on [2023 flying star analysis follow this link](#). This is very important especially if you have the main door, bedroom, office, lounge or other important room in the east, southeast, northwest or northeast.

This is just a small part of what you can do to ensure 2023 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2023 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

The Three Killings – west (232.5 - 307.5)

You must avoid making any form of noisy renovations or re-decorative work in the west part of your home or office between 4th February 2023 and 3rd February 2024. You should not disturb the ground by digging holes (small holes for plants is fine), building foundations or conducting any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the west in 2023, I would strongly recommend that you place a [six-hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 42 years when this energy has been disturbed.

If you have a door in the west in 2023, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or installing a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2023 would be to [Haoyun Zhunian Sheng Chi cure](#) in the west from the 3rd February 2023 to the 3rd February 2024.

Urgent repairs to your home or office in the west will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out, or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work.

Annual #5 yellow Flying star – northwest palace.

From 4th February 2023, the annual five yellow star flies into the northwest of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to tread carefully during the year of the Rabbit.

It is highly recommended that you keep the northwest of your home or office calm and settled as often as possible during 2023 to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the northwest to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the northwest of your home or office during 2023 is to place a set of six Chinese coins tied with red ribbon in your building to weaken and appease the annual #5 yellow star, which is why we have included in all of [our Annual cures and enhancers kits this year](#).

Please do not panic if the northwest, southeast, east or west of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your **2023 cures and enhancers kit** as of the 4th February to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. To give you even better control, use our advanced [Feng Shui 2023 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

Tai Sui (The Grand Duke of Jupiter) – east (82.5 - 97.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the east during the year of the Rabbit, please try to take care when coming through the door to avoid slamming the door, as this is a sure way to anger Tai Sui. If you have an important room in the east, please try to keep this area calm and quiet in 2023 and avoid digging or renovating in the east this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Pi Shi Gold Plated Tai Sui Plaque](#) to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

Sui Po (Year Breaker) – west (262.5 ° -277.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2023 will be in the west, which also houses the annual 6 star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction, so please avoid too much noise in the west and avoid ground-breaking and renovation. When Sui Po

is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the west of your home or office this year.

2023 Chinese Animal Predictions for the Ox

What does 2023 have in store for the Ox?

The year of the Rabbit looks to be one where the Ox will see many changes, mainly for the better, in their life. This is a year where the Ox will feel more settled than in recent years and can see promising improvements in different areas of their life.

Health for the Ox in 2023

The Ox is looking to have smooth sailing overall health in the year of the Rabbit, and while I cannot say that their health will be trouble-free this year, they should find that in the grand scheme of things, they should feel fit and healthy. If the Ox feels run down and unwell in 2023, they would be wise to check something and avoid hoping it will go away; good self-care will help prevent minor bugs and illnesses from sticking around for longer than they should this year.

Any Oxen with pre-existing health conditions should be sure to get any issues checked out when they first notice them, as this can help avoid more significant problems later on and could help alleviate existing health issues. This is not a time for the Ox to sit back where their health is concerned, as quick action can help improve their health and well-being.

Work and career for the Ox in 2023

The Oxen's work life could be a bit tricky at times in 2023; to minimise this, they would be wise to accept the help and advice others are giving this year. The Ox may find that they don't always agree with the changes introduced to their workplace this year or how things are done and may feel the need to complain to others which could lead to conflicts among senior members.

Those looking to change careers and those looking for work, in general, should aim to remain active and dedicated in their search throughout the year; a positive attitude can help the Ox secure a good role in a promising company this year. This is not the time for the Ox to sit back and wait to be offered a job role, and they should act if they are interested in a particular position during the Rabbit year.

Finances for the Ox in 2023

Finances are looking good in general, although this will depend on their spending habits, and those who do not pay close attention to their outgoings could soon end up overspending this year. With care and attention, the Ox can put their money to good use in 2023 and could save a considerable amount by updating phone contracts, home insurance etc.

This is a good time for the Ox, especially older Oxen, to get any outstanding paperwork in order during the year of the Rabbit. The Ox can benefit from arranging their will and retirement fund in 2023, as their actions this year can help them greatly in the future.

I would recommend placing a [Changtong Caibo Yisheng Master Cure](#) in the south of the home and office in 2023 as we have the annual #8 star fly into here for the year of the Rabbit palace and we can benefit from strong wealth luck here which will make sure that wealth prospects are as good as they can be throughout 2023.

Relationships for the Ox in 2023

The Oxen's love life is looking to be an exciting and enjoyable part of their life in the Rabbit year, and those in a relationship will be able to strengthen the bond with their partner. This is an excellent time for the Ox to settle down with their partner and accomplish milestones together.

Single Oxen may find that their love life is not at its usual pace in 2023, and while this may be frustrating at times, they should discover that they feel more comfortable with this role and won't worry as much about finding a partner. The Ox should find that their chances are at their highest when they stop putting so much pressure on themselves in the Rabbit year.

To make sure relationships with loved ones go as smoothly as possible during the year of the Rabbit, I would recommend placing a [Wanshouwujiang Zhenai wish and romance enhancer](#) in the southeast from the 4th of February 2023 to the 3rd of February 2024.

Social and family life for the Ox in 2023

This is looking to be a rewarding time for the Oxen's home life, and they should find that time spent at home with their family brings a lot of joy. The Ox can make many positive changes in their home life in 2023, although they will need to communicate well with others to get the best results; it is not wise to make big decisions around the home without consulting others during the year of the Rabbit.

The Oxen's social life is also promising this year and they can meet many new people over the next twelve months. Many of the people the Ox meets this year can remain in their life for a long time, so it is wise to give people a chance to get to know them.

Overall synopsis for the Ox in 2023

Overall, this is looking to be a year of steady progress and self-development for the Ox. They should find that they can make many improvements in their life in 2023 once they consider their options. Wishing you a fantastic year of the Rabbit.

As an Ox, you are in affinity with the Rat (he has your back this year). For your protection, you should have a **key chain pendant of a Rat**, or a [Gold plated Chinese Animal protection Talisman of a Rat](#) with you at all times throughout the year.

Your lucky sectors: (astrological zone) is the northeast (22.5° - 37.5°) of the home or office. For full details on [2023 flying star analysis follow this link](#).

While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

Any star that falls into the central palace for the year has the ability to permeate the entire home or workplace. When we enhance the annual #4 in the centre in 2023, we can significantly enhance and promote career, wealth, love and academic prospects for the entire year ahead.

The most powerful cure you can use in the central palace this year is a [Wanshouwujiang Zhenai wish and romance enhancer](#). The Three Killings – west (232.5 - 307.5)

You must avoid making any form of noisy renovations or re-decorative work in the west part of your home or office between 4th February 2023 and 3rd February 2024. You should not disturb the ground by digging holes (small holes for plants is fine), building foundations or conducting any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the west in 2023, I would strongly recommend that you place a [six-hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 42 years when this energy has been disturbed.

If you have a door in the west in 2023, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or installing a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2023 would be to [Haoyun Zhunian Sheng Chi cure](#) in the west from the 3rd February 2023 to the 3rd February 2024.

You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out, or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work.

Annual #5 yellow Flying star – northwest palace.

From 4th February 2023, the annual five yellow star flies into the northwest of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to tread carefully during the year of the Rabbit.

It is highly recommended that you keep the northwest of your home or office calm and settled as often as possible during 2023 to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the northwest to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the northwest of your home or office during 2023 is to place a set of six Chinese coins tied with red ribbon in your building to weaken and appease the annual #5 yellow star, which is why we have included in all of [our Annual cures and enhancers kits this year](#).

Tai Sui (The Grand Duke of Jupiter) – east (82.5 - 97.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the east during the year of the Rabbit, please try to take care when coming through the door to avoid slamming the door, as this is a sure way to anger Tai Sui. If you have an important room in the east, please try to keep this area calm and quiet in 2023 and avoid digging or renovating in the east this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a **Pi Shi Gold Plated Tai Sui Plaque** to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

Sui Po (Year Breaker) – west (262.5 ° -277.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2023 will be in the west, which also houses the annual 6 star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction, so please avoid too much noise in the west and avoid ground-breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the west of your home or office this year.

2023 Chinese Animal Predictions for the Tiger

What does 2023 have in store for the Tiger?

The year of the Rabbit is looking to bring a lot of promise to the Tiger's life this year. While they will encounter some challenges and setbacks in 2023, the same way that all of the twelve animals will, the Tiger will feel well-equipped to overcome any issues and produce good results.

Health for the Tiger in 2023

The Tiger's health should be smooth and consistent during 2023, although if they feel unwell during the year, they should act early on as this will help problems settle quickly without too much disruption.

Any Tigers who lead an inactive lifestyle would be wise to dedicate regular time to physical activity in the Rabbit year. Regular exercise can help the Tiger make a lot of improvements this year. If this can be combined with socialising, such as walking, the gym, etc., the Tiger can see a lot of positive developments in other areas of their life.

Another thing that can benefit the Tiger's health in 2023 is giving some thought to their diet, especially those who tend to eat a lot of junk food regularly. Making small changes to their diet in the Rabbit year can significantly improve their health, and they would be wise to take this advice seriously.

Work and career for the Tiger in 2023

The Tiger's work life looks very optimistic this year, and they should see exciting changes in their career during the Rabbit year. This is an excellent time for the Tiger to seek advice and knowledge from their peers (especially younger Tigers) as this can put them in high regard with senior staff, bringing more opportunities later in the year.

Any Tigers looking to change careers or those looking for work, in general, could find themselves in a good role this year and would be wise to seek out where their skills and interests can be put to good use as this can quickly lead to recognition and advancements.

Finances for the Tiger in 2023

The Tiger may need to keep watch over their finances in 2023 as there is a risk of overspending through lack of care; much of this will depend on their lifestyle and how well they live within their means; those who are financially focused will have less to worry about than those who spend it when it comes in.

The Tiger can benefit from shopping around for deals in 2023 and would be wise to compare regular bills such as phone contracts, utilities, car insurance, etc., as this can lead to a substantial amount being saved to be put to better use.

There will be some Tigers who can look forward to a promotion in the workplace this year which will be welcomed, although those that do not see a substantial increase should find that by budgeting, they can balance increased costs of day-to-day life. Please try to avoid impulse purchases this year unless you are in a position to do so.

I would recommend placing a [Changtong Caibo Yisheng Master Cure](#) in the south of the home and office in 2023 as we have the annual #8 star fly into here for the year of the Rabbit palace and we can benefit from strong wealth luck here which will make sure that wealth prospects are as good as they can be throughout 2023.

Relationships for the Tiger in 2023

The Tiger's love life looks promising in 2023, and they can look forward to a new-found synergy with their partner, helping each other out regularly throughout the Rabbit year. The Tiger can bring much joy and comfort to their partner this year and should check in on their partner's well-being. Some Tigers will see their relationship end this year, and while this will bring sadness, the universe is playing its part and will put them in contact with someone more suited to them.

Single Tigers can look forward to strong Peach Blossom luck this year, and many will find a new partner which can lead to a long-lasting or lifetime relationship. The Rabbit year

can bring a significant person into the Tiger's life this year, although the Tiger will need to avoid being too close-minded about potential partners.

To make sure relationships with loved ones go as smoothly as possible during the year of the Rabbit, I would recommend placing a [Wanshouwujiang Zhenai wish and romance enhancer](#) in the southeast from the 4th of February 2023 to the 3rd of February 2024.

Social and family life for the Tiger in 2023

The Tiger's home life is looking to be the main source of joy for many this year, and they should find that they are happiest when surrounded by their loved ones. The Tiger can give a lot of support and advice to their family members during the Rabbit year and should aim to keep an eye on others to see if they can offer any help, especially where younger family members are concerned.

Socially, the Tiger may see some changes take place in their friendship circle this year, and while they may fall out of touch with certain people, they will have the opportunity to meet others, which will help them fine-tune their social group, bringing a lot of joy into their life. By the end of the Rabbit year, the Tiger should feel very content with their social circle.

Overall synopsis for the Tiger in 2023

Overall, the Tiger will encounter some obstacles in the Rabbit year, although they will be able to overcome them and end up pleased with the results. The Tiger's home life and relationship will bring a lot of joy and should dedicate time to their family as they can strengthen bonds significantly in 2023. Wishing you a fantastic year of the Rabbit.

2023 Chinese Animal Predictions for the Rabbit

What does 2023 have in store for the Rabbit?

Health for the Rabbit in 2023

The Rabbit will need to keep an eye on their health and well-being in 2023, especially if they tend to burn the candle at both ends with a hectic lifestyle; this is not the time for the Rabbit to take on too much as they could burn themselves out, leading to illness or mental health issues. The Rabbit will need to find a good balance in all areas of their life at the beginning of the year to stay in good health.

Any Rabbits who tend to spend most of their day sat down will benefit from an increase in exercise and movement in 2023, although this should be relative to their age and well-being; a Rabbit born in 1938 would see no benefit from trying to train for an ultra-marathon and would see much more benefit from regular walks. Practising a good diet can also bring a lot of improvements into the Rabbit's life this year.

Any Rabbits with existing health conditions should not neglect appointments and treatments this year; they may find they are kept busy in 2023 and should not put another area of their life above their well-being.

Any Rabbits looking to change career in 2023 should consider carefully before acting, as this is not the best year to move companies. Before deciding on a move, the Rabbit should consider other roles within the same company. If a move is necessary, it would be wise for the Rabbit to consult the Tong Shu Almanac for the year to apply for a new position on an auspicious date.

Rabbits looking for work, in general, may find the search frustrating in 2023 and to strengthen their chances, they should check the 2023 Flying star analysis and focus on the south and west of their home, as these areas can enhance their chances. The Rabbit can benefit from exploring new roles this year as this will open many more doors for the Rabbits work life.

Finances for the Rabbit in 2023

The Rabbit can look forward to good financial luck in 2023; this will depend on their existing situation, although most Rabbits should see an increase in income in some form this year. Many Rabbits will see additional income from their work this year due to a promotion, and some will see extra income from monetising their hobbies and interests.

The Rabbit should avoid too many impulsive purchases this year as there is a risk of overspending. When making a large purchase in 2023, the Rabbit would be wise to consider their options and shop around before deciding, as this could save them a considerable amount of money.

I would recommend placing a [Changtong Caibo Yisheng Master Cure](#) in the south of the home and office in 2023 as we have the annual #8 star fly into here for the year of the Rabbit palace and we can benefit from strong wealth luck here which will make sure that wealth prospects are as good as they can be throughout 2023.

This will help strengthen and reignite the relationship, especially if this has been struggling recently.

Single Rabbits should find that their search for love is kept active this year, and while they will find themselves with new opportunities to date, they should take time to consider what they are looking for in a long-term partner before spreading themselves too thin.

To make sure relationships with loved ones go as smoothly as possible during the year of the Rabbit, I would recommend placing a [Wanshouwujiang Zhenai wish and romance enhancer](#) in the southeast from the 4th of February 2023 to the 3rd of February 2024.

The Rabbit usually has a close circle of friends, and in 2023, they can receive a lot of help and support from their close ones, provided they are willing to accept help from them.

You must avoid making any form of noisy renovations or re-decorative work in the west part of your home or office between 4th February 2023 and 3rd February 2024. You should not disturb the ground by digging holes (small holes for plants is fine), building foundations or conducting any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the west in 2023, I would strongly recommend that you place a [six-hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 42 years when this energy has been disturbed.

If you have a door in the west in 2023, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or installing a soft close hinge.

From 4th February 2023, the annual five yellow star flies into the northwest of every home, office and building for the year. It is highly recommended that you keep the northwest of your home or office calm and settled as often as possible during 2023 to avoid activating this area and avoid any building work or noisy activities. Tai Sui (The Grand Duke of Jupiter) – east (82.5 - 97.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the east during the year of the Rabbit, please try to take care when coming through the door to avoid slamming the door, as this is a sure way to anger Tai Sui. If you have an important room in the east, please try to keep this area calm and quiet in 2023 and avoid digging or renovating in the east this year; using hand tools should be fine as long as you are careful and keep noise levels low. 2023 Chinese Animal Predictions for the Dragon

What does 2023 have in store for the Dragon?

The Dragon is in for a lovely year in 2023 with a lot of new developments taking place in their life, although to fully benefit from this auspicious influence, the Dragon will need to make decisions on what they want out of life; this is a year for the Dragon to give thought to how they wish to proceed in future years and can be one of substantial growth if desired.

Health for the Dragon in 2023

The Dragon will need to pay close attention to their health and well-being during the Rabbit year as there is a risk of healthy Dragons losing focus and making bad choices where lifestyle and diet are concerned.

The Dragon should aim to stay active in 2023 by getting regular exercise and avoiding long dormant periods throughout the year, as this could continue if left for too long; by all means, take time out to relax and unwind, but please be sure to find a good balance between downtime and activities. As long as the Dragon stays active throughout the year, they can look forward to good overall health in 2023.

Those with a pre-existing health condition can benefit from positive lifestyle changes this year and should aim to evaluate their diet, especially if junk food is a regular occurrence. It is also wise for the Dragon to seek medical help when needed, as this will help prevent potential issues.

Work and career for the Dragon in 2023

Work-life is looking to be a promising area of the Dragon's life this year, with many seeing advancements in their responsibilities and roles around the workplace. The Dragon would be wise to take on new challenges at work in 2023 as long as they do not take on too much that they cannot keep up with the increased demand.

Those looking to change careers and those looking for work, in general, will have luck on their side this year, and many will find a position that is of great interest to them. This is an excellent time for the Dragon to evaluate how they want to spend their career, and if changes are necessary, explore options on making them materialise.

Finances for the Dragon in 2023

The Dragon will need to pay attention to their finances to make the most of their money during the Rabbit year. While the Dragon will need to avoid overspending, they can save a lot of money by comparing utility bills and exploring ways to pay less for the same service.

The Dragon should try to set money aside each month for any unexpected expenses to allow them to carry on with their life as normal when unforeseen costs arise. When making large purchases, it would be wise for the Dragon to seek professional advice when in doubt during the Rabbit year.

I would recommend placing a [Changtong Caibo Yisheng Master Cure](#) in the south of the home and office in 2023 as we have the annual #8 star fly into here for the year of the Rabbit palace and we can benefit from strong wealth luck here which will make sure that wealth prospects are as good as they can be throughout 2023.

Those who began a relationship last year could see 2023 moving much faster where their love life is concerned.

Single Dragons will need to put some extra effort into their search in the Rabbit year as their luck will be much stronger when they are actively searching for love; dating websites and apps can prove very helpful for the Dragon this year, although they must take time to consider what they are hoping for before committing to a relationship.

To make sure relationships with loved ones go as smoothly as possible during the year of the Rabbit, I would recommend placing a [Wanshouwujiang Zhenai wish and romance enhancer](#) in the southeast from the 4th of February 2023 to the 3rd of February 2024.

Social and family life for the Dragon in 2023

The Dragon will have to put some extra energy into their home life in 2023 to enjoy the rewards that the home and family can bring into their life this year. The Dragon should make sure that they put their family first this year, as a lack of attention on the Dragon's part will likely lead to resentment from others.

The Dragon's social life will also require some care this year; they should aim to dedicate time to their friends and loved ones. If the Dragon can combine social events with family members, they can balance these two areas well, leaving time for other pursuits. If there

are any friends who the Dragon has recently lost contact with, they should try to reach out to rekindle the friendship in 2023, as they will find that this can quickly resolve itself.

Tai Sui (The Grand Duke of Jupiter) – east (82.5 - 97.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the east during the year of the Rabbit, please try to take care when coming through the door to avoid slamming the door, as this is a sure way to anger Tai Sui. If you have an important room in the east, please try to keep this area calm and quiet in 2023 and avoid digging or renovating in the east this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Pi Shi Gold Plated Tai Sui Plaque](#) to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

Sui Po (Year Breaker) – west (262.5 ° -277.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2023 will be in the west, which also houses the annual 6 star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction, so please avoid too much noise in the west and avoid ground-breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the west of your home or office this year.

It is also beneficial for the Monkey to evaluate their diet during the Rabbit year and look into ways to make positive improvements regarding their eating habits.

Any Monkeys with a pre-existing health condition should keep note of their symptoms during 2023 and report these to a professional, as this can help prevent symptoms from worsening.

Work and career for the Monkey in 2023

Many Monkeys will benefit from growth and advancement in their current role this year as they should find the Rabbit year helping them focus more on the task in their career. 2023 is very much a year for the Monkey to concentrate on their goals in their career and take steps towards reaching them as a positive mindset can soon bring the Monkey pleasing results.

The Monkey must remember that things will naturally fall into place, and they may find love when it is least expected during 2023. Finances will go well for the Dog in the Rabbit year, and they should find that they can put their money to good use in 2023. The Dog is usually good at budgeting, and this will serve them well this year, allowing them to save money for necessary purchases and bills over the next twelve months.

It would be wise for the Dog to avoid any unnecessary purchases that require them to stretch their budget; when buying something like a car, they should only buy within their budget and try to avoid high-interest finance etc.

I would recommend placing a [Changtong Caibo Yisheng Master Cure](#) in the south of the home and office in 2023 as we have the annual #8 star fly into here for the year of the Rabbit palace and we can benefit from strong wealth luck here which will make sure that wealth prospects are as good as they can be throughout 2023.

Relationships for the Dog in 2023

The Dog's love life can bring a lot of joy to their life this year, and they should find that they get the most out of their partner when they communicate well with them and ask for help when needed. This is an excellent time for the Dog to set significant milestones with their partner, and the year of the Rabbit will see many Dogs settling down.

Single Dogs can look forward to good Peach Blossom luck in 2023, and those looking for love should make their intentions known to others as they could be in contact with a potential partner through someone already in their life.

To make sure relationships with loved ones go as smoothly as possible during the year of the Rabbit, I would recommend placing a [Wanshouwujiang Zhenai wish and romance enhancer](#) in the southeast from the 4th of February 2023 to the 3rd of February 2024.

Social and family life for the Dog in 2023

The Dog's home life should turn out to be smooth sailing overall. However, this will depend on their ability to resolve issues with family members before they become something more significant. The Dog will get a lot of joy from taking time out for

themselves this year but should remember not to put their hobbies and interests over spending time with family members too often in the Rabbit year.

Socially, the Dog will be kept busy this year, and they will have a lot to look forward to during 2023. The Dog should dedicate time to friends and loved ones in the Rabbit year; this will help strengthen bonds and allow the Dog to evaluate their friendship with each person.

Overall synopsis for the Dog in 2023

Overall, the Rabbit year should be an excellent time for the Dog, and they can look forward to luck and happiness in most areas of their life as long as there is a little effort on their part. Wishing you a fantastic year of the Rabbit.

How to enhance wealth, luck, business and career for the Dog in 2023:

The most powerful and influential cure and enhancer for 2023 is the **Changtong Caibo Yisheng Master Cure**. this cure can only to be used in a Yin Water Rabbit (Gui Mao) year. The last time that this powerful cure and enhancer would have been used was in 1963 although only a privileged few got to use it due to Feng Shui cures being less accessible back then.

The **Changtong Caibo Yisheng Master Cure** is placed to protect and enhance wealth and good luck in 2023, especially for females and the middle daughter in particular. However, the Master cure will benefit all occupants of the home or office and more so if you run a business or work from home.

This cure is only known to a few specialist Feng Shui Grand Masters, and in the old days and even now in Asia, you would need to employ a specialist Feng Shui Grand Master to call at your home or business. They would come along with a specialist zhuanke (seal carver) who would spend many hours carving the secret engravings onto the round earth plate with a powerful Taoist inscription for the Gui Mao year, which would be carved on a piece of mirrored stone, slate, marble or other material that is made from an earth element. The seal carver (zhuanke) and Feng Shui Master were traditionally hired by emperors and the very wealthy and were seen as a symbol of great wealth and power; this took many years of studying to perfect this specialist art form.

This is a potent enhancer and said to create wealth and also prevent its loss and avoid bad luck in 2023 and permeate luck through the whole building.

The most crucial part of this cure and enhancer is the thought form quartz crystal obelisk which is used to draw in the #8-star energy and permeate to the other eight palaces of the lou shu, making this a very powerful enhancer and one that we have gone to lengths creating and sources the correct elements which took us over two years.

This is one of the most influential and commanding cure and enhancer for wealth, health, relationships and protection, and because this cure is very important for wealth in 2023, we included it standard in all our [2023 cures and enhancers kits](#). If you follow this link, you will find full details [2023 flying star analysis follow this link](#).

How to enhance romance for the Dog in 2023:

Romance, academic, relationship, and creative studies can be enhanced in the central palace (#4 star) and south (#8 star) of your home, [click here](#) for further details. While this #4 star is very auspicious, without the necessary cures, the #4 star can bring both wanted and unwanted romantic opportunities to the household if the correct remedies are not put in place especially if you have the main entrance or an important room like a master bedroom or living room.

Any star that falls into the central palace for the year has the ability to permeate the entire home or workplace. When we enhance the annual #4 in the centre in 2023, we can significantly enhance and promote career, wealth, love and academic prospects for the entire year ahead.

The most powerful cure you can use in the central palace this year is a [Wanshouwujiang Zhenai wish and romance enhancer](#). This special cure and enhancer is essential to ensure, strengthen and protect romance/relationships, career and academics are protected and enhanced in the year of the Rabbit.

You should also introduce some watercolours like shades of blue, black, grey and you can introduce these colours with a doormat, rug, cushion cover, sofa throw, curtains or similar, it is very easy to do.

Make sure you follow the [2023 Flying Star \(Xuan Kong\) recommendations](#). If your office or bedroom is located in the centre, please be aware that in the months of May and August, you should make sure you at least place a [Six Chinese i-ching coins In a row](#) tied in a row with red ribbon for these months especially if you are not in good health or very stressed.

How can the Dog avoid bad luck in 2023?

The annual #3 star has flown into the southeast for 2023, and when disturbed, this can bring all sorts of issues ranging from stress, legal issues, disputes, loss of wealth, theft and arguments. Luckily, this palace can quickly be resolved and kept settled with the proper cures and enhancers.

At the very least, I would hang a set of six Chinese coins tied with red ribbon and also place a salt water cure in the northwest and east in 2023 to control and weaken the annual #2 and #5 stars.

For full details on [2023 flying star analysis follow this link](#). This is very important especially if you have the main door, bedroom, office, lounge or other important room in the east, southeast, northwest or northeast.

This is just a small part of what you can do to ensure 2023 will be a good year and to enhance it further I would suggest checking out the [monthly almanac, flying stars and animal predictions](#) as it not only recommends good and bad days to carry out specific tasks, it will also advise if it is suitable for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars giving you the ultimate control of your home or business, you should consider our [2023 advanced Feng Shui software](#); it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world.

The Three Killings – west (232.5 - 307.5)

You must avoid making any form of noisy renovations or re-decorative work in the west part of your home or office between 4th February 2023 and 3rd February 2024. You should not disturb the ground by digging holes (small holes for plants is fine), building foundations or conducting any maintenance work with any loud equipment in the areas inside or outside your property or garden.

If you have no option but to perform work in the west in 2023, I would strongly recommend that you place a [six-hollow rod metal wind chime](#) while the work is being carried out and for a few days after. We take this very seriously at the Feng Shui Store as we've seen some pretty nasty events over the past 42 years when this energy has been disturbed.

If you have a door in the west in 2023, please take a lot of care when opening and closing the door to make sure it is not slammed. Avoid the influence of the Three Killings by opening and shutting the door calmly or installing a soft close hinge.

A traditional and powerful Feng Shui cure for the Three Killings during 2023 would be to [Haoyun Zhunian Sheng Chi cure](#) in the west from the 3rd February 2023 to the 3rd February 2024.

Urgent repairs to your home or office in the west will need a cure to prevent any negative consequences. You can place a six-rod hollow metal rod wind chime between the building and where the work is being carried out, or ideally, contact a professional Feng Shui Consultant to select an auspicious date to start the work.

Annual #5 yellow Flying star – northwest palace.

From 4th February 2023, the annual five yellow star flies into the northwest of every home, office and building for the year. When activated with noise or regular traffic, this inauspicious influence can bring disaster, illness, lawsuits and significant financial issues, making this a crucial area to tread carefully during the year of the Rabbit.

It is highly recommended that you keep the northwest of your home or office calm and settled as often as possible during 2023 to avoid activating this area and avoid any building work or noisy activities. To control and weaken the influence of the annual five star, place a set of six Chinese i-ching coins tied with red ribbon, a six-rod hollow metal wind chime and a salt water cure in the northwest to avoid the problems that are associated with the #5 yellow disaster star.

A powerful and vital cure to place in the northwest of your home or office during 2023 is to place a set of six Chinese coins tied with red ribbon in your building to weaken and appease the annual #5 yellow star, which is why we have included in all of [our Annual cures and enhancers kits this year](#).

Please do not panic if the northwest, southeast, east or west of your home or workplace has a bedroom, office, living room or other regularly used room in one of these areas; just start preparing to place your [2023 cures and enhancers kit](#) as of the 4th February to ensure a trouble-free year and also cleanse any old cures that you will be reusing this year. even better control, use our advanced [Feng Shui 2023 software](#) as this provides a sophisticated analysis of every home or office facing any direction in any part of the world.

Tai Sui (The Grand Duke of Jupiter) – east (82.5 - 97.5)

Like the Three Killings, Tai Sui does not like to be disturbed either. The effects of Tai Sui can be good or bad depending on the annual flying stars that coincide with its location.

If you have a front door located in the east during the year of the Rabbit, please try to take care when coming through the door to avoid slamming the door, as this is a sure way to anger Tai Sui. If you have an important room in the east, please try to keep this area calm and quiet in 2023 and avoid digging or renovating in the east this year; using hand tools should be fine as long as you are careful and keep noise levels low. The traditional Chinese method to appease Tai Sui is to place a [Pi Shi Gold Plated Tai Sui Plaque](#) to pay respect and appease the Deity and also enhance the annual #8 star.

By paying respect to Grand Duke of Jupiter, we can weaken or avoid the problems this can bring.

Sui Po (Year Breaker) – west (262.5 ° -277.5 °)

Sui Po is the year breaker, and it occupies the compass sector directly opposite Tai Sui Grand Duke, which for 2023 will be in the west, which also houses the annual 6 star. The location that Sui Po is located in for the year should be treated the same way as any other annual affliction, so please avoid too much noise in the west and avoid ground-breaking and renovation. When Sui Po is disturbed, this area can and usually will cause immediate health problems, especially with regards to the elderly, so please be very careful with the west of your home or office this year.

2023 Chinese Animal Predictions for the Pig

What does 2023 have in store for the Pig?

The year of the Rabbit is looking to be a rewarding and fun year for the Pig, and while there will be some areas of their life that require more care and attention than in previous years, they will be able to overcome most issues and turn them into successes in 2023.

Health for the Pig in 2023

Overall health should go well for the Pig this year, although they must keep an eye on their mental health this year. The Pig may experience hectic months this year where everything seems to come at once, and if they do not allow themselves to relax and unwind, they could experience issues where their well-being is concerned. The Pig must take time to de-stress in 2023.

Any Pigs with a pre-existing health condition would be wise to spend some time researching alternative therapies and diets that can help alleviate their symptoms alongside traditional treatment this year. However, please be sure to seek professional advice before making significant adjustments.

Work and career for the Pig in 2023

The Pig's work life is promising this year, and they should find that the Rabbit's year is relatively trouble-free where their career is concerned. This is an excellent time for the Pig to work alongside others as this will lead to great relationships in the workplace and recognition from others.

Any Pigs looking to change careers in 2023 should see if their skills can be used in a different department in their existing company, as it is not the best year for the Pig to move companies unless they are confident. Those who have decided a move is

necessary and those looking for work, in general, should consider different roles where their skillset can be used as this could help them find a position a lot quicker.

Finances for the Pig in 2023

The Pig will need to apply care to their outgoings in the Rabbit year as they could find themselves overspending throughout the year due to lack of care and attention. This is a good time for the Pig to apply caution when it comes to impulsive purchases, as they can set a good amount of money aside when considering options before purchasing in 2023.

The Pig would be wise to avoid taking risks when it comes to money this year and should aim to live within their means, avoiding luxury items when they are not needed and not within budget.

I would recommend placing a [Changtong Caibo Yisheng Master Cure](#) in the south of the home and office in 2023 as we have the annual #8 star fly into here for the year of the Rabbit palace and we can benefit from strong wealth luck here which will make sure that wealth prospects are as good as they can be throughout 2023.

Relationships for the Pig in 2023

The Pig can enjoy auspicious luck in love during the Rabbit year and can enjoy a good relationship with their partner. The Pig can help strengthen their relationship by dedicating time to their partner this year and should aim to include them in activities and social events. 2023 is an excellent year for the Pig to welcome new life into the world.

Single Pigs can have a lot of luck in love this year, although they should consider what they are looking for out of a relationship before committing and only start dating if they have the time for it.

To make sure relationships with loved ones go as smoothly as possible during the year of the Rabbit, I would recommend placing a [Wanshouwujiang Zhenai wish and romance enhancer](#) in the southeast from the 4th of February 2023 to the 3rd of February 2024.

Social and family life for the Pig in 2023

The Pig's home life will be a main highlight of their life in 2023, and they will receive much love and happiness from their family members. The Pig can give and receive a lot of help and advice from their family this year, and they should be open to talking with others about any issues or wishes in their life.

Socially, the Pig will be kept busy with trips, events, and activities this year, and they must make time to see their friends and loved ones. When the Pig commits to meeting up, they should keep this promise, as too many missed meetings can lead to a fallout.

Overall synopsis for the Pig in 2023

Overall, this should be an excellent year for the Pig and one where they can receive a lot of help, support and love from those they hold dear. Wishing you a fantastic year of the Rabbit.

You are in affinity with the Tiger. For your protection, you should have a **key chain pendant of a Tiger**, or a **Gold plated Chinese Animal protection Talisman of a Tiger** with you at all times.
